TREASURY GUARANTEE.

It is stated in London under date September 11 that all the financial details of the Wembley Exhibition have now definitely been worked out.

The general impression is that the Exhibition has not been a financial success, and it is understood that the British Treasury has advanced between £100,000 and £200,000.

It is estimated that 180,000 more people would have to visit Wembley before the end of October in order to make the Exhibition a financial success.

IN PARLIAMENT.

A British magazine says that, referring to statements in the House that the Payment of Empire Act, 1907, was passed in a hurry...

The report from this point of view had been most successful, and had attracted record crowds.

STRANGER than FICTION

No ordinary typewriter can stand the
handicap of the explorer's life. That is why
nearly every explorer carries a Corona in preference
to any other machine.
Corona went to Africa with Col. Roosevelt in
1909 and to Brazil in 1916 when he explored the
"mystery River." Corona was with Sir Ernest
Shackleton on his last fatal dash for the pole-
and spent 270 days under ice and snow with the
MacMillan Arctic Expedition.
