THE COFFEE BOOM

For your information we have compiled the following table of the best Report from London, and other sources for the month of October, 1924.

COFFEE. The market continues very firm, and we quote—
Graded B size medium to good 100/- to 105/- per cent.
Graded C size medium to good 150/- to 160/- per cent.
Graded D size medium to good 140/- to 150/- per cent.
Graded E size good to fine 100/- to 120/- per cent.
Graded F size good to fine 100/- to 120/- per cent.
The highest price paid for Kenya B size at the public auction on 19th of October last was Shs. 170/- per ton.

SLAG. The market continues in the same quiet state, with very little business passing. Best African domestic fine, grades A, B, C (Slag and Waste, Domestic), is worth £100 to £115 per ton as in London terms. Spencers are looking on.

TOW. There is still a good demand for all qualities of tow, but East African Tow may be taken on a better basis than 10/- per ton as in London terms, according to quality.

LANEYED. The market continues firm, and for grounds of 20 or 300 tons, East African Laneysed, packed in second double gunnies possibly 225 per ton.

CANTON-REED. Again active and for good clean East African, we are probably obtain 625 per ton, for 300/2000 according to Hall or January.

SHAL. The market is quiet, with very little business going on but No. 1 Shal is today worth nominally
