Speech by Mr. Governor-General.

UNEMPLOYMENT PROBLEMS.

[From our special correspondent.]

The late Governor-General, Sir Gordon Sprigg, in his speech to the House of Assembly on the 27th of January, 1919, dealt with the unemployment problem in a most comprehensive manner. He pointed out that the unemployment problem was not only a problem of the South African Republic, but also a problem of the whole of South Africa. He stated that the unemployment problem was a problem of the whole of South Africa, and that it was a problem of the whole of South Africa.

(By John.)

There can be very few roads which would give a trapper such a comprehensive idea of Kenya Colony than a motor road which would enable one to see the country from a motor car. The road which I have just completed is a very fine one, and it is one which I have been very glad to see. It is a road which is well worth the trouble of making it. It is a road which is well worth the trouble of making it. It is a road which is well worth the trouble of making it.

DESCENDING HILLS

When the motorist is descending hills, it is important to use a gear which will allow the engine to revolve at a moderate speed, but which will also allow the car to descend the hill at a safe rate. This can be achieved by using a gear which is one or two gears below the normal cruising gear.

IN AMALGAMATION SEDIMENTS

Amalgamation sediments are a common problem in the treatment of water. They are caused by the precipitation of iron and aluminium hydroxides from the water, which then combine with organic matter to form a sticky, gelatinous mass.

Thrift Braking

Thrift braking is a technique used by drivers to save fuel and reduce wear on the brakes. It involves releasing the accelerator pedal as early as possible when decelerating, and using the engine's compression to slow the car down.

These Three Things

These three things are essential for the proper maintenance of a motor vehicle: 1. Regular oil changes, 2. Proper tire care, and 3. Regular brake checks.

On Open Trench

An open trench is a common feature in the design of many motor vehicles. It is used to provide a means of drainage for water and oil, and to prevent the accumulation of dirt and debris.

THE MOTOR THEATRE

The Motor Theatre is a unique form of entertainment that combines the excitement of a motor race with the drama of a theatrical production. It is a popular attraction at many motor shows and exhibitions.

MOTOR THEATRE INSURANCE

Motor Theatre Insurance provides comprehensive coverage for motor vehicles and their contents. It covers theft, fire, and damage to the vehicle and its contents, as well as liability for third parties.

A RED MAROCCAN MODEL

Those who rely on the "little red" are not alone in their desire to keep a neat, straight, ringlet wave and fast secure clinging to the curls of the hair. A charming model of Morocco and Egypt wears a hat, made of orange-red silk, with a wide brim and a high crown. Another one has an orchid-leaf-shaped crown in the shape of a crown. A third one has a crown of pink and white flowers.

THE BEAUTY OF COLOUR

There is a new desire for bright, sunny colors in the hair. The model wears a hat of bright red and orange, with a wide brim and a high crown. Another one has a crown of pink and white flowers. A third one has a crown of blue and white flowers.

UNWRINDING SILKS

When you are unwinding silks, it is important to use a method that will prevent the silks from becoming tangled. This can be achieved by using a method that will keep the silks from becoming tangled.

HOW TO TRIM A SIMPLE CROWN

When you are trimming a simple crown, it is important to use a method that will prevent the crown from becoming uneven. This can be achieved by using a method that will keep the crown from becoming uneven.

"Young" Maturity

It is not a matter of question as to whether a woman is young or mature. It is a matter of fact. A woman who is young is young, and a woman who is mature is mature.

Chacletin Au Rhum

This delicious drink is quite easy to make. It is made with a mixture of rum and chocolate, and is a popular drink at many motor shows and exhibitions.

Flower Trails

A flower trail is a decorative element that is used to enhance the appearance of a motor vehicle. It is a popular feature at many motor shows and exhibitions.

KENYA BOY SCOUTS.

"Weekly News Bulletin"

Meeting a World-wide Movement

With regard to a recent paragraph in the "Weekly News Bulletin" of the 29th ult., regarding the formation of a Kenya Boy Scout Troop, the following information is given:

The Kenya Boy Scouts Association, which was formed in 1911, is a branch of the World-wide Boy Scouts Movement, which was founded in 1907.

The Kenya Boy Scouts Association is a branch of the World-wide Boy Scouts Movement, which was founded in 1907.

It is a pleasure to hear that the Kenya Boy Scouts Association is planning to form a troop in the near future. This is a very commendable step, and it is hoped that the new troop will be successful in its work.

The Kenya Boy Scouts Association is a branch of the World-wide Boy Scouts Movement, which was founded in 1907.

Old in two senses

Peter Dawson is an old old whisky. It is natural & delicious malted whisky by the only true process that of the years and in wood. It is old, in the sense that it is distilled and bottled in its original cask and in its original cask.
