Why Backache is Dangerous

Backache is a common ailment which may be the first sign of a serious condition. It is often caused by a strain of the muscles of the back, but it may also be a symptom of a more serious disease. It is important to seek medical advice if the pain persists or is accompanied by other symptoms such as weakness, numbness, or tingling in the limbs.

REPARATIONS.

With the recent delivery of an agreement, the London Press has called the report of the two experts being the conditions in France as a "slightest along the road." It is doubtful whether the report can be regarded, although it contains a number of observations which the Allies might have been expected to make.

SCISORNS AND PASTE.
The Anzin class of the vehicle repair trade in Great Britain in 1923 was worth £75,000,000. This represents an increase of 10% on the value of the goods sold in 1922. The increase is due to the fact that the number of vehicles repaired has increased and the cost of repairs has risen. The use of Scisorns and Paste is recommended for the repair of motor vehicles.

TIPS FOR MOTOR CYCLISTS
THE SPARE TYRE

Every motor cyclist who has a spare tyre will tell you that it is the most important part of his outfit. It is the only spare part that he can rely on in an emergency. It is the only spare part that he can carry with him, and it is the only spare part that he can use in any situation.

**A Great Tyre's
Greatest Feature**

Perhaps the greatest
feature of this new type
Goodyear Cord is the
famous All-Weather
Tread.

Then too, the extra-
ordinarily dense and tough
material of which the
treads of these new tyres
are made assures extreme-
ly long wear.

Its sharp edged blocks dig
in on slippery surfaces and
hold fast to the road.

The side-walls also are
thicker and tougher.

Against skid, spin or side-
slip, they oppose a power-
ful wedge-like resistance.

Be certain the tyres you
buy are the new type
Goodyear.

Keeps and Cords Machine Made—The Goodyear Agency maintains that in large shipments
of these new Goodyear Cords will arrive in this country shortly. The genuine Goodyear
Cord—making all claims to imitate and duplicate as it is—can easily be recognized by this new
type Goodyear. They are worth seeing for.

A FUTURE FOR KENYA WHEAT.

Results of Experiments by the Dept. of Agriculture.

PRODUCTION OF RUST-RESISTING VARIETIES.

The Possibility of Capturing the South African Market.

The following is a resume of the work done by the wheat breeding branch of the Agricultural Department from 1910 to the beginning of 1924.

Work done in Kenya has always been primarily for the benefit of the Colony and it will doubtless be continued so long as the wheat industry in that country is not so well established as to be able to supply its own requirements.

It is a well known fact that the wheat industry in South Africa is one of the most important in that country. It is a well established industry and it is one of the main sources of wealth in that country.

MR. LLOYD GEORGE ANGRY WITH LABOUR.

Denies Anti-Aquith Revolt by Liberals.

THE PREMIER CONFIRMED.

Picture of a Party Member up by Government.

London, April 9.—The Premier has said that he was absolutely sure that there was a revolt against Mr. Asquith. This was, however, a novel aspect of the humiliating conditions under which the Labour Party was expected to keep its power.

Labour speakers, Mr. Lloyd George, complained, and the Liberal Party was often and done that they were told there would be no general election for two or three years, and meanwhile Labour would be open to draw Labour from the single point of Parliament.

Mr. Asquith, however, was not only completely loyal to Mr. Lloyd George, but also to the Liberal Party, and he was not only loyal to the Liberal Party, but also to the Liberal Party.

A Pictorial News Item.

In our issue of March 27 there appeared a notice regarding the fact that the Government had intended to propose a vote in the House of Commons on the subject of the proposed extension of the franchise.

Mr. Lloyd George, however, was not only completely loyal to Mr. Lloyd George, but also to the Liberal Party, and he was not only loyal to the Liberal Party, but also to the Liberal Party.

THE COLEMAN QUICK - LITE LANTERN

'The SUNSHINE OF THE NIGHT' THE IDEAL LIGHT FOR THE FARM.

SOME POINTS FOR YOUR CONSIDERATION.

(1) This lantern gives a brilliant 500 candle power light—brighter than 50 oil lamps—and will burn for 15 hours on one filling.

(2) It makes and burns its own gas from ordinary Petrol and air.

(3) It will burn for 20 hours for a cost of less than one shilling.

(4) It is therefore brighter than electricity and cheaper than candles.

(5) It is perfectly safe and, even if held upside down or tilted over, cannot explode.

(6) It will be smothered by the strongest wind or the heaviest rain.

(7) It smokes not—either does it smell.

(8) It is the only petrol lamp in this country allowed by your Insurance Company without any special premium.

BUYING A CAR.
Points for Consideration by the Motorist.
"NO BAD CAR, BUY."

One of the heaviest questions asked by the motorist is "What car to buy?" It is fairly common to see a man standing in front of a car and looking at it with a look of interest. He is usually accompanied there by a man who is selling the car. The man who is selling the car is usually a salesman. He is usually a man who is very confident and who is very persuasive. He is usually a man who is very well dressed and who is very well spoken. He is usually a man who is very well educated and who is very well informed. He is usually a man who is very well liked and who is very well respected. He is usually a man who is very well known and who is very well loved. The columns of the Motor, Sport and Magazine Supplement are open for discussion of anything pertaining to the subjects which are tabulated in the regular feature. It is, of course, possible, regardless of an individual's position, to refer to reports for reply, but this system of correspondence is intended for the use of individuals who are able to contribute, or preferably, typed or printed, any matter which is of interest to the magazine. It is not intended to be a mere medium for the publication of personal letters and replies.

BALLOON TYRES.

We have in certain countries... of balloon tyres and a means of making them the subject of a... of the fact that this arrangement is due to arrive in this country very shortly. Although much discussion and interest has been aroused by this type of tyre there has been very little... it is being made starting very soon in this country. It has long been known by every manufacturer that, by increasing the air chamber of a tyre, the tyre will last longer, and at the same time increasing speed. It is the only tyre which has been tested by the Government and found to be the best. It is the only tyre which has been tested by the Government and found to be the best.
