HOUSE

OF

WHITEAWAY'S

OUR advertisements will be constantly changed during the week, and our numerous friends and old customers up country, will be kept well informed of the latest ARRIVAL Large engagements for 1926 have been entered into by our London House.

The variety of up-to-date lines will be of more than casual interest, while the new 1925 prices will be an agreeable surprise to you.

No time will be lost in securing, by post, the latest Novelties from London. The prices in our 1925 campaign will be such that you will be saved the trouble of sending home first, with such frequently disappointing results—you know it. A single of small—the hundred and one of those dis-appointments that make you question the policy of buying overseas.

Suppose you make a trial of our new "Down to the minute" Service.

There is always this alternative: Should the goods bought fall short of your expectations or for any reason be unsuitable, we will return your money, (our old principle) plus any charges incurred.

"NUGGET" AFRICAN AND STANDARD

WHITE DRESSING IN TINS GIVES THE WHITEST WHITE IN THE CLEANEST WAY FOR HELMETS, TENNIS SHOES, ETC. The world wonders today a new year in its history. "White" is probably the best word we know because we all live largely on hope and we believe, rightly, that whatever the past may have done for the present may prove, the future holds for us something better; something brighter. The combine and the shadow of the year that has gone have been gradually melted in Kenya towards the end of the year, we have had more sunshine and less shadow than we expected and we face the next twelve months of our history full of confidence.

WIRELES.

A correspondent today reports that he has been able to "listen in" to a portion of a programme of music broadcast from Pitsung, U.K.A. A few weeks ago we met another and equally enthusiastic experimenter who was delighted to receive a concert programme and fragments of a speech, although they were unable to identify the speaking station. THE FORD A QUALITY PRODUCT.

The low price of the Ford car and the Ford Truck is due only to the brains and organization and the high quality of the materials used to produce it. This may sound a paradox, but it is the truth and a fact confirmed by the number of Ford Cars and Trucks sold in excess of any other make.
