MEMORIAL TO SIR ROBERT COCHRAN.
 We publish to-day a letter from Sir Robert Cochran to the Governor proposing that a public square be made for the erection of a monument which will be the nucleus of a park and fountain and of other works which it is hoped to extend afterwards on the site suggested by the late Sir Robert Cochran. It would be an honor to have a public square which he made. The site for the building is, we presume, on the site which we have indicated in the sketch which is at the top of this page and which is for the purpose of a monument to Sir Robert Cochran on the site of the late Sir Robert Cochran's house. The present National City Park is a beautiful site and the late Sir Robert Cochran's house was a magnificent building. It is a pity that the late Sir Robert Cochran's house is now a ruin. We hope that the late Sir Robert Cochran's house will be restored and that a public square will be made on the site of the late Sir Robert Cochran's house. We hope that the late Sir Robert Cochran's house will be restored and that a public square will be made on the site of the late Sir Robert Cochran's house.

THE PAINS OF KEYS.
 Captain Douglas and his wife have been appointed to the post of the Pains of Keys. The Pains of Keys is a beautiful site and the late Sir Robert Cochran's house was a magnificent building. It is a pity that the late Sir Robert Cochran's house is now a ruin. We hope that the late Sir Robert Cochran's house will be restored and that a public square will be made on the site of the late Sir Robert Cochran's house.

COMMENCEMENT OF THE CONVENTION.
 The convention of the late Sir Robert Cochran's house was a magnificent building. It is a pity that the late Sir Robert Cochran's house is now a ruin. We hope that the late Sir Robert Cochran's house will be restored and that a public square will be made on the site of the late Sir Robert Cochran's house.

STRANGER than FICTION

Travel—adventure—danger—hairbreadth escapes. The *Stranger* series has led the world in the sale of fiction. Use the *Stranger* series in your library. The *Stranger* series is the most popular of the day.

NO ORDINARY typewriter can stand the hardship of the operator's life. That is why nearly every explorer carries a Corona in preference to any other machine.

Corona went to Africa with Col. Roosevelt in 1907 and to Brazil in 1916 when he explored the "Mystery River." Corona was with Sir Ernest Shackleton on his last fatal dash for the pole and spent 270 days under ice and snow with the MacMillan Arctic Expedition.

If you want a typewriter that will stand hard treatment, buy the one typewriter with proved durability—Corona.

Please use for a demonstration.
