## Rain or shine

The New Studebaker Duplex is ideal

The Studebaker Duplex is a new-type car which combines open car freedom with closed car comfort. Lower the roller top and enclosures and you have complete protection in thirteenth season. Rain does not distress the airiness of the open car. Rain does not do down without stopping or getting out of the car. The Studebaker Duplex body cuts no more than a ordinary open car. It is one of many exclusive features of the new Studebaker cars.

THE REGULAR CORPORATION OF AMERICA, South Dearborn, O. S. A.

AFRICAN EDUCATION

(Continued from page 7.)

Members they can never hope to supply a sufficient number to fill the native population...

It was just last week ago that in one of the famous clubs in New York a dinner with international membership was given...

It is significant that this important factor in the development of Africa has been neglected by the representatives of both Protestant and Roman Catholic missions...

British representatives were of the opinion that it was imperative in attending education to the great need of white to the West would be of value to the African people...

But if we were to ignore or to neglect the native African attitude the rather out-of-date methods of European of the type of the European inhabitants of the new world would be doing ill by the Africans...

Mr. Michael Sadler, in speaking of the case, said that the real step in Tropical Africa was to find a realistic way of expanding out the Tsetse Fly of malaria...

The publication of East Africa's present position suggests the power of the United States Department of Agriculture and a member of the Education Commission to East Africa...

It is interesting to note that the United States and England have spent more than 30,000 square miles of land in Africa...

Mr. Orlin O'Connell, President of the United States, said that the United States is the largest country in the world...

Under Secretary for the Colonies, the Phelps-Stokes Education Commission had recently published a report of a very important investigation in Tropical Africa...

ATTACK ON KENYA.

Mr. P.'s View.

AMBROSE LAIRD  
OFFERS.

THE second letter in our series on the subject of the Kenya Bill is entitled "The Kenya Bill as it is." It is by Mr. P. and was published in the Standard of May 12th. It is a very interesting and well-written article, and one which should be read by all those who are interested in the subject of Kenya. It is a very good example of the kind of writing which we should expect to see from a man of Mr. P.'s ability and experience. It is a very good example of the kind of writing which we should expect to see from a man of Mr. P.'s ability and experience.

THE DIFFERENTIAL GEAR

A Source of Mystery to Some. Motors. Result of Service in Kenya Colony.

ACTION EXPLAINED. WHEARING CAPACITY.

It seems that no motor instructor, the make of series of the differentials, as used on cars, is an unchangeable quantity. They have in a large way, so to speak, but in fact they are not. It is not that they are not, but that they are not the same as they were when first they were made. The reason for this is that, when the gears of a differential are worn, they do not mesh properly. The gears, as we all know, fit together in such a manner as to mesh evenly. When the gears of a differential are worn, they do not mesh evenly. The gears, as we all know, fit together in such a manner as to mesh evenly. When the gears of a differential are worn, they do not mesh evenly.

Herewith is given a diagrammatic section of the gear. The bevel gears, as you will notice, are of different diameters. The gears, as we all know, fit together in such a manner as to mesh evenly. When the gears of a differential are worn, they do not mesh evenly. The gears, as we all know, fit together in such a manner as to mesh evenly. When the gears of a differential are worn, they do not mesh evenly.

Decorations in the kitchen

In these days of elaborate table settings, the kitchen is often the scene of some of the most beautiful decorations...

Decorations in the kitchen are not only beautiful but also very practical. They help to make the kitchen a more pleasant place to work in...
