European Hospital, Mombasa

Seeds resolution passed at public meeting
27 Feb. Condemning present inadequate
arrangements, & enclosed report by P.M.O.
Submitted news, & suggests reply that matter will
be taken up as soon as funds are available

matter personally with Prof. Simpson. He
says that the hospital is a very bad one & that
it is a really urgent matter that a new one should
be provided, as the people who are treated in
the present building do not have a proper chance.
He pointed out that it was not only the
hospital for Mombasa but for a large district
in the interior.

I think that it is a matter to which we
might be subjected to a great deal of
adverse criticism & I will tell the fact
unless he sees serious objections
to substitute in his proposed reply, for the
words "as soon as the Protectorate is in a
position to meet the cost" the words
