Purchases from American firm
Childs Parr & Joseph

Dir. of Pub. Works suggests that he should be authorized, provided quotations are reasonable, to purchase material which can be shipped from Ad to Kilindini August 1 which will be almost impossible to obtain otherwise.

W. Butler.

The reference to Childs Parr & Joseph is a mistake - the notice of dissolution of partnership has already appeared in the E.A.P. "Gazette".

It is to be presumed that Mr. Downing has not yet had the correspondence about the firm. On June 18th he telegraphed to Mr. Byatt in terms implying that Washington concluded for Childs & Joseph & told him to communicate the whole correspondence on the receipt of your despatch of May 16th.

But I think that in view of the handsome testimonial to the new firm given by the Standard Bank of South Africa (New York) it is scarcely likely that

suspicious influence as ~~the~~ the
matter need be considered from the
point of view (what is no doubt the
Barrings) of the bill as to employing
the C.A.

The telegram should have stated
that the required material is, but
I cannot think of any P. C. material,
whether wood, metal, or, say, cement,
which it would not be impossible
or undesirable to export from this
country. We have discussed, &

think you agree that the proposal
should be approved ^{in this particular case} but that

Barrings should be asked to report
fully by mail. the materials ordered
were not delivered to C.A. 11/7/17
in the P.C.

The undesirability of exporting
public works materials from this country
& the shipping difficulty justify approval
in my opinion
