Where the British are 'better off'

BRITONS are better off in almost every respect of consumption and social services than in any other country in the world, Mr. P. J. Thorneycroft, President of the National Union of Manufacturers meeting in London last night, said.

More than 100 million British goods are sold in the United Kingdom every year, and the value of exports to other countries is £1,500,000,000 and over.

The Minister, however, was fighting a battle to maintain the margin of welfare and he has indicated much more can be done.

World inflation has increased the cost of raw materials and he has urged the Government to take steps to reduce the cost of raw materials.

He also said that the Government should be more active in the world market to secure the best prices for our exports.

JAPAN WORRIED BY FALLING EXPORTS

CONCERN is expressed by Japanese trade circles at the recent downward trend of Japanese exports, especially cotton and iron, and a report is described pointing to restrictions on trade with declining trade with the United States.

Japanese officials, most of which have large trade deficits with Japan, are already sending the Japanese Government a long-term programme for promoting exports.

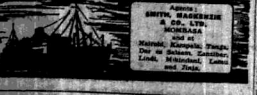

They are also making contributions of export goods to the United States, which have been falling to a record low level.

Exports of cotton cloth to the United States have fallen to a record low level since the outbreak of the Korean war.

The Japanese Government is also making contributions of export goods to the United States, which have been falling to a record low level.

Taxation curb on the drive for exports

Special culls to the East African Standard

THEIR are several striking features in the United Kingdom's trade figures for September. The most important, in the fact that the "trade gap"—the excess of imports over exports—was £24,000,000 for the month of November, 1950. This was an improvement of no less than £10,000,000 on the corresponding month of the previous year.

There is a growing suspicion that the answer lies in a reduction of the average rate of taxation on the goods which are exported. This would naturally entail a reduction of the rate of taxation on the goods which are imported, but the need for this is becoming increasingly apparent.

they've made
Cardinal
better than ever!

"Have you tried improved Cardinal on your ties, steps, sweaters, party silks, etc.? If not, you should. It's so amazingly easy. Its shine is brighter, richer, more colourful; it goes on more smoothly and stays on despite constant rubbing or wet weather... I'm off to buy another lot now."

OFFICIALS INVESTIGATE LEAKAGE OF SECRET INFORMATION

ANNOUNCING the proclamation of the State of Emergency in a statement to Kenya Legislative Council yesterday, the Chief Minister, Mr. H. S. Foster, said: "The situation is under control, and the public of all communities should continue their normal activities."

BROADCASTING from both the Forces Broadcasting Station and Cable and Wireless, the Governor of Kenya, Sir Evelyn Baring, said Kenya was facing trouble, but the difficulties of the moment could be overcome.

OFFICIALS are investigating a leakage of secret information, believed from outside Kenya, which caused the police drive, timed for midnight Monday, to be advanced one hour.

Proclamation by Governor

THE Proclamation by the Governor was published in a Gazette Extraordinary yesterday. It reads:—

WHEREAS by section 3 of the Emergency Powers (Obst) Act, 1949, it is provided that the provisions of Part II of the Order shall have effect in any territory in which they shall from time to time, in case of any public emergency, be brought into operation by Proclamation made by the Governor, and shall continue in operation until a further Proclamation directed that they shall cease to have effect is made by the Governor, and shall then cease to have effect, save in so far as they may be continued or omitted to be continued; and

AND WHEREAS the Colony and Provinces of Kenya is a territory in which the said Order is in operation;

NOW THEREFORE in EXERCISE of the powers conferred on me by section 3 of the Emergency Powers (Obst) Act, 1949, I do hereby proclaim that the provisions of Part II of the said Order shall have effect in the Colony and Provinces of Kenya from the date of this Proclamation until the date of the next day of October, 1952.

At the coast, where the situation is peaceful, and the expectation of return to the Provincial Commissioner, Mr. Desmond O'Mahony, has declared that the Government has taken steps to meet any situation that might arise.

DISTURBANCE WAS FEARED

THE number of arrests made by the police under the emergency powers in Kenya—brought into force on Monday night—last night reached 98. A Government representative stated that the people concerned had been arrested because they had been responsible for causing disorder or inciting others to do so.

Asked if he expected more arrests to be made, the representative said that the Government was not aware of what exactly had happened, but that the reaction of several of the arrested persons was a number of separate incidents.

Crustfallen It is perhaps unfortunate that the Government has not yet disclosed the names of the persons arrested. It is known that the arrests were made in the Nairobi area, and that the persons arrested were members of the Kenya African Union.

Petty crimes During the past few weeks there has been a period when there has been a number of petty crimes committed in Nairobi.

At Nairobi the Wakarusa and the Kiambu districts are very busy. The Government has placed a number of military reinforcements in the Nairobi area.

There is widespread praise for the Government's handling of the situation.

SECURITY ARRESTS NOW TOTAL 104

Mr Lyttelton flies by Comet on Tuesday

The Colonial Secretary, Mr. Oliver Lyttelton, is flying to Nairobi on Tuesday (reports) to inspect the Mau Mau situation.

He was received by the Governor, Sir Denis Winter, at the airport on a Saturday night. He was accompanied by the Chief of Police, Mr. J. G. O'Connell, and the Deputy Commissioner of Police, Mr. J. H. O'Connell.

Mr. Lyttelton is expected to spend several days in Nairobi, before returning to Kenya on Tuesday (reports).

Kenya situation: uneasy quiet DECREASE IN CRIME

OPERATION JOCK SCOTT. The Kenya Police plan to arrest and detain Africans who are the cause of disorder or its incitement, has now been admitted by the arrest of 104 people, it was officially announced yesterday.

More arrests are expected.

Out of the total, and in addition to Kenya African Union leaders arrested in Nairobi, 23 officials from branches in the Colony have been detained.

Meanwhile, the situation in the Colony over the past 24 hours was one of apprehensive quiet. Generally, said a Government spokesman, Kikuyus throughout the Reserves were wondering what would be the next move on the Government's part.

Many loyal Africans in various districts, he added, had expressed pleasure at the firm measures being taken and the fact that "certain individuals" were in custody. No information was available to the Government as to reaction among the Asian communities.

The Government's view was that it was too soon to say what definite reactions to the emergency would be. News of recent happenings had not yet percolated through the Reserves.

Some of the events took place during yesterday and all other arrests up to Nairobi in the morning.

It was stated that out of the hundreds of African held and interrogated in the city on Tuesday, 35 had been taken to the police station for questioning and detained. Some of these may be charged.

Standstill order for African vehicles in Rift

Under the Standstill Order, the Provincial Commissioner, Mr. J. G. O'Connell, has prohibited the movement of motor vehicles of any description owned by an African, or in which any African is travelling upon the roads of the Rift Valley Province.

The Standstill Order also prohibits the carrying of any goods or passengers in motor vehicles of any description owned by an African, or in which any African is travelling upon the roads of the Rift Valley Province.

In the Naivasha area 39 Kiluyas are known but character were also detained for questioning. One was from Arusha.

On three farms in the Kilufu area, some coffee-caddies left, their keys on Tuesday but were taken yesterday morning.

At Mombasa, where H.M.S. "Porpoise" is at anchor, 153 Mau Mau leaders and about 100 Mau Mau followers were taken to the police station.

Police officers are particularly interested in the Mau Mau leaders who during the past 36 hours there has been a large crop throughout the country than for months past.

In Nairobi on Tuesday, 100 Mau Mau leaders were taken from their homes and 75 of them were taken to the police station.

Armed attack—three men held

Nairobi police have arrested three Africans in connection with the armed attack on Mr. and Mrs. K. B. B. at their home in the East Kikuyu Colony early this week.

Elsewhere

In the East Kikuyu Colony there was little to report. An African was arrested at the beginning of the Mau Mau. He was taken to the police station and held in Nairobi and some timber was destroyed.

Judgment and sentences were given in the East Kikuyu Colony. (Continued on page 5, col. 2)

NYERI CHIEF MURDERED; 3 AREAS 'DISTURBING'; Vast comb-out of assassin area

This situation was "disturbing" in three Kikuyu districts of Kenya yesterday, according to a Government spokesman, who cited a number of incidents in the Nyero area to back up his statement.

A few hours previously news had reached Nairobi of the murder of Senior Chief Nderi, of Nyero, by Mau Mau followers. He was slayed by Mau Mau agents while trying to break up a 500-strong ceremony.

More than 1,000 officers and men of the King's African Rifles and the Kenya Regiment, aided by armoured cars and police, were sent to clear nine miles from Nyero.

'Operation Jock' Scott' eases

AS it was announced that the whole of the 1st Battalion of The Lancashire Fusiliers had now been flown from the Middle East to Nairobi, a Government spokesman said information made them believe "something was brewing" in the Kikuyu reserves. The Fusiliers are now making longer patrols into areas outside Nairobi.

They widened—yet they are holding small gatherings among themselves and the holding of these by officials cannot be undertaken at present.

Up to last night there had not been any further arrests under "Operation Jock-Scott" and 14 are not Kikuyus.

Deviating from their usual routine of patrolling by night, one of the units in Nairobi, armed with Bren guns, Mauser and Bren guns—formed part of the Government's Operation Jock-Scott. On the way, Nairobi Fusiliers and police were seen to be patrolling.

NEXT STEP: OFFICIALS IN CONFERENCE

A KENYA Government spokesman last night said that information in the hands of the authorities led him to think that "something was brewing" in the Kikuyu reserves, where a curfew had gone to ground. The Kikuyus were by Government officials during the day had been incommunicable and uncooperative.

Earlier in the day senior Government officials in Nairobi were holding secret discussions regarding the information to be taken following the murder of Senior Chief Nderi, of Nyero, late on Wednesday afternoon. The Chief was appointed in 1943 and spent 10 years in rank and position. Senior Chief Warashi—also mentioned by the Mau Mau recently—was slayed to death by Mau Mau agents in a forest about one mile from Nyero.

Mr Brockway's visit

It is believed that Mr Brockway's visit to Nairobi was to discuss the situation in the reserves with the Government officials. He is expected to return to Nairobi on Saturday.

Mau Mau archway found near Kiambu

Strangled cat: note in Kikuyu

A TOWN yesterday an Army patrol operating in the Kiambu area stumbled on a strangled cat hanging from an archway of tree branches and leaves. An affidavit filed in court yesterday stated that the cat was found by a small party of Mau Mau archers near Mau Mau paraphernalia, was discovered at some cross-roads at Kibicho, near Ngenda Mission in the Kiambu Reserve—about 13 miles from Kiambu town.

The archway was strangled with a rope and was set up by Mau Mau archers. The cat was strangled and hung from the archway. The police officers and police officers later examined the site and found a note pinned to the archway. The note was written in Kikuyu and was addressed to the Mau Mau.

Secret the world knew

BRITAIN has just officially announced a secret the whole world knew—that she has a revolutionary type of jet engine called the Conway.

Although the American Air Journal Aviation Daily had published an article about the new engine last week, the Ministry of Supply put the news out to newspapers under a strict ban.

The leakage about what was supposed to be a close British secret, had been reported in the Aviation Journal, and security services are trying to trace how the information got out.

The Conway is a turbo-propeller engine, is considered the best British engine ever produced by the British.

Given the opportunity to air their feelings through the columns of a national newspaper, they have expressed their views in unison. Many of the suggestions are of a nature that would improve the game for both players and spectators. They are: (1) A revision of the laws to widen the scope of the game. (2) An overhauling of the rules of the game to make it more attractive to the general public. (3) A revision of the laws to widen the scope of the game. (4) A revision of the laws to widen the scope of the game.
