SCALP ERUPTIONS quickly heal

DANDRUFF disappears

It, eradicates chronic Eczema, Ringworm, Head-ache and Discharge, hair-reversing eruptions of the scalp. Contains in the liquid treatment for quick, complete healing. The soothing action of Cuticura instantly relieves itching, stinging and burning, its emollient and soothing power destroy infection and clear the disease from the scalp. Cuticura restores the languishing hair, gives life and lustre to the hair and promotes luxuriant growth.

FOLLOW THESE DIRECTIONS:

Every day, after washing the hair, apply Cuticura to the scalp with the fingers. After the scalp has been treated, rub the Cuticura ointment into the hair and scalp. Use Cuticura soap in the bath.

It dissolves the itching crust which keeps the disease active, and quickly restores a healthy condition of the scalp.

A small amount of the emollient ointment, rubbed into the hair and scalp, prevents itching, hair loss, and promotes luxuriant growth.

SPECIALIZE IN TRACTORS HARVESTING MACHINERY AND FARM IMPLEMENTS

To Massey-Harris Tractor Owners

It is the intention of this Company as soon as conditions permit, to formulate a plan whereby all owners of Massey-Harris Tractors will be given an opportunity to convert to pneumatic tyred equipment, fitted with wheels tractors which have recently been imported.

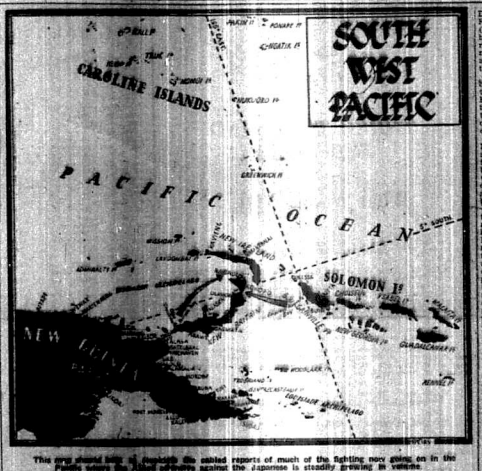

This service will be undertaken so that these modern tractors may be fitted with equipment for which they were designed, as it is almost universally recognized that pneumatic tyred tractors are more economical in operation and better suited for general farm work and transport than other tractors.

The following implements are available for distributing (Subject to control regulations):

- Two furrow or mouldboard ploughs
- One Way Discs 6'
- No. 8 Tractor Disc Ploughs, four and five furrow,
- No. 16 Binders,
- No. 15 Drag Harrows.

MEAT COMMISSION'S RECOMMENDATIONS

A Letter From The United Standard Correspondent

DURING January 15th, the Meat Commission has issued a long and detailed report of its findings on the meat trade in this country. It is a document of considerable interest to the public, as it is a study of the meat trade in this country.

The Commission has found that the meat trade is a highly organized industry, and that it is a highly competitive one. It has found that the meat trade is a highly organized industry, and that it is a highly competitive one.

Proposed New Measures

In addition to the method suggested for controlling the trade in meat, the Commission proposes various measures for the purpose of controlling and improving the distribution of meat in this country.

New Food Controller?

The Commission has also suggested the appointment of a new Food Controller to take charge of the meat trade in this country.

Duties in such positions. "The Food Controller" said the message "control" from the "control" side of the food trade. "I think that the Government should be able to control the meat trade in this country."

The Commission has also suggested the appointment of a new Food Controller to take charge of the meat trade in this country.

McCormick - Deering

Disk Harrows

Non-Treated Orange-Coated Double Disk

And "Bumper" is Right!

GOOD Harrowing means a good soil bed and "bumper" crops. The bumper disk harrow shown above has a country-wide record of performance. An exclusive McCormick-Deering feature, the heat-treated chromium-plate disks, gives this bumper disk harrow unequalled ability to hold its sharp cutting edges under tough, hard soil conditions.

The expense of frequent sharpening is saved, and the disks are automatically kept in shape for fast, clean work. It's the last word in disk quality!

We are now displaying the new McCormick-Deering Bumper Disk Harrows best suited for local conditions. Come in and see them.

STATE PLANNING - THE FUTURE OF THE LAND

POINTS FROM THE UTHWALT REPORT

THE following article on the Uthwalt Report written by Mr. T. V. Loring of the Department of Agriculture, is published in the East African Agricultural Journal. The Uthwalt Committee was appointed by the Minister of Works and Planning in 1934 to make an analysis of the present position of land development and compensation and of "recovery of betterment" in respect of public control of land-use and to advise an immediate steps which could be taken to stabilize the value of land in the hands of the landowner and to enable such land to be acquired by the public on reasonable terms.

This intention in the planning of the land is to stabilize the value of land in the hands of the landowner and to enable such land to be acquired by the public on reasonable terms. This intention in the planning of the land is to stabilize the value of land in the hands of the landowner and to enable such land to be acquired by the public on reasonable terms.

It is essential in the planning of the land to stabilize the value of land in the hands of the landowner and to enable such land to be acquired by the public on reasonable terms. It is essential in the planning of the land to stabilize the value of land in the hands of the landowner and to enable such land to be acquired by the public on reasonable terms.

SOIL AND WATER CALL FOR "HONEST STOCKTAKING"

SOME vital points in "Honest Stocktaking" are: (1) The soil is the basis of all agriculture. (2) The water is the lifeblood of the soil. (3) The farmer must be encouraged to conserve the soil and water. (4) The Government must take steps to protect the soil and water.

Fine Record Of Molo-Turi Branch

The Molo-Turi Branch of the British Red Cross Society has now completed 24 years...

It is interesting to note that out of the 11,840 articles, 8,700 were sent to the Branch in 24 years...

From the advent of the Allied forces there has been an ever-increasing demand for surgical dressings...

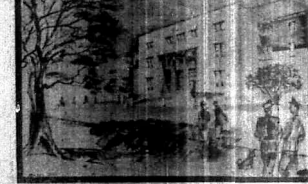

At the hope of the Committee that this year the Branch will not only be able to help to do more than to charities but will be able to increase their work...

New Military Offices For Nairobi

It is the dream of the new leaders of the country that the headquarters should grow on a central, well-situated site...

The new building is to be a three-story block of offices of an imposing design on most up-to-date and modern lines...

The new building is being erected on the site of the old Railway Institute and the Municipal Engineers are co-operating in the installation of a social service such as a main sewer, hydrant and water mains...

13 RUPEES A DAY AT KANDY

The theatre is being prepared from the Marble Shrine at Kandy and the work of carrying it being carried out very conscientiously by members of War labour.

I have been to Kandy. It is a superb place up in the hills with a lake and a view of the mountains. There are one or two big hotels and shops...

The Queen, which appears to be the larger remaining hall, is rather a fine building of stone and wood...

You may be interested to know that the hotel charges 12 rupees a day. Considering that the rupee is worth one cent and sixpence, I regard that as expensive...

We have been out to the beach recently getting very abundant and secure of rain. The weather is getting away from camp with all its rain...

At Kandy you will find a very thoughtful person with a book of poems, including the 'Sonnets' of Shakespeare...

Statistics

Most unobtrusively certain with no Statistician order of the day with its accompanying officials have acknowledged an error of many years standing. An East African Statistical Department has been reconstituted and is now, and has been for some time, in operation. It is to be noted that the reconstitution of the Department is not a new thing, for the Department has been in existence since the formation of the East African Protectorate in 1903.

Can Their Attacks be Costly

The attacks of the German army on the British positions in the East African campaign have been costly. The British forces have suffered heavy losses of men and equipment. The German forces have also suffered heavy losses. The campaign has been a costly one for both sides.

BEEF DEARER TODAY

Price Increases Of 5 To 10 Cents

The price of beef has increased by 5 to 10 cents today. This is due to a shortage of beef in the market. The price of beef is expected to continue to rise in the future.

Food Shortages and the Labour Position

Food shortages and the labour position are two of the most serious problems facing the country today. The government must take steps to deal with these problems. The labour position is particularly difficult because of the shortage of workers in many industries.

Special Farming Commission

The Special Farming Commission has been appointed to deal with the problems of the farming community. The Commission will be responsible for recommending measures to improve the conditions of the farmers and to increase the productivity of the land.

Under The Standard Clock

The Standard Clock is a new timepiece that has been developed by the Standard Clock Company. It is a highly accurate and reliable timepiece that is suitable for use in all environments. The Standard Clock Company is a leading manufacturer of timepieces.

Australia and Jap War Criminals

The Australian government has announced that it is planning to bring war criminals from Japan to trial. This is a significant step in the prosecution of the war criminals who were responsible for the atrocities committed in the Pacific region.

Today's Cause List

The cause list for today includes a number of cases involving the government and private citizens. The cases are being heard in the High Court and the District Court.

Today's Bible Thought

The Bible thought for today is based on the story of the blind men and an elephant. The story teaches us that we should not judge things by the way they feel to us, but by the way they are.

Trade on The Dog

The trade on the dog has been a subject of much discussion in recent years. The dog has been used as a symbol of loyalty and devotion, but it has also been used as a symbol of aggression and violence.

Feed Prices in India

Feed prices in India have risen sharply in recent months. This is due to a shortage of feed grains in the country. The government has taken steps to deal with the problem, but the prices are expected to continue to rise.

Speak Today

Speak today is a call to action for all citizens. It is a call to stand up for the principles of justice and equality. It is a call to take action to improve the conditions of the people.

Today's Cause List (continued)

The cause list for today continues with a number of cases involving the government and private citizens. The cases are being heard in the High Court and the District Court.

Experts responsible for the conduct of the war must keep in constant review events in all parts of the world. They cannot, as the general public can, devote their attention to the immediate consideration of strategy and tactics in those theaters where developments are taking place. They must also be aware of the situation in Europe where the Russians are continuing their spectacular offensive and other armies of the United Nations are making steady progress in Italy. Germany continues to be the main enemy and it is essential to secure the importance of the various campaigns being waged in the East. For some days now the Pacific theater has been the focus of the intelligence and being very attentive to the position looking forward to the Marshall Islands.

When Japan began her singularly steady progress in Italy, Germany continues to be the main enemy and it is essential to secure the importance of the various campaigns being waged in the East. For some days now the Pacific theater has been the focus of the intelligence and being very attentive to the position looking forward to the Marshall Islands.

GOVERNMENT TAKES ACTION WITH MAIZE

Planting Subsidies And 13-Per Bag; No Increase To Consumer

In order to stimulate maize production and to ensure that maximum quantities of the crop are available for the Government of Kenya, the following action will be taken in respect of maize during 1945:

An increase in the basic acreage of all maize from the present figure of 2,100,000 acres to 2,500,000 acres will be applied to all districts in the lowlands from 1st January 1945. This will be done by increasing the basic acreage of all districts in the lowlands from 2,100,000 acres to 2,500,000 acres. This will be done by increasing the basic acreage of all districts in the lowlands from 2,100,000 acres to 2,500,000 acres.

MILITARY MATTERS

To the Editor, "E.A. Standard".
 Sir,—In fairness to the Military Authorities, I would wish to state that the following extracts from a report which has been published in the Standard, and which is effective to the present, are not intended to be a slur on the improvement in the service of our troops. The report had the master investigated the various aspects of the situation and found that the situation was not as serious as it was reported to be. The report also stated that the situation was not as serious as it was reported to be.

To the Editor, "E.A. Standard".
 Sir,—I am glad to see that the various views expressed about the situation in the Standard are being taken into account. It is a good sign that the authorities are listening to the views of the public.
