Kenya soldiers and airmen become sailors

INNS OF SPORT
As the sailor said his sweetheart indignantly one night in the cinema, when she was too strapped over the handsome strapper on the screen to say his name, she said indignantly, "What's he doing in that inn?"

BY C. M. HALL.
AFTER a lapse of at least six of the Emergency through the members of military strength in Kenya, sailing has been taken up again with great enthusiasm by members of the Kenya Forces.

The sport was reintroduced to Service men in Great Britain a year ago with the formation of the Kenya Services Sailing Club, which has now been set up here with a view to introducing the sport to the Kenya Forces.

There are now two sections of the Kenya Services Sailing Club, one for the Kenya Forces and one for the Kenya Air Force. The Kenya Forces section is based at the Kenya Club, which is situated in the Victoria Road, Nairobi. The Kenya Air Force section is based at the Kenya Air Force Club, which is situated in the Victoria Road, Nairobi.

The Kenya Forces section is the larger of the two and has a membership of about 100. The Kenya Air Force section has a membership of about 50. Both sections are active and have a number of members who are regular sailors.

CIVIL SERVANTS PETITION MR. MACLEOD

MORE than 1,000 European and Asian members of the Kenya Civil Service have petitioned the Colonial Secretary, Mr. Macleod, on Tuesday.

The petition states that members of the Kenya Civil Service who were eligible for membership of the Kenya Civil Service were grossly persecuted after independence. The declaration of Africanisation of the Kenya Civil Service was a major step towards the transformation of the Kenya Civil Service into a Kenya Civil Service for Africans.

KANU PROTEST TO THE COLONIAL SECRETARY CRITICISED

As an African citizen deeply displeased of the contents of the above letter, I have written to the Colonial Secretary criticising the manner in which the Government of Kenya has not today requested all the Africans of Kenya to show their objection to the letter.

They show their objection to the Legislative Council, but Mr. Mwangi and Mr. Odinga have pointed out an "obscure" individual as the author of the letter. Mr. Mwangi has also pointed out that the letter is a "black and white" copy of a letter sent to him for his signature and that he has not signed it.

One suspects Mr. Mwangi's "obscure" individual is a person who has signed a letter of protest and who has been named in the letter as the author of the letter. It is a person who has signed a letter of protest and who has been named in the letter as the author of the letter.

I am pleased to find that the figure of 20,000 Wambas who were arrested in the past few months is not a "black and white" copy of a letter sent to him for his signature and that he has not signed it.

More nationalisation demands T.U.C.

MR. GATTFIELD was South's South Minister by the Trades Union Congress when it passed a resolution demanding the extension of public ownership to a selective and progressive basis.

Labour Party leaders recently considered and slightly "watered down" the party's public ownership proposals. Some believe they have led Labour to lose last year's General Election.

Proponents among the more radical-minded circles at the T.U.C. conference at Douglas, Isle of Man, were Mr. Frank Gattfield, Secretary of Transport and General Manager of British Railways, and Mr. G. H. "Sam" Jones, who earlier was a cabinet member in the "nationalisation" ministry. Mr. Jones was the spokesman for the "watered down" proposals.

Mr. Gattfield, however, was in favour of the principle of the extension of public ownership to a selective and progressive basis. He said that a new campaign should be launched in London and in the other big cities.

NATIONAL BELIEFS BITTERLY ATTACKED BY SCIENTISTS

At this meeting, first concluded in Cardiff, a symposium on food and population produced these statements for the next 100 years. It should form the basis of the world's food policy.

The Royal Canadian Commission on Famine, which was set up by the Government of Canada, has published a report on the subject of famine.

The United States Food Administration has also published a report on the subject of famine.

HOLIDAY AT LANS

ON a recent visit to Lans, I was informed that the usually numerous houses and shops available for rent were now recognized by Kikuyu under restriction.

Very soon, I see to discover that the restriction was only to be lifted for a few days in the month of October. SCOTS SURPRISE CUP FINAL WIN

Africa lose in Maxwell Brady competition

SCOTLAND produced the biggest shock in local football for many years when they beat Africa by two goals in the final of the Maxwell Brady Cup on the 29th at the Old Firm Stadium. It was the first time Scotland had won the competition since 1921. Africa were out of the game and although they were far more of the story than they deserved they failed to accept the opportunity of a goal which would have given them a narrow lead. The winning goal was scored by Maxwell Brady who had been named in the starting line-up by the manager. The goal was scored in the 73rd minute of the game and was a brilliant piece of work by the player. SAFE

Binaca rounded bristles tip.

BRINACA TOOTH BRUSHES have each bristle carefully prepared so that it is rounded at the tip. This means that the bristles are safe and do not irritate the gums or cut the skin.

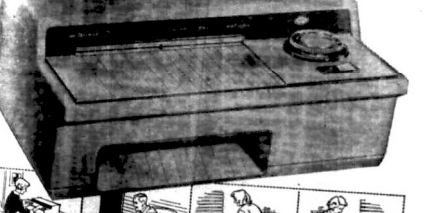

The active feature (patent applied for) permits scrubbing of the enamel, and tearing of the delicate tissues of the gum margin which results in receding gums, exposure of the roots and final decay of the teeth.

The BRINACA tooth brush is recommended for children who tend to brush vigorously and harshly.

The simple, clean line of this tooth brush together with the rounded tip of each bristle, eliminates dangers of cutting edges and sharp points.

If you have a pain— what do you take?

Do you take a tablet or a powder or do you take "Disprin"? Disprin is different from other pain relieving preparations—different because it dissolves, not merely dissimulates.

BECAUSE Disprin dissolves it enters the stomach as a solution, and is rapidly absorbed into the blood stream. In this way Disprin acts without delay. Also, because Disprin dissolves there are no hard acid particles to irritate or upset the stomach and cause unpleasant after effects.

It is best to take Disprin tablets in water. They dissolve instantly, but you may, if necessary, swallow the tablets whole. They will dissolve just the same in your stomach.

THIS IS DISPRIN

THIS IS NOT

London buyers wait and see

London buyers wait and see as to whether the price movement will be sustained in the London market. The market was a little better on Friday, but there was no sustained movement.

Once again, price movements were irregular. Buyers were extremely selective, and it is expected that they will wait for the results of various international conferences which are in the offing.

Oil shares, such as Shell, were the exception of the oil conference. In the London market, Shell was the only oil share which was not affected.

London buyers were keenly interested in the price movement of oil shares, but they were not able to do much.

600 JETLINERS TO SPAN WORLD BY END OF 1962

THE world's scheduled airlines will be operating about 600 jet aircraft by the end of 1962, the director-general of the International Air Transport Association, Sir William Hildred, said in Copenhagen.

He added that by the end of this month, the industry would be about half-way through its jet re-equipment programme. The Minister noted that the introduction of jets had had a "tremendous financial impact" on the aviation industry and warned that "whatever we like it or not, the supersonic aircraft is a project we must face with in the next decade."

Mr. Hildred said that the experience of the industry would be to "cheaper transport and it is hoped that we will see a large number of jet airlines before we have had a large number of supersonic aircraft."

The Minister also stated that the industry was likely to be benefited by the reduction of the duty on fuel for aircraft.

MANY IN KENYA EMBITTERED BY ARRANGEMENTS

A DELEGATION from the Kenya African Union went to meet representatives about the use of future American gifts of money intended to help the further education of East Africans.

Mr. J. M. Mulu, who is deputy leader of Kadu, said at the party's office in Nairobi yesterday that he would tell the people of East Africa that Kenya is to see that in future the funds they give are used by people interested in Kenya's development and not by politicians who want votes.

Mr. Mulu said he was speaking with the approval of the Kadu president, who also expressed what American universities and foundations were doing was only meeting ignorance in East Africa. He said that the money which had been distributed to help their American studies, had been distributed to students who had been recommended by the Union as the Kenya Welfare Association.

FIRST-CLASS BOYS LEFT BEHIND

Mr. Mulu said that many boys who had applied for a part in the party, especially those from areas where the people's sympathies were with the Kadu, had not been selected. He said that the names of the students who had been selected had been kept secret and even the commonest examination, he said, was being done in Kenya to give a certificate to each boy when there were three or four who were there. He said that some of these were boys who had been recommended by the government who were in the first class, but they were not being sent to America.

DECOY Ministers will be brought to trial

SEVENTY-FOUR hours after an attempt was made to arrest Mr. Lumumba, the new President, M. Kasavubu, signed an arrest warrant for his arrest and six of his ministers.

The statement last night by M. Kasavubu's spokesman said the seven men would be brought to trial. Mr. Lumumba was reported to be hiding.

He was yesterday threatened to withdraw his 2,500 men from the United Nations Command in the Congo.

President Nkrumah said in a personal letter to Mr. Kasavubu that he would take this step if Mr. Kasavubu would not allow himself to be "hit over the head" by Lumumba.

Dr. Nkrumah said the position in the Congo at the moment was "very delicate" and "very tense" and "very dangerous".

PROBLEMS affecting the future of Kenya's Coastal Strip must be solved by a conference of all concerned, the Governor, Sir Patrick Leitch, said at a meeting in London yesterday.

Local Arabs had presented Sir Patrick with a petition signed by 1,000 citizens of the Sultan of Zanzibar, they "strongly objected" to the integration of the Coastal Strip with the rest of Kenya.

The Governor pointed out that when he first delimitated the strip leading to this week, including the Sultan of Zanzibar, he asked them to consider their claims in detail and give him their views in writing.

Sir Patrick said: "Times are changing so fast in the British empire that it is impossible for me to be responsible for what has happened. This does not mean that we intend to abandon our friends."

QUEST OF ALL! do not agree with the **Acting Treasurer**, who says that nothing could be done to increase the rate of the **Income Tax** in 1960.

It is true that the **Income Tax** is a very important source of revenue for the Government, but it is not the only one. There are many other sources of revenue, such as the **Excise Tax**, the **Stamp Duty**, and the **Land Tax**.

The **Acting Treasurer** is not alone in his opinion. Many other members of the **Parliament** have also expressed their views on the matter. Some have argued that the **Income Tax** should be increased, while others have argued that it should not.

The **Government** has a responsibility to ensure that it has sufficient revenue to meet its obligations. However, it must also ensure that the **Income Tax** is fair and equitable. This is a difficult task, and it requires the input of all members of the **Parliament**.

QUEST OF ALL! do not agree with the **Acting Treasurer**, who says that nothing could be done to increase the rate of the **Income Tax** in 1960.

The **Income Tax** is a very important source of revenue for the Government, but it is not the only one. There are many other sources of revenue, such as the **Excise Tax**, the **Stamp Duty**, and the **Land Tax**.

The **Acting Treasurer** is not alone in his opinion. Many other members of the **Parliament** have also expressed their views on the matter. Some have argued that the **Income Tax** should be increased, while others have argued that it should not.

There's something about the Safari Service that makes you feel a better customer. Maybe it's the reliability and comfort of our jet-prop **BOMBARDIER** plane. UNRULY SCENES IN ROME BOXING

Judges' decisions cause uproar at Olympics

The last in the series of articles highlighting the events of the 17th Olympic in Rome.

JUDGES' decisions in the boxing events at the Rome Olympics proved the cause of a number of unruly scenes. When the United States boxer, James Braddock, was defeated by the Polish fighter, Stanislaw Baranowski, in the middleweight bout, the assembly crowd of 15,000 erupted into a crescendo of booing, chanting and whistling of disapproval.

Similar Italian spectators climbed on their seats and waved their arms in fury. This lasted for some time but had up the victory ceremony. The United States had three finalists and three winners. Italy, the host country, won three gold medals, two silver and one bronze, while the United States won one gold, two silver and one bronze.

RAJIBHO, East Africa.

Dear Sir,

I had happened to see your book and happened to read the article on the "New India" scheme. I am pleased to say that I have been able to contribute to it in a small way. I have been able to contribute to it in a small way. I have been able to contribute to it in a small way.

The objective of the scheme is to provide facilities for the small business owner. It is a scheme which is designed to help the small business owner to grow and expand his business.

There are many millions of small business owners in India. They are the backbone of the Indian economy. They are the people who create jobs and provide goods and services to the Indian people.

I think it is very important that we should have a scheme like this in East Africa. It would help the small business owner to grow and expand his business. It would help the small business owner to create jobs and provide goods and services to the East African people.

Afro-Asian group backs U.N. Congo action

GHANA PUTS RESOLUTION TO SPECIAL SESSION

At 11 members of the Afro-Asian group have today approved a resolution on the U.N. Security Council's actions in the Congo.

Minutes before the special session of the Assembly resumed, Ghana tabled a draft resolution on behalf of the group.

The document was put in for a day-long back-stage consultation.

The resolution endorses the role played by the Secretary-General, Mr. Hamdani.

The vote has been bitterly fought by the Russian and Communist delegates.

Mr. Hamdani, Secretary-General of the U.N., said he would "continue to do my best to support the Security Council's actions in the Congo."

Three sitings

The resolution shivers said it is a warning that the Security Council will not be able to do its job unless it is backed by the Afro-Asian group.

It is stated that this is the first time that the Security Council has been unable to do its job since the end of the Second World War.

The Assembly met in emergency debate on the Congo situation.

BROADCASTING HOUSE SUPPLEMENT

Turning point in history of Kenya radio

By DAVID SAZY

WHEN the annals of the Kenya Broadcasting Service come to be written 50 or even 30 years hence, the Christopher House and Freddie Chambers of Kenya counterparts in London will remain affectionately remembered about the pre-1961 days just as their about the grand old days of Ivory Hill and 2 L.O.

For the new Broadcasting House which the Governor, the Patrick Ransome, formally opens tonight marks a turning point in the story of Kenya's infant broadcasting service. There is no denying that the days of 2 L.O. were "grand old days."

They were called pioneering days when a broadcaster's greatest pleasure was the ability to operate in the awkward and the unsmooth.

DIRECTOR AIMS TO GIVE KENYA RADIO AT ITS BEST

K.B.S. met over the air a year ago and almost immediately was showered with criticism from outraged listeners who wrote nostalgically of its days gone by.

The service took it all in its stride as well it might for much the same sort of criticisms had been directed at their predecessors. The criticism will go on—there will always be people who want more music and more plays or more plays and less sport—but K.B.S. goes from strength to strength, unperturbed.

Mr. Patrick Lobb who has steered the organization through the difficult opening phase and will continue to direct Kenya Broadcasting activities in the new year of expansion will be new and new age of expansion will be taken by surprise by those early criticisms.

He said when he set foot in Kenya that he knew it to be a place that was to play an important part in the life of the continent.

Variety sources of talent

BROADCASTING in East Africa is akin to a commercial Carroll Lewis enterprise—there is a lot to be made in the broadcast job. The radio man is not only a performer in other walks of life. He is a professional in his own right. There is a considerable demand for radio talent in all spheres.

Some of the most popular entertainers are in the radio business. They are the radio stars. They are the radio stars. They are the radio stars. They are the radio stars.

VARIETY SHOW TO BE 'HOME-GROWN'

LISTENERS to the English National Service may show to look forward to. Such a show is among the facilities provided by Broadcasting House, the Programme Organiser, Miss Wendy Harvey, says it is hoped to have many more home-made shows than in the past.

She has no doubts about the necessary talent for the show, which will be broadcast on the 10.15 p.m. programme. It will be a variety show, with a lot of talent working at other jobs during the day and will have to travel during the evening.

THEY KEEP US IN TOUCH WITH EVENTS

ONLY once has a K.B.S. news bulletin failed to go on the air at the scheduled time. For nearly a year the news in Sadler Street and sent with broadcast in the Asian and

English National service. In spite of this reliance on the human element and the vagaries of the two-stroke internal combustion engine, there have been no delays or failures since that first day when the scooter broke down.

While the listeners were being told at some length about the pressures awaiting them in forthcoming programmes, the front and back seats were filled with an administrator's car and served only five minutes late.

Now the year of anxiety is over and the news is read from special desks in College House which are linked with Broadcasting House and the transmitter.

The K.B.S. news department which handles the news for all services is headed by the news editor, Mr. Michael Shannon, who joined Kenya radio after doing a similar job in Cyprus.

TWO ASSISTANTS
To help him he has two other executives, Mr. Michael Tye and Mr. Nigel Bligham, and a staff of translators. Every day they produce 13 bulletins in 14 languages. Besides African, two European

of events in the Congo. In this year's study of the news, K.B.S. had no queries, come from Brussels Radio via the telephone.

Although there are only three of their best not to be over-offended. The K.B.S. were Mr. Nigel Bligham to Shariyville, via a special connection was to the spot to cover the Somali independence celebrations and the Independent African States.

In addition, thanks to the news is provided by such programmes as 'Three Continents' - most listeners remember the explosive 'Hunting Beasts' programme in Mr. Nyere and one-on-one interviews with such people as Mr. Nyere and the Billy Graham.

FUTURE EXTRAS
In the future it is hoped to add a Radio Newsroom programme perhaps twice a week and a family, A Pan-African magazine of African affairs.

Being the forthcoming Kenya General Election, a special bulletin of the day's round-up news will probably follow the normal news.

Mr. Shannon says that K.B.S. is criticised from European States, but he says they are not trying to know what African politics are happening.

FIRE DANGER
PURE danger presents annual problem in the news department of Broadcasting House. Because of possible failure of the complex broadcasting and electrical wire, a fire of water was used to deal with a minor fire the building has not been in operation.

Insured bank extinguishers have been provided at strategic points.

Three-fold task for programme organiser

MR. LESLIE WINK, Programme Organiser for the African Service has the news accurately, speedily and objectively, and the responsibilities of independence and later a relief from politics of reestablishing his listeners.

Mr. Wink, who works, South Sudan, came to Kenya in 1951. He was in the news in the first few days of his career as a policeman.

He joined the Kenya Police in 1952 and served in Turkana during the East African Campaign of the last war before transferring to British Somalia.

He returned to Kenya in 1955 as a news correspondent.

In addition to her radio work she does great deal of film work. The African National Service will shortly be operating on the radio at Stanban Kikuyu.

FIRST TWO
Responsible for his first commitments on outdoor service and the very high quality of his news reading, Mr. Kikuyu left Kenya with Abdullahi Younis in March, 1958. He and Younis were the first two broadcasters to be sent to East Africa by the B.B.C. Swahili service on a new

Mr. Young has now returned to Kenya and will be in the Coast Regional Service.

Mr. Rajpal Sharmal, who is Mr. Wink's only successor with the Asian National Service in production of news, was secretary of the United Kenya Club from 1951 to 1952 for 12 years.

He took to broadcasting when K.B.S. opened up, after 20 years as a civil servant. Mr. Sharmal was an annual civil servant, however, for he has spoken 11 languages and written over 100 articles.

It was this literary bent which turned his thoughts to broadcasting.
