U.N. TANZANIA KENYA HEARS END

Question going to present Assembly

Standard Staff Reporter Dar es Salaam
BRITAIN has agreed to ask the present session of the United Nations General Assembly to end her trusteeship agreement with Tanganyika.

MONDAY MEETING ON RENT RISES

NAIROBI City Council's Finance Committee met for more than an hour yesterday to discuss the question of increased rents for African municipal tenants.

There was a request to the effect from the African Ward Council asking the committee to consider its proposals, which affect about 100 to 150 tenants, in view of the fact that the rent increase will be in excess of 50 per cent. Mr. A. J. Simons, said that the committee would meet on Monday to discuss the matter.

A Ukrainian speaks out

A Ukrainian delegate has criticised the timing of the constitutional conference in London next March, the Chief Minister added. "I have talked enough to the people of this country about the work they have to do for Tanganyika. We, the Government, also have our work to do for Tanganyika. Do not let Honourable Members try to deny the work that is required to be done. "All that remains hard work."

In a statement to the East African Press, the T.U.C. said it recommended to the African tenants to accept the rent increase rather than to be evicted. The increase was unnecessary and would be a hardship on the tenants. Mr. J. M. K. M. said that the tenants should not be evicted. He said that the tenants should not be evicted. He said that the tenants should not be evicted.

URGENT NEED FOR NEW TAX POLICY

With the approach of the 1955-56 financial year, the Government is faced with the urgent need to review its tax policy. The current tax system is outdated and does not meet the needs of the country's economy.

The Government has to consider the needs of the country's economy and the needs of the people. A new tax policy is needed to meet these needs.

HOCKEY GAINING PARTY

No game in world more completely amateur today

BY DORVCK MUTTAL

Of all team games generally played throughout the world there is none more completely amateur than hockey. The fact that it is increasing in popularity everywhere, without being the cheapest of games to play, must mean that it is played because it is enjoyable. It is certainly a game which gives more pleasure to the players than to spectators because hockey crowds seldom, if ever, reach the proportions of cricket and football.

Some High School teams do very much better this year in the world than in the past. It appears to be between the High School and the Junior College and among the 19-year old and the High School and the Junior College. It is in 19-year-old teams the Leeds are so good while in the 19- to 22-year-old teams the Leeds are so good.

Women's ampires

The progress made by the K.W.H.A. are going well and we shall soon be in the happy position where all women's hockey will be under the control of one women's ampires. The rules of women's hockey are known and it is not unlikely that the Amperes will be getting away from their former disorganized state. I have in a previous news, some forecast presented from scoring a goal by a defender standing freely on her stick, an addition, if judged better, of allowing the stick work and team work among Amperes players much better this season and in the first of the International Hockey Association is carrying out a program of development of the game in all of these three programs.

There are about a dozen school teams in the United States and the K.W.H.A. is looking for hockey in the United States. The Amperes are doing in fact hockey in the United States. The Amperes are doing in fact hockey in the United States. The Amperes are doing in fact hockey in the United States.

A TRULY NATIONAL THEATRE

If anybody can be expected to give an expert opinion on the running of a National Theatre, such an opinion should be that of Clifford Williams, the administrator of that weekly Drama Festival.

He has had wide experience of production in the theatre, including the best of the musical theatre in the Midlands in Coventry. Having been in the theatre for 20 years, he is an authority on the theatre in an African setting.

Kenya Drama Festival, which has been held in Kenya since 1947, has been the country's largest and most successful theatrical festival. It has been held in Kenya since 1947, and has been the country's largest and most successful theatrical festival.

It is the belief of the Government, which is sponsoring the festival, that the festival will be a valuable contribution to the cultural life of the country.

The festival is being held in Kenya, and is being held in Kenya. It is being held in Kenya, and is being held in Kenya.

PLANT DESIGN

It is said that what really counts in the design of a plant is the design of the plant itself. The design of the plant is the design of the plant itself. The design of the plant is the design of the plant itself.

The design of the plant is the design of the plant itself. The design of the plant is the design of the plant itself. The design of the plant is the design of the plant itself.

These unnecessary barbles

A translated line of type continues to be a source of confusion in the laboratory. The design of the plant is the design of the plant itself. The design of the plant is the design of the plant itself.

NAIROBI DROPS RENT INCREASES

Deficit to be met by saving not subsidies

FOUR-HOUR MEETING

RENT increases are not to be imposed on some 6,200 African tenants of Nairobi City Council, the council's Finance Committee decided last night.

The council rejected unanimously a policy of subsidised rents and decided that the deficit in the African Housing Account—which the increases were intended to meet—should be met instead by economies.

The full resolution—passed after the committee had been closed doors for nearly four hours—was: "This meeting intends to maintain African housing rents at their present level for one year beginning on December 1, and agrees that this should be met by economies and not subsidies."

Roads may suffer

Council officials were not allowed to present their part of the discussion. It was understood later that officials were asked to submit figures to a later committee meeting on housing expenditure from the African Housing Account.

It is probable that some of the plans shelved by the African estates—such as road improvement schemes—will have to be curtailed.

One of the likely sufferers will be a programme of road widening which would have been financed from the main city fund.

Notices to quit

There is an accumulated reserve in this fund of £68,000 which is likely to be cut to meet the present situation.

The deficit on the African Housing Account at the end of last year was £117,000, and it is expected to be nearly £300,000 by the end of this year.

The increases—which have met with a lot of opposition—were served on most of the tenants involved on October 31.

STOCKPILE OF H-BOMBS FORECAST REJECTED

Katanga threat to eject U.N. official

THREATS to reject by military force the United Nations' plan to inspect Katanga's stockpile of H-bombs, were made yesterday by the Secretary-General's Defence Committee, Joseph Yari.

The Minister claimed that Mr. Berenson, a New Zealand, gave the impression of "not keeping abreast of situations" and "not understanding anything".

He said that the U.N. official would be expelled from Katanga if he did not agree to the U.N. plan. Mr. Yari also said that the U.N. plan was "not realistic" and "not based on facts".

He also said that the U.N. plan was "not based on facts" and "not realistic".

PLEA FOR GOOD WILL IN C. AFRICA

NEVER before had Rhodesia's need for good will between all races and bondsmen been so great as at present, the Governor-General of the Federation, Lord Dathin, said in a Reflections Day broadcast from Salisbury last night.

"This is a time for intolerance or hate of any kind. One must meet facts with understanding and respect the interests both of the white and of the black who will live together."

Let us search our own consciences for the faults we ourselves have committed.

It is the duty of everyone of us to contribute in our bearing to what the world can see that this country, as a whole, is anxious to live in peace and friendship with its neighbours.

The growing attitude of intolerance towards the other races, even violence, is not only a disgrace to the white and the black, but a disgrace to the Federation as a whole.

It is the duty of everyone of us to contribute in our bearing to what the world can see that this country, as a whole, is anxious to live in peace and friendship with its neighbours.

NEW INCOME TAX LEGISLATION PLANS TO END EVASION

PENSIONS, luxury houses and extended powers to collect dues from people who have left the territories

Draft legislation to carry out the amendments will be considered by the Central Legislative Assembly. Relief would be given in respect of contributions to a pension fund which would not at present qualify as an approved pension fund, because a fund cannot normally be approved unless benefits payable under the scheme are paid in East Africa.

It is proposed that this requirement should be dispensed with, so that persons who leave the territories before the end of 1961 can continue to enjoy the benefits of the scheme.

The scheme would also provide for the payment of a surcharge on luxury houses, and for the extension of the provisions relating to the taxation of the income of persons who have left the territories.

The proposed amendments would also provide for the extension of the provisions relating to the taxation of the income of persons who have left the territories.

OPENING UP THE SCHOOLS

In one sense, it was unfortunate that a unilateral announcement was made about the re-opening of girls' schools in the absence of the necessary arrangements to the Ministry of Education. It is, however, a pity that the Government, in its haste to open the schools, overlooked the fact that the Government should have consulted with the general movement, and especially the teachers, who have been in a state of confusion since the announcement was made. It is a pity that the Government should have consulted with the general movement, and especially the teachers, who have been in a state of confusion since the announcement was made.

END OF DEVOTED SERVICE TO FARMERS

F. L. MURPHY, retiring secretary of the Kenyan Agricultural Settlements and Extension Department, has written a book on the work of the Kenyan Agricultural Settlements and Extension Department, which is available in paperback form for KSh. 1.00.

Some 310 people have been trained in the use of the tractor and other agricultural machinery in Kenya. This is a record for any country in the world. The success of this work is due to the devotion of the staff of the Agricultural Settlements and Extension Department, who have worked tirelessly to improve the lives of the farmers of Kenya.

ON THE MAP

The board and property interest in the land in the area of the proposed settlement have been transferred to the Government. This is a significant step in the development of the settlement, and it is hoped that it will lead to the successful completion of the project.

UNION NEEDED

The Government has decided to set up a Commission to investigate the conditions of the workers in the public sector. This is a necessary step to ensure that the workers are treated fairly and that their conditions are improved.

FIRES RELIEF

The Government has announced that it will provide relief to the victims of the recent fires in the area of the proposed settlement. This is a gesture of sympathy and support for the affected people.

Railway football final

THE Sir Reginald Roberts knockout football competition final will be held at the African Stadium, Nairobi, on November 5, at 4.30 pm, between the Eldoret Railway African Club and the Railway Training School.

It will mark the end of the football season as far as the Railway Competitions are concerned. The trophy is contested in the form of the Kenya and Uganda seasons.

The final of last year, which Eldoret beat handily and will find it difficult to meet the trophy from the holders, the Eldoret party is made up of the following players: many of whom are well known to Kenya footballers. Goal-keeper, Joseph Mwangi; Captain, Joseph Mwangi; Defenders, Joseph Mwangi, Joseph Mwangi, Joseph Mwangi, Joseph Mwangi; Forwards, Joseph Mwangi, Joseph Mwangi, Joseph Mwangi, Joseph Mwangi.

No weak links
The Railway Training School boasts no introduction, it is the finest in competition in its various and plenty of strength.

On paper the defence looks strong in case where the opposition it will meet in the final, and the presence of Khama in the team will help any who admire his thought and fine play.

This year's final is expected to be a close game with Eldoret. The holders, possibly making a favourable

Special Soccer meeting

An extraordinary General Meeting of the European Soccer League is to be held at the Railway Club, Whitehouse Road, at 3.30 pm on Friday, October 31. The meeting has been called at the request of the League Committee to consider and select a new draft constitution for the league and rules for the various cups to be held in 1957.

Can then cover six
So it must be correct on one or the other if it does not result in a home win.

You can then cover your remaining six forecasts by marking all six first on the Three Draws and then on the Four Draws. The diagram shows how your two entries should be completed on writing against the Three Draws entry: "Form 1 to four six draws with banker 13 lines."

Alongside the Four Aways
entry, write "Form 2" on three from six aways with banker 20 lines.

Add the appropriate stake. At 10 odds, the Three Draws entry costs 2s. 6d. and the Four Draws entry 5s. All six bets, to be made on the Three Draws entry, is making a combined bet of 16s. 6d.

The advantage of this double entry is that you must win. Banker results in an away win. If you draw you win on either the Four Aways or the Three Draws if any three of the six win away or if any two of the six draw.

And you can have up to two bets placed before results without paying your chances.

DYNAMIC LEADERSHIP FOR DEPENDENCY

Like trying to hold up the Zambesi says Mr. Blundell

Standard Correspondent, Kampala.
MR. MICHAEL BLUNDELL, leader of The Four Corners Group, led the forces of the "Liberation Movement," even if it had not spread with all of its members, to hold up to us anything else would be a tragedy.

There was a tremendous dynamic emotional force in the attitude of a great majority of the African people, which he unleashed the African Elected Members. It must be guided and harnessed, in the time left before independence, to the service of Kenya, before the force itself disintegrated and might destroy what it might create.

In the Legislative Council after the general election there would be the same kind of a representative government as the Government which the Government would consist of their own Government with their own Government. The Government would be a Government of agreement, with members from all the parties in the country, as in the past would be the case.

Negative way
 He called for accelerating progress in the training of Africans. He said that if Africans if they were to be able to handle their own affairs, they must be trained. He supported the K.N.F.D. proposal for the phased purchase of farms to maintain an active land market, and asked the Government to consider the purchase of land. He was not in favour of the Government's proposal to purchase land from the farmers, which would be a negative way of doing it.

Other systems
 Democracy based on much as a representative system to produce a really stable form of government, that would be a realisation of the ideal of a government in which the people would be the ultimate authority. He said that the Government should be a Government of agreement, with members from all the parties in the country, as in the past would be the case.

CAREFUL PLANNING NEEDED DURING TRANSITION

THE need for a carefully-planned period of transition in East Africa to preserve the three territories' "balanced economy" was stressed by the Earl of Incheague in his report to the annual general meeting in London of Incheague and Co.

Lord Incheague, who is the chairman of the group which is the holding company of East India and African Steamship Co. and the East African Steamship Co., stressed the need for a carefully-planned period of transition in East Africa to preserve the three territories' "balanced economy" was stressed by the Earl of Incheague in his report to the annual general meeting in London of Incheague and Co.

Governor to tour Nyanza
THE Governor of Kenya, Sir Patrick Rennie, will spend next week touring Nyanza Province with members of the Administration. Lady Rennie will accompany him on part of the tour.

Alive to danger
It was, however, very imprudent by the need for a carefully planned period of transition of that there is no break in the continuity of the Government. It is necessary to have a continuity of Government to run successfully.

Natural death

Developments in East Africa
BRITISH banks in East Africa, in keeping with the changing economic climate, have been making a determined effort to prepare the banking habits among the African population. This was stressed in the Times annual article in the Times annual Financial and Economic Review.

Big expansion
The Times states that East African banking has expanded rapidly since the advent of Sir Kenya Bank. The bank has a total assets of £20,000,000. The bank has a total assets of £20,000,000. The bank has a total assets of £20,000,000.

More money
These facts were very striking but they indicated no sinister policy on the part of the bank. The bank has a total assets of £20,000,000. The bank has a total assets of £20,000,000. The bank has a total assets of £20,000,000.

Ministers to blame, not Kabaka

The executive office Director of Civil Aviation, Uganda, Mr. Kenneth Kiwanuka, issued in a statement in London that he had advocated former British measures against the Kabaka of Buganda.

Mr. Kiwanuka said that a British newspaper had quoted him as saying at a press conference that Britain needed to take more firm measures in dealing with the Kabaka and his Ministers.

He had advocated former measures only against the Ministers but not against the Kabaka himself.

Mr. Kiwanuka added: "To advocate firm measures to be taken against the Kabaka would be running counter to the self-governing policy which is the safeguard of our traditional liberties."

WALAYA PREMIERS ATTACK

South Africa 'out of place' in family of nations

MALAYA'S Prime Minister, Tanu Abdul Rahman, JM said in Toronto that South Africa was "quite out of place among the member-nations of the Commonwealth." He told the Royal Commonwealth Society that Malaya must continue to treat South Africa as the "black cherry plump of the family" while it adhered so obstinately to a policy of degradation of human rights.

This week you will read and hear a lot about the Madras Trust. Outside of a very small group of people, how many know what Madras Trust is trying to achieve. Madras Trust is a very noble charity institution dedicated to the rehabilitation of the blind.

PITFUL CASES The present administration can only take 75 to 80 per cent of the blind. The rest are left to fend for themselves. A young woman in her residence in life has been blind since childhood. Her parents had no money to take care of her. She was abandoned by her parents and she is now in a state of destitution.

Rheumatism and "Trigger Spot" Therapy

NEW ADVANCEMENT GIVEN IN RHEUMATISM TREATMENT

A breakthrough has been made in the treatment of rheumatism. The "Trigger Spot" therapy has been developed by Dr. J. M. Fritschy, D.M.D., of the University of California, Los Angeles. This new method of treatment is based on the discovery that certain points on the body, when stimulated, can relieve the pain and inflammation of rheumatism. The doctor emphasizes his discovery of the "Trigger Spot" therapy as a new and effective method of treating rheumatism. He states that this therapy is safe, simple, and can be performed by the patient at home. The doctor's name and address are: Dr. J. M. Fritschy, D.M.D., 1000 Wilshire Blvd., Los Angeles 24, California. He can be reached at BR 4-1234.

FOUNDER MEMBER WINS AT KAREN Appropriate victory

by S. M. Dunson

KAREN Country Club was formed in 1955 by eight sporting enthusiasts, two of those concerned being Mr. D. Dunson, more notable perhaps by his feats on the tennis courts than on the golf course, and Mr. J. R. Martin. In 1957, twenty-one years after the inauguration of the club, Mr. Dunson again won the club's annual tournament in commemoration of the event a Fawcett Club, which was the original competition by the founding members.

Last week's 41 players took part in the 1957 tournament and it was entirely appropriate that the winner should be one of the founders as already stated, and this who had laboured steadily over the years in the interests of the club, should form one of the 41. Mr. Dunson, in teaming with Mr. E. M. Hogan, his playing partner, won the trophy with a sterling performance.

Likely combination

Play is by no means a hot bed against today's 41 handicappers, and anyone who has seen Dunson's play in the past few weeks will be sure to be impressed by the way he has handled the ball. He is a very good ball player, and his play is very consistent. He is a very good ball player, and his play is very consistent. He is a very good ball player, and his play is very consistent.

Grand experiments

One of the newer to the program of maintaining green in first class shape at the year round almost closed. It is a very good ball player, and his play is very consistent. He is a very good ball player, and his play is very consistent.

Frenchman fails to beat coast

Dario D'Amico, of the French team, who was defeated by the Kenyan team in the final of the 1956 Commonwealth Games, failed to beat the coast in the final of the 1956 Commonwealth Games.

SCHOOLS BOXING WAS EXCELLENT

NEW who saw the third annual Olympic schoolboy boxing championships at the weekend can be in any doubt about the popularity of boxing in the schools and first-class sport. It was most heartening to see the will of the boys, and the spirit in which they fought, without flinching or yielding.

Conclusions

DURING the last few weeks in Nairobi and district cricket and I can think of few periods in which so many people have been so interested in the sport of cricket.

COMMENTARY by the author

Momentous year for the K.O.A.

M. R. S. ALEXANDER, the chairman, said in his annual report that 1956 has been a momentous year for the Kenya Olympic Association.

In adding his personal congratulations to the Olympic team, he stated: "I would like to express my sincere thanks to all who made it possible to send a team to Rome, which both on and off the field of sport, brought us much credit to our country."

Potential for Tokyo

Commenting on the future Mr. Alexander said that the team will be back in potential for the 1964 Games in Tokyo, but it would require much hard work by all to ensure the competition, coaching and facilities necessary.

'My Realm' and BP 'Visco-static' are a couple of winners says Bill Fritschy

The driver of 'My Realm', Bill Fritschy, has just made it an excellent judge of horsepower. This sports three-year-old day is one of the most prominent race drivers ever seen in Kenya. An East African country boy, 'My Realm' has the blood of three English Derby winners in his veins. And he's certainly lived up to his breeding in the way of winning both the Kenya Grand Prix and the East African Derby in the field. You can see both in the picture.

FITSCHY KNOWS THE FORM ON CARS TOO

Bill Fritschy is also a good judge of cars and a very successful competition motorist. As well as managing A.D.C. Motors, the well-known "Sunday" motor club, he has been driving more and more actively since he bought a 'Visco-static' motor car. He has been particularly impressed with the re-

search work and laboratory testing undertaken by BP scientists in perfecting this "visco-static" type motor oil.

AN EXPERT MOTORIST'S OPINION

Bill Fritschy noted that his car, drained and refilled with BP "Visco-static" motor oil, runs smoother, starts easier and, he's found, gives better performance. Months of preparation, behind the scenes of a man who's checked his car and its materials personally, and who knows they are unbeatable.

CHANGE TO BP "VISCOSTATIC" NOW

Any engine which is in good condition will benefit immediately from using BP "Visco-static" motor oil. The price is the same as other ordinary multiple motor oils.

You don't have to be a motoring expert to get the best out of this oil because - BP "Visco-static" is the latest, advanced, multi-grade oil of any brand in the UK, Europe, Australia and New Zealand.

'DISPRIN' STOPS PAIN SAFELY!

Doctors know that quinine, 'measures' and sometimes even serious stomach disorders can be caused by ordinary pain relievers. This is because they do not readily dissolve, and their solid particles can seriously irritate the walls of the stomach. Disprin is different. It dissolves (you can actually drink it) and thus overcomes this danger.

GUARANTEE FOR CIVIL SERVANTS

Britain to contribute £7,255,000

By ERIC BAGWELL
READY PAYABLE to the legislative Council yesterday and which the Council approved until the afternoon 11 Bills, some of a highly controversial nature, had been given their respective readings.

The last, a somewhat controversial law which would enable the Minister for Lands, Mr. D. W. O'Connell, and the Minister for Agriculture, Mr. J. M. O'Connell, to acquire land for the second time.

It was stated that Mr. O'Connell would be able to acquire land for the second time by the Minister for Lands, Mr. D. W. O'Connell, and the Minister for Agriculture, Mr. J. M. O'Connell, to acquire land for the second time.

Mr. O'Connell, who returned from London yesterday, said that the Bill for the second time would be introduced in the afternoon.

Mr. O'Connell, who returned from London yesterday, said that the Bill for the second time would be introduced in the afternoon.

NEW arrangements to meet the problems of expatriate civil servants in territories which have achieved or are nearing independence were announced last night in a British Government White Paper.

The intention is that the arrangements, which are subject to agreement with each territory concerned, should have effect from April 1, 1961.

Terms of future compensation schemes, the Paper states, must be a matter to be settled between the British Government and the government of a particular territory after consultation with the local staff association.

Some 14,000 pensionable and 8,000 contract officers come within the scope of the arrangements and the present estimated cost of payments made to them, for which the British Government is prepared to assume responsibility, totals £7,255,000.

Most of this figure will be swallowed up by inducement pay, at £4,000,000. Payments for pensionable and contract officers will amount to £3,255,000 and half passage costs will total £2,371,000.

(Statistical continues in Page 4. Text of White Paper in Page 6.)

CHELSEA IS HOME FOR A BOY FROM NYBERG

Mr. Vincent Squares, the widow of a London merchant banker, has taken a dear and dear boy, the 10-year-old Nyberger, to her home in Chelsea, London. The boy, who was born in the Congo, was taken to London by his mother, Mrs. Nyberger, who is now in London. The boy was taken to London by his mother, Mrs. Nyberger, who is now in London. FOUR STATES INTERESTED
Economic aid missions to visit Kenya

PROSPECTS of economic aid for Kenya were one of the issues dealt with yesterday by the Minister for Agriculture, Mr. McKenzie, and the Minister for Local Government and Lands, Mr. Havlock.

The Ministers made a joint statement on their arrival in Nairobi from a six-week tour of European government business centres. They made particular reference to the effects of recent visits by politicians from Denmark, West Germany and Switzerland as to the means by which they can give assistance.

The Netherlands Minister will give next week and will consider matters of giving technical assistance and also international aid especially with regard to the development of agriculture.

The West German Government will give a "very high priority" to Kenya's request for technical assistance.

The British Minister, again with a view to the future, will be active in the next few weeks. It is expected that negotiations with the other three countries and also technical visits will be undertaken in the next few weeks.

Technical visits from countries which are not members of the Commonwealth will be undertaken in the next few weeks.

THE END COLUMN

A COLLARLESS The Minister for Lands, Mr. O'Connell, and the Minister for Agriculture, Mr. McKenzie, and the Minister for Local Government and Lands, Mr. Havlock, received the accolade yesterday at the Buckingham Palace.

Mr. O'Connell, who is now in London, was accompanied by his wife and children. Mr. McKenzie, who is now in London, was accompanied by his wife and children. Mr. Havlock, who is now in London, was accompanied by his wife and children.

STAFF ASSOCIATION FAVOURS SCHEME

THE chairman of the Staff Side of the Kenya White Paper, Mr. J. M. O'Connell, yesterday welcomed the White Paper on behalf of the 11,000 civil servants who represents.

He said: "It has resulted, at least in part, from the united desire of all staff associations in relation to the scheme of the 1954 charter of guarantees, which has been accepted in some degree of application."

"In some respects the Paper is a heartening response to the hopes and aspirations of the civil servants who have worked under its provisions since its inception. It is a recognition that if, in fact, there are any difficulties during the period of transition, these are essential to offer them secure employment in the territories."

There were some aspects of the White Paper which give rise to anxiety, however.

"Clearly lacking" was the chief criticism of the scheme. The staff side of the Kenya White Paper, Mr. J. M. O'Connell, yesterday welcomed the White Paper on behalf of the 11,000 civil servants who represents.

Comparative costs of education

I was delighted to read the headline in the *Kenya Times* from Mr. Miller over the comparative costs of educating Africans here and in the Union. In view of my many contacts with the Education Department in the South African Union, I had a little argument but a little while ago I sent the said article to the Editor and he has given it prevailing prominence with their respective views, when in quite a few places, the African educational costs of 1946, per capita, are a matter of 20 pence as against 10 pence in the Union.

I might be told how much per capita cost the Government in their time money so great a sum more than I earned.

NATIONAL THEATRE
Nairobi, Oct. 24, 1946.

It was bitterly disappointing to see an invitation to the Government Council of the National Theatre presented at the Nairobi Club on the 22nd when Mr. Clifford Williams showed a reluctance to see the National Theatre in the Kenya Colony.

It is obvious that a country that could not even support one professional theatre, and one of the best in the world, is not fit to be the seat of the Government Council, wherever they are, whatever they are doing. Direct their energies towards this goal and leave the keeping of wild parchment to others better qualified to do so.

W. OTTELEA
Nairobi, Oct. 23, 1946.

IRISH HALF-HOUR

I SHOULD like to associate myself with the comments made by your correspondent H. S. F. Gilman on the subject of Irish broadcasts in Kenya.

With the exception of Mrs. Kristina Glasgow, New York, and a small number in Africa, Britain must be almost the last of the Irish stations to be set up in any way fitted to receive, that the people of Kenya for her export traffic which is the only one of its kind in the world.

The programme should be interrupted from time to time to give the Irish people a chance to hear the Irish language. The programme should be interrupted from time to time to give the Irish people a chance to hear the Irish language.

Past and future
Nairobi, Oct. 23, 1946.

It was not before the late Lord Darnley came to Kenya that the African was taught how to use a wheel and how to use a plough. The wheel was used under the ground and the plough was used above the ground. It is now the African who is using the wheel and the plough. It is now the African who is using the wheel and the plough.

Foot-and-mouth

A fresh outbreak of foot-and-mouth disease has occurred in the Kenya Colony. The disease is highly contagious and is caused by a virus. It is characterized by blisters in the mouth and on the feet. The disease is most common in young animals, and is particularly dangerous in pigs. The Kenya Government has taken steps to control the disease, and has advised farmers to take precautions to prevent its spread.

OPERATION AIRLIFT

Operation Airlift was successful in evacuating 1,200 people.

It was already obvious that there was likely to be a substantial shortfall in Customs revenue and in moving the second reading of the National Loans Bill.

He said it had been drafted on the lines of the British National Loans Act, 1951, though a major change in method by which funds were provided against for the payment of principal and interest on the Colony's public debt.

UNESCAPPABLE COMMITMENT

Up to now it had been necessary for the sums required to be voted yearly but those payments were an unescapable commitment and the Bill, therefore, was made to make them a direct charge on the Consolidated Fund of the Colony.

The Bill enabled the Treasury to raise money to repay existing loans and to exchange the public debt, and was not intended to increase the limit of the public debt, and was not concerned with short-term borrowing.

It might be said whether or not the Bill was a necessary one, Mr. Butter said it was necessary to meet the public debt, and was not concerned with short-term borrowing.

The present intention was to raise the limit of the public debt to £100 million, but the Bill was likely to do more, Mr. Butter said.

HOCKEY LESSONS OF

GAMES

Passing on know-how

by Derek Mitchell

WHEN the annual general of the Hockey Union of Kenya takes place at the Sikh Union club-house this Thursday, evening, it is very lively session. It is proposed that the British Olympic Games still fresh in mind a first-hand, detailed report of Kenya's hockey performances there—and the reactions of players and officials to a big international occasion will be most welcome and informative.

Hosts for 1961 event
In 1961, Kenyan officials will be the hosts and arrangements are already being made for the Kenya team, which will be invited to the inter-continental tournament in Zanzibar in July, to make a route to it. Kenya is still a "youngster" in world hockey circles, but having the experienced several visiting teams, it is gradually building up an adequate body of experienced international players.

All the knowledge gained and all the pickings of personal experience must now be analysed by applied to the improvement of standards in the country. The officials who have had the privilege of being present on these big occasions and Kenya has every right to hope that their officials will come again, so prepared to transfer the essential lessons of others.

The best and only way
There is no other way in which the international experience can be consistently and constructively transferred to the country available for the benefit of the team as a whole in Kenya. For it is over the local terrain that the experience must be of the home (Kenya) must be applied to the situation.

The reality of our representative players will again be on the field to meet the British and the Kenya and the Kenyan Hockey Association, under the leadership of the senior members of the senior team, which have already been to meet the Railway Club in other parts of the country, the Sikh Union and the Green fields.

Paraded above is the 12-year-old student, Fadhil, one of those Kenya through-school boys in Khartoum, Sudan, who made the return home, on 7-2-61, and Nairobi, on 11-2-61.

Kenya bloodstock for the Sudan

NOT for the first time Kenya is exporting through bloodstock and the latest consignment left earlier this week by air for Khartoum bought on behalf of the Khartoum Turf Club by Mr. Ibrahim M. Khalil, the Sudan's Director of Animal Resources. The three stallions sent to the Sudan were:

EUROPEAN LEAGUES

All three stallions were sought for £1,000. It is reported and will stand at stud in the Sudan. All have won races in Kenya and two, Fadhil and Nank, have won winners of Kenya races, also.

Mr. Fadhil, whose offspring was stakes of about £1,000 in each of the previous two racing seasons in Kenya, is a handsome TB, bred by Sherrill out of Fadhil and was foaled in 1948. He was imported into Kenya by Mr. T. H. Chetty and ran but did not win a three-year-old.

Won some good races
As a four-year-old he won the City of Nairobi Cup and also the Aga Khan Memorial Jubilee Trophy, the Government Cup and the Derby and the Delamare Cup.

Mr. Nank, who in the two seasons of 1958-59 and 1959-60 won a total of 10 races, was foaled in 1950 and imported by Mr. T. H. Chetty. He is a three-year-old and won the Queen's Day Plate at Barchinon, an East African country-bred foal, is the youngest of the three.

He is little as a three-year-old but of four was once again successful winning the Kenya Cambridgeshire and then, as a three-year-old, the Queen's Day Plate at Barchinon, an East African country-bred foal, is the youngest of the three.

By Mrs. J. E. Fadhil, he was foaled on April 14, 1954 and was by one of Kenya's outstanding sires, Cambridgeshire III, out of Sherrill.

Who ate my Post Toasties?

What a letdown — to reach for the cereal that makes breakfast the best meal of the day and find the Post Toasties gone! Post Toasties are so super-tasting, so crispy fresh, so sweet-'n'-delicious — no other breakfast quite fills the bill.

So hurry to the store — and tell the man you want some more.

CIVIL SERVANTS WILL FIGHT ON

Fair terms for those who go demanded

A RESOLUTION urging that a "fighting front" should be set up and used by the staff side of the Kenya Whitley Council was unanimously adopted by 500 senior civil servants in Nairobi last night.

The resolution, which was proposed by the Nakuru branch of the Senior Civil Servants' Association, said the fund should be used to obtain legal or other advice for pressing the claims for guarantees, compensation, and other matters in London.

NEW THEORY ADVANCED ON YETI MYSTERY

London, Friday night
A. L. CRAM, the British mountaineer who spent six months in the Himalayas, says he has seen a yeti on his back on the Banah in Kenya.

Mr. Cram, who is 40, said he had seen the yeti on his back on the Banah in Kenya. He said he had seen the yeti on his back on the Banah in Kenya. He said he had seen the yeti on his back on the Banah in Kenya.

Views clash on savings position in Uganda

Property shares active

Uganda's Credit and Savings Bank has suffered a sharp decline in savings during the past two months than in any previous year, the general manager, Mr. W. H. Spill, said today.

Spill said the bank had maintained the same level but had been kept up by the fact that deposits had been made by employees of the bank, but he pointed out that the bank had not been able to attract new savings.

KISUMU 50 YEARS AGO

SHIP THAT LAUNCHED ITSELF

One of 1968 Kisumu's big days was the launching of its first ship. The ship, which is to be used as a school for the training of fishermen, was launched by the late Mr. J. P. Joyce, the then Governor of Kenya. The ship was built by the late Mr. J. P. Joyce, who was also the then Captain of the ship. The ship was launched on the 15th of the month and was named 'The Kisumu'.

Waterfront views

On the right are two early views of Kisumu, which is to be a great waterfront town. The view on the left is a view of the waterfront in 1910, showing the early buildings and the ship. The view on the right is a view of the waterfront in 1968, showing the modern buildings and the ship.

A VISIT FROM THE MINISTER

A distinguished visitor to Kisumu in 1967 was the Hon. Secretary of State for the Colonies, Mr. Winston Churchill (second from left), with him walking from the station to the P.O. Building are the Governor of Kenya, Sir James Hopes-Bender (right), and the Provincial Commissioner, Mr. John Armstrong, sitting to the right of Mr. Hopes-Bender.

EYE BRIGHTENING

By Margaret Merrall

There are many reasons for eye trouble. It may be due to a strain, or it may be due to a defect in the eye itself. A night application of eye lotion could be the solution followed by eye exercises. Hold the eyes shut for a few minutes. Then repeat five times in each direction, repeating the exercise gradually if you are worried by dizziness. The exercise will help but you must also use a correcting lens. This should always be corrected as soon as it is found. Keep the lenses clean around the eyes, wash and wipe and use them in the direction of the eye. Look out for any strain, or check your reading glasses.
