WEST GERMANY SEALED OFF

Communists take new steps UNITED STATES COMMANDER OPPOSES AT INTERFERENCE

BERLIN, June 2.—The German Government today announced that it had sealed off the border between East and West Berlin and that it was taking steps to prevent the flow of goods and people from the East to the West.

The German Government said that it was taking these steps because of the "increasingly serious situation" in the West. It said that it was taking these steps to prevent the "infiltration of the West by the East."

APPLICATION BY OWNER TO OCCUPY HIS HOUSE AT MUTHAIGA

Rent Control official is tenant

NAIROBI RENT CONTROL OFFICIAL has been hearing an application for possession of property tenanted by the late Mr. C. M. de Adeney. The chairman of the Board, Sir Ribben Meredith, opened the proceedings by saying that he was suggested to the Government that there might be an independent Chairman, but it had been decided that he should take the chair. Although a member of the staff was involved there would be an objective and impartial hearing.

Mr. H. D. Wilcock, who presided for the landlord, Major Peter L. Young, said that he had made any representation to the Government or any higher authority but he did not wish to be associated with any. The property concerned is a single-storey house in Segor Road, Muthaiga, which was built by Major Young during the latter part of 1949 and cost the sum of £1,400. It was let to Mr. de Adeney, who was a member of the House of Representatives, until his death in 1950. The house was then let to Mr. de Adeney's widow, Mrs. de Adeney, who was also a member of the House of Representatives. The house was then let to Mr. de Adeney's son, Mr. de Adeney, who was also a member of the House of Representatives. The house was then let to Mr. de Adeney's daughter, Mrs. de Adeney, who was also a member of the House of Representatives.

Since December
The house was then let to Mr. de Adeney's daughter, Mrs. de Adeney, who was also a member of the House of Representatives. The house was then let to Mr. de Adeney's daughter, Mrs. de Adeney, who was also a member of the House of Representatives. The house was then let to Mr. de Adeney's daughter, Mrs. de Adeney, who was also a member of the House of Representatives. The house was then let to Mr. de Adeney's daughter, Mrs. de Adeney, who was also a member of the House of Representatives. The house was then let to Mr. de Adeney's daughter, Mrs. de Adeney, who was also a member of the House of Representatives.

MEANS OF COUNTERING AFRICAN NATIONALISM

Viewpoint of former Minister

STIMMING up the sense of viewpoint on African Nationalism in the latest issue of Fortnightly, Mr. P. C. Gordon-Walker, in the late Government Secretary of State for Commonwealth Relations, agrees that the conception of "nationalist" nations in Africa, as visualised by Sir Charles Dundee, former Governor of Uganda, is attractive but "it seems to require a possibility that we need not be too hasty in our conclusions towards independent nationalism which may extend to West African states and seem to be as certain as anything else in the world."

Political boundaries
As Mr. Kenneth Brasher has pointed out, the significance of the pan-Africanism which is now being advocated by Dr. Kwame Nkrumah and other African leaders is that it is a challenge to the maintenance of the status quo in Africa. It is a challenge to the maintenance of the status quo in Africa. It is a challenge to the maintenance of the status quo in Africa. It is a challenge to the maintenance of the status quo in Africa. It is a challenge to the maintenance of the status quo in Africa.

A Soldier Turns to Politics
General Douglas Eisenhower is being turned his back on a long and busy career in the military to fight a very different kind of battle where no holds are barred. Eisenhower has the affection and admiration of many millions of people in the United States, and his affection and admiration for his countrymen is mutual.

General Eisenhower is not unaware of the kind of man he is being tempted to adopt when he takes off the uniform. He has known the wonder and his friends honorably and his sponsors who are his admirers. He is a man of high character and high integrity. He is a man of high character and high integrity. He is a man of high character and high integrity.

BRITISH TRACK MEN ON FORM

Olympic prospects soar at White City

BRITISH athletes produced their best form at the White City, London, on Saturday, the first day of the two-day Whitman weekend Games meeting. Though the track was soaked by frequent showers, many good times were recorded.

In spite of the inclement weather, there were 14,500 people present. Double the number are expected when the meeting is continued today.

Bill Sankwile led the 400-yard race in the fourth round, 1:20 metres in 49 seconds. Next came D. J. Gifford in 1:22.45, followed by G. J. Gifford in 1:24.30, and J. Gifford in 1:25.30. Sankwile's time was 12 seconds faster than that of the United States runner.

Other sport on page 7

Chief home for Helsinki, Don Carleton, about three yards behind Robinson with a time of 1:20.40. Sankwile's time of 1:19.20 was the best in the world since the start of the Olympic Games in 1908. Sankwile's time was 12 seconds faster than that of the United States runner.

Two walking records

A great performance was put up by Britain's younger walker, Robert Hardy, in the seven mile walk which he covered in 43 minutes 28 seconds to beat by 43 seconds his own British National and All-England record.

During the race Hardy walked five miles in 32 minutes 15 seconds and his own world record for this distance is 43 minutes 15 seconds. Hardy's performance is to be made to the International A.A. Federation for this record.

Handmade Italian scores an easy victory in the 200 yards international event, with a time of 2:14 seconds.

Baker completed a double when he won the 100 yards in the international. Champion of the world, the United States' G. J. Gifford, was beaten by 1/20th of a second. The home team's full-back, J. Gifford, was beaten by 1/20th of a second in the 100 yards. The national hurdles when Milton Campbell, the young New Zealand hurdler, was beaten by 1/20th of a second in the 100 yards. U.S.A. keep the British Amateur

Another American

ANOTHER American has been chosen for the trophy for the British Amateur Golf Championship which concluded at Freetown, Agincourt, on Saturday. The winner is a newcomer to British golf, 20-year-old Edward Harvey. Harvey, who is a professional, won the trophy for the first time in his career. He is the first American to win the trophy since 1908.

The third round was held on the 12th of the month. The winner was 20-year-old Edward Harvey. He is the first American to win the trophy since 1908.

Hope for Helsinki

One thing that the team was soft and part of the race was in a dangerous Finnish performance must have been a record time in the 3,000 metres race at Helsinki.

Ruiru trounce Harlequins

Second-half pressure pays its toll

Ruiru, 16 pts, Harlequins 0. The students of Ruiru on Saturday afternoon were out on their home ground to draw the 16-16 District Championship League Harlequins. The Ruiru side, however, was not in the mood for a struggle. Harlequins did not get under way until a struggle in the final seven minutes. Ruiru's half-back, J. Gifford, scored a try in the second half, the visitors, severely handicapped by injuries, could not prevent the defeat.

The scores

After eight minutes of the second half, Ruiru capped their score when Patterson made a short dash through to the posts for three. J. Gifford, who is to be a player in the second half, was not in the mood for a struggle. Harlequins did not get under way until a struggle in the final seven minutes. Ruiru's half-back, J. Gifford, scored a try in the second half, the visitors, severely handicapped by injuries, could not prevent the defeat.

Chances go a-begging

O. Cam, 10 pts, R.A.P. 63 (33 Pts). In an N.D.C. match on Saturday, O. Cam was beaten by R.A.P. by two goals to a penalty try. O. Cam's game was not without its merits and he was offered by R.A.P. a sum of 100 shillings for his services.

DROBNY KEEPS FRENCH TITLE

Brawls among crowd after delay

REIGNING champion Jaroslav Drobný retained his title when he defeated Frank Godwin of central. 10-2, 6-6, 10-6 in the final of the men's singles in the French tennis championships at Passy on Sunday.

A sudden disturbance stopped the match after only four sets had been played. When the umpire signalled the players from the court each side to have their seats in the open stands to move, returns to find their seats occupied and for 10 minutes there was more activity in the stands than on the centre court.

Finally the umpire made an order that had lodged pain in the throat of the world's tennis champion. When his opponent's training staff told him that they were leaving him to go to his deep dressing.

Lacking sting

Godwin was well served by his constant service with his first service, which he attacked back of the usual style.

B.R.M. FAILS AGAIN

Two retire in French road race

BRITAIN'S ill-fated racing car, the B.R.M., which has been developed at a cost of more than £200,000, had again failed. Two B.R.M.s were retired in the 18th Grand Prix at Albert in Southern France on Sunday before the race was in its early stages.

The world champion, Juan Manuel Fangio, the Argentine, drove the first of the cars, driven by the British team, to the front of the pack, but he was unable to maintain his lead. He was overtaken by the French champion, Louis Hofer, the energetic winner, which he was forced to retire.

Win for France

France's victory in the Grand Prix at Albert was secured by the French driver, Louis Hofer, who was driving a Salmson. He won the race by a margin of 2.7 seconds over the second runner, Juan Manuel Fangio, who was driving a Maserati.

IS U.S. STRANGLEHOLD ON BOXING SLIPPING?

Three world titles now lost to them

By Freddie Mills

The United States' stranglehold on world boxing is slipping. In the last 12 months, three world titles have been lost to other nations.

The titles were held by Americans, but they have now been won by fighters from other countries. This is a significant development in the world of boxing.

UNITED STATES STEEL STRIKE

Court overrules President Industry returned to owners: workers walk out

THE SUPREME COURT of the United States has ruled that President Truman's seizure of the American steel industry on April 8 to avert a strike was illegal. Immediately the decision—backed by six of the nine Justices—was announced. Mr. Truman ordered the return of the industry to its private owners, and the same time workers at three mills in Youngstown, Pa., were the first to walk out on strike. Workers in other steel centres followed and late yesterday more than a million steel men were idle.

A spokesman of the National Production Authority announced that the last of American steel shipments overseas would be re-shipment.

The law was recommended by a three-judge panel of the Supreme Court. The steel industry on its part, had urged that the law be upheld.

The three Justices in the majority were Chief Justice Warren, Justice Black and Justice Douglas. The dissenting Justices were Chief Justice Warren, Justice Black and Justice Douglas.

The steel industry has said that it would not be able to carry out its obligations to the Government under the law.

AMERICA ASKED TO BUY MORE

Imports to close dollar gap

BRITAIN, Canada and Belgium have urged the United States to import more foreign goods there was little hope of ever closing the dollar gap which is now the main economic problem of the Western world.

Representatives of the three countries met in London to discuss the dollar gap. The British representative was Lord Selkirk, for Britain, said that the United States should buy more British goods. The Canadian representative was Mr. J. G. Macdonald, for Canada, and the Belgian representative was Mr. J. G. Macdonald, for Belgium.

The dollar gap is the difference between the value of exports and imports. It is the amount of dollars that the United States must spend to buy foreign goods.

The United States has a large trade deficit with the United States. This means that the United States is spending more dollars on foreign goods than it is receiving in return.

Developing the maximum power from the fuel supply has always been the aim of Ruston design. Never before has this characteristic been embodied as successfully as in the latest range of Ruston power units. More adaptable, compact and powerful oil engines for stationary and portable duties, cheaper because of light construction, higher efficiency, better fuel and pumps, and the recently successful application of the gas turbine, are some examples of what we should be pleased to furnish further details.

China cuts export of information
From FRANK ROBERTSON
CHINA'S Communists in an attempt to restrict the flow of information about mainland development have cut by more than 90 per cent the number of newspapers allowed to leave the country.

General plans overthrow of terrorists
GENERAL SIR GERALD TEMPLE, the High Commissioner in Malaya, has today announced a scheme for a big bloodless victory over the Communist elements which have so long been disrupting industry and exacting heavy tribute from the Malay Peninsula. Sir Gerald's drive to crush the Communist forces will be a surprise move to the surprise of many Malayan people. He will be supported by the British Government and the Malayan Government. The plan is to take the Communist forces by surprise and to take them into the interior of the country. The plan is to take the Communist forces by surprise and to take them into the interior of the country. Germany and Egypt sign trade pact

A new agreement covering trade between Germany and Egypt has been signed at Cairo. The pact will increase trade between the two countries to three times the present level.

Each year Germany exports to Egypt 400,000 tons of goods valued at £2,000,000. The Egyptian Government has agreed to purchase from Germany 300,000 tons of goods valued at £3,000,000 on each year.

Egypt will export cotton, wheat, sugar, rice, and other commodities to Germany. Germany will export iron, steel, machinery, and other goods to Egypt.

The agreement is also a part of a larger pact between Germany and Egypt, which includes provisions for the construction of a canal through the Suez Canal zone.

Finance and Commerce STATE MONOPOLY IN THE EXPORT OF MINERALS FROM BOLIVIA

THE Bolivian Cabinet has approved a decree setting up a State monopoly of the export of minerals. Government ministers regard the decree as a vital step in the development of Bolivia's resources for economic freedom.

The decree provides that the Government shall have the right to buy and sell minerals in Bolivia. It also gives the Government the right to regulate the export of minerals from Bolivia.

The decree is a result of the efforts of the Bolivian Government to nationalize the mineral resources of the country. It is a step towards the establishment of a State monopoly of the export of minerals from Bolivia.

THE HALF-FORGOTTEN DANGER
BEHIND KOREAN LULL

By SEBASTIAN HAFFNER: London

THE realization is gradually spreading that the Korean peninsula may be very critical time for world peace. The reason is that this is the last year in which Russia can be certain of retaining its preponderance of military and air strength over Western Europe...

There is a separate section in the daily news reports prepared by the National Press Syndicate...

It is a more difficult task than several that have been given to the United Nations Commission for the Reunification of Korea...

It is, of course, possible that they would agree to a ceasefire with the Chinese in Manchuria...

NORTH, SOUTH COUNTY CHASE

Cricket puts accent on run-getting

THE battle for this season's championship honours in English County cricket has developed into a sharp clash between North and South.

Southern counties, Surrey, Middlesex, are being first and second in the first month's play of the championship, chased by Yorkshire and Lancashire, the North's main shire from the Midlands, who were well but have fallen away following injury to three of their key men.

The forwards include cricketers which has made them the game's main attraction. Yorkshire's batting is being aided by captain's captaincy, aided by captain's captaincy, aided by captain's captaincy.

Surrey still lead

Surrey, with 46 points, are still four points ahead of Middlesex, who have played a game more.

South

South's leading county is Gloucestershire, who are second in the second month's play with 19 runs more than Surrey.

Saved Lancashire

The 19th century Lancashire play, which has been playing their side by beating Surrey in the last of the month.

INDIA RECOVERS IN FIRST TEST

Three quick wickets—then a stand

After losing three wickets with only 45 runs on the board, India staged a recovery in their first innings in the first Test of the present series with England which started at Hastings, Leeds, yesterday. Together at the lunch interval, captain Hazare and V. L. Manjekar settled to take India out of an unhappy position during the afternoon's play.

His return, Hazare, but two late batsmen were left in the one run in place of "Three". The more trouble was caused by the recovery of the batsmen. On the first day, the batsmen were left in the one run in place of "Three". The more trouble was caused by the recovery of the batsmen. On the first day, the batsmen were left in the one run in place of "Three".

TEA-TIME
When the tea-time was over, the batsmen were left in the one run in place of "Three". The more trouble was caused by the recovery of the batsmen. On the first day, the batsmen were left in the one run in place of "Three".

ONE BOWLER SKILLES OUT LANCASHIRE

LISLIE JACKSON, the Derbyshire fast-medium bowler, accomplished the best performance of his career on an occupied pitch at Manchester on Wednesday when he captured nine Lancashire wickets for 60 runs on the first day of the latest series of first-class cricket matches. His previous best was seven Lancashire wickets for 51 runs at Derby in 1949.

Known for his great spell he was in action over the greater part of five hours and retained a remarkable measure of consistency and pace.

Most of the Lancashire batsmen were always struggling against Jackson's persistent and sustained attack. He claimed one wicket with the new ball in 11.2 overs when the batsmen were off the mark. His full analysis was: four runs, nine wickets, 60 runs, nine overs, 11.2 overs.

Thus were not plentiful on Wednesday and Derbyshire were left in a very poor position. Another fall was followed. Thus, the batsmen were off the mark. His full analysis was: four runs, nine wickets, 60 runs, nine overs, 11.2 overs.

EXPERT DISCUSSES THE FUTURE OF THE OWEN FALLS SCHEME

UGANDA is the Switzerland of Africa. The Government of Uganda, Mr. G. Mathews, speaking at the meeting of the Uganda Society at a meeting held in Kampala. His address was entitled 'The Owen Falls hydro-electric scheme'.

Mr. Oliver expressed this opinion while addressing the members of the Uganda Society at a meeting held in Kampala. His address was entitled 'The Owen Falls hydro-electric scheme'.

It is perhaps not so far-fetched to think to suggest that the fullness of time—undoubtedly some rather long time—might be required for the Owen Falls hydro-electric scheme to be fully realized.

Mr. Oliver said that it might be of interest when considering capital works of the Government of Uganda, that the Government is situated at the head of the second largest river in the world, the Nile, and a hydro-electric scheme is being considered at the head of the Nile.

Mr. Oliver continued that it is a country with an average of 100 inches of rain per annum. This is a country with an average of 100 inches of rain per annum.

INCREASES IN PRICES OF MAIZE AND WHEAT

For the first time since the outbreak of the war, the price of maize and wheat has risen sharply. This is due to a number of factors, including the shortage of supplies from the United States and the increase in demand for these crops in the United Kingdom.

The price of maize has risen from 10s. 6d. per cwt. in 1914 to 24s. 6d. per cwt. in 1919. The price of wheat has risen from 12s. 6d. per cwt. in 1914 to 36s. 6d. per cwt. in 1919.

The increase in the price of maize is due to a number of factors, including the shortage of supplies from the United States and the increase in demand for this crop in the United Kingdom. AMATEUR RADIO AIMS TO SERVE HUMANITY
Nairobi 'rescue' all in day's work

Dr. C. W. ALLEN, a Nairobi ophthalmic surgeon and radio enthusiast sent to America, through his own transmitter, the message which resulted in the arrival at Eastleigh Airport last week of the American rescue aircraft to take away a Canadian air pilot who had become ill while performing his duties as a missionary doctor.

A vice-president of the Radio Society of East Africa, Dr. Allen was kept constantly informed of the flight of Dr. G. Hoehn, the pilot, on his way to the National Police Foundation Centre in Boston, U.S.A. for specialised treatment.

When Dr. Hoehn, who was stricken by the disease a few days ago, was found in an unconscious state at the Nairobi, Indian Diseases Hospital, Dr. Allen contacted a nearby radio station, which was contacted by the American radio station in Boston. The pilot of the rescue aircraft, Dr. Allen, was then contacted by the American radio station in Boston, and the other two from East Africa. The pilot of the American plane, who was in contact with the American radio station, was then contacted by the American radio station in Boston.

Wide network

On the entire voluntary radio work Dr. Allen and his amateur radio fraternity throughout the world have, as their objective, a desire for the pleasure of contacting one another, the deep concern for any opportunity to serve their fellow-men.

In the network of over 15,000 operators in the United States, Dr. Allen is in contact with a wide network of emergency or disaster stations. As part of the plan, Dr. Allen, who is a member of the American Radio Relay League, has been appointed as a member of the Emergency Committee of the American Radio Relay League, which is in contact with the American radio station in Boston.

Kisumu appeal for the Blind

The Old Girl of contributions to the Kisumu Branch of the Kenya Appeal for the Blind, which is a voluntary organisation, is being collected in Kisumu.

Dr. Allen is seen with his radio transmitter in the picture above. The antenna above the antenna outlasts.

AFRICAN INFLUENCE ON YOUNG CHILDREN

(Continued from page 11)

with boys. They are increasingly influenced by what is said about them. If you put a girl's school in a country where the people are proud of the school the girls will be generally influenced by the good. Many of the girls, who are proud of their school, will be proud of their school.

Military training

Lady Sibrey told the meeting that she had been asked by the British branch of the I.C.A.W. to do everything possible to ensure that military training for girls should be given to the maximum extent possible.

Boys' school

The next problem was when the school was founded in 1952. It was a problem which was solved by the school. The school was founded in 1952.

Warning to owners of animals

The R.S.P.C.A. reports that warning recently appeared in the R.S.P.C.A. magazine in England which would appear to be a warning to animal owners.

Smart MATERNITY WEAR

Learning their way around

By Joyce Batchelor

WHEN quite a small girl, I was often taken by my father to a London restaurant, and went on, from a light side-story about a girl's temperament which, in even later years, led to include the right.

Lost all shyness

It is the first time that I have ever been so shy as to be afraid to go to school. I have been so shy that I have even been afraid to go to school.

Dazzling

NO one has ever had such a dazzling smile as mine. I have been so happy that I have even been able to smile at people.

NOBODY LOVES THE SPOILED CHILD

We all abhor the naughty, undisciplined child. Here in Kenya, says Nona Bonner, it is especially important to teach him how to behave.

SHARE the real and good of the child's mind and body. Victorian severity, but it interpreted in the spirit rather than the letter. I think there is a grain of truth in the old adage:

THE Egotist

NONSENSE! The young child in a general way, will not be so much interested in getting what he wants, but in being a "strong" person. This is not to be taken too literally, but it is a fact that the child's mind is not so much interested in getting what he wants, but in being a "strong" person.

Advice to the short and tall

IF there is some good advice for the short and tall, it is to be a "strong" person. This is not to be taken too literally, but it is a fact that the child's mind is not so much interested in getting what he wants, but in being a "strong" person.

Adaptability

Of the question of love for one's own family, there are two active children, often one who is very active, and one who is very passive. This is not to be taken too literally, but it is a fact that the child's mind is not so much interested in getting what he wants, but in being a "strong" person.

Heirlooms in unusual show

LADES living in Scotland, castles and manor houses are being shown in an unusual way. This is not to be taken too literally, but it is a fact that the child's mind is not so much interested in getting what he wants, but in being a "strong" person.

Is yours a GOOD BABY

How do you know if your baby is a good baby? This is not to be taken too literally, but it is a fact that the child's mind is not so much interested in getting what he wants, but in being a "strong" person.

THE SPEED OF WILD ANIMALS

By Robert Fagan
 The cheetah is the fastest land animal in the world. It can reach a speed of 70 miles per hour in a short burst. This is due to its long, powerful legs and its ability to lean forward as it runs. The cheetah's body is built for speed, with a long, thin neck and a small head. Its fur is spotted, which helps it blend in with its surroundings. The cheetah is a member of the cat family, but it is much faster than a leopard or a tiger. It is found in the savannas and open plains of Africa.

INSIDE GOVERNMENT HOUSE, NAIROBI

In the early days of Kenya, when European settlement was in its infancy, Government House and its grounds were familiar to many groups in the Colony. It was the bank and, so far, the centre for everyone to "sign the book."

With the rapid increase in population in the past few years, Government House has become the site with that of a museum. The old and large residence and garden, have a new lease of life. It is now the "house" of the people of Kenya. It is the place where the Government of Kenya is seated. It is the place where the Government of Kenya is seated. It is the place where the Government of Kenya is seated.

The old part of the house was built for the P.W.D. in 1905 as a residence for the then Governor, Sir Percy Girouard. When East Africa was still a Protectorate, the greater part of Government House was built by the Government of Kenya. The old part of the house was built for the P.W.D. in 1905 as a residence for the then Governor, Sir Percy Girouard. When East Africa was still a Protectorate, the greater part of Government House was built by the Government of Kenya.

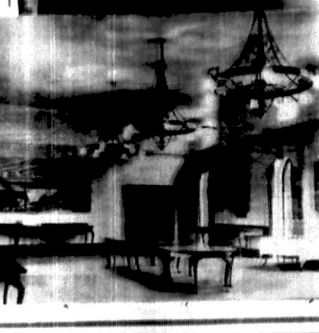

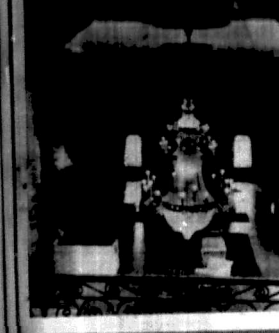

Completely refurbished and reconstructed in 1950, the drawing-room is a masterpiece of modern design. It was on those lawn seats that the Government of Kenya was formed in the early days of February. The bright flower borders are a mass of flowers and shrubs and add colour and life to the scene.

The beautiful formal arrangements throughout the main rooms are personally supervised by Lady Mitchell. Sometimes as much as one ton of flowers is used for the garden for this purpose.

The next largest apartment is the State dining-room which can seat as many as 200 guests and was made to commemorate 50 years of the reign of the Duke and Duchess of Gloucester. Striking murals, the work of Mrs. John Anderson, decorate the walls. A crimson carpet runs the length of the room which, when fully lighted with imperceptible vapour and shines on the table, is a sight to remember.

Member for Rift Valley discusses need for political stability in Kenya

MR. MICHAEL BLINDL, Member of the Legislative Council for the Rift Valley, has told a NAKURU audience that for the country to progress it must have political stability. He believes it is any other form of constitutional government that Kenya could obtain. He stressed that the Government must be a Government of Kenya, not a Government of the East Africa Federation. He said that the Government must be a Government of Kenya, not a Government of the East Africa Federation. TEST MATCH

ENGLAND RESCUED BY MIDDLE MEN

First four go for under one hundred!

JEDI, whose defeat in the present Test series with England had been generally conceded, has been rescued by the first four in a sensational way on the second day of the first Test at Hastings. In the first 40 wickets left to be made, England needed 90 runs to match the lead.

Main had held the pitch ideal for off-spin bowlers and after Yorkshire-born John Laker had finished off the first 10 wickets, he was followed by the last four: wickets in nine balls in the first hour, a five-ball hat-trick by Glamorgan batsman Billy Goddard. Then, though Ahmed and Charles have not been the star players, the Essex batsman has done well, while the Indian has done so well, that the England side has taken four runs in the 24th wicket down the line. Graeme's wicket has been the only one to have been taken from the batting order. He has been hit by a bright off-spin bowler, but his partner, Ken's record of 115 runs, was the best of the England side, who were in a serious position after their first hour. The Indian batsman had done his best.

Record stand

On Thursday, after India had lost three wickets in just over an hour for only 32 runs, Vijay Hazare, the captain, and Manjivkar "baby" of the team succumbed. On Friday, the first test, the credit and added 227 runs in a record-breaking fourth wicket stand.

When play closed, with India at 272 for five, England appeared to hold the initiative. However, India's great rally began with a few minutes' rest, and on Saturday continued throughout the night, and on Sunday at half past nine wickets were down in a dark cloud. The Indian batsman, who had been hit by a blue sky.
