THE CREEPING DESERT OF SOUTH AFRICA

BY JOHN WOODMILL

FOLLOWING hints on recent writings of coming famine in South Africa has been reported to the Desert Encroachment Committee, a body of experts to investigate the frightening loss of many parts of the Union into desert and semi-desert through soil erosion.

The report, tabled in Parliament here recently, reveals that the semi-desert Karoo is advancing eastwards over the grasslands of the North-Western Cape and Free State at the rate of 11 miles a year.

Scientists at the problem confine themselves to step this advance. Extensive studies are being made of the veld which grows and grows rapidly at the top soil of South Africa.

At stake

The very existence of stock raising in the Karoo is at stake. This is the warning given by the report of the Desert Encroachment Committee, a body of experts to investigate the frightening loss of many parts of the Union into desert and semi-desert through soil erosion.

Adequate funds

The Committee says that the Government should provide adequate funds for the investigation and control of the desert encroachment.

Exploration of an African swamp

THREE months' exploration of the Barotsi Swamps of Northern Rhodesia is described in a report by Professor Frank Debenham, who heads a Cambridge University expedition to the territory.

The report is one of the most important in the series of reports on the Barotsi Swamps, which are being published by the Cambridge University Press.

The Barotsi Swamps are a vast area of low-lying land, bounded by the Zambezi River to the north and the Victoria Nile to the south. It is one of the most fertile and productive areas in Northern Rhodesia.

With the Professor were Mr. H. W. Cole, who had worked in the area for many years, and Mr. C. E. Harrison, who had worked in the area for many years.

The Professor was Mr. H. W. Cole, who had worked in the area for many years, and Mr. C. E. Harrison, who had worked in the area for many years.

Life and customs

Exploration of the swamp was made in two stages, first by a large motor canoe, and then by a smaller motor canoe.

The report, containing many of the experiences and observations of the expedition, is a valuable contribution to the knowledge of the life and customs of the Barotsi people.

The report is one of the most important in the series of reports on the Barotsi Swamps, which are being published by the Cambridge University Press.

Championship jolt for Surrey

Hampshire bowlers take the honours

SURREY, the county cricket championship leaders, were jolted by a victory on Thursday when they surprisingly collapsed and failed to take first innings points at Hampshire.

When Surrey's fifth wicket fell they yielded 33 for the first 10 wickets and the pacemen, Shackleton and Canning, held their own against the Hampshire batsmen.

It was only the second time that Surrey have been on an 11-100 in this season.

Canning, backed with James Cook and the Australian, Ken Denney, was the star of the show.

Hampshire proved there was a gap in the pitch by scoring 218 for the loss of seven wickets in the second innings.

Denney, encouraged by his captain, took 10 for 100 in the first innings.

Denney, encouraged by his captain, took 10 for 100 in the first innings.

Easy for Indians against Services

Vijay Kulkarni, the Indian cricket captain, varied his attack by using a variety of batsmen.

The Indians were left to get the best of the match.

McGloin, 2 and 1 over the 36-hole final at the Royal Nairobi Golf Club course yesterday. As the first 18 holes Hooper was one hole down.

As a final this match was as good as any ever seen in the history of the Championship. The Breckenburgh player, who played shot for shot throughout and until the very end there was never more than one hole in it.

With the exception of 109 holes, play was exceedingly complete. The 109th hole, which McGloin retained, led him to go into holes one up.

GRIP for byways... and GO for highways

Every farmer or truck-operator knows the costly hours wasted by tyres clogging up on muddy roads. Firestone Dual Purpose tyres get on with the job, in all weathers, on all roads. On highways the conventional tread means smooth, comfortable riding... on muddy tracks the self-cleaning traction bars come into operation.

GOOD on cars... and GREAT on TRUCKS

Car-owners who have to do much travelling over muddy roads will find that Firestone Dual Purpose tyres give easier, surer motoring. On trucks, of course, these tyres are a time-saving "must".

NAIROBI MAYOR— DR. R. GREGORY

Special Council meeting COUNCILLOR H. TRAVIS IS ELECTED DEPUTY

NAIROBI Mayor for the coming year is Alderman J. B. Gregory. He was elected to the office at a special meeting of the Council yesterday; the motion of the outgoing Mayor, Alderman J. H. Maxwell. The new Deputy Mayor is Councillor H. Travis.

Before vacating the mayoral chair, Alderman Maxwell welcomed the six new members of the Council and wished them a pleasant term of service. He also welcomed Mr. L. H. Treanor, who was acting on behalf of Alderman Sir Richard Woodley.

Referring to the defeat of Mr. Shanti Pandit in the Parklands and Hill Ward contest, the outgoing Mayor said that Mr. Pandit had first been elected to the Council in 1946 and was re-elected in 1949. During his term of office he had served on many of the Council's committees and in 1950 was elected Chairman of the Standing Committee. They would all miss Mr. Pandit very much.

Alderman Maxwell expressed his sincere thanks to the Aldermen and Councillors for their friendly and co-operation during his term of office. "Without your cooperation my task would have been a difficult one," he said.

He also thanked the citizens of Nairobi for their advice, as well as the staff of the City Council for their loyal co-operation.

"It is my pleasant privilege to present Alderman Dr. J. B. Gregory as Mayor of Nairobi for the coming year," said Alderman Maxwell.

He had known Alderman Gregory for many years, he said, and had formed a high opinion of his mental capabilities. It was his fortune, he said, to have known the only members of the Council, but also the citizens of Nairobi, who had taken interest in him.

"From my own point of view," he added, "I could think of no better choice for the important office of Mayor of the City of Nairobi."

Important year

The motion was seconded by Councillor Dr. J. B. Gregory, who said that the Mayor's primary objective should be to improve the city, which was an important one in the coming year.

Councillor G. Travis said that he was sure that the Mayor would be able to do this better than any other member of the Council.

Councillor H. Travis was elected Deputy Mayor, and Councillor G. Travis was elected to the office of Mayor.

The Mayor's party then returned to the Mayor's Parlour where Alderman Gregory donated the robes and chain of his office.

On their return, Alderman Gregory was presented with a letter from the Mayor, which was signed by the Mayor, and a copy of the Mayor's report.

Alderman Gregory said he was honoured to be elected as Mayor of Nairobi for the coming year, and that he would do his best to serve the citizens of Nairobi.

SEDGMAN CAN MAKE THIS HIS WIMBLEDON

But Jaroslav Drobný may just pip him

It is to be Frank Sedgman's Wimbledon? The popular ace in Australia, who in the first three years of his career has won his way through to the semi-finals of the men's singles this year and is now to have run his side into form just at the right time.

But there is one outstanding factor which has left Sedgman, the ace, in the cold. Jaroslav Drobný, who has been playing so far, to the coveted Wimbledon crown, there is a reputation of being a top contender in Wimbledon.

REWARDS OF A CAREER IN THE CIVIL SERVICE

By ERNEST ATKINSON
home and foreign administrative officers

It is a common mistake to think that the rewards of a career in the civil service are limited to a steady salary and a pension at the end of one's career.

There are two channels through which the rewards of a career in the civil service can be obtained.

The first channel is through the normal career path, which leads to a steady salary and a pension at the end of one's career.

The second channel is through the special services, which offer a higher salary and a pension at the end of one's career.

Competition for these positions is very keen, and it is essential to have a high standard of education and training.

It is also essential to have a high standard of character and integrity, as these are the qualities that are most valued in the civil service.

Finally, it is essential to have a high standard of physical fitness, as this is a requirement for many of the positions in the civil service.

These are the rewards of a career in the civil service, and they are well worth the effort and sacrifice that are required to obtain them.

A highway across Canada is planned

From MICHAEL BARKWAY
All the Canadian provinces (Quebec) the Federal Government is planning to build a highway across Canada from Vancouver to the Pacific.

The project involves more than \$300 million and is expected to be completed in five years.

Two years ago it was estimated that the cost of the highway would be \$200 million, but now it is expected to be \$300 million.

The highway will be a four-lane highway, and it will be built to a standard that is higher than that of any other highway in Canada.

The project is being financed by the Federal Government, and it is expected that the provinces will also contribute to the cost.

The highway will be a major asset to the Canadian economy, and it is expected that it will create many jobs during its construction.

It is also expected that the highway will improve the standard of living in the western provinces, and it will help to bring the west closer to the east.

The project is a major step towards the development of a national highway system, and it is expected that it will be a model for other countries.

Committee to report on flogging

APPOINTED IN TANGANYIKA
The Government of Tanganyika has appointed a committee to study public opinion on corporal punishment in the Territory. The committee will be particularly concerned with the effectiveness of corporal punishment and the desirability of retaining it as a legal sanction.

Plea by Lord Chief Justice

A plea for the return of corporal punishment to the United Kingdom was made by Lord Chief Justice, Sir Goddard Goffe, speaking at the annual conference of the British Association of Magistrates in London. He said that there was a great and disturbing increase in crime in this country, and that the only way to deal with it was by the use of the rod.

It is very easy to make excuses for the fact that it is no longer possible to put it down to the ordinary.

There were members of the House of Commons who were not in favour of it. It was their duty to vote against it. It was their duty to vote against it. It was their duty to vote against it.

Second inquiry

The same committee will also inquire into the question of the retention of the flogging of children. It will also inquire into the question of the retention of the flogging of children.
