Uganda Collects Premier's Weight In Silver

The Comforts Fund

It is believed that Mr. A. Cameron has resigned from the chairmanship of the Uganda War Fund. Mr. Cameron has been Chairman of the Fund since its inception and has put in much hard work during the campaign. He is succeeded by Mr. J. T. Ferguson, who also has been connected with the fund from the beginning. The Uganda War Fund Committee has nominated £1,000 to the Duke of Gloucester Red Cross Appeal Committee for aid to Russia. The Churchill Birthday Gift Fund is going on very well. Already well over Mr. Churchill's gift in silver has been collected, and it is expected that by the closing date at the end of the month a very considerable sum will have been raised.

The Uganda Hospital Uganda, outside Kampala, has received £1,000 from the total of approximately £7,000 raised, including some 7,000 to £6,000 value of second quality tinware. The Uganda Hospital is the only hospital of the kind existing in Uganda. The Uganda Hospital is the only hospital of the kind existing in Uganda. The Uganda Hospital is the only hospital of the kind existing in Uganda.

The first birthday of the Red Cross Shop in Kampala is to be celebrated on November 21. All goods from the shop are sold at a special price to the public. The shop has been very successful during the past year and is expected to be very successful in the future.

Mr. G. S. Walker, Director of Public Works in Uganda since 1924, is retiring shortly and is expected to be joining the O.M.F.A. Mr. Walker has done much good work in Uganda since 1907 when he joined Government service as a surveyor.

The Uganda "Police" which has been formed, "The Uganda Defence Force" will start work in October.

Uganda Coffee Tax

OPINION OF A PLANTERS WIFE

To the Editor, "E.A. Standard"
Sir,—The "Uganda" has published an editorial on the coffee tax, and I should like to thank you for your leader of October 20. You have expressed an act of gross injustice by the people concerned here as it has been unable to obtain any relief.

Within the industry the tax operates unduly as production costs vary widely. The transport is one of the main factors. The amount of coffee grown varies from 100 to 500 lbs. per acre. The tax is not uniform. The amount of coffee grown varies from 100 to 500 lbs. per acre. The tax is not uniform. The amount of coffee grown varies from 100 to 500 lbs. per acre. RAILWAY RATES

To the Editor, "E.A. Standard"
Sir,—I would like to know if possible during the coming Session a Bill to amend the Railways Act of 1930 to attempt to secure through the Government the necessary official views, probably the memorandum on the subject, on the subject of the system on which the existing traffic rates are based. The following rates are being considered:
Coffee, 13.67 per ton, or 130/70 per 100 lbs long ton.
Sisal, 13.67 per ton, or 130/70 per 100 lbs long ton.
Limo, 12.51 per ton, or 39/5 per 100 lbs long ton.

These rates are based on the amount of approximately 200 per ton. 200/70 per 100 lbs long ton. The amount of approximately 60 per ton. 60/70 per 100 lbs long ton. The amount of approximately 60 per ton. 60/70 per 100 lbs long ton.

THE AFRICAN LABOURER

To the Editor, "E.A. Standard"
Sir,—I think it is very interesting in your today's issue has suggested the solution of a lot of us who have for years been trying to build up a reliable labour force. The only labour force which is available is the one which is available. The only labour force which is available is the one which is available.

of what labour I have if they would only get their backs into a real and honest day, and occasionally evince a little pride in their work.
As things are progressing today I still hope that even this modest standard can be exceeded by them, and that the Government will be able to do both justly and wisely.

modern thought and ideas but surely it does not follow from that that the majority of our people are ignorant and backward especially when we all are surrounded by a new order of things after the Victory is won. In that new order the language will be used and the people will be educated and the people will be educated and the people will be educated.

PART II

The Cultivation of the Potato in Kinyu

EVER since the beginning of the war the papers and the vitriol have been urging the public, here and there, everywhere, to produce more foodstuffs, to make use of their land to the utmost, grow if it be a quarter of an acre.

In England this appeal has been more or less without effect. It is to be hoped that it will be more successful here. There is a large amount of idle land in this country, and it is to be hoped that it will be more successfully cultivated here.

It is not suggested that the potato is a new crop to be introduced to this country, but that it should be more extensively cultivated here. It is to be hoped that it will be more successfully cultivated here.

NE-1-Artichoke (Chinese)
Salvia-Tuberaria
This vegetable, little known in the tropics, is a very desirable and distinct variety. It is a heart-shaped perennial herb with underground white sprouts, the leaves 2 to 3 inches long and 1 to 2 inches wide, with serrated edges. It is propagated by seed and is a very valuable crop for its medicinal properties. It is to be hoped that it will be more successfully cultivated here.

District Agricultural Notes

CHERANGANI
October has been a comparatively dry month in this district. The amount of rain that has fallen during the month is only 1.8 inches, which is well below the average of 3.5 inches for the month. The dry weather has had a marked effect on the crops and the animals, and it is to be hoped that it will be more successfully cultivated here.

STARTING CHRISTMAS PRESENTS:

Kenya Jane Cuts Them Out

STARTING Christmas presents? Of course, that's quite easy. I can blame the procrastination of women, everybody else does so. If you have not had time enough to find out why. That is the story of a young lady who tells us how she has managed to do so. She says she has the best water-hat for a whole family and a refrigerator. She says that she has a lot of presents that she has bought for the month of the month up to now. She says that she has a lot of presents that she has bought for the month of the month up to now. She says that she has a lot of presents that she has bought for the month of the month up to now.

* POPPY DAY at KISUMU *

The Kisumu Hotel was the scene of a very gay gathering on the night of Saturday, 14th November, on the occasion of the annual East Africa Poppy Day Fund Dance. The hotel, which was so admirably well lit by the lighting of this type was once again lit by the illuminations of Mr. and Mrs. J. M. ...

THE SHIRT OF THE SHIRTS

Most of us have heard of the modern shirt which is sold by the yard and which we may find it difficult to make up. However, if you can get a shirt that you can make up in your own home, it is a lot more convenient. The following formulae will be found very good. It has the advantage that most of the materials are practically ready.

SPECTRUM
To the Editor, "E.A. Standard"
Sir—There is an old saying about snakes and holes. The author must have dreamt of Kenya in 1941. We have an excellent scientific staff in the Agricultural Department. No one has any say in it. It is a fact, or it seems to be, that any man who is very few have any say in it. It is a fact, or it seems to be, that any man who is very few have any say in it.

Light up and smile!

Children need plenty of light—more so perhaps than grown-ups. This light is depressing, and bad for the eyes. There's no need for it. If you use good lamps, electric light is expensive. Light up, then, and smile. Light up with Osram's wonderful lamp with the Colloid Glass that gives up to 20% more light than ordinary lamps, and at one cost.

Neutrality Act Revised

November 14
 THE United States House of Representatives has passed the Neutrality Act revised to take effect from 1944 and it is expected that the President will sign it on Monday. The United States is now to be a neutral country in the event of a general war between the Axis powers. It was stated in Washington last night that the work will be put in hand as soon as the President's signature has been appended to the bill.

Administrative changes in Washington have been made to give effect to the revised act. The American navy and military authorities are being notified of the passing of the bill. The United States will be able to deliver the goods to British ships in American waters. The new act contains a number of important amendments to the Neutrality Act. The most outstanding feature is the lifting of the ban on arms and munitions to be sold to belligerent powers. Now the United States will be able to deliver the goods to British ships in American waters.

Graphic Effect in America

Kenya Budget

TAXES RAISED

Surcharges on Many Imported Articles: Dearer Spirits And Cigarettes

NO INCREASE IN DIRECT NATIVE TAXATION

The Kenya Government's Budget proposals to raise new revenue next year and make the people feel that sacrifices in wartime are necessary are these:

Increases in Income Tax which will start at 2/- per cent on the first £250 of chargeable income instead of 1/- as at present.

On incomes of more than £3,000 a year a surcharge of 4/- per cent rising to 7/60.

Company Tax increased from 3/4 to 4/1.

Surcharges on a list of imported articles mainly non-essentials. These include increase in duty by 50 per cent on spirits such as brandy, whisky and gin equivalent to an increase of 3/38 per bottle.

Surcharge on duty on cigarettes which will increase the retail price by about one cent per cigarette.

Surcharge of 60/20 per cent on the present duty on petrol, but a corresponding reduction in petrol tax to prevent an increase in price.

Surcharge on kerosene duty equal to about 11 cents per gallon.

100 per cent. surcharge on present duty on such items as cosmetics, hair place goods, beads and wire used by natives for adornment.

Increased excise duty on local beer by one shilling in price.

On the motion of Mr. W. Kirigati, Assistant Minister for Finance, Orders were suspended and the present duties on such items increased unanimously and by a large margin.

New Income Tax Rates. In explaining the changes in Income Tax, His Excellency said that the present rates of income tax are 1/- in the £ on the first £250 of chargeable income rising by one penny a cent for every £250 of chargeable income up to a maximum of 10/- in the £. The new rates would be 2/- in the £ on the first £250, 3/- on the next £250, 4/- on the next £250, 5/- on the next £250, 6/- on the next £250, 7/- on the next £250, 8/- on the next £250, 9/- on the PLANS FOR 1942—cont. from p. 19

ASHAMED OF HIS WIFE!

John Smith had been happily married for seven years. He adored his wife. "I love you," John would say when he was with her.

Regard, honey comes as a sign of light. Every time you feel that old, you start to drag, you know you're not doing well. If your eyes are ragged, then work taking HOLLIC'S every night before bed. Your sleep will be really beautiful and recuperative. This soothing, well-balanced food gives you the extra vitality necessary to keep your nerves steady. Order a bottle of Hollic's today and take it regularly each night at bedtime.

HORLICKS NIGHT-STARVATION relief before the dawn. Includes an illustration of a bottle of Horlicks.

The results of taking 'Phyllosan'

See "A summary of general well-being, disappearance of mental depression and fatigue, increase of appetite. 'Phyllosan' tablets stimulate all the physical and vital forces."—(Medical Report)

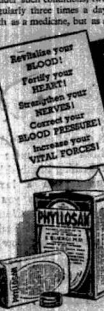

The restituting, rejuvenating effect of 'Phyllosan' tablets is a scientifically established fact, supported by a wealth of testimony from the medical profession and the general public. These wonderful little tablets charge every cell in the body with new life and energy, revitalize the blood, fortify the heart, correct the blood picture, strengthen the nerves, and raise the tone of the whole organism to a new level of vigorous health and youthfulness. While the restituting, rejuvenating effect of 'Phyllosan' tablets is appreciated in all parts of the world, it is particularly valuable to those who live in trying climates. Under such conditions, too, 'Phyllosan' tablets should be taken regularly three times a day before meals by both sexes, not so much as a medicine, but as a normal feature of the daily diet. Since they contain no harmful or habit-forming drugs, no animal extracts, 'Phyllosan' tablets can be taken continuously for long periods if necessary.

"The Prescriber" (London) says: "I have used the preparation for three years and have found the results to be most beneficial for the product in the form."

"The Swiss Medical Review" says: "Thanks to its general strengthening effect, 'Phyllosan' tablets are particularly valuable to those who are subjected to the rigors of military life."

"The Practitioner" (London) says: "Clinical experience shows that it brings about a marked increase of physical and vital forces."

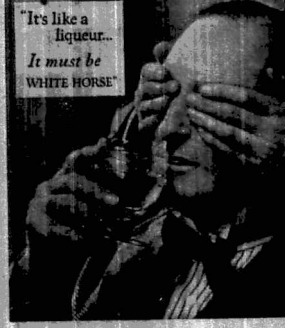

'Phyllosan' tablets are prepared according to the formula and under the direction of Dr. Burgard, M.D., Professor of Medicine at Berns University, Switzerland.

Karen Country Club

The first competition for the Karen Country Club was held on 10th November. The results of the match were as follows:—

1. J. E. Moore, B. Walker, C. H. Coventry, J. A. Hartley, A. J. Lawrence, D. O. Maurer, H. Stone, and R. C. Mitchell.

There is little doubt that the competition was a success and the handicapping set too hot for a first attempt. We should like to record that this type of competition, probably unique in the world, was originated by the Rev. Canon G. H. Clift.

THE NEW DUTIES

To the Editor, 'E.A. Standard' Sir—I was very pleased to read that His Excellency the Governor had taken steps to prevent the occurrence of the episodes that took place when the Customs Duties were increased last year.

As is well known, quite a number of the leading community leaders...

If it is possible my Association would be pleased to see...

It is unfortunate to state that in many cases traders today are endeavouring to secure from the general public the increased price of the duties although the goods they are offering for sale were purchased under the old duties.

In our opinion, the stocks at present in town are quite normal, and most in some cases have been increased by traders clearing the goods from their warehouses...

I do think that the stocks should meet the normal requirements of the purchasing community for the next few weeks.

Of course some traders believe that they are out of stock of goods which were plentiful before the 17th inst.

It is not surprising that any increase of price should be a source of regret to any purchaser that he should pay more for goods than he did under the old duties.

Ball Masters Bat In Club Matches

The first representative football match of the new season will be played today on the Railway-Sports Club ground, kickoff at 4:30 p.m., between the XI representing the Imperials and South Africa. This will be the first challenge match between these two teams since last Christmas, the Springboks have won each game, but by the narrowness of margins. Last season's spectators will agree that each of the same good football was played by each side. Today's match promises to be even better, as, looking at the teams, one can find many new players all of whom, in an assured way, of first division class, both English and South African.

The South African side definitely has been selected and is as follows: Berg (and Botha); Olivier (Ord); Hendrickson (and Chidambaram); Berg; Knobel (Air Force); Griesel (Ord); Chidambaram (G.P.O.); Griesel (Ord); Leichter (Air Force); Leichter (Ord); McGowan (Ord); Van den Berg (Ord); and the Imperial side is to be selected from the following—Hearst (I.A.C.); Edwards (R.A.S.C.); Doherty (R.C.S.); Lavin (I.A.C.); Mouton (R.C.S.); Ames (R.C.S.); Humpries (R.C.S.); Pratt (R.A.C.); Hutton (R.C.S.); Pratt (R.C.S.); (R.C.S.); Veasey (R.C.S.).

I was lucky enough to see two practice matches on the Imperial ground on view and from the way the boys were handled, it seems very probable that these boys deserve to match at least one another on the South African side. They certainly put all they've got into their play.

The South African, too, has got a very strong side as we all know, with last season's stars such as Griesel, G. Van den Berg, who all know the ropes well with Berg. So, I'm sure they will do their utmost to keep the spoils of the game from going to the Imperials. Don't forget the kickoff is at 4:30 p.m.

KEEP FIT! I would like to bring to the attention of my readers once more, the fact that the Organisation at the European Government School is open to all troops on Mondays and Thursdays from 4:45 p.m. onwards. All equipment is available including a boxing ring, weight-lifting apparatus, etc. Why not go along for half an hour's S.T. now and again? Don't forget that everyone is welcome.

ENTRY FORMS FOR NEW LEAGUES: Today is the last day for returning the entry forms for the new leagues as if any unit hasn't already done so, please return forms without fail today to Stanley Hoan, otherwise it is quite likely that your unit will not be included in the new fixtures. The U.S.S.O. has asked me to bring this to your notice again as they don't want anyone to be left out of any League if they can possibly avoid it.

CRICKET: Owing to most of the grounds being still unavailable for cricket, no fixtures have been arranged for the coming week.

DANCE: Tickets for the United Services Sports Organization Dance are now available and can be obtained on application to Stanley Hoan. The Dance is being proposed to raise funds for sports equipment as there is still a great amount needed and quite a lot of the existing equipment requires some attention in the way of repairs. The Dance is to be held at the Railway Club on Wednesday, December 3. The U.S.S.O. has been requested to arrange the services of Edgar Adler's band for the evening—no what else can one expect but a hip-top occasion?

A BOWLERS' WEEKEND

Alhambra Veterans Battle

By their win over the Railway Imperials, bowlers for many years of the Alhambra Veterans Cricket Shield, and winners for the past two seasons of the Trivert Cup, the Sir All Muslim Club enter the final contest against the Railway Cricket Institute. The Muslims, in a match which produced some very exciting bowling by Quadir (5/21) and Ahmad (7/27) dismissed the Institute for the unusually low total of 48 runs. Man Singh, 13, was the only batsman to reach double figures. The folding was keen and not a single extra was conceded. In their second knock, Muslims did a little better against accurate bowling by E. J. Novrove, G. N. Shah and Arambal, who made an irrefutable 48, including an hour.

At a cricket match with 184 Cling, the Railway Indian Institute fared indifferently, suffering a defeat at the hands of the Novrove batsmen and their top-scorer, 160, including three sixes and seven fours, and was bowled out by 20. Though he might pull the match out of the net, he was caught by Faisal, of Quadir, the end was not long in coming and the batsmen while the side owed much to the brilliant bowling by good percentage of Latif, their Captain. The winners were—

MUSLIMS: 1st Innings: 116, all out (121); 2nd Innings: 116, all out (121); 3rd Innings: 116, all out (121); 4th Innings: 116, all out (121).

RAILWAY INDIAN INSTITUTE: 1st Innings: 48, all out (21); 2nd Innings: 48, all out (21); 3rd Innings: 48, all out (21); 4th Innings: 48, all out (21).

Answer to Correspondent

To Interested Japs, Uganda. Ordinarily the polo vult is not included in the field events at athletic meetings in Kenya or Uganda, so far as records indicate. There is, therefore, no official record for this event, the world's record can only be made jointly by two American athletes at 34 feet, 11 inches this is the lowest available record. The best European time recorded for the 120 high hurdles in 1939 was put up by Fouie in London in 1939 and was 1:13 seconds. Africans have done somewhat better. The Kenya-Africa international record for the 120 high hurdles is given as 1:10 seconds and the inter-territorial record (Kenya-Uganda) is 1:12 seconds. World record: 1:12 seconds.

WHAT A MAN expects of a wife

He wants a home, and companionship. And the greatest of these is companionship. He may have outside friends but more of his time is spent with his wife. His conduct, his pleasure, his personal interests, his children are all intimately bound up with her. And, given health, she should be the greater contributor to his happiness. Without health she cannot be the wife and mother he hopes to be. She cannot be the companion he ought to be. Temperament and behaviour, especially if they are entirely governed by health. If regular bowels, rich blood and free functioning and impoverished blood are regularly corrected by the Feluna treatment.

Feluna has been compounded especially for them. Aches and pains, Asthma, depression, irritability, prostration, headaches, all directly due to improper functioning and impoverished blood are regularly corrected by the Feluna treatment.

There is a lot of confusion in the minds of the public about this form of employment. Some people are naturally anxious about accepting the responsibility, others do not see why any subject should be given work and paid for doing it. But we have no such objections as if we are going to get on with the job. It is obvious that there are reasons why the Government should give control of African labour but there are many other tanks they can perform which are more important than the production of adequate supplies of farm produce. They can be given charge of the production of adequate supplies of farm produce. They can be given charge of the production of adequate supplies of farm produce.

WHAT A MAN expects of a wife

He wants a home, and companionship. And the greatest of these is companionship. He may have found friends but none of his time is spent with his wife. He craves his pleasure, his personal interests, his children are all increasingly based on wish here. And, given Health, she should be his greatest contributor to his happiness. Without Health she cannot be the wife and mother the home to be. She cannot be the companion the ought to be. Temperament and behaviour, personality allied are mainly determined by Health. If regular bowels, rich blood and fine functioning make her the happy woman she was in, she will be fit to be a help and those about her. But if irregularities, impoverished blood and congestions, with their attendant headaches and nervous disorders, creep her nerves and make her miserable, she will fall far short of his hope and expectations. We want the Feluna manager ladies to loan women advise.

Feluna has been compounded especially for those, plain, anemia, depression, irritability, prostration, headaches, all directly due to improper functioning of bowels and fine functioning blood, and impoverished blood, which are quickly corrected by the Feluna treatment. A Feluna bottle is a happy woman. She has Feluna Health. If she knows how to be a successful wife, Feluna will make her one.

Obtainable from all Chemists and Stores.

N.D.C. AND ROAD PROBLEMS

At Friday meeting of the Nairobi District Council a resolution, proposed by Mr. Mburugu and seconded by Mr. Mburugu, was adopted which would be made to obtain more road work at once, even if it entailed a temporary rise in wages, provided that in the latter case the committee which local employers was not entered into the furtherance of the Council's resolution of the Nairobi Municipal Council, which was proposed by the Council in support of the citizens of the Capital of Kenya requests Government to renege, "allowing" multi-millionaires to pay a measure essential to the post-war development of the Colony and if possible, Italian prisoners of war should be utilised for this purpose.

Mr. Johnson, in supporting the resolution, said that £200,000 had been given by Government for the purpose of building roads. This sum was not enough. The Council should see that any other amount was added to the figure.

It was decided that the Council should instruct its Superintendent of Works to arrange to employ with the different Ward members at an early period in the year as to his road programme. Mr. Mburugu mentioned quite a lot about their roads and said that they were not doing a number of things. Mr. Hobson said that they were not doing any interference with the technical work, but would help the District in many ways.

Wards of Roads
 A motion, which stated that the Council should have a certain policy of work with roads in each ward and that the same rules governing the maintenance of roads in both the Native and European areas, was decided that they should be in the same way as the other roads. The question as to whether the number of roads should be greater or less than that of the other roads was discussed. The Chairman, Mr. J. M. W. Mburugu, stated that the Council should be careful of the liability. The Council might be liable to pay for a long time. He suggested that the matter should be referred to a committee for a long time. He suggested that the matter should be referred to a committee for a long time. He suggested that the matter should be referred to a committee for a long time.

Wards of Roads
 A resolution regarding the Ward Roads Improvement Fund was adopted which stated that at the end of each financial year the unexpended balance from district roads should be transferred to a Ward Roads Improvement Fund. This fund will be utilised yearly for the purpose of maintaining on portions of a main district road to be used Ward, or any other district road in a ward which Council shall decide.

At the end of the meeting the Chairman, Mr. J. M. W. Mburugu, stated that the Council should be careful of the liability. The Council might be liable to pay for a long time. He suggested that the matter should be referred to a committee for a long time. He suggested that the matter should be referred to a committee for a long time.

A GOOD MORNING'S WORK

R.A.F. "Beats Up" Italians

This is how a R.A.F. Wing Commander spent a recent Wednesday morning. The Wing Commander carried out the objective when a formation of Hurricanes shot to the Italian aerodrome. One in Southern Italy, was reported on Thursday. The Wing Commander, who had led the formation, surprised a number of Italian machines which were on the ground. The Hurricanes crossed the coast west of their target, completely at about a height of 6,000 feet and found the side of a hill near the aerodrome. The Wing Commander immediately put a burst into a C.R. of which caught fire and seemed to set alight another machine.
