VISIT BY PRINCESS TO LAST FIVE WEEKS

Arrival at Mombasa on September 22

PROGRAMME INCLUDES UP-COUNTRY VISITS

DETAILS of the five-week visit of Princess Margaret to East Africa and Mauritius in September and October were officially announced yesterday.

The Princess will leave Britain on September 21, for Mauritius and will arrive at an aircraft chartered from B.O.A.C. and will arrive at Mombasa the next day.

She will meet people of the Coast Province before starting in the Royal yacht Britannia for Mauritius on the evening of September 23. Her stay on the island will be for ten days.

From Mauritius the Princess will travel to Zanzibar on October 7. She will leave for Tanganyika at Dar es Salaam on the morning of October 8 to begin a ten-day tour of the territory.

Tour of provinces

The visit to Tanganyika will be the first undertaken by a member of the British Royal Family for nearly 30 years. One of the Princess's first duties will be to open the new deep-water quay at Dar es Salaam. She will then tour the Tanganyika Southern Highlands, Western, Lake and Northern Provinces.

The Princess will visit to Kenya from the Northern Province and will arrive in Nairobi on the evening of October 18.

During her stay in the Colony—which will end on October 25, when the Princess will return to Britain—she will open the Royal Technical College, attend the schoolchildren of all races, and spend a night at the Amboseli National Park.

Visits to Machakos and the Rift Valley and Nyandarua Provinces are also planned. No public engagements have been arranged for Princess Margaret on the day she arrives at Port Beit Airport, Mombasa, from Britain. She will spend the night on board the Royal yacht Britannia.

Next day Princess Margaret will visit the coast towns of Mombasa and Malindi. She will start a ceremonial tour of the coast on the morning of September 23 and will visit the coast towns of Malindi, Lamu, and Mombasa. Arrangements are being made for her to meet African officials and to be welcomed by the Government of Kenya. A special Arab ceremony will be held in Mombasa on October 20, to be followed by a reception at the Beit Airport.

Princess Margaret will be accompanied by a large party of staff and attendants. The Princess's programme in the East African States will be to visit the East African States and to attend the opening of the high standard of education in the East African States. From there she will visit to the East African States and to attend the opening of the high standard of education in the East African States.

A bouquet—and a Royal smile

TALKS held between the Prime Ministers of India and the Commonwealth Prime Ministers conference in London—the last meeting of which was held yesterday—have failed to modify either side's views on the future of Kashmir.

Mr. Nehru to Mr. St. Laurent, to try to get them to persuade the holding of a plebiscite which would enable Kashmir to decide for itself whether it wanted to accede to India or to Pakistan.

Agreement on Ceylon bases likely today

AN agreement between Britain and Ceylon on the naval and air bases in Ceylon is expected to be announced today, when the Prime Minister, Mr. Bandaranaike, leaves for Colombo at the end of the London conference.

Mr. Bandaranaike had further Commonwealth talks with the Prime Minister of Australia, Mr. Menzies, the Prime Minister of Canada, Mr. St. Laurent, and the Prime Minister of New Zealand, Mr. Holt, during the London conference.

Mr. Bandaranaike is expected to return to Ceylon today. He will be accompanied by his wife and two children. He will be met at the airport by the Prime Minister, Mr. Bandaranaike, and his wife.

Britain may have dropped Cyprus plan

OBSERVERS in London believe that the British Government has abandoned its plan to annex Cyprus. The British Prime Minister, Mr. Harold Wilson, is expected to announce this in the House of Commons.

Britain's 2000 reserve operators in the nationalized railway system have submitted a claim for a 10 per cent increase in wages. The claim is expected to be rejected.

Strike leads to U.S. steel restrictions

The United States government has frozen supplies of steel which threatens to paralyze the country's steel industry. The government has also imposed restrictions on the export of steel.

Motor crisis spreading

Show streets at the Austin works in Longbridge, Birmingham, were closed because of the crisis in the motor industry. The crisis is expected to spread to other parts of the industry.

Australia's finances better than expected

The Australian Government has finished the financial year with a surplus of £1,000 million better than it was expected to be.

Treasurer, Sir Arthur Fadden, said yesterday in the House of Representatives that the surplus had exceeded the £1,000 million target set in the budget.

The surplus had been forecast at £800 million, but the actual figure was £1,000 million, a 25 per cent increase.

ALL-AUSTRALIAN FINAL WON BY THE FAVOURITE

Dockers' bid to end U.S. supremacy at London

THE powerful London dock workers' strike is being used as a lever to end the supremacy of the United States at the Challenge Royal Regatta.

On Wednesday they opened their challenge against the British and American university sportsmen and women, who were the strong favourites to win the regatta.

The strike was announced on Tuesday by the International Dockworkers' Union, which is being led by the Communist Party.

If they succeed the University dock workers, London, would lose the pleasure of competing in the regatta.

The regatta is being held at the Royal Dock, London, from August 18 to 24.

It is the only time in which the regatta has been held in London.

Miss Buxton first British finalist for 19 years

LFW HOAD, the favourite and No. 1 seed, defeated Ken Howard, the second seed, in the all-Australian final of the men's singles tennis championships yesterday.

Richardson, of U.S.A., and Howard, of U.S.A., were the only two who were in the final.

Richardson, of U.S.A., was the favourite, and Ken Howard, of U.S.A., was the second seed, in the men's singles.

He had beaten Richardson in the final of the 1956 championships, but was beaten by Howard in the final of the 1957 championships.

Richardson, of U.S.A., was the favourite, and Ken Howard, of U.S.A., was the second seed, in the men's singles.

Champions headed by Northants

SURREY, the county champions, were headed by Northamptonshire in the first round of the 27th County Championship. Northants scored 273 for six at lunch with Surrey in a position to take the match. Surrey had been out for 124 runs, but had lost 11 wickets.

RESULTS OF THE PREMIERS' MEETING

'No harm' if leaders had discussed Kashmir

Pakistan's Prime Minister, Mr. Muhammad Ali Jinnah, said in London that if the Commonwealth Prime Ministers had discussed Kashmir, it would have done no harm, and it might have done a certain amount of good.

Speaking in a radio interview, Mr. Jinnah said: "I am sure that the Kashmir problem has been discussed at the meeting, but I am sure that it would have done no harm, and it might have done a certain amount of good."

Referring to Pakistan's relations with Britain, he said: "I am sure that the Commonwealth Prime Ministers had discussed Kashmir, it would have done no harm, and it might have done a certain amount of good."

Approach delayed British Prime Minister, Mr. Harold Macmillan, declared that he would like to see the United Nations Security Council established, the Pakistan Government would like to see the Commonwealth Prime Ministers discuss the Kashmir problem.

Mr. Jinnah said that the Commonwealth Prime Ministers had discussed Kashmir, it would have done no harm, and it might have done a certain amount of good.

AGREEMENT OVER WIDE AREAS REGIONAL DISCUSSIONS BY LEADERS FORECAST

SATISFACTION was expressed in Commonwealth Premier circles at the weekend over the wide areas of agreement achieved by the Commonwealth Prime Ministers during their talks in London.

In New Delhi, officials said the consensus issued by the Prime Ministers at the end of their talks covered a "remarkable degree of agreement" in view of the diverse opinions on some subjects held within the Commonwealth. They found the Commonwealth encouraging in that it showed the British Commonwealth was constantly evolving, growing and adapting itself to the times.

In London, a British spokesman said the lesson of the conference was how unanimously could be brought out of a great deal of diversity. The discussions, he said, were always frank and, though not entirely identical opinions were expressed, the extent of the common doctrine that emerged was significant.

The Prime Minister of New Zealand, Mr. Sidney Holland, described the conference as "one of the most important and valuable I have attended". He said: "It came in what may be one of the great turning-points of human affairs. There are signs that the cold war is ending, and opportunities are opening up which could, if properly grasped, lead to a better world in world affairs. To make the most of these opportunities, we need a new Canadian political observance in Ottawa forecast the possibility of more frequent high-level Commonwealth meetings. They noted that the conference had opened the way for direct consultations within the Commonwealth and had assumed a "new importance" in the rapidly-changing world. The observers suggested that there would be more frequent meetings of Commonwealth leaders and more frequent Prime Ministers.

Mixed Press reception for communiqué

BRITISH newspaper comment on the Commonwealth Prime Ministers' conference ranged from calling it success to the "most disappointing yet held." The Times, in an editorial headed "Fruitful," said it was obvious that the meeting had been successful.

The Premier had about much to say in his speech. He said that the meeting had been successful and that the Commonwealth Prime Ministers had agreed on a number of important points.

The Times said that, although the Premier had said that the meeting had been successful, it was obvious that the meeting had been successful.

RELATIONS WITH UNITED NATIONS

The Yorkshire Post called the Commonwealth Prime Ministers' conference "a landmark in the history of the Commonwealth." It said that the meeting had been successful and that the Commonwealth Prime Ministers had agreed on a number of important points.

AN 11-hour general strike paralysed Calcutta, India's largest city, on Saturday. Demonstrations erupted a bomb in a bus, injuring one person, and other bombs were exploded.

Police took nearly 1,000 people into custody in a series of pre-dawn raids. They were held in police cells.

Protest services were halted by the strike. Demonstrations, however, resumed by snatching on the street, and shops remained closed. The city was in a state of chaos.

Police reported that the demonstrators had been arrested. The city was in a state of chaos.

ERROR OF TRIBE PATRIOTISM

Indian leader's advice

AN appeal to everyone to banish what he called a "kind of tribal patriotism" was made yesterday by the Vice-President of India, Dr. Sarvapalli Radhakrishnan, at a meeting of the Indian National Congress.

Dr. Radhakrishnan, who addressed the meeting, said that the Indian people should not be divided by tribal loyalties. He said that the Indian people should be united by a common sense of patriotism.

TREASURY OFFER ON WAR LOAN

Biggest operation since 1932

THE Treasury announced in London on Friday night Britain's biggest ever version loan operation for 24 months.

It is the Treasury's method of offering 24 per cent of more than £200,000,000 for the purpose of repaying the £1400 million which it owes to the public under the terms of the London Stock Exchange holders of the National War Bonds as a result of the change of acquiring new issues of National War Bonds at 41 per cent conversion above 1957, plus a cash premium of 10 per cent.

Terms 'attractive'

This is the largest issue of operation of this kind since the war, when it was raised from five per cent to a 24 per cent.

AMBUSHED COUPLE MURDERED

Unarmed victims of Cyprus attack

A YOUNG British couple were ambushed and murdered in Cyprus on Saturday a few hours before a soldier was killed in a gun battle 40 miles away.

The murdered couple were Mr. and Mrs. George P. Kalsberg, both in their thirties. Mr. Kalsberg was a member of the Central Air Force Base at Nicosia Airport. Mr. Kalsberg was shot in the chest and Mrs. Kalsberg was shot in the head while they were driving across the plain from Nicosia to a village near Famagusta.

Found by soldiers

AIR FRANCE
RUSSIAN JET AIRLINERS ON WORLD ROUTES SOON

RUSSIA'S famous TU-104 twin jet airliner will make its European debut on an international service to the Soviet news agency Tass. The agency was announced with the chief of the Soviet civil air force, Air Marshal S. Zhukovskiy, in which the jet aircraft designed by Tupolev and the airline will also carry a regular service.

It is estimated that the Soviet Union has so far completed 100,000 man-hours of work on the aircraft, which is being serviced with all the possible accessories to render it ready for flight in British, Austrian, Czech, French, German, Italian, Polish, Yugoslav, Norwegian, Swedish and Finland.

As a result of the Russian civil air force is carrying out its plan of expansion of its international service, and it is estimated that it is planned to conclude agreements with several other countries.

"A further development of air transport and air services will be initiated by airlines of modern design," it is estimated.

The TU-104 is designed by Tupolev and is the first of a series of jet aircraft of the Russian aviation industry. It is a twin-engine aircraft with a fuselage similar to that of the Boeing 707. It is a twin-engine aircraft with a fuselage similar to that of the Boeing 707.

Duke gives lead to conference

FOUR BASIC IDEAS ON INDUSTRY'S PROBLEMS

THE Duke of Edinburgh yesterday opened, as president, a three-week conference at Oxford on human problems in industry which is being attended by 300 men and women from almost every Commonwealth country.

In his address to the Shabazzian Theatre the Duke said he saw "no advantage in a perpetually rich and powerful State if it is to be achieved at the expense of human freedom and happiness." Saying that every Commonwealth country faced the problems of industrialisation in one another, he suggested four basic ideas for the conference to develop.

WORLD ECONOMY TREND

CAUSES WORRY

Mass poverty despite big post-war development

TREND of world economic development in the ten years since the end of the war is the ground for serious concern, as a United Nations 201-page survey of world economic growth stated today. It records a record unparalleled growth, the problem of mass poverty is a large part of the world's economic picture, and remains a disturbing factor ever. The survey will provide a basis for studies by the Economic and Social Commission for Western Asia. The survey found that the world's population has increased by more than 400 million since 1948. The world's total population is now 2,200 million, with an average increase of 22 million a year. The survey also found that the world's total population is now 2,200 million, with an average increase of 22 million a year. The survey also found that the world's total population is now 2,200 million, with an average increase of 22 million a year.

Isolated sectors

In the industrial countries, full employment had maintained itself in the under-developed countries, perhaps the most significant advance was not so much the expansion of production and economic growth, but the expansion of production and economic growth. The survey found that the world's total population is now 2,200 million, with an average increase of 22 million a year.

Major deficit

Plans in the centrally-planned countries to expand production and economic growth in 1958 are a source of concern to observers on agricultural production. The survey found that the world's total population is now 2,200 million, with an average increase of 22 million a year.

Dates for cargo

The Government in London has announced that it will not be paying for the purchase of goods from the countries of the Eastern Bloc. The survey found that the world's total population is now 2,200 million, with an average increase of 22 million a year.

FINANCE AND COMMERCE

Gilts firmer on London market

CALOVER QUET AND STEADY

Consolidated account of the market for gilts and other securities on the London market. The survey found that the world's total population is now 2,200 million, with an average increase of 22 million a year.

More workers in aircraft industry

The aircraft industry has seen a significant increase in employment, with many new workers entering the field. The survey found that the world's total population is now 2,200 million, with an average increase of 22 million a year.

Chancellor wants price 'freeze' pledges

The Chancellor of the Exchequer has called for price stability and a 'freeze' on prices to ensure economic growth. The survey found that the world's total population is now 2,200 million, with an average increase of 22 million a year.

C.M.B. BELGIAN LINE TO ANTWERP

Shipping schedule for the C.M.B. Belgian Line to Antwerp. The survey found that the world's total population is now 2,200 million, with an average increase of 22 million a year.

Opposition to S. African project in Tanganyika
COMPARISON MADE WITH U.S. AID

Speaking on the occasion of the 50th anniversary of the formation of the Tanganyika African National Union on Saturday, the president, Mr. Julius Nyerere, said that the union would continue to oppose the proposed sugar-growing scheme on a great lease by a South African concern in Kilombero Valley, in the north-west of the island.

He said the aid was the main reason why the African and white money being injected to develop the country had been abandoned. The money had been given by American and other foreign governments, except the United States, which was very generous in the amount of the aid.

Mr. Nyerere said that at the Tanganyika African National Union meeting in the United States, it had been mentioned that the American people were not interested in the sugar-growing scheme in the policy of the United States.

He said that the government was very sorry that the American people had not been interested in the scheme.

Plans for higher education in Uganda outlined

GOVERNOR AT KING'S COLLEGE

Plans to start classes for the Higher School Certificate in certain secondary schools in Uganda were described by the Governor, Sir Andrew Colville...

The Governor said while it is not natural to want to see the school system in Uganda...

His next step forward is to raise the quality of our secondary education from that of the present...

"Can get nowhere" The most important task for schools in Uganda, the Governor said, was to train the leadership...

Friendly training was a good thing, but when "policy" is introduced, the Governor said, the schools must be directed to the right...

On Sunday, past and present members of the Uganda Education Association met at the Founders and Leaders who have built up the school...

"We are getting ourselves to be ready for the life of this nation, and we look for ourselves to be a nation on only one hand if those who are its leaders do not know how to rule themselves."

New DUNLOP ROADSTER

TRUCK AND BUS TYRE

- with** ... tread rubber and pattern to defy cutting and cracks
- with** ... a casing to withstand impacts, yet supple and strong
- with** ... a tread for long life and an ideal casing for retreads
- with** ... a non-skid tread design that grips but does not trap stones

Actual Test Reports on THE NEW DUNLOP ROADSTER

From YUGOSLAVIA At Karlovac I have seen a hauler that has been running with 12.00 x 20 tyre for nearly over three months, these treads being quite undamaged in spite of very severe road and under bad conditions of timber haulage work. I feel sure that we shall be satisfied with the results obtained with the Roadster tyres.

From BURMA Twenty 7.50 x 20 covers were supplied to one of our largest bus companies and have inspired great enthusiasm. There were no complaints at all. All concerned are most impressed and news of their performance is spreading.

From PAKISTAN Early results are most encouraging. Tyres fitted to buses and trucks are in perfect condition, and the operators are themselves most enthusiastic.

From EAST AFRICA The outstanding feature of the tyres is the virtual freedom of the tread from clipping and cutting. They have been operated on roads which specialise in this tyre damage.

From ITALY The 11.00 x 22 Roadster tyres have given excellent results, although this vehicle is occupied almost exclusively in carrying heavy loads of wet sand day and night, travelling about 900 kilometres in about 24 hours.

From JAMAICA The tyres were fitted to a Ferguson ton Diesel and were removed at 23,500 miles. This mileage was exceptional, as the roads over which the vehicle was operated are very rough and there are several steep hills and the road is very winding. Mr. Jurett is most satisfied with the results.

From SOUTH AFRICA Roadster is doing very well indeed. You will remember I mentioned a service to the Copper Mines, where we could get a result in six months. I am pleased to be able to tell you that each and every tyre which has been removed so far has out-performed the previous best single performance by 3/4,000 miles. Of course, there is no sign of cracking and all the tyres are fit for retreading. This result is so outstanding locally.

The Mainly-For-Women Page Is Mostly About HAIR

THE EMPIRE HAIR-LINE WILL MATCH YOUR CLOTHES

By Jan Wiseman

YOU'LL be wearing the Empire Look this season—even if you don't know it. A high-cut bustline to your dress... a short-cut bob... a slim skirt with a wide cummerbund, these are some of the many ways in which it is achieved.

New Collinsville American, the organization that under the influence of Miss Maudslowe, introduced the Empire hair line to fashion. The term of the first Century was just about the most prolific in hairdressing history, say the experts, and the fashion of the 1920's, including the Poodle and the Flapper, are all reflections in that earlier time.

The modern Empire Look is softer, smoother and shaped to present-day taste and living. You will find it easy to find or adapt one to suit you. And, if you like to make a choice from the hair illustrations, she can take them into your local hairdresser for inspiration.

FIRST—The classic Empire improves the fringe style, an interpretation of the former low-cut and up-turned look, with gentle waves coming in a low-fringe of curls.

SECOND—The Wavelet can be smoothed out and simplified hair style which is modern in look and feeling.

THIRD—Adapted from Beau Brummel and the dandies, this long-wavy curl cut is a casual but feminine style ideal for summer.

FOUR—An unexpected style—seen in the remaining styles—with curls arranged straight and with these as the old inspiration.

GREY HAIR CAN BE A WOMAN'S ASSET

By Patricia C. ...

"Oh, dear," sighed the silver-headed but still youthful woman gravely as she brushed her chestnut locks. "I'm really 18 months older than you and my hair is quite grey—feel so old."

"Nonsense," replied her friend cheerfully. "Grey hair is far more becoming to you than attention to dress and make-up. You should look a day older than me—and my hair is striking."

How right

The many women who get the name up the street for their hair are those who have neglected their hair. They have neglected their hair because they have neglected their hair. They have neglected their hair because they have neglected their hair.

The complexion

Generally, hair is the most important feature of a woman's face. It is the most important feature of a woman's face. It is the most important feature of a woman's face.

Soap Has Its Value As A Beauty Aid

SOAP, because it is a cheap and common household commodity, is inclined to be ignored by a beauty preparator and pushed into the favor of the more glamorous and expensive creams and lotions.

Moreover, soap is used carelessly and ignorantly. This is a pity because regular and correct use of soap as a beauty preparation can lead to a healthier, clearer and clearer skin. First, however, you must consider whether your skin is dry. This is important because skin conditions in use and how and when you wash and when you wash.

Nairobi enter Provincial Cup final by one point

The large crowd which watched Saturday's Rugby match at Mombasa Sports Club was a very close and exciting game, in which Nairobi beat Coast Province by two goals and a try (13 points) to 12 (12 points), and so entered the final of the Provincial Cup. It was for some time with both sides vying for the lead, but for every pass and kick from the forwards, the backs were battling it out, and the backs were moving well, taking their chances at speed and keeping the ball on the move.

In a match where every player did well, Chambers was unfortunate that his five place ball was all in the air, and that his kick was not good. He was also unfortunate that his two conversions were not good. He was also unfortunate that his two conversions were not good. He was also unfortunate that his two conversions were not good.

VICTORY IN LEEDS TEST IS IN ENGLAND'S GRASP

Criticisms of Washbrook's selection 'mostly rubbish'

From LEN BUTTON, London, Tuesday

OUR selectors have done their job. They have placed victory at Leeds in the grasp of England. The only criticism that has to be made is that it is not yet in their grasp. The selectors have done their job. They have placed victory at Leeds in the grasp of England. The only criticism that has to be made is that it is not yet in their grasp.

Match-winning spinners
There has been no mistake about that. I have always regarded the spinners as the key to the Leeds test. The selectors have done their job. They have placed victory at Leeds in the grasp of England. The only criticism that has to be made is that it is not yet in their grasp.

Importance of spinners
Both have had many chances. The selectors have done their job. They have placed victory at Leeds in the grasp of England. The only criticism that has to be made is that it is not yet in their grasp.

STATEMENTS ABOUT KAMITHI 'MISLEADING'

Sir Eboos rebuts charges

SIR EBOOS PHERAH has criticised allegations made by Sir Eboos Pherah, a former rehabilitation worker, of influence in Kenya Mau Mau prison camps. Sir Eboos Kamithi Pherah, said in London that the allegations, about which questions have been asked recently in the House of Commons were "misleading."

"I was only asked by the way in which, according to the statement in the House, that he had been asked to give evidence about the Mau Mau camps in Kenya. The Mau Mau camps in Kenya were not rehabilitation camps, but were prisons for Mau Mau prisoners. The Mau Mau prisoners were not rehabilitation workers, but were Mau Mau prisoners."

SOVIET CHIEF ABUSED U.S. AND BRITAIN

'Nasty' at party

GEN. TWINING of the United States Air Force, Chief of Staff, and Mr. Krastevich of the British Air Staff, both of whom had been invited to the Moscow party, attacked the Soviet Chief of Staff, Gen. Zhukov, for his "nasty" remarks.

Gen. Twining said that Gen. Zhukov's remarks were "nasty" and "unpleasant." He said that Gen. Zhukov had said that the United States and Britain were "imperialist powers" and that they were "oppressing the people of the world."

Education by radio plan Kenya

NOBODY questions the necessity of bringing elementary education to the masses in Kenya as soon as possible.

Plans to make this a fact and to do so, must be made a reality. It is the duty of the Government to provide for the masses of the country the means of education.

Death sentence
A WREIGHTY LOCKED IN the "hanging debate" in the House of Lords was provoked by Lord Stirling when he said that it had long been proved that capital punishment was a greater deterrent than life imprisonment. The lack of proof was a surprising weakness of the whole debate, in which so many distinguished jurists who could draw on their evidence must have surely substantiated arguments and given the House more than mere opinion; and especially on this subject is notoriously emotional.

HIGHEST QUALITY OF TEACHERS
The British Government has issued a Bill which will enable the Council for the Education of Kenya to employ teachers from other countries. This is a step towards the improvement of the quality of the teaching staff in Kenya.

THE PREMIER WARMS NATION ON 'MORNING PERIL'

UNANIMOUS STRIKE CALL BY UNIONS

UNION leaders of 40,000 workers at the British Motor Corporation factories made a unanimous decision on Saturday to strike on July 23.

The call came after a meeting of the 1,000 men and women who make up the union leaders called in London to arrange talks with the Government in an attempt to resolve the dispute.

New Battle of Britain against poverty

49,000 CAR WORKERS GIVE STRIKE NOTICE

WHILE Sir Anthony Eden was giving a grave warning that Britain was in "mortal peril" from the slugs, 49,000 car workers gave notice on Saturday that they will strike for July 23.

The Premier, speaking at Fulham, near Burnley, in the heart of Lancashire's cotton industry, described the battle being waged by the nation against inflation as "the new battle of Britain." But he added, "This time it cannot be won by the few. We are all in it, and upon its outcome depend our homes, jobs and our children's future."

Commonwealth influence

"We have to halt prices. We have to produce more of the quality used at the price that the world demands. We have to deliver the goods on time. There is no lack of demand. World trade is expanding, but we are not doing it. We are not doing it because we are not doing it with the help of our Commonwealth partners."

Sir Anthony referred to the recent Commonwealth Prime Ministers' conference and said there were no meetings quite like this anywhere else in the world. "Of course, from exchanges of this kind we do not expect sudden and spectacular results."

"What is important is that each of the Prime Ministers goes back to his country influencing his own Government from others, and the impact of these decisions makes itself felt over the years in the policies of his own Government."

It is how it should be in a free world.

Yemen tribe invades

Defiant tribesmen from the Yemen have invaded the Aden region of the Mashaaba tribe, according to reports received in London.

The report, issued by the British Information Agency, said that the Yemeni tribesmen had invaded the Mashaaba tribe's territory in the Aden region. Fighting was going on.

A news agency from the Aden region said that the Mashaaba tribe had killed two of the invaders.

THIRD WEEK OF U.S. STEEL STOPPAGE

The nationwide steel strike in the United States entered its third week today with no end in sight.

Some 60,000 steel workers in 10,000 workers in industries for which steel is vital have been out on strike and more than 100,000 workers in industries for which steel is not vital have been out on strike.

The strike is having a profound effect on the economy. It is causing a shortage of steel for many industries. It is also causing a shortage of steel for the construction industry.

London talks on Singapore

Mr. Lim Yew Hock, Singapore's Chief Minister, arrived in London to attend the Commonwealth Prime Ministers' conference.

He said he was looking forward to a meeting with the British Prime Minister, Sir Anthony Eden, on Singapore.

He also said he was looking forward to a meeting with the Australian Prime Minister, Robert Menzies, on Singapore.

Mr. S. A. Morrison, general secretary of the Christian Council of Kenya, died in London on July 15.

MAYORS REFUSE OFFER TO DISCUSS CYPRUS

THE Greek Mayors of major towns in Cyprus, meeting in Nicosia, decided to refuse to talk to Lord Radcliffe on the subject of a constitution while Archbishop Makarios remains in exile.

Lord Radcliffe, instructed by the British Government to draw up a liberal constitution for Cyprus, arrived in Nicosia on Sunday.

PARIS PARADE

The thousand troops of the 1st Foreign Paratrooper Brigade, which landed in Paris on Saturday, will parade through the city on Sunday.

INDIA'S Vice-President, Dr. S. Radhakrishnan, ended his four-day tour of Uganda yesterday when he left Jinja for an air Nairobi. As he drove through the streets of Jinja to the Indian Recreation Centre, where a reception had been arranged by the Provincial Commissioner, Mr. T. R. E. Cox, his car was stopped by a crowd of about 2,000 people who were shouting and waving their hands.

Some took his action, but many others were not so easily deterred. They followed the car for some distance, shouting and waving their hands. The Provincial Commissioner, Mr. T. R. E. Cox, had to order the car to stop and the Vice-President to get out of the car. He then addressed the crowd and thanked them for their hospitality.

THREAT TO LONDON AMENITIES

Offices expansion

LONDON'S own planning authorities are afraid that the central area of the capital is in danger of becoming a huge jumble of business offices.

Of course, offices which have already overrun the City area, but which are now spreading outwards, are not a cause for alarm. It is the new offices which are being built in the West End, the business district, which are the cause for concern. These offices, which are being built in the West End, are being built in the West End, the business district, which are the cause for concern. DRESSING FOR AFTER-DARK

By Jill Carey

FASHION SPOTLIGHT

By Evelyn Wood

RESTAURANT clothes are back in London—dresses designed to be worn after dark. They are cropping up in all the important dress collections, almost always in black.

A good restaurant dress has two qualities to be sought in a good fabric which won't crease or sit on the shoulders. It should be simple enough to make up in a few minutes, and it should be so simple that it can be worn in a restaurant or at a party.

THE SMITZIES

SMITZIES, London, offers a new dress for the little dress with a high neckline and a full skirt. It is a dress that is simple and elegant, and it is a dress that is easy to make up.

A SMART girl needs to be a bit of a risk. It's all a matter of timing. She needs to be a bit of a risk. It's all a matter of timing. She needs to be a bit of a risk. It's all a matter of timing.

Coffee bars

ESPRESSO coffee bars have been popping up all over London. They are a new type of coffee bar, and they are a new type of coffee bar. They are a new type of coffee bar, and they are a new type of coffee bar.

Back again

BACK for freshening and toning is the hair cream. It is a cream that is simple and elegant, and it is a cream that is easy to make up. It is a cream that is simple and elegant, and it is a cream that is easy to make up.

What's NEW*NEW*NEW in town?

The '56 FORDS...more powerful, more spacious, more beautiful than ever before

FORD have always appealed to nine out of ten people, but these 1956 models are going to overawe them, even that toothy tenth character.

The Consul, the Zephyr, and the Zodiak...are all new from Ford of England's Dagenham factory, all with a wealth of new features — some practical and down to earth, some just luxury extras.

Styling, for instance: All long, low rakish, with hawk-eyed cowls for the head lights and stunning new tail trim. Wrap around windshields and rear windows with convex vision than cinema. Redesigned upholstery and seating, with "slide-ride" suspension. A stylish air-intake that ventilates with fresh air, not traffic fumes and dust. New two-spoke steering wheel, giving an unobstructed view of the instrument panel. Twenty cubic feet of boot space to accommodate the luggage of six gentlemen even, so say you know how it is with women. And the petrol cap is cunningly concealed behind the hinged rear number plate. The filling station attendant will never find it, but who's worrying.

Well, there they are. Three wonderful cars. Words can convey just so much; your own eyes will tell you far more, so come down and see our three green sons. Perhaps you'll be the first to drive around town on a gliding '56 Ford; you park. You'll find it a pleasant experience.

THE '56 FORDS ARE ON DISPLAY NOW AT
