## Aircraft Workers: An Explanation

The Ministry of Aircraft Production has explained some of the happenings in the industrial world. It may be difficult to understand why, with an ever increasing output of aircraft, a number of workers who are being displaced are being dismissed. The explanation is that the Government has always the means to increase its production in the aircraft industry.

**A PROTRACTED COMBAT OVER MEDITERRANEAN**

According to the latest message received from Royal Air Force Headquarters in the Middle East, the increase in aerial activity in the Western Desert, in being constant, maintained and sustained, has been several times in excess of the last few days.

In protestant air battles off the coast of Crete, a South Africa Squadron, which included the strategic of enemy aircraft, twice their own, is reported to have shot down the enemy plane.

One of the pilots who had part in the fight and was mentioned in the dispatches was Major James, who was piloting our ship when it was shot down.

We kept together, never giving them any chance of dropping, and we were away from ships. At least they were very deep behind their base line.

"Round and round we went, our own planes flying out of range of the enemy aircraft. They came in three waves, but we changed out of us all. The usual air battle line only a few miles from the coast, and the combat ends as quickly and sharply as it began."

"This time it was different. When he had his usual message we were still fighting them. We had to withdraw but we did not want to. I was sure they would get us. A few minutes later we were back in the air and we were all. No bombs had been laid anywhere near our ships."

## Our Campaign On the British and Russian Troops Move Into Iran

### MESSAGE OF HOPE TO OPPRESSED PEOPLES JAPAN WARNED

ENTENTE WAS REBORN  
IN SYRIA

**MR. CHURCHILL**, broadcasting his Sunday evening address to the "Imperial Conference" with President Roosevelt, the British and American military commanders of the British Empire and the United States in almost equal terms, said the British Empire was labouring with infinite pains to arrive at a fair and equitable settlement which would give Japan the same satisfaction for legitimate interests as she would be entitled to expect for her legitimate interests.

Mr. Churchill said that the settlement would be reached in the near future, and that the British Empire would be able to meet the demands of the United States in the same way as it had met the demands of the Japanese.

He said that the British Empire would be able to meet the demands of the United States in the same way as it had met the demands of the Japanese.

### A WEEK'S AIR BALANCE SHEET

TO PUT AN END TO GERMAN INTRIGUE  
WAVELL IN CHARGE

There was continued activity by British fighters over the Mediterranean last night. The night was dominated by the Hun fighters. Hangars, barracks, troops and gun positions were attacked. Little air opposition was met and all our aircraft came back.

The past week which has seen the Hun offensive in the west completely in British hands has left us with a balance sheet of:

German - five bombers and 30 fighters - 16 bombers and 35 fighters.

In the same week a year ago the British had shot down 10 German fighters.

The news that British and Russian troops had this morning crossed the Iraq frontier has already announced in London. The official statement today announced that British troops had crossed the frontier. The official statement said that the British troops had crossed the frontier. ## RUSSIANS MAKE PROGRESS IN CENTRAL FRONT Germans Being Held Elsewhere

THE Sunday midnight communiqué from Moscow speaks for the first time of fighting in the region of Dnepropetrovsk, which lies in the elbow of the Dnieper river. It is one of the great industrial cities of the Ukraine, and serves as the base for the river, 200 miles from the Black sea. Its iron and steel works get their power from the great hydro-electric station in the district of the Dnieper which holds back the fast-flowing water.

In this district the German planes have been reported to be attacking the city. The German planes have been reported to be attacking the city.

There was nothing in the latest reports to bear out the German claims of progress everywhere. The present position is that the German planes have been reported to be attacking the city.

# Inside The News—A Commentary By "Veritas"

(By Kenya Radio from London)

The Roosevelt-Correllian declaration has naturally provoked the most lively of the great world. It is, in fact, a document which has not only excited the imagination of the world but has also aroused the deepest indignation of the people of the United States.  Life Ruined by Nerves and Indigestion  
 I Would Rather Go Without A New Hat Than My Yeast-Vite  
 Dear Sirs—feel it my duty to tell you that I have been suffering from indigestion and nervousness for some time. I have tried many remedies but have not found any relief. I have heard of Yeast-Vite and have decided to try it. I have taken a few tablets and I feel much better. I can eat and sleep again. I am sure that Yeast-Vite is the best thing I could have done for myself. I am sure that Yeast-Vite is the best thing I could have done for myself.

## AN EAST AFRICA COMMAND

It was not to be expected that  
General Cunningham would re-  
main long with us after the com-  
pletion of his successful cam-  
paign. His recent public announce-  
ment of his transfer to the  
Middle East does not disclose  
the nature of his new Command  
and the Middle East is a large  
area—but in the name of East  
Africa we congratulate him on a  
chieftainship which will bring  
again into close contact with an  
active theatre of war. It may  
be that he will find himself in  
charge of the operations of the  
units which served under him in  
Somalia and Abyssinia; it  
may even be that he will be  
required to command some of  
them again, in another  
area. Should that happen,  
General Cunningham will be  
sure to find a warm welcome from  
officers and men who specially  
highly regard him, and who  
will be glad to see him in  
charge of the operations of the  
units which served under him in  
Somalia and Abyssinia, and  
the Cunningham Unit, will be  
a great inspiration.

Africa from the Middle East has  
many obvious advantages from  
an administrative and military  
point of view. It removes  
from the already heavily burdened  
Middle East Command a sphere  
where operations have been  
concluded and in respect of  
which the argument for con-  
tinued direction no longer  
exists. Thereby we shall obtain  
simplification all round and be  
able the better to concentrate  
civil and military policies in re-  
spect of the occupied areas and  
Abyssinia, without adding to the  
already great steady growth of  
civilian preoccupations of Cairo.  
The new General Officer Com-  
manding East Africa will be re-  
sponsible direct to the War Office.  
But we hope this separation,  
justified on military grounds,  
will not break or even weaken  
the links which have existed be-  
tween British East Africa and  
the Middle East in so far as  
the relations of the two spheres  
concern Imperial war effort. In  
these British Dependencies we  
have been led to believe that we  
have a special duty to be dis-  
charged in seeking all ways and  
means of assisting economically the  
efforts of the Middle East Com-  
mand, and it is reasonable to  
suppose that a change which is  
based on an alteration in the  
military situation will not dis-  
turb the relations of the two  
spheres, which have become more  
important because the war effort  
now requires until required until  
campaign needs the war effort  
for diversion elsewhere.

Two Officers of the R.A.F. who  
have already earned the D.F.C. have  
been awarded the D.F.C. for their  
services. They are Flying Officer  
Leslie Peter William Smith, who  
has been awarded the D.F.C. for his  
services on the reconnaissance of the  
Mediterranean coast, and Flying  
Officer George Robert Ross, who  
has been awarded the D.F.C. for his  
services on the reconnaissance of the  
Mediterranean coast.

Squadron Leader G. A. Cunningham  
of the Royal Air Force on a 600 lb  
bombing raid on the island of  
Lampang, Siam, after being  
shot down and captured by the  
Siam Air Force. The aircraft was  
damaged and he was captured. He  
was held in a prison camp. He  
was released on 15th August 1942.  
He was awarded the D.F.C. for his  
services on the reconnaissance of the  
Mediterranean coast.

STARBOARD  
RHODESIA AND  
THE SOVIET

On the 22nd of August 1942  
the President of Southern  
Rhodesia was awarded the D.F.C.  
for his services on the recon-  
naissance of the Mediterranean  
coast. He was awarded the D.F.C.  
for his services on the recon-  
naissance of the Mediterranean  
coast.

Canada's exports during the  
month of August 1942 totalled  
296,000,000 dollars, a 10 per cent  
increase on the same month of  
1941. The increase was due to  
the fact that the value of exports  
of raw materials and minerals  
has increased by 10 per cent on  
the same month of 1941.

Another spectacular accident  
occurred at the other day in  
the vicinity of the new building  
of the Kenya Government  
Department of Public Works.  
The building was under con-  
struction and was being used  
as a storehouse for building  
materials. The building was  
destroyed by a large explosion.  
The cause of the explosion was  
not known.

Pyrethrum Problems GROWERS MEET THE BOARD And Government

DISCUSS RESTRICTION AND REPRESENTATION

Pyrethrum problems have been discussed in Nairobi this week and the East African Standard has been asked to publish the following statements and memoranda for information...

The Executive Committee of the Pyrethrum Growers Central Association, were in consultation with the Pyrethrum Board of Kenya at Nairobi on Thursday, August 17 regarding the Memorandum which had been submitted to the Board early in August...

The Memorandum was fully discussed and after Major F. Ward had fully explained the question of the urgent need for the Board to establish a separate body...

The Board had already agreed to the Memorandum but did not consider that the present was the proper time to make any decision...

It is, however, hoped that after due consideration will be given to the Memorandum and that the Board will be taken to give the industry an opportunity to be heard...

A brief record of the proceedings at the meeting of the Pyrethrum Growers Central Association, held on August 17, 1939...

The resolution passed by the Association was that after due consideration be given to the Memorandum...

The Board has decided that it is essential to protect and extend the industry and, therefore, consider that the best way to do this is to restrict the supply...

The Board has decided to restrict the supply of pyrethrum to the extent of 100,000 lbs. per annum...

This is the first article of a short series written by Mr. G. K. Mwangi, a member of the Kenya African Congress, Special Correspondent of the East African Standard. The series will be devoted to the epidemic of yellow fever in the Victoria Nile District...

When the tide of battle is running against us there is a good reason to feel very few people think of the possibility of a change of front...

I have had the privilege, recently, of discussing a report on the yellow fever epidemic in the Victoria Nile District with a number of my friends...

Having been given these details of the epidemic, I have had a long talk with a number of my friends and have had a long talk with a number of my friends...

The object of venturing into this subject is not to discuss the epidemic in detail but to discuss the epidemic in detail...

The epidemic of yellow fever in the Victoria Nile District is a serious one and it is essential that the Government should take steps to restrict the supply of pyrethrum...

**THIS YEAR'S FLU STARTS IN THE THROAT STOP IT THERE WITH MILTON**

**THE NEW MILTON**  
 Spray costs 3/6. 7/6 from your chemist.

Milton will guard your nose and throat from all infection—will reach and kill the germs of flu before they have a chance to pass back. This great germicide used as a gargle regularly will insure your freedom of voice for ever. (If it is difficult to gargle, use the Milton spray. It is particularly suitable for children).

**MEMBER—Milton is the one anti-septic that stops germs from reaching and killing the germs embedded in the throat and sterilizing the mucous membrane. Hospitals use it why not you?**

**MILTON**  
 THE ONE ANTISEPTIC THAT DISSOLVES MUCUS.

**Colombes and the War**  
 THE EDITOR, "E.A. Standard."  
 Sir—The Editor's note regarding the policy to be followed by the Government in the disposal of the surplus of the war is a very interesting one. It is a pity that the Government has not been able to do more for the war effort in the past. It is a pity that the Government has not been able to do more for the war effort in the past. **RAHANTALA KAHLE**  
 August 29, 1941.  
 To the Editor, "E.A. Standard."  
 Sir—With reference to the official report of the Commission of Enquiry into the 11th and 12th Regts. of the Indian Army, it is difficult indeed to reconcile the explanation in the 11th and 12th Regts. to the fact that they were not sent to the front. It is a pity that the Government has not been able to do more for the war effort in the past.

 The Editor, "E.A. Standard."  
 Sir—I am, very much obliged to Mr. Trenchard who has kindly and most graciously called my attention to the fact that the postage stamps of Kenya have been issued. It is a pity that the Government has not been able to do more for the war effort in the past.
