MORE TROOPS ARRIVE AS 'GATEWAY' FIGHT BEGINS

Expected to be in action soon

Chinese troops arrived in South Korea yesterday to bolster the United Nations' battered front line and to step the latest and most determined Communist thrust. The sign of the landing party have not been revealed, but it is known that the troops are first to the United States. They are expected to be in action in the gateway area. The reinforcements coincided with the news that China's "gateway" to the front, the

CRITICAL STAGE HAS NOW BEEN REACHED

Situation compared with B.E.F. in 1940

FROM the fighting front in Korea and from Tokyo—where so far communications have been unbroken—there came reports yesterday which indicated that a crisis is fast looming in the fortunes of the United Nations forces, now grappling with the Communists in the critical avalanche before a swampy complex the remaining one-quarter of the territory which once formed the South Korean Republic.

How Chinju was captured: full story

THE battle for Chinju—one of the most significant since invasion of South Korea—has been reported when the North Koreans dashed themselves at the defence position of the town late evening of the town and captured it. The town was captured after a heavy tank assault. The town was captured after a heavy tank assault. The town was captured after a heavy tank assault.

Vital battles

THE fighting front in Korea has advanced from the retreat—some 200 miles more than the Communist forces were expected to withdraw. By the time the retreating army had moved out of Chinju, Communist troops were moving on to the town and capturing it. The town was captured after a heavy tank assault.

MR. LOUW SATISFIED WITH HIS TRIP TO THE CONTINENT

MR. ERIC LOUW, the South African Minister of Economic Affairs, is back in London following his visit to the Continent during which he visited Holland, Denmark and Germany. In each of these countries he had talks with the Ministers of Commerce.

Now he has resumed his negotiations with British Ministers over a new agreement which is to cover payment of British exports to South Africa.

It had been more than six weeks with the results achieved on the Continent being the opportunity of explaining the Union's trade policy of the latter agreement, to discrimination and equal treatment to all countries within a general tariff system.

Mr. Louw stated that the discussions which took place on both continents and after his return he decided in favour of the new arrangement. "Commerce and satisfactory results have been secured," he said. "However we were relieved with the financial position and the interest was shown."

HUTTON AND COMPTON BOTH SCORE CENTURIES

Blow to Warwick's championship hopes

There was gratifying news for English cricket enthusiasts on Monday when two new bowlers, Len Hutton and Denis Compton, both made centuries in the first innings of the County Championship match between Warwick and Middlesex.

Compton, who was batting at number five, scored 100 runs in 112 minutes, his century being the first of his career. Hutton, who was batting at number four, also scored 100 runs in 112 minutes.

The Warwick batsmen were helped by a pitch which was in good condition. The Warwick bowlers were helped by a pitch which was in good condition.

Closing scores

Warwick 100 (Compton 100, Hutton 100). Middlesex 100 (Compton 100, Hutton 100).

The Trans-Nzoia Committee's costing basis for maize production

Figures presented to the Board of Agriculture

Members of the Trans-Nzoia Committee presented to the Board of Agriculture a full account of the costing basis for maize production. The committee, headed by Mr. J. P. M'Carthy, President of the Trans-Nzoia Farmers' Union, has been working on this project since the start of the year.

Membership

The Trans-Nzoia Maize Price Committee was established by the Board of Agriculture for the purpose of ascertaining the current rate of maize production in the district. The committee is composed of representatives from the Trans-Nzoia Farmers' Union, the Kenya Farmers' Association, and the Government.

Basis of costing

The costing basis for maize production is based on the following assumptions: 1. The cost of seed is 10 shillings per acre. 2. The cost of fertilizer is 10 shillings per acre. 3. The cost of labour is 10 shillings per acre. 4. The cost of other inputs is 10 shillings per acre.

Vetzyme VETERINARY YEAST FOR YOUR JOINERY REQUIREMENT

Vetzyme is essential for the stability of all deep-wood glue joints. It is a natural preservative that prevents wood-boring insects and other wood-destroying organisms from attacking the glue joints.

The highly fertile soils of the Trans-Nzoia area, the average yield of maize per acre is 100 bushels. The five years' average yield is 100 bushels per acre. The committee has found that the most profitable method of production is to use a combination of fertilizer and labour.

The estimates

The estimates for the production of maize in the Trans-Nzoia area are based on the following assumptions: 1. The cost of seed is 10 shillings per acre. 2. The cost of fertilizer is 10 shillings per acre. 3. The cost of labour is 10 shillings per acre. 4. The cost of other inputs is 10 shillings per acre.

Futures prices

The futures prices for maize in the Trans-Nzoia area are based on the following assumptions: 1. The cost of seed is 10 shillings per acre. 2. The cost of fertilizer is 10 shillings per acre. 3. The cost of labour is 10 shillings per acre. 4. The cost of other inputs is 10 shillings per acre.

Assembly-line soil analysis

The assembly-line soil analysis method is a new technique for determining the nutrient content of soil. It involves the use of a series of chemical tests to determine the levels of nitrogen, phosphorus, and potassium in the soil.

Medical charges

The medical charges for the Trans-Nzoia area are based on the following assumptions: 1. The cost of a consultation is 10 shillings. 2. The cost of a hospital stay is 10 shillings per day. 3. The cost of a surgical operation is 10 shillings.

HER MAJESTY THE QUEEN FIFTY TODAY

A gracious and regal figure who has endeared herself to her subjects all over the world, a firm believer in family life and, an interested patron of the arts.

The young Elizabeth, and now, she was taught to read and write by her mother, and the education continued by her governess.

The Lady Elizabeth's betrothal to the second son of King George V, King George VI, was announced in April 1922. She was married in April 1923.

The King and Queen lived in London throughout the war, often visiting home districts, wearing a red cross, and carrying out their duties as King and Queen. The King and Queen were seen in Plymouth where they toured the docks and the surrounding area. They are visiting to Warden T. Andrews and his wife and baby under the ruins of their bombed home.

His Majesty becomes a grandfather. The wedding marriage of the Queen's elder daughter, Princess Elizabeth, to Prince Philip Mountbatten, took place at St. Mark's Church, Alexandria, on 20th Nov. The Queen often has her presence to stay with her when Princess Elizabeth is in the city.

The last Royal garden party of the season

ELSA M. SANDERS' London letter, describes the fashion seen in the grounds of Buckingham Palace.

ALTHOUGH it ended early in the morning the afternoon was perfect for the last Royal Garden Party of the season.

Some of the most notable of the King's garden party was his wife, the Queen, who was seen in a dark blue dress and white hat, and looked very well, much as she has done in the past.

The Queen's dress was a dark blue, with a white collar and cuffs, and a white hat with a large bow. She was seen in the garden with the King, who was in a dark suit and a white shirt.

The King and Queen were seen in the garden with the Duke of York, who was in a dark suit and a white shirt. They were all seen in the garden with the Duke of York, who was in a dark suit and a white shirt.

BRITAIN'S PLANS TO REARM

Reaching high purpose of U.S. with new armaments from the people.

Government's rearmament plans, fulfilling Mr. Churchill's promise that Britain would match America's might in the field of armaments, will be set out in a White Paper this month. It is expected that Britain will be spending £2,000 million next year on armaments, and £3,000 million over the next five years. This is a doubling of the present outlay, and is in line with the policy of the United States. The White Paper will also set out the Government's policy on armaments, and will be followed by a series of speeches by Mr. Churchill and other Ministers.

M.P. resigns: Govt now has majority of 4

Mr. Raymond Blackwell, Labour M.P. for the North-East Division of Yorkshire, has resigned his seat in the House of Commons. This was announced in the House on August 1. Mr. Blackwell had been elected in 1951, but had not been re-elected in 1953. He had been a member of the Government since 1951.

Can Reds whip men like this?

WHEN news from Korea came of our losses, your indignation and anger were expressed in the columns of this paper. It is time we reviewed the gallantry of our men, and the courage and endurance of our soldiers, who have been fighting for us in the most difficult of circumstances. More will come. There is no doubt about it. The men who have been fighting for us in the most difficult of circumstances are the men who have been fighting for us in the most difficult of circumstances.

Treasure hunter reports progress

Mr. J. H. Harrison, a treasure hunter, has reported progress in his search for the treasure of the Pharaohs. He has discovered a number of ancient objects, including a gold mask and a silver vase. He has also discovered a number of ancient inscriptions, which he has translated. He has also discovered a number of ancient weapons, including a sword and a dagger.

Wider area probable for Atlantic Pact

There is a possibility that the Atlantic Pact will be extended to include a wider area. This is because of the increasing tensions in the world, and the need for a stronger alliance between the United States and Europe. It is expected that the pact will be extended to include the United Kingdom, France, and Italy.

Soldier's sentence is reduced

The sentence of a soldier who was convicted of a crime in the United States has been reduced. This is because of the fact that the soldier was a minor at the time of the crime, and because of the fact that the soldier had a good record before the crime. The sentence has been reduced from 10 years to 5 years.

Man's birthday

A man's birthday was celebrated in a most interesting way. The man was born on August 1, 1953, and his birthday was celebrated on August 1, 1953. This is because of the fact that the man was born on August 1, 1953, and his birthday was celebrated on August 1, 1953.

South Koreans Fight Back

Advocated 'not popular'

Best time is unified for first time in campaign

The South Korean forces—short on tanks but long on the number of Communist—angily withdrew to the front of their strongholds holding the last remnants on the line at Warang. It meant landing, long-contested area after the invaders and the loss of the northern, Communist, headquarters of the cover.

The great fact for the South Koreans was that they were not only fighting but also winning. They had not only held their ground but also advanced in some places. The Communist forces, on the other hand, were suffering from a lack of supplies and equipment. The South Koreans were now in a position to launch a counter-offensive at any time.

Why and tough

The American had many times before but the high ground was now being held by the South Koreans. The Communist forces were now in a position to launch a counter-offensive at any time.

UNION GROWS AS REDS LASH LAST BARRIER

There has been no material change in the main line of Communist activity for the past 48 hours. The information gleaned by American political intelligence sources, however, indicates that the Communist forces are now in a position to launch a counter-offensive at any time.

REPORTS OF RED MARCH ON TIBETAN BORDERS

Intervention by West is unlikely

According to unconfirmed reports reaching Hong Kong yesterday, the Chinese Communists have put into effect a threat made during the weekend by General Liu Po-Cheng, chairman of the South-West China Military Affairs Commission, who stated that an attack against Tibet was imminent. The Red Army is reported to have begun advancing towards the border of Tibet along two routes.

The first column, moving westward through mountainous Siang Province, is said to number 20,000 men under the command of General Po-Cheng, while the second column, pressing southward from Sining, numbers about 40,000.

Some people say we must not believe that intervention by the United States would have any effect on the situation in Tibet. The United States has not provided any military assistance to Tibet, and it is unlikely that it will do so in the future.

NAIROBI WATER SUPPLY OF THE FUTURE

A visit to the Naamur project

Standard Clock

FOR THE FIRST TIME in the history of the world, a clock has been designed which will not run down. It is a mechanical device which will run for ever and ever. The clock is made of a metal which is resistant to rust and is protected against the weather. It is a masterpiece of engineering and will be a great help to the blind.

THE Nairobi City Engineer (Mr. H. R. Bridger) is the Acting Chairman of the Water and Sewerage Committee. He was accompanied by Mr. H. Whipple and Mr. P. Reardon when they visited the Naamur project. The project is a water supply scheme for the Nairobi area. It involves the construction of a dam on the Naamur River and the laying of pipes to the city.

The dam, which was visited on Monday, will be a concrete dam 150 feet high. It will be built on the Naamur River, which is about 10 miles from Nairobi. The dam will be built by the Nairobi City Council. The project is a joint venture between the Nairobi City Council and the Government of Kenya.

Through the rock
 The dam site was chosen as the best of the alternatives. It is a site which is free from any major faults. The dam will be built on a solid rock base. This will ensure its stability and safety.

Two incamps
 Two labour camps for Africans and Indians are being set up. These camps will be used to house the workers on the Naamur project. They will be built on the Naamur Riverbank.

Up hill too
 The dam will be built on a hillside. This will require a lot of earthwork. The construction of the dam will involve a lot of digging and filling. It will be a major engineering project.

Shoaling elephants
 The project will also involve the construction of a road to the dam site. This road will be used to transport the equipment and materials for the project. It will be a major engineering project.

NO BIDS FOR LAND
Rift Valley offer is reiterated

but CONSTELLATIONS write a new page in the story of the skies

The accent may be French, but it's certainly an luxury when you fly Air France to Europe. Lockheed Constellations, now operating the weekly flights from Nairobi to Paris, give you extra comfort, extra speed and extra special service. Seating that you can't get elsewhere, impeccable service from highly trained stewards and hostesses plus a fine cuisine are blended in perfection by a choice of France's finest waiters and baguettes—these are the amenities of your one-stop Air France journey to Paris.

PRESSURISED & AIR CONDITIONED FOR HIGH FLYING Constellations cruise at sub-atmosphere altitudes. This thin upper air makes higher speeds and smoother flying conditions possible. Passengers have the benefit of pressurised and air conditioned cabins which produce the same conditions as are felt at low level. It's a new high in air travel—only Lockheed Constellation to Europe with Air France.

Air France Constellations leave Eastleigh, Nairobi, every Sunday at 3.30 p.m. arrive at Paris 9 a.m. on Monday. Quick connections for New York and London are waiting.

DOLLAR DEVALUATION: RUBBER AND TIN PRICES SOAR: UGANDA CONVERSION

Special cable to the "East African Standard" London, Saturday. Devaluation of the United States dollar in terms of gold has become the talking-point in financial circles. It is believed that the Korean war may perhaps be the immediate cause of this situation, to such an extent that the dollar gap will be wiped out and there will result in a reversal of the situation.

Few people seriously think that increased American defence expenditure will result in a United States deficit with the rest of the world. The complete devaluation of the dollar is not the end of the world. The loss of the dollar is not the end of the world. The loss of the dollar is not the end of the world. The loss of the dollar is not the end of the world.

THE INCOME TAX INQUIRY

Two economic defects in the present system in Britain

By RICHARD DENHAM

THE income tax inquiry has been set on foot by the Government in order to examine the economic defects in the present system in Britain. The inquiry is being conducted by the Committee on the Operation of the Income Tax, which was set up by the Government in 1947. The Committee has held several public hearings and has received many suggestions from the public. The inquiry is being conducted in order to examine the economic defects in the present system in Britain. Keep the Ball Rolling

THE SECRET OF LONG BEARING LIFE
But one thing will do it, a ball with the secret of long bearing life. As the ball rolls, it will slide at the point. Will it wear out and break? At the same time, it will roll on the surface, making it last for a long time. It will not wear out and break. It will not wear out and break.

"Tell me doctor..."

Can an antiseptic help in healing?"

Wounds heal of their own accord when they are kept free from the germs that cause septic infection. To keep wounds in the healthy condition for healing, surgeons have for years relied upon "Dettol". This ruthless destroyer of germs is non-poisonous, gentle and safe on human tissues. While it destroys the wound, "Dettol" leaves the living tissues undamaged to continue the natural processes of safe and rapid repair.

THE INCOME TAX INQUIRY

Two economic defects in the present system in Britain

by RICHARD DENHAM

THE Finance Bill which has just been introduced into the House of Commons has a number of important features which will affect the income tax system in Britain.

It is worth pointing out that the Finance Bill is not a tax Bill. It is a Bill which contains provisions for the raising of money by the Government, and for the payment of money to the public.

"Can't you get home sooner, Daddy?"
"Yes, dear - I'll fly at once!"
 Time and distance no longer need be barriers to happy family reunions and "hovers" at home. Regular flight schedules to 31 countries on all continents means that few journeys are too far or too long now. Flying is the most certain way to reach home. You fly without delay, swiftly and in comfort. Complimentary meals served en route; no tips or extras for ground-level attention and courtesy that reflect B.O.A.C.'s 51-year-old tradition of speedbird service and experience.
