Blew Fanfare on a Toy Trumpet

RE-UNION AFTER 46 YEARS

[STANDARD CORRESPONDENT] London, June 3. Four years ago, according to the Daily Express, a group of 100 boys left their parents in London...

On Friday the same four men visited their school, which they met by appointment at a luncheon at the Grosvenor Hotel...

They are Lord Vianin, of the 17th Lancers, Lord Francis Scott, an aide of the Division of Ordnance, Col. H. Davidson, of the Corps of Royal Engineers...

They were guests at the banquet of the Distinguished Old Boys of the Queen Victoria and Lord Vianin represented England, Lord Francis represented Scotland, Colonel H. Davidson represented Wales and Colonel J. Ferguson, Major-General Ferguson represented Ireland.

The boys were of 1891 and represented England, Scotland, Wales and Ireland. It occurred to them that they might dress in formal, colonial attire in one of the decorative drawings on the South wall, and with the Victoria and Queen Victoria as the centre.

Lord Vianin had to give a signal by hammering on a barrel. He happened to fall on one, and the ensuing fanfare was a rather mediocre performance.

ECLIPSE OF THE SUN

Conditions Described as Perfect

Reply, June 9. A feature of the observations of the longest total eclipse of the Sun for 1,235 years, which was observed by an expedition of American scientists at Canton Island, in the South Pacific, was a broadcast conversation arranged by the Daily Telegraph between Professor Alfred Fowler, the distinguished English astronomer, and Dr. Mitchell, the leader of the American expedition. The conditions for the Eclipse were described as perfect, with good prospects of valuable data being recorded. - British Official Wireless Service

KENYA'S PART IN BIG AIR DEFENCE PLAN

STORY OF GOVERNOR'S SPECIAL DUTY REVIVED

Imperial Conference Rumour

According to the London Press the Imperial Conference has been discussing the air defence of the Empire and the name of the Governor of Kenya, Air Chief Marshal Sir Robert Brooke-Popham, is prominently mentioned as one of the chief executives.

Below are given typical references air-mailed by the 'East African Standard': London correspondent.

British Press Reports

['STANDARD' CORRESPONDENT.]

London, By Air.—Kenya is again in the news, not as a centre of the world's attention but as a key position in a large-scale scheme of air defence.

Here is what the 'Sunday Dispatch' says (with map): 'An air defence scheme for the protection of the British Empire has been planned by the Imperial Conference.'

The strength of all existing overseas R.A.F. stations is to be maintained and new bases are to be established.

It is also planned to provide British personnel living on the continent of Europe with a special status similar to that of the British Commonwealth Forces in the Middle East.

Development of the plans has already begun. Air Chief Marshal Sir Robert Brooke-Popham, Governor of Kenya, is working on a scheme to provide an air defence force for Kenya.

The Dominions and Colonies Office is also working on the scheme. The 'Verbalist Post' takes up the Governor's importance as a future Air Force station, linking the

WEDDING MESSAGES

['STANDARD' CORRESPONDENT.] London, By Air.—The reverberations of the Duke and Duchess of Windsor's wedding have been heard for a time to disappear from the front page.

There was a last moment controversy about the Duke and Duchess's wedding. It is believed that the Duke and Duchess were to be married in a ceremony at the Duke's residence in London.

It is established that, in particular, the situation in the Dominions in Africa and the Middle East is being reviewed.

The Duke and Duchess's wedding has been a success. It is believed that the Duke and Duchess were to be married in a ceremony at the Duke's residence in London.

EARL BALDWIN REGRETS

A Last Look at the Commons

SEAT IN THE LORDS

Barley, June 9.

The ex-Prime Minister, whose new title was granted last night, as Lord Baldwin of Bewley and Viscount Cecil of Cereville, will take his seat in the House of Lords this afternoon. Viscount Samuel, formerly Sir Herbert Samuel, will take his seat in the House of Lords today.

Mr. Oliver Baldwin, the ex-Premier's son, who is a pro-Boer Labour candidate for Paisley, takes the title of Viscount Cecil—British Official Wireless Service.

London, June 9.

Amid traditional ceremonial Earl Baldwin of Bewley took his seat in the House of Lords today.

The House was well filled when the ex-Premier, who was sponsored by Lord Lansdowne and Lord Derby walked in procession looking somewhat uncomfortable on crimson robes. He was preceded by (later King of Amm) the Duke of Devonshire and the Lord Great Chamberlain. After taking the oath Earl Baldwin was led to one of the front benches, as a sign of his seniority as an Earl.

When he led at the end of the ceremony it was noticed that he gave a respectful glance at the group of members of the House of Commons who were seated on the steps of the Throne.

Later in the afternoon Sir Herbert Samuel took his seat as Viscount Samuel of Mount Carmel.

BIG GERMAN FIRE

Fatalities in Goods Station Blaze

Berlin, June 10.

At least four workmen were killed and many injured when fire broke out in the Goods Station at Halle, east of the most important railway junction in Germany. The whole of the large building and its contents were gutted.

NEW DESTROYERS

Launching Ceremony on the Tyne

Blyth, June 9.

Two destroyers, the "Ariad" and the "Carnack" were launched yesterday within seven minutes of each other at the Naval shipyard of Vickers Armstrong, at Walker-on-Tyne.

The vessels are armed with 4.7 inch gun, anti-aircraft guns and torpedo tubes. They are expected to be ready for commission by the end of the year.

The "Carnack" and "Ariad" have a displacement of 1,800 tons, and engines of 44,000 horse power, to develop a speed of 36 knots. They have a length of 225 feet, and a beam of 30 1/2 feet.

The "Veda," a minesweeper of 813 tons, was launched at Devonport dockyard yesterday.

The "Sengul," bar-miner ship, which is being built alongside will have the stocks shipped, and the "supplementary estimates last year," said British Official Wireless Service.

THE WEATHER

The following note on the weather was received yesterday from the Director of the East African Meteorological Service—

The only rain yesterday in Kenya was Timorua, 0.90 in. Nyet 0.02 in. Eldoret 0.04 in. Some light showers came in the Lake area, and on the Coast south of Mombasa.

Promises is rising again south of Malindi and traces are increasing. Westerly winds still blowing in 0.00 feet over the Kenya Highlands.

Weather will continue mainly fine with varying cloudiness during the day though some light rain may be expected especially on the Coast, but otherwise conditions should remain fair.

A mysterious abduction has caused the sudden death of seven women at Wharfedale Zoo. They were also found lying on the ground last morning. It is claimed by the Zoo officials that the death of a woman working against the overstocking of the Zoo, which was. They have known for some time that their work was to be in vain, and it is believed that the women died in the night, but the exact cause of the deaths is still unknown.

FROM WATERLOO BRIDGE

Nakuru's New Lamp Standard

Nakuru, June 9.

One of the original lamp standards from Waterloo Bridge has been sent to the Nakuru Municipal Board by the London County Council for the adornment of Nakuru. It is the only one in Africa.

The standard has been erected on the Donald Avenue end of the Lake Road island, and is fitted with a large lantern which was sent for specially. It is a replica of the original lantern and was made from the original drawings of the Bridge which are in the possession of the London County Council. The lantern is fitted with a 100 watt electric light and is proving of great use to Nakuru residents at a bright street light.

A stone plinth was made to receive the standard, and a brass plate is to be affixed around this work. The inscription, led and another, will be as follows: "Original lamp standard from Waterloo Bridge presented to the Municipal Board of Nakuru by the London County Council, 1947."

KENYA REGIMENT

Training of Up-Country Company

There appears to be some misconception regarding the prospects of anti-aircraft training that will be necessary for soldiers accepted for service in the up-country Company of the Kenya Regiment. The latter fact which will be required to obtain a training course for soldiers training such work in the past is undoubtedly a very great advantage to the training centre, but will be so arranged that volunteers can attend for instruction on the 10th June, and will be able to special additional five days course. Possibly a combination of these periods will be required, and it is expected that the training centre will be able to handle the training of these soldiers. It is explained by the Staff Officer of the Local Force Major Lord Stratheden and Campbell, that recruits will not be required to come to each week to their training centre for heavy training and drills.

Addis Ababa to Remain Capital

Reports that the capital of Abyssinia is to be transferred from Addis Ababa to another town are officially denied here. These reports are altogether unfounded, the consular states. The capital of the empire remains, and will continue to remain, at Addis Ababa. It was suggested recently that an Abba Ababa, situated at a height of 10,000 ft. was an ideal place for building another capital should be shown at a later date.

TWENTY YEARS OF GASTRIC TROUBLE

Warrant Brand Stomach Powder
Worked Wonders.
 Gastric trouble is no respecter of persons; it strikes equally at high and low, rich or poor. But **Warrant Brand Stomach Powder** gives equal benefit to all, regardless of their rank or station in life. Read this letter:
 "I have suffered from gastric trouble for quite twenty years and just got off" writes Mrs. L. A. Spira. "Having been in hospital many times for treatment and after being treated I was bound to keep strictly to my diet and to take a dose of Warrant Brand Stomach Powder. But I can tell you it is a fact that I need not touch bed."
 "I am mostly eating, and still get no relief" writes another who writes under my care in the future. "I have taken about four bottles up to now, and it has worked wonders for me. I intend to keep a bottle always in reserve and give a dose to sufferers who doubt its efficacy."
 Remember this—it was the Powder with the signature "ALEX. C. MACLEAN" that cured Mrs. L. A. Spira. Never sold loose. Also in Tablet form. If any difficulty in obtaining, write to: Messrs. H. & G. McGeorge, P.O. Box 26, N.Y.O.B.

LADIES vs. MEN CRICKET MATCH

Amusing Fixture at Nairobi

"Spartan" commentator [Nairobi, June 10] An amusing thing about cricket matches between ladies and men is that the men of the Nairobi Athletic Club was both protesting and the club members. Although each side went in with only six players, the club did not derive from the amusement and enjoyment of the game. Play commenced at 10 a.m. and continued until 4.30 p.m. A cold shower was provided for the players at the club, and after the match, tea was served. The scores were as follows:

I can now leave you in the good hands of WINCARNIS

Doctors and scores of the highest standing for you have recommended Wincarnis during the period of convalescence. Wincarnis is both a food and a tonic which provides and feeds the blood. A glass of Wincarnis taken regularly two or three times a day serves to renew your energy and vitality in a few days. Take Wincarnis, too, whenever you are tired, nervous or run down—also if you suffer from anaemia. If your blood is thin and weak, you have little power of resistance, and are open to the danger of serious illness. Wincarnis gives you vitality and builds healthy, new blood coming through your veins. Wincarnis, which has more than 20,000 recommendations from the medical profession, is specially prepared for this purpose. Be sure not to accept substitutes; they have not the same building-up properties.

LAST DEFENCES OF BILBAO PENETRATED CAPTURE OF CITY EXPECTED AT ANY TIME NOW

Fierce Fighting

TERRIFIC BOMBARDMENTS FROM LAND AND AIR

Following a two days' bombardment of some of the fiercest fighting of the war, it is believed that the fall of Bilbao cannot be delayed. Aeroplanes and artillery combined to make it possible for the insurgents to penetrate the last fortifications...

Basques Retire

Bilbao, June 12. The insurgents taking advantage of brilliantly fine weather, launched a general offensive against Bilbao yesterday.

"Iron Ring" Broken

After two days of the fiercest fighting of the war the insurgents are finally reported to have penetrated Bilbao's "iron ring". This consists of fortifications around the city for some miles from Bilbao along the coast...

No Further Outbreaks

The insurgent troops have smashed through the "iron ring" of Bilbao. The defence according to a correspondent of the Havre Agency has been broken by the Bilbao front. He says the troops have no further obstacles before them...

Woods on Fire

The bombardment lasted for hours and set fire to the woods over a distance of five miles behind the front. The flames, however, were contained within and made their way back towards Bilbao. Many civilian inhabitants of the town were killed when several heavy iron bombs fell in the centre of the village...

SECRETARY FOR INDIA IS SURPRISED

At Minister's Statement of a Speech

DESIRE FOR CO-OPERATION

Position of Ministers in the New Scheme. In a speech at Oxford last night the Secretary for India expressed surprise at the report from India of the consensus position he gave in the House of Lords...

Two Views

Lord Zetland contrasted two views of the nature of a Provincial Government under the Government of India Act. One regarded the functions of a Governor solely as that of a watching, concerned witness to any opportunity of thwarting Ministers. The other that the Governor and Ministers are performing a common task as an executive, and intend jointly to carry out and clearly define where the control being vested in Ministers. It was not second of these views which he had always cherished, and he was certain it was the true one.

Press Comment

Commenting on Lord Zetland's speech in the House of Lords, the "Daily Telegraph" says: "Nothing is more difficult to believe than that the Government should be so unenthusiastic about the new constitution. It is a great step forward for India and the British Empire."

A MUSICAL FEAST

Schubert' Romance Filmed

...that one film, comes to the screen, and stages, good acting, and charming story and careful editing, may be found in the new film, "The Unfinished Symphony," which is based on a romantic episode in the life of Franz Schubert, not long a reason for the admiration of one of the world's greatest symphonists ever written. Schubert for accuracy may be said to have been taken by the story, in order to make the picture more interesting, and to make the story more dramatic, the composer's name is changed to "Hans Janzy," and the name of the heroine is changed to "Marie Eggerth." The film is a beautiful picture, and is a very beautiful film. The music which Schubert wrote for the film is a masterpiece of the composer's lovely voice is in the "Romance" and "The Swan." The music of the "Waltz" and "The Waltz" is also very beautiful. The film is a masterpiece of the composer's lovely voice is in the "Romance" and "The Swan." The music of the "Waltz" and "The Waltz" is also very beautiful.

The Legion of the Lost

Convict turns Social Reformer

King of the Damned is a gripping story of a convict who, after a long term of imprisonment, emerges as a social reformer. The film is a masterpiece of the genre, and is a very beautiful film. The music which Schubert wrote for the film is a masterpiece of the composer's lovely voice is in the "Romance" and "The Swan." The music of the "Waltz" and "The Waltz" is also very beautiful.

CORRESPONDENCE

Tanganyika
The Editor, "E.A. Standard."
Sir—On the 19th May, last you published a piece of an article by Vincent Borthwick which appeared in the "London Daily Mail" of the 4th May, 1907, concerning the Government of the United Kingdom to consider the desirability of abolishing the "Tanganyika Protectorate." This article was widely read at the meeting held on the 2nd inst. together with the address of the President of this Association (Mr. W. G. Nicoll), who is at present in London, and addressed to the Editor of the "Daily Mail" regarding the "Tanganyika Protectorate."

In view of the publicity given to the views expressed by Lord Borthwick, my Representative, who the article all that he had to say should not be published, I am very glad to see that you have published the views of the "Daily Mail" in your issue of the 10th inst. I am sure that you will be glad to see that the views of the "Daily Mail" are not shared by the majority of the people of Tanganyika.

Another point overlooked by the "Daily Mail" is the fact that the Government of the United Kingdom have not yet decided to consider the desirability of abolishing the "Tanganyika Protectorate." It is only a question of time before the Government will be forced to do so.

A subsidiary point which is overlooked by the "Daily Mail" is the fact that the Government of the United Kingdom have not yet decided to consider the desirability of abolishing the "Tanganyika Protectorate." It is only a question of time before the Government will be forced to do so.

Yours faithfully,
Nairobi,
June 10, 1907.

Assassins flee when Police Chief gives chase

Jerusalem, June 13. An attempt to assassinate Mr. Roy Spicer, Inspector-General of the Palestine Police, was made to-day in the heart of Jerusalem.

The assassins are alleged to have been three Arab peasants who fired five revolver shots. The first hit the driver of the car in which Mr. Spicer was travelling.

Most people in Kenya remember Mr. R. G. B. Spicer who was Commissioner of Police in the Colony from 1922 until 1931, when he was appointed Commandant of Police in Palestine.

RESTRICTION PROBLEM OF EAST AFRICAN TEA AND SUGAR INDUSTRIES

East African Governors will meet in conference in Nairobi this morning. This is one of the series of meetings which followed from the recommendation of the Joint East African Committee on Common Union that periodical conferences should be held and which resulted in the establishment of a permanent organization known as the East African Governors Conference having its own Secretariat.

The Chairman of the session will be the Governor of Kenya, His Excellency Air Chief Marshal Sir Robert Brooke-Titman and there will also be present the Governor of Uganda, His Excellency Sir Philip Mitchell, the Acting Governor of Tanganyika, His Excellency Mr. H. C. D. U. Mackenzie-Kennedy and the Acting British Resident of Zanzibar, His Excellency Mr. R. B. MacElderry.

REORGANISATION OF LONDON OFFICE

There was some doubt yesterday as to whether the Acting Governor of Tanganyika would be able to attend the meeting. It is hoped that he will be able to attend the meeting.

READ THIS LETTER:

"I thought I should like to write and tell you what a lot of good your Bourn-vita has done for my little girl. She had whooping cough for six months and was a terrible wreck. I was told to start and start up on the same. I had done so and she had her up through the same and it had done me the world of good. So I decided to try the child on Bourn-vita and she was the same child. All my friends ask me what is doing her so much good. She is now happy and I'm sure she is getting over all that." Mrs. B.

GOVERNOR'S ADVICE TO INDIAN BOYS

(Continued from page 4.)

Mr. Maxwell referred to the fact that the Government was fully alive to the position regarding communication and the construction of the Indian Secondary School was about to be started, plans having been drawn and the money voted.

"I must congratulate the principal and staff on the good work they have done under conditions not altogether perfect," he said. "Only the officials things will be worth the doing, unless His Excellency and there is nothing to gain from making the work and simple tasks. He hoped that those pupils who were leaving and who would, he trusted, be successful in their careers, would remember how much they owed to those who had taught them, and to those who had provided additional accommodation. His Excellency pointed out that Government had to bear a big burden. There was a limit to what that could be expected to do and the amount of money that could be expected to spend on any one undertaking.

Regarding the value and nature of education, His Excellency said that education did not consist solely of what could be learned from books or from participation in games. Secondary school was there to be started, plans having been drawn and the money voted. Character could only be taught to a limited extent and most of the work in this direction had to be done by the pupils themselves. Much could be learned from games of various, especially athletic games such as cricket and football and from the Boy Scout training. "My experience in India," he said, "is that one of the most important points in character building is the acquisition of self-control. He advised that it was better to control themselves and then build up a degree of understanding and sympathy with others and confidence in the habit of working to the goal of the whole. "These things will be learned in all your book work and in your games and in your other work, but you must not lose your temper and get rattled; not quarrel daily in the school corridors. His Excellency concluded by again thanking the principal and staff and wishing all who had taught them and those who had helped them new life. He wished those who would shortly be leaving the school that they should be prepared to do the best they could.

Secondary School. Education was provided there as a first step which was placed on a certificate, which was regarded as a sort of talisman that would ensure the holder obtaining employment. It must be realized that the openings for clerical work in Kenya could only absorb a moderate percentage of pupils; many other found employment in their fathers' businesses and there were a few openings with the large banking houses and the more important commercial firms.

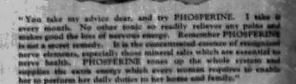

Regarding the local Civil Service there was a tendency to refer to the young Indians. This was not deliberate, but a question of economy, the higher posts which previously were occupied by Asians were now going to young Europeans and selected Africans were taking many of the junior positions. Mr. Steere suggested that there was a wide scope for activities. Indian athletes had played a prominent part in the building of the Halfway and many of the Colony's finest ballplayers and other sportsmen encouraged the African to do his best. He suggested that there was a prospect for a long time he should be able to compete with the skilled Indians there was a widening field in radio and other developments. The skilled craftsman the world over was respected and he contributed more to the general good of the community than a clerk.

Director of Education

In thanking His Excellency Mr. E. H. Morris, Director of Education, for his personal interest in the progress of all communication and what they could be achieved if his help and sympathy in teaching the questions involved in Indian education. Stressing the difficulties in regard to Indian education, Mr. Morris pointed out that in 1929 there were 2,500 pupils in Government Indian Schools and the number had now risen to nearly 3,000. The increase had occurred during one of the worst depression in the Colony's history and only as a result of the action of Mr. H. S. Bawa, who had instituted drastic economies, had it been possible to carry on. The loss of money had been very great due to Government's inability to provide it and in 1932, when the situation eased, they had got an increase of educational staff and it was hoped to see further help in next year's Estimates. Regarding Mr. Maxwell's remarks regarding teachers leaving the school Mr. Morris agreed that it was a serious problem and one worthy of the attention of the members of the Indian community and was not confined merely to students leaving the Indian

Millions of people who have sound, healthy teeth when they are children neglect them so badly that, by the time they grow up, many have to be extracted. They complain of the trouble, the pain, and the expense, but do not realize it is they themselves who are entirely to blame. You must clean your teeth thoroughly every day, because after each meal a film of bacteria is deposited, and particles of food lodge in the crevices. If they are not removed they decay and turn into poisons. Doctors and dentists recommend ODDOL Toothpaste because it is antiseptic. ODDOL not only removes the stains without damaging the enamel, but penetrates the crevices and dissolves the acids which form in the mouth. INSPECTION OF MEAT

To the Editor, "E.A. Standard." Sir—As it is well known that the Municipality endeavours to protect the health of the people by carrying out the Public Health Ordinance with reference to the inspection of meat for human consumption, it seems to me that it is very desirable that the General Public should be pointed to the purchase of meat outside the Municipality is very dangerous.

At the present juncture, although we believe on the Young leader and the usual, which has not been mentioned, is offered for sale by butchers who are situated in this vicinity.

All the present notices the purchase of animals, native and game, contained in the Kenyan Municipal Abattoirs, average for the four months ending April 30, 1907, are 1,197 oxen.

As the most offered for sale and sold in the Municipality is 50 percent of native cattle, it is interesting to note that the percentage of castrated native cattle is 25 percent, and therefore, purchase of such meat we believe is not safe.

In the interests of Public Health I would like to suggest that you, Sir, make an independent enquiry into these conditions. Yours etc. D. NEWMARK. Nairobi. June 11, 1907.

KEIKUU POSTAL GRIEVANCE

To the Editor, "E.A. Standard." Sir—The ad order in Keikuu has no doubt changed, yielding place to love, but in the case of the weekly letter box in the town (outside the P.O.) it has changed to the P.O. more than three times.

upon. The permit was getting after the fact and in some where there was no permit, I suppose since it will be able to fly and then it will leave the land tomorrow but is delighted to march and even the "bats" are terrified.

ISHAKS AND THE POLL TAX

To the Editor, "E.A. Standard." Sir—Kenya Colony is truly a queer land where humanity is divided into sections and sub-sections almost ad infinitum. To give only one example of this, one has to refer to the Non-Native Poll Tax Ordinance passed a few months ago.

In the Ordinance, apart from the Native tribes which have been sub-divided into sections for the purpose of the voting count payable on Native Poll Tax, the Non-Native community has been divided into three groups, viz. Europeans, Asiatics and other Non-Natives. Asiatics and other Non-Natives were a national poll tax of \$1 per head for all Natives aged 18 years and over has been increased to \$10, \$10, \$10 and \$10 for Europeans, Asiatics and other Non-Natives respectively.

At the worst, humanity would be only divided into three groups, viz. this Colony, i.e. Europeans, Asiatics and Native. In the category of "Other Non-Natives" Arabs and Somalis have been included and they take strong objection having allowed their third class status under Non-Natives. They would rather pay a tax of \$10, \$10, \$10 and \$10 per head and avoid a third class status.

Especially the British Community who are usually taxed as Somalis, strongly object to this differentiation as they are proved beyond doubt that they are British.

Ice Cream at School

From there we can get another great reason for thinking one's schoolmaster the biggest fool of his generation. The Ice Cream Association is going to suggest to the Minister of Health a scheme for distributing ice cream instead of milk during school hours.

Tired? -not at all!

I'm taking Sanatogen

"I have found Sanatogen really marvellous. Under the trying conditions one has to live in, this country, Sanatogen is a boon to those who are overworked."

Weakness, listlessness and fatigue will soon disappear after a short course of Sanatogen. Thousands of thousands of grateful Sanatogen users in all the world know from experience the wonderful and strength giving qualities of this famous food tonic.

And, therefore, take Sanatogen regularly for a few weeks two or three times a year.

"A building-up process goes on in the nervous system of the Sanatogen user."

Buy a bottle of Sanatogen at once and you will soon enjoy new health and energy.

Nakuru's Visit to Eldoret

Home Club Have A Field Day

[FROM A CORRESPONDENT] Nakuru, June 10. On Saturday last the recently formed Nakuru Hockey team made their first visit to Eldoret where they played an impressive game on the top of their form, and the visitors being weakened by a defeat of 35 points to nil.

With almost complete possession of the ball from start to finish the Eldoret backs had a field day. Holden, at scrum half, never failed to get the ball away cleanly, and John was at liberty to play his tricks at will.

Individual Efforts Eldoret established their supremacy in their opponents' half from the start and within a few minutes a drop kick by Nakuru was met by a counter-attack by the visitors.

NATIONAL FITNESS AND BOYSCOUTS

Statement by Sir James Crichlow-Brown AT ANNUAL MEETING

Presiding at the fourth annual general meeting of Robert Baden-Powell's Scouts Association in London, the Lord Mayor of London, said that the company was formed, and not only did they always win the distinction on the Programme and Ordinary shows, but they had never missed paying a dividend on the Delphic scheme.

Sir James Crichlow-Brown, M.P., M.L.D., F.R.S., spoke in the usual way. He had played in connection with the epidemic of influenza which had recently visited the country. The epidemic, although said to have been of a mild character, still had a deadly lethality behind it.

There was no known cause for the influenza, and the only official way of dealing with it was to obtain the virus and to have it in the way of the introduction of a well-ventilated body and a cold and defiant mind. It was, Sir James said, the vital suggestion that Robert was so helpful not only against influenza but against other epidemics. Robert contributed to the national fitness and health of the country. He had found no more of late. It was used a body-builder and he might say that Robert's recommendation proved incontrovertibly by experiments on rats, but he had no objection that Robert had an adequate singular power of increasing the

Don't risk failures with doubtful baking powder

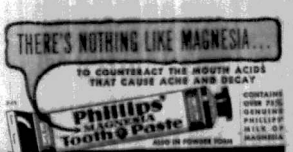

IT IS foolish to take chances with poor-quality baking powder when you need only 2 or 3 teaspoons to make a big cake. Especially when dependable Royal costs so little. This famous baking powder has been the standard of fine quality for over 65 years. Made cross-grained—cakes are business can serve with pride!

Get a tin of Royal today and try some of the delicious recipes in the Royal Cook Book. And remember to insist on genuine Royal Baking Powder.

Gas

A COUPON OF INSTRUCTION

To the Editor, "E. A. Standard."
As many of the large applications for gas in Nairobi are still in the hands of the Municipal Council for their support and assistance, and I should like to thank the Commissioner of Police (Mr. Cavendish) who is the St. John's Ambulance Association's District Superintendent for Kenya District for his valuable cooperation with the British Red X Society.

I understand that a large contingent of European Police Officers will attend this course of lectures, and it is difficult for me to express sufficiently my appreciation of the co-operation of the St. John's Ambulance Brigade with the British Red X Society, as in a small community such as that of Kenya, it is of the utmost importance.

In conclusion, I would like to say that similar arrangements as regards lectures can be made for Scotch, Girl Guides, and Boy Scouts, but it will be advisable in the case of these two Associations that officers and seniors

road and did some more 'downing'.

Now one is entitled to ask some questions: Does the P.W.D. keep records of the road and other details? Do they do a responsible person study the road during the rainy season and then take the necessary repairs? Last year there was only one bad spot on the road from Nairobi to Mombasa, but last year there were several spots to play about in. How many miles have been done? If the road is in such a state, is it possible for the P.W.D. to have more men or more money which, if not there, has to be raised by some other means? I will cheer the heart of the P.W.D. before they start these more tasks. If better than a story.

A road foreman, sleeping in the tent, was awakened by his servant, taking into there was a 'leak' in his tent. But that, too well, he told the boy to stop the water in.

The water, dried morning.

The visitor: Don't you know I am? ...

Well, you are a d-d block! I am just a road foreman.

THE LAYMAN AND THE LAW

To the Editor, "E. A. Standard."
In your issue of June 13 (Weekly Edition) there are extracts taken from the Overseas News.

Mr. Alister Howard, Esq., Chief Justice of Tanganyika, recently made a statement to the effect that the Bishop Commission, composed of members of King, appointed to East Africa, after careful search found a case which had been squandered on what was merely a technicality.

The learned and worthy gentleman cannot have been taking the right direction, otherwise they would have noted and employed on the Sultanate case, which is an outstanding example.

I was sent down from Mombasa from the European Association to explain into this case, and this case was officially given to me

IMPERIAL CONFERENCE AGREEMENT

"ARMS FOR DEFENCE, BUT NO AGGRESSION"

Disarmament Desirable

EMPIRE COUNTRIES READY TO CO-OPERATE WITH OTHER COUNTRIES ON TRADE PROBLEMS

Close agreement on a number of general propositions is announced in a summary of the proceedings of the Imperial Conference, issued after the close of the final session.

The conclusions included the following:

FOREIGN POLICY: Empire armaments will never be used for aggression.

ARMS LIMITATION: Disarmament negotiations should be reopened at a favourable opportunity.

DEFENCE: The programme adopted by members of the Commonwealth are not more than sufficient for defence and the fulfilment of obligations.

ECONOMIC PROBLEMS: Empire countries are ready to co-operate with other nations.

POLITICS: While the Empire is firmly attached to democracy, difference of political creeds should be no obstacle to friendly relations between Governments.

Delegates' Satisfaction

London, June 15. At the final session of the Conference today a resolution moved by Mr. Neville Chamberlain expressed trust that the work which had been accomplished might prove of lasting benefit to the countries of the Commonwealth.

Mr. Mackenzie King (Canada) and those had been in the previous Conference on the subject of the desirability of a full statement of views of the Governments. This had only contributed to a better understanding of each other and was hit to the attainment of a solid workable basis of co-operation.

civil life throughout the world. He had never attended a conference at which leaders had been more directed towards achieving the best for the Commonwealth and the world at large.

Trade Barriers

Trade Barriers. The Conference discussed the economic problems of the Commonwealth and other nations in connection with their mutual trade barriers and other obstacles to the improvement of the general standard of living.

Key members of the Conference, including the Prime Minister of the United Kingdom, registered their view that differences of political creed should be no obstacle to friendly relations between Governments and non-Governmental organisations.

Arms Limitation

A statement on defence aims of the Commonwealth was made by the Prime Minister of the United Kingdom. He stated that the Commonwealth was not in favour of arms races and that it was in favour of disarmament.

It was recognized that the maintenance of peace in the world depended on the co-operation of all nations.

Shippers

The Conference noted the great importance of the shipping industry to the Commonwealth and other nations.

The Conference observed that the shipping industry was a vital part of the Commonwealth's economy.

Colonial Affairs

A summary of colonial affairs was presented to the Conference. The Prime Minister of the United Kingdom stated that the Commonwealth was committed to the advancement of its member states.

Commonwealth

The Prime Minister of the United Kingdom stated that the Commonwealth was a unique and valuable institution.

Regional Points

A care-free, HAPPY LIFE depends upon GOOD HEALTH

"My whole family has benefited so much by the use of Kalzana that I only wish more would give it a trial."

Mineral starvation is the cause of many troubles: children are often pale, irritable and handicapped by a slow development of bones and weak teeth; women suffer from irregular periods, pain and headaches; men are dizzy and tired after a hard day's work.

Kalzana - the mineral food for better health - supplies the necessary minerals to the cells of the muscles, blood, and nerves. By doing so, it strengthens the whole organism and increases its power of resistance in cases of illness and weakness. Good health is the best guarantee of happiness for the whole family.

ANSWER TO E. A. P. L. RATES CRITICISM

RECORD OF REDUCTIONS DURING PAST 11 YEARS

Annual Meeting Statement

Steady progress during 1956 was reported at the 15th annual general meeting of the East African Power and Lighting Company Limited. The company's record of tariff reductions over the last 11 years, was submitted by the deputy chairman, a very satisfactory answer to any criticism of their rates policy.

Developments in Uganda

Mr. Maxwell Maxwell, I.D.R., both in scale of units and in revenue. The plans in the Mombasa Station, operated satisfactorily during the year. "The position as regards developments has remained practically unchanged and in the opinion of year reports does not warrant the Company undertaking any major developments there."

Low Rates

The lower yield per unit is the result of careful consideration given by the directors to tariffs. The rates offering low unit rates have not been made available in other areas as an alternative to the higher charges under the existing tariffs.

EAST AFRICAN TRADERS Varied Agents at Monthly Meeting

DUTY ON SAMPLES

It was stated at Tuesday's monthly meeting of the East African Traders' Association that the Association's efforts to reach a general agreement with retailers as to the selling price of proprietary articles was progressing but that some fluctuations in overseas wholesale prices made it difficult.

The meeting, over which Mr. Ford presided, welcomed the recently published Ship Hours Amendment Ordinance which empowers the Government to make recommendations made by the Association on the question of closing hours on the coast for one or two points which the Management Committee would bring to the notice of the relevant Commission, according to which Major Cavendish has told the meeting, would be appointed on the commanding staff.

Arising out of correspondence which, stated the Secretary, Mr. D. K. Nyanaka, had passed between the Nairobi Chamber of Commerce and the Postmaster General, the meeting learned that the question of cheaper telephones for the small business class is being kept under review by the Postmaster General and there was possibility of a rental charge of the 100 paise a charge of ten cents a call.

Whether or not the composition of the Government Tender Board was entirely satisfactory from the trader's point of view was also discussed, the view being expressed by one member that there would be an advantage to the Kenya if special lists were consulted, when necessary, to similar tenders and replies. After some delay the subject left to the Management Committee to take into consideration and to bring the matter forward again at a later meeting.

Post Office and Samples

Manufacturers' representative present at the meeting were particularly concerned with the item "Duty on samples" which appeared on the agenda.

This is a problem which has exercised the members of the Management Committee for a long time and it appeared from the discussion that the difficulty arising out of the interpretation placed by the Postmaster on "samples of no commercial value" which exempts travellers' samples from payment of duty.

It was not always properly applied, with the result that manufacturers' representatives had to pay duty on what are really samples of no commercial value, plus duty on the postage on such articles.

Finally the meeting decided to ask the Management Committee to continue their efforts to obtain samples of the goods, and manufacturers' representatives who cannot recover their cost for the sole purpose of circulating for sale, should really had no commercial value.

The Secretary informed the meeting that he would be placing in the Trades Magazine certain explanations of the Income Tax Ordinance which he believed would be of use to members.

COFFEE AND SISAL MIGRATING STORKS CORONATION DAY APPEAL

How Many Remained in E. Africa?

The Hamilton Bird Migration Observatory, East Prussia, is worried about East Prussia's storks. About 25,000 have not returned from their winter migration.

The following letter from the Observatory has been forwarded to the Kenya Consulate in Berlin:

"Up to this day only a pair of White Storks has arrived in East Prussia. The beginning of April is the normal time of arrival and it is very doubtful if storks will still come. At 18,000 pairs, they had been breeding in East Prussia in 1924 (1925) and 1926 there were not less than 12,000 pairs. In 1927 only 1,000 pairs have returned instead of 18,000 breeding storks.

"Where are the other storks staying? We should be glad to hear of your observations.

"Did you observe any particular in wintering or migrating in the past months? Did you see less or more White Storks than in former years? Did you see your acquaintance find a dead stork? How do you hear that in the last winter many storks were dying by eating poisoned grass-hoppers as it is said in newspapers?

"We are very much interested in receiving exact information for you, though, but please do not allow attention to mixed topics."

Stomach Pains That "Cut Like a Knife"

Mr. J. F. S. was going cheerfully about his daily work when he suddenly struck with stomach trouble that required weeks of medical attention. How he was eventually cured is best told by himself:

"For a few lines in my what great benefit I have realized from your grand preparation," he writes. "I had a sudden attack of stomach trouble and was under the doctor for a month with hardly any benefit, although the medicine was changed three times."

"Sometimes I had taken only half my dinner and had to walk about my room, the pain was so dreadful, like a knife cutting me. It had or cold drink would cause agony."

"Having read about the cure offered by Maclean Brand Stomach Powder, I got a bottle, and after taking three doses got relief. Before I had taken half the bottle I was cured and had called no attention to my stomach. My preparation to suffering friends."
