INDIAN "PENETRATION" CONTROVERSY IN SOUTH AFRICA Subject Of Diplomatic Exchanges

From a Correspondent Pretoria, April 25.—(Special)—The Government of India and the Union Government on the question of the proposed legislation with regard to the acquisition and settlement of land in Natal and the Transvaal provinces by Indians are engaged in taking place. How far they have gone or their spirit to proceed they will tell us in the next few days.

considerable amount of money that is now reaching a stream of employment. Many Indians, however, are not satisfied with the present situation and are endeavoring to improve their position in various ways.

The Government has accepted the views of the Indian community and has decided on a program of legislation to be introduced in the Natal and Transvaal Provinces. The National Legislative Council has approved the bill.

It is not clear whether the Indian community is satisfied with the proposed legislation. It is likely that there will be further exchanges of views between the two governments.

The bill is expected to be introduced in the Natal and Transvaal Provinces in the near future. It is likely that it will be passed by the respective legislatures.

WAR-TIME FOOD FACTORIES

The Government has recently permitted the Nairobi Chamber of Commerce to comment draft Rules relating to the better control of the manufacturing and packing of food. The Nairobi Chamber of Commerce has also received a report of a Sub-Committee thereon, that has recommended approval of their intention though recommending that there should be "liberally" interpreted. It was also pointed out during the discussion that there might be difficulty under war conditions in reaching and maintaining the standards set by the Rules in respect of premises, plants and equipment, because it is by no means easy to present to obtain the necessary clearances. The Nairobi Town Council has also approved given general approval to the fact that bodies have made some recommendations.

The Rules are prepared by the Colonial Medical Department and are intended to be enforced by the Ministry of Health under the legislation affecting the standards and control of manufacturing and marketing of foodstuffs for providing for proper control of the distribution and processes. No provision is made for any one who has read or in a recent month the details revealed in a number of Court cases which show details that such legislation is urgently needed in East Africa. There have been a number of circumstances surrounding the manufacture of articles of food which have attracted public condemnation, and the laws and regulations that are required to control the manufacture and place of manufacture must be given.

THIKA-RURI MAKE DISTRICT CONTRIBUTION

£ 8,704

The District Commissioner, Thika, is setting an excellent example to his fellow District Commissioners throughout East Africa. Not so long ago we had a lengthy list of subscribers to the Thika District Contribution and in the collection from Indian Traders and others who had sent through him and in collected from Thika, Ruri and district, this time from the European residents—

more than 200.

And here are two tributes paid to the Royal Air Force by subscribers to the Fund:

- 1 - one dozen cheques for the R.A.F. Fund as a thank offering for the safety of my family in England during the Battle of Britain, and in hope that the British Airforce will take me home to my home.**
- 2 - I have much pleasure in sending herewith a cheque from my husband and myself. Our son is in the R.A.F. — and it happens to be his 21st birthday.**
- Have You yet sent that cheque you have been intending to send?
- Cheques should be made payable to **R.A.F. BENEVOLENT FUND** and addressed to:

Accident impossible.
 It is impossible for a motorist to be involved in an accident when he is proceeding through the narrow streets of the town of Thika, Ruri, and district, where the traffic is so dense and the roads are so narrow.

Trifle does.
 The Government has decided to grant a small amount of money to the people of Thika, Ruri, and district, to help them to build a new school building.

Glorious 8th Army: Secret Of Its Success

The success of the 8th Army in the Italian Campaign is due to a number of factors. One of the main reasons is the superior leadership of General Sir Harold Alexander. He has been able to coordinate the efforts of the British, American, and Canadian forces, and has been able to achieve a number of important victories. Another reason is the superior equipment of the 8th Army. The British, American, and Canadian forces are equipped with the best weapons and equipment available.

TUNISIA: German Attacks On 1st Army Repulsed With Heavy Losses

GERMANY BOARDED FROM EAST AND WEST. ALL GAINS BY 8TH ARMY FIRMLY HELD.

General Eisenhower's 1st Army has repulsed a series of German attacks on its front line in Tunisia. The German forces have suffered heavy losses in men and equipment.

The 8th Army, under the command of General Patton, has held its gains firmly. The German forces have been unable to break through the Allied lines.

The British Commonwealth forces have also played a significant role in the defense of the 1st Army. Their actions have been crucial in repulsing the German attacks.

The German forces have been unable to achieve their objectives in Tunisia. The Allied forces have maintained their positions and are now preparing for a counter-offensive.

BRITISH-ISRAEL NOTE

A CALL FOR A DECISION
The Church of the Province of South Africa has published a special statement regarding the special relationship between the British Empire and the State of Israel.

The statement says that the House of Bishops before the special meeting of the Synod of the Church of the Province of South Africa, has published a special statement regarding the special relationship between the British Empire and the State of Israel.

Among other things the House of Bishops has stated that the House of Bishops of the Church of the Province of South Africa has published a special statement regarding the special relationship between the British Empire and the State of Israel.

Not that all for these, evidence cannot stand, itself that houses divided and itself that houses divided and itself that houses divided.

The House of Bishops in a statement published in the "South African Churchman" has expressed its views on the special relationship between the British Empire and the State of Israel.

Post-War Employment And Training

At the end of 1941, states a Kenya Information Office, a number of arrangements were made by the Government of Kenya with the Naval, Military and Air Force authorities for the time by those authorities of a Commission to European members of the Majesty's Forces in East Africa who are not, mainly resident in Kenya or who wish to settle in the Colony after the war. This Commission was directed to obtain information on Kenya or other parts of the Colony of British subjects of the post-war period, who wish to obtain employment on demobilisation of European men and women serving with the Forces or engaged in other forms of war work.

There is reason to believe that some of the persons concerned have not received questionnaire forms and persons are directed to obtain forms and return them to the Commission. Forms should be returned to the Commission at the office of the Director of the Kenya Information Office, Nairobi.

It is suggested that parents and guardians in Kenya of persons who have joined the Forces should confirm from such persons that questionnaire forms have been duly completed.

BREAD DISPLAY

More than 7,000 national loaves were sent from an oven in Britain to compete in a bread display organized by the National Association of Master Bakers in London recently. Twenty-five medals were awarded for the best quality national loaves, and diplomas signed by Lord Woolton-Britain's Food Minister went to the next hundred in order of merit.

All the bread was baked at least five days before the exhibition to provide a test of its keeping quality, and afterwards was used for flourage making.

This picture shows some of the judges examining and testing loaves.

Where Governors Come From

[STANDARD'S CORRESPONDENT]

London.
The Colonial Secretary, Colonial States, made a short statement to the House of Commons on the subject of the appointment of Governors of the Colonies.

The Hon. R. W. Stevenson (Lab.) asked the Secretary of State for the Colonies, upon what criteria the number of Governors has been appointed during the past few years and why there has been a reduction in the Colonial Secretary's office.

RHEUMATISM?

Not For 20 Years! Think! It's so simple! Now at the highest step of ache or pain I gently apply a little SLOAN'S. As momentary comforting warmth, bringing to the painful tissues a flood of purified blood, in a few moments the pain ceases—creaky joints and painful muscles become supple and supple again.

SLOAN'S LINIMENT

Uganda's Food Aid To Kenya: Position Hopeful

[STANDARD'S CORRESPONDENT]

PAINTS

The Board of Trade and Ministry of Supply have indicated that future exports of paint from Britain will be severely restricted, and it is accordingly necessary that the most stringent economy in the use of paint of all descriptions should be exercised. Future supplies will be restricted to minimum quantities for utilitarian types and colours only, and will be covered by the following:

Priority "B" Orders for Colonial States Services, transport, utility, utility undertakings and essential war services.

Priority "C" Orders which do not require for their issue any supporting evidence must be furnished when applying for Import Licences.

Personally Speaking.

Women in whom Kerya is very much interested are well-to-do. In the latest programme sent for circulation, Kerya writes: "The first thing I should mention is that I am particularly interested in those who write just below the population of the United States. In this respect I am particularly interested in those who write just below the population of the United States."

Of the writer, the paper says: "The writer is a British woman who writes for the women's pages of the paper. She has written for the paper for several years and has a reputation for her clear and concise writing."

GOVERNOR OF TANGANYIKA'S REVIEW OF THE PROVINCES

Must Plan Now For African Postwar Readjustments

IMPRESSIONS of his recently completed tour of the Northern, Lake and Central Provinces, of the present food situation and future prospects in Tanganyika Territory were given by His Excellency the Governor, Sir Wilfrid Jackson, in an interview with our Tanganyika correspondent. His Excellency's itinerary was a comprehensive one, covering not only the principal centres in the three Provinces, but also a number of the more remote stations.

The primary object of his tour was to investigate the causes of the food shortage and the progress of measures taken to meet the situation. Sir Wilfrid expressed deep interest in the problem and was particularly concerned to get to the bottom of the matter. He was particularly interested in the situation in the more remote areas, where the shortage is most acute. He was particularly interested in the situation in the more remote areas, where the shortage is most acute.

Under the present conditions, many Africans had to content with a diet of home-grown maize and a few vegetables. It was however, the object of Government to encourage a more varied diet. The Governor was particularly interested in the situation in the more remote areas, where the shortage is most acute.

The problem of providing food for the masses is a most serious one in the two questions of high price and the current reluctance of the... The Governor was particularly interested in the situation in the more remote areas, where the shortage is most acute.
