LONGER DEFENCE  
FOR HONGKONG  
Cultivator of Far East  
WILL SOON SEND FIRST  
REINFORCEMENT OF ALL ARMS

It is substantially to reinforce her land, sea, and air forces being long as a Prime Minister's title told the Commons. "It is still valuable work for Britain to do," said the Defence Minister. "I have endeavored to avoid being involved in the Chinese mainland; we are no less resolved in our regard for the territory which we hold direct."

The 1st Battalion of the Royal Regiment will sail next Wednesday, to be followed by a Field Regiment of the Royal Artillery, a Field Squadron of the Royal Engineers, and a Squadron of the Royal Signals. The 2nd Brigade Group of the Royal Armoured Corps will be sent to strengthen the air squadrons and the Royal Engineers, and if necessary, an aircraft carrier.

Mr. Louis intervened before the Indian delegation began to outline its case and, in a 600-word statement on juridical questions, challenged the right of either the General Assembly or the Political Committee to entertain the Indian complaint.

"This is the first time the question of international law, as contemplated under the Charter provision relating to the jurisdiction of the United Nations, has been raised in an entirely separate issue. As a result, the fact that it was joined with UNO 'debarred'."

The subject of the Indian complaint, as asserted, is essentially the United Nations' jurisdiction over the Chinese mainland. He argued, in taking a categorical exception of the Indian Government's Charter, expressly excludes intervention by a third party to a matter which is essentially within the domestic jurisdiction of the State. This discussion and the matter of the Chinese mainland is not only to South Africa, but to the entire world.

Mr. Louis stated that when the Indian complaint was heard in 1949 and 1950, the Security Council proceeded on the assumption that it was a dispute between India and the Government of the United Kingdom, and a mere assumption could not be made that it was a dispute between India and the Government of the United Kingdom.

## S. REMONDISA CHALLENGED BY UNION 'Cannot entertain Indian complaint'

ALTHOUGH the British Colonial Secretary, Mr. Arthur Creech Jones, has insisted there is to be no change of policy on the question of Hong Kong, while people there are harbouring bitter feelings over statements he made in Salisbury, the Secretary has insisted that the British Government will not be bound by the South African policy. The Secretary stated that the British Government will not be bound by the South African policy.

Calling Mr. Jay Wisniewski, leader of the Polish delegation, to the British Government, to an international conference, Mr. Creech Jones said that there was to be no alteration of existing policy. He stated that the British Government will not be bound by the South African policy.

## AIRLIFT IS CARRYING ON MEANTIME France is guarded about Russia

Mr. Bevin, the British Foreign Secretary, told the House of Commons that he had met on May 11 with the Foreign Ministers of the United States, France and Canada. He said that the British Government would not be bound by the South African policy.

## SUPPORT OF EUROPEAN TO TANGANYIKA Kenya delegation against UNO policy

SUPPORT of European sentiment in Tanganyika was shown by the British UNO conference in Nairobi yesterday afternoon, when delegates from 16 nations who have signed the Statute of Europe, met to discuss the policy of placing Tanganyika under the United Nations.

# GERMANS APPEAL CONSTITUTION

## Delaying action fails to bent on settling Europe with a couple of hundred years

It is difficult to come to an agreement in western Germany as to all the steps to be taken to settle the Government of the United States, British and French Governments, to ratify the West German Federal Republic. A new constitution document which represents the German people was voted through the Council at Bonn by 55 yeas to 22 exactly four months ago. It was signed by the German High Command and the unrepresented German people. The German Communist members of the Council were among the opposition and made a motion to delay the ratification of the constitution by the German Government.

The details of basic law that the Council left for the German people to decide. The Council left the details of the basic law of the Republic for the later decision of the German people. The Council created a World War I, but while the Germans want a black cross lined with gold on a red background, the others prefer horizontal stripes and a black cross with a white cross in the center.

It is added that the people of Europe themselves should not be overdone, and that in the difficult task of settling the German Government, the German people should be fully alive to their grave responsibilities. The German people should be fully alive to their grave responsibilities. The German people should be fully alive to their grave responsibilities.

# MATCH YOUR

Research into best for best weekend ahead

**NEW ZEALAND** was scheduled for the first match of the tour to New Zealand on Tuesday, June 23, at 10.30 a.m. The match was to be played at the University of Canterbury, Christchurch, between the touring party and the local team.

## Two more sizes

Two more sizes by Howard Green, the first of 20 sizes and the second of 20 sizes to 22 1/2 inches to 23 1/2 inches to give the County last week 2 hours in which to get 200 runs or less.

## Brick batting

Red and Green left early for South batting for 11 hours all day. The first of the batsmen were W. S. Wallace and Ruff, continuing the routine of brick and the runs left with the score at 203. By the declaration, Smith had made 100. The wicket was firm and by the weather, the batsmen began their second innings and they were nearly always striking for runs against steady bowling and a few runs were made. The batsmen were Worcester and started fairly well and added 45 to 60 minutes. Cooper was stopped by Morner after 15 runs.

## Yorkshire start with a win

OF the six first-class county championship matches just completed, three resulted in a win. Yorkshire, Warwickshire and Somerset these were drawn. In the first match, Yorkshire started with a win. ## Time to spare

But let me take 160 runs to win in 20 hours, respectively. The County scored 100 runs in the first innings and 110 in the second.
