How to keep your skin lively and new soap as well

You can keep your complexion bright and your skin as well, simply by using this new soap.

First, wash the hands, on the Lux Toilet Soap. Then, wash the face, with a few drops and gently massage the skin, working upwards to each corner. Then, wash the hair, with the same soap. Then, wash the neck, with the same soap. Then, wash the body, with the same soap. Then, wash the feet, with the same soap.

EXPERIENCE

More than fifty years' experience in the preparation of pharmaceutical and toilet products have made the same Boon a household word for countless people.

This experience, coupled with strict ethical codes of manufacturing, is your safeguard. When you ask for a Boon preparation by name you are assured that it conforms to a traditionally high standard of purity and quality.

POST-WAR RECONSTRUCTION IN EAST AFRICA

Vocational Training Of Africans

THIS article on Vocational Training of Africans is the first in a series of articles on the subject of post-war reconstruction in East Africa. It discusses the need for vocational training to equip Africans with the skills necessary for the reconstruction of their countries.

The African has proved himself capable of the highest standards of education and training. He has shown a keen interest in learning and a determination to improve himself. Vocational training is essential for his development and the progress of his country.

The provision of training equipment in East Africa is a major task. It requires the importation of machinery and the establishment of training centers. The Government and the private sector must work together to meet this need.

The success of vocational training depends on the quality of the training equipment and the skill of the instructors. It is essential to invest in modern equipment and to provide ongoing training for the staff.

Verve more consideration is the absence of any early indication of the promotion of a member for Commerce at the recent meeting of the Executive Council at Nakuru.

At the present time we have an over-worked Financial Secretary who is also responsible for a multiplicity of problems connected with the Government's financial position. In addition to taking over from Mr. Terence the responsibilities of the Economic and Development Secretary, the Financial Secretary is also responsible for the recent set-up Trade Commission. With the book of accounts it cannot be expected that trade facilities on a particular basis in need of attention can be given. The consideration they deserve.

We have many previous precedents that show the importance of developing our own appropriate industries, not only to the E.A.V.C. but to the immediate Province. It is to be hoped that the meeting was a success. The Director of Medical Services in Kenya is expected to resign on a date recently declared. Progress Report On Demobilisation

Askari Are Making Their Own Post-War Plans RESULTS OF IGNORANCE OF GOVERNMENT PROPOSALS

(From our War Correspondent, George Kinross)

THE KENYA ADVISORY AND Civil Rehabilitation Committee have submitted a report to the Government on the demobilisation and resettlement of Askari... The report states that the Askari are making their own plans for the future, largely due to their ignorance of the Government's proposals.

THE Askari is still with us and is making a statement of his own views on the future of his country... He is not satisfied with the Government's proposals and is looking for a better way of life.

THE Askari has been placed in a position where he is expected to work on his own... He is not satisfied with the Government's proposals and is looking for a better way of life.
