THE AFRICAN STANDARD

# Sandalwood and Cedarwood.....

NIGHT came in and the light of dawn was still in the air. A heavy dew lay on the grass and the air was cool and refreshing. The birds were singing and the flowers were in bloom. The scene was so beautiful that it was almost impossible to believe that it was the same place as the one where the tragedy had taken place.

had the confidence for the hope of a better life. The scene was so beautiful that it was almost impossible to believe that it was the same place as the one where the tragedy had taken place.

The scene was so beautiful that it was almost impossible to believe that it was the same place as the one where the tragedy had taken place.

On a certain spot that we had found something new that was not in the old. It was a small, round, white object that was about the size of a marble. It was very smooth and had a slight indentation in the center. It was very different from anything we had ever seen before.

The scene was so beautiful that it was almost impossible to believe that it was the same place as the one where the tragedy had taken place.

Take a few children, a few ponies, add a large helping of enthusiasm, a sprinkling of discipline and reason, with the fruits of experience and what do you have? A children's pony club. The most Kenya Club, Pony Club, excellent.

## THE YOUNG IDEA

Master Michael Fernandes takes a jump while one of the Club's smaller members looks on.

## STUDYING FORM

Having seen the crowds that gathered on Saturday and Monday mornings, we decided that we should not have it for next year. It was a very successful one and we are sure that it will be a success again.

The Government and other distinguished persons were present at the meeting. The meeting was held at the Club and was very successful. It was a very interesting and profitable one.

## NAVAL OCCASIONS

Having seen for the whole of last week, the fleet and white and gold of naval uniforms every day in the streets of Nairobi, we decided that we should not have it for next year.

The Government and other distinguished persons were present at the meeting. The meeting was held at the Club and was very successful. It was a very interesting and profitable one.

## The Changing Face

We published previously the first article on the subject of the changing face of Kenya. It was a very interesting and profitable one.

#### Appeal For Xmas Gifts For Kenya Navy

#### NAKURU SCHOOL NEWS

For sending a basket, mess tin, washing tub, and other articles to the sailors of the Kenya Navy, the Magistrate's Court has ordered the appellants to pay a fine of five shillings. The appellants are the Kenya Navy Sailors' Club, the Kenya Navy Officers' Club, and the Kenya Navy Sailors' and Officers' Association.

The most important work at present is the preparation of the Kenya Navy. It is hoped that the fund of fifty pounds would be sufficient to meet the needs of the sailors. The appellants are the Kenya Navy Sailors' Club, the Kenya Navy Officers' Club, and the Kenya Navy Sailors' and Officers' Association.

THE DOOPER INDUSTRY

To the Editor, "E.A. Standard" - I am sorry that the opportunity to express my views on the dooper industry is being missed. I have been a dooper for many years and have seen the industry grow from a few small concerns to a large and powerful industry. I believe that the industry should be regulated to protect the interests of the public and to ensure that the quality of the product is maintained. I am sure that the Government will take the necessary steps to do this.

KENYA FISHING

To the Editor, "E.A. Standard" - I am sorry that the opportunity to express my views on the fishing industry in Kenya is being missed. I believe that the industry should be regulated to protect the interests of the public and to ensure that the quality of the product is maintained. I am sure that the Government will take the necessary steps to do this.

SETTLING IN KENYA

To the Editor, "E.A. Standard" - I am sorry that the opportunity to express my views on the settlement of the Indian population in Kenya is being missed. I believe that the Government should take the necessary steps to ensure that the interests of the Indian population are protected and that the settlement process is carried out in a fair and equitable manner.

THE ATOM

THURSDAY, OCTOBER 11, 1945. This is human month since the atom bomb was dropped on Nagasaki. It is a month which has seen the world change in a way which has never been seen before. WOMAN POWER

To the Editor, "E.A. Standard" - I am sorry that the opportunity to express my views on the role of women in Kenya is being missed. I believe that women should have an equal say in the affairs of the country and that their contributions should be recognized and valued. I am sure that the Government will take the necessary steps to do this.

PRESIDENT'S REVIEW OF COMMUNITY PROBLEMS

Relations With India

THE problem of race relations in the Indian sub-continent is one of the most important and delicate of the problems of the world.

The gathering was welcomed by Mr. A. H. Harrold, who is the Secretary of the Indian Congress. He spoke of the importance of the Indian Congress and of the need for a fair and equitable settlement of the Indian problem in Kenya. He also spoke of the need for a close relationship between the Indian community and the Government of Kenya.

THE third point is the matter of the Indian community in Kenya. It is a community which has grown up in Kenya over the years and which has made a valuable contribution to the development of the country.

CONCLUSIONS

1. The Indian community in Kenya is a valuable asset to the country and should be treated with respect and fairness. 2. The Government should take the necessary steps to ensure that the interests of the Indian community are protected. 3. The Indian community should cooperate with the Government in the development of the country.

AGREEMENT ON AFRICA

The Indian Congress has agreed to a number of resolutions which are of great importance to the Indian community in Kenya. These resolutions relate to the settlement of the Indian population in Kenya and to the development of the Indian community. I believe that these resolutions will be of great benefit to the Indian community and to the country as a whole.

RESOLUTIONS

1. That the Indian community in Kenya should be treated with respect and fairness. 2. That the Government should take the necessary steps to ensure that the interests of the Indian community are protected. 3. That the Indian community should cooperate with the Government in the development of the country.

# Definite Signs Of Return To Normal In Britain

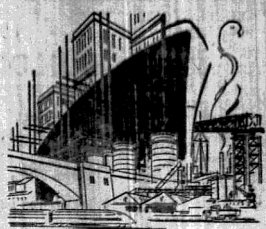

By the Editor

ALTHOUGH the war is still far from over, the signs of a return to normal in Britain are becoming increasingly apparent. The Government has announced that it will relax its restrictions on the export of goods, and that it will allow the import of a wider range of foreign goods. These measures are a clear indication that the Government is confident that the war is being won, and that it is now possible to begin to plan for the future.

By the Editor

Another sign of a return to normal is the fact that the Government has decided to relax its restrictions on the export of goods. This is a significant step, as it will allow British goods to be sold in a wider range of markets, and will help to increase the country's foreign exchange earnings. It is also a sign that the Government is confident that the war is being won, and that it is now possible to begin to plan for the future.

# "The Nurses Should Get Together"

## A SISTER-TUTORS VIEWS

THE first thing that I feel should be done with regard to a nurses' training scheme for Kenya is to establish some sort of nurses' organization so that the nurses' views may be heard in the Colony as regards the future planning of nursing," said Miss E. J. Dowdell who arrived here recently to take up a post as the Director in the East African Medical Hospital, Nairobi, who is in charge of this organization so far under the auspices of the Royal College of Nursing.

Miss Dowdell is well qualified to see things from the other side of the coin as she has spent many years in the University College Hospital, London, and as a lecturer in the Royal Free Hospital, London. She has also been a member of the British Nurses' Association and has been trained in a variety of subjects including the treatment of infectious diseases, obstetrics, and surgery. She has also been a member of the Royal Society of Medicine and has been a member of the Royal Society of Tropical Medicine and Hygiene. She has also been a member of the Royal Society of Public Health and has been a member of the Royal Society of Hygiene. It is not only in the United Kingdom that the nurses' views are being heard. In Kenya, the nurses' views are being heard through the Latin Women's Aid, a group of women who are active in the Imperial Club in Nairobi. The club is a social and cultural center for the Latin women in Kenya, and it is through this club that the nurses' views are being heard. The club has a variety of activities, including dancing, singing, and social events. It is a place where the nurses can meet and discuss their views on nursing and the future of nursing in Kenya.

# CORRESPONDENCE....

## TANA IRRIGATION SCHEME

To the Editor, "E.A. Standard."  
Sir—The Government proposal for the Tana Irrigation for the Government to carry out an undertaking in the Tana River Irrigation Scheme would show the Government's attitude towards the Tana River Irrigation Scheme. It is a pity that the Government should have to be reminded of the fact that the Tana River Irrigation Scheme is a scheme which would provide water to all who are at present denied the use of this abundant labour.

This project was submitted to the Commission for the Tana River Irrigation Scheme in 1938. It was then approved by the Government and the Tana River Irrigation Scheme was established. It is a pity that the Government should have to be reminded of the fact that the Tana River Irrigation Scheme is a scheme which would provide water to all who are at present denied the use of this abundant labour.

Do not the difficulties to be met will be considerable, but after seeing what has been achieved in the Tana River Irrigation Scheme, it is to be hoped that the Government will be able to carry out the Tana River Irrigation Scheme in a satisfactory manner.

Yours etc,  
D. WOODEN,  
October 19, 1945.

## CONTROLS MAILS

To the Editor, "E.A. Standard."  
Sir—Having tried for the last three months to get mails without success, I have written to the Post Office, Nairobi, Kenya, to enquire about the matter. I have not yet received any reply.

I wrote immediately to my printer for a permit for an application for a licence for a few days in advance. I filed the application with the Post Office, Nairobi, Kenya, and waited for a reply. I have not yet received any reply.

It is not my intention to stop the publication of the East African Standard, but I am sure that the Government will be able to carry out the Tana River Irrigation Scheme in a satisfactory manner.

### The World follows Britain's lead

### A MIRACLE OF PREFABRICATION

In the 1944 war British inventors, scientists and doctors evolved many new things which, during the anxious period of peace, carried mankind along the paths of progress. The first of these was prefabrication. Prefabrication has now become a world-wide industry. It has become a standard of luxury and beauty that they had never before known.

The World's greatest inventions and discoveries originated within THE BRITISH EMPIRE.

**DEVELOPMENT OF INDUSTRY**

Monday, October 28, 1944.

The East African Industrial Council has published a short report on the development of the industrial department of the East African Protectorate. The Report is not yet a monthly digest, but is a report from the Office of the Governor. The general public have not as yet had an opportunity to see it, but it is expected that they will be able to do so in the near future.

and over-populated condition. But much more evidence is yet needed before it can be said that the situation of Kenya is such as to admit the industrial and commercial development.

By the way, these reports have come to us according to a copy of the Kenya Information Office. It is a pleasure to be grateful to the Information Office for the information they have given us. We have had an impression that the public were being misled for such a service as right.

# SMUTS THANKS KENYA

General Smuts has sent the following message to the Government of Kenya for their efforts in the fight against malaria:

"I am very glad to hear that the Government of Kenya has issued a report on the progress of the malaria campaign which would appear to show that the Government of Kenya is doing a very good job in this respect."

## McCormick-Deering All-Steel Hand Maize Sheller

McCormick-Deering All-Steel Hand Maize Shellers are excellent for shelling maize for seed. They produce thoroughly clean, whole kernels. In good condition for planting.

Clear both on the back of the picker wheel and the teeth on the piston with which it meshes are open at the bottom to prevent the kernels. Spaces between the stripper wheel teeth are extra wide to permit shelled maize to fall out readily. Each year wheel is a separate casting, easy to replace in individual units if necessary.

Limited stocks of these shellers are now available. Place your order now.

## £10,000,000 Proposed For Conservation

An article in the "Farmer Weekly" states that a conservation scheme, which if approved, will cost the Colony nearly £10,000,000 has been submitted to the Government of Southern Rhodesia by the Natural Resources Board. The expenditure would be spread over 10 years. The scheme involves £10,000,000 for water conservation and £2,500,000 for soil and general conservation work in Native reserves and areas.

The Government of Southern Rhodesia has approved a conservation scheme for the next 10 years, but the estimate required to carry out the scheme amounts to nearly £10,000,000.
