## Over-Population of Kikuyu Lands

For them and better lands, the area of the Kikuyu lands is being reduced. It is the result of the fact that the Kikuyu population is increasing so rapidly that it is becoming impossible to find sufficient land to support them. The Government is now taking steps to reduce the area of the Kikuyu lands to a level which will be sufficient to support the population of the Kikuyu lands in the future.

In regard to education for the Kikuyu, the Government is now taking steps to provide for the education of the Kikuyu children. The Government is now taking steps to provide for the education of the Kikuyu children. The Government is now taking steps to provide for the education of the Kikuyu children.

# The Week's Leaders

**MINING AND INDUSTRY**  
 (LONDON, OCTOBER 26, 1945)  
 A recent study by the British Overseas Investment Commission has led to the development of a largely new branch of industry, the mining and manufacturing, that is to be based on the knowledge of the scientist and the skill of the engineer. It is in fact a scientific study of the knowledge of the scientist and the skill of the engineer, which is to be applied to the production of goods and services. The study is based on the knowledge of the scientist and the skill of the engineer, which is to be applied to the production of goods and services.

# WATER AND HOUSING

**THURSDAY, OCTOBER 26, 1945.**  
 The National Municipal Association has issued a report which will be of interest to all those who are concerned with the supply of water. The report is based on a survey of the water supply in various parts of the country. It is a report which will be of interest to all those who are concerned with the supply of water. The report is based on a survey of the water supply in various parts of the country.

# A POWER SURVEY

**WEDNESDAY, OCTOBER 25, 1945.**  
 It is a report which will be of interest to all those who are concerned with the supply of water. The report is based on a survey of the water supply in various parts of the country. It is a report which will be of interest to all those who are concerned with the supply of water. The report is based on a survey of the water supply in various parts of the country.

# LETTER TO KENYA WOMEN

There is still some misunderstanding about the purpose of the Post for Britain Appeal—its aims and objectives. It is a report which will be of interest to all those who are concerned with the supply of water. The report is based on a survey of the water supply in various parts of the country.

# A White Man's Citadel

By EWART S. GROGAN, D.O. (No. 14)

**IF the Government** under the leadership of Mr. Churchill, has been successful in its efforts to bring about a coalition government, it will be a great step towards the achievement of its aims and objectives. It is a report which will be of interest to all those who are concerned with the supply of water. The report is based on a survey of the water supply in various parts of the country.

# LAND TENURE BETWEEN TWO WARS

By EWART S. GROGAN, D.S.O. (No. 15)

THE new wave of world settlement, which has been proceeding so rapidly since the outbreak of the war, has done much to alter the land tenure of the world. A general outline of the changes which have taken place in the land tenure of the world is given in this article. It is not meant to be a complete history of the subject, but rather a general survey of the changes which have taken place since the outbreak of the war.

**Departure from Doctrine**  
 Before the war the doctrine of the world was that the land tenure of the world was to be determined by the law of the land. This doctrine was based on the principle that the land tenure of the world was to be determined by the law of the land. This doctrine was based on the principle that the land tenure of the world was to be determined by the law of the land.

**Post War Crisis**  
 Since 1914 the world has been through a period of great change. The land tenure of the world has been altered in many ways. The land tenure of the world has been altered in many ways. The land tenure of the world has been altered in many ways. The land tenure of the world has been altered in many ways. The land tenure of the world has been altered in many ways.

Governmental action, leading to a policy of limited land tenure, has been the result of the war. This policy has been based on the principle that the land tenure of the world was to be determined by the law of the land. This policy has been based on the principle that the land tenure of the world was to be determined by the law of the land.

**World Land Tenure**  
 The world land tenure is a subject which has attracted much attention since the outbreak of the war. The world land tenure is a subject which has attracted much attention since the outbreak of the war. The world land tenure is a subject which has attracted much attention since the outbreak of the war.

**World Land Tenure**  
 The world land tenure is a subject which has attracted much attention since the outbreak of the war. The world land tenure is a subject which has attracted much attention since the outbreak of the war. The world land tenure is a subject which has attracted much attention since the outbreak of the war.

**World Land Tenure**  
 The world land tenure is a subject which has attracted much attention since the outbreak of the war. The world land tenure is a subject which has attracted much attention since the outbreak of the war. The world land tenure is a subject which has attracted much attention since the outbreak of the war.

**World Land Tenure**  
 The world land tenure is a subject which has attracted much attention since the outbreak of the war. The world land tenure is a subject which has attracted much attention since the outbreak of the war. The world land tenure is a subject which has attracted much attention since the outbreak of the war.

**World Land Tenure**  
 The world land tenure is a subject which has attracted much attention since the outbreak of the war. The world land tenure is a subject which has attracted much attention since the outbreak of the war. The world land tenure is a subject which has attracted much attention since the outbreak of the war.

**World Land Tenure**  
 The world land tenure is a subject which has attracted much attention since the outbreak of the war. The world land tenure is a subject which has attracted much attention since the outbreak of the war. The world land tenure is a subject which has attracted much attention since the outbreak of the war.

**GILLETTE**

Gillette is still the world's finest shaving system. No other method can give you a better shave. And there certainly isn't one which costs less per shave.

Gillette "Stedare" Blades

**BLADES**

**EXPERIENCE**

More than fifty years' experience in the preparation of pharmaceutical and health products have made the name **Stenham** a household word for cleanliness and confidence.

This experience, coupled with strict ethical codes of manufacturing, is your safeguard. When you ask for a Stenham preparation, you are assured that it conforms to a traditionally high standard of purity and quality.

#### ACCIDENTS ARE USUALLY UNEXPECTED

An Germ-infection of open wounds also occurs without warning.

There's no time to waste when infection of open wounds is to be prevented. You will need an ointment which can be applied immediately. You will need COOPER'S HEALING OIL.

This non-poisonous Healing Oil is simply dabbed or dropped on as it comes from the tin. There is no need to dilute it. It helps to stop bleeding, protects against infection, always pain as it begins to heal.

Try it for your children, yourself, your servants and your animals. Get a tin and write to us for a descriptive folder.

### COOPER'S HEALING OIL

Scrubbed as it heals—sold by most good stores.

# Director Of Veterinary Research Under Fire

## LIVELY DISCUSSIONS AT STOCK OWNERS' CONFERENCE

OVER 100 farmers and their wives attended a meeting of the Stock Owners' Conference, held at the Club, Nairobi, on the 10th inst. The meeting was held in the evening and was presided over by Mr. D. J. Dunlop, Director of Veterinary Research. The meeting was held in the evening and was presided over by Mr. D. J. Dunlop, Director of Veterinary Research.

Mr. Dunlop opened by saying that he had had a long and interesting discussion with the farmers and approved of the way in which they had dealt with the questions. He said that he had had a long and interesting discussion with the farmers and approved of the way in which they had dealt with the questions.

Mr. Dunlop then turned to the question of the control of contagious abortion and advised that he had had a long and interesting discussion with the farmers and approved of the way in which they had dealt with the questions.

Mr. Dunlop then turned to the question of the control of contagious abortion and advised that he had had a long and interesting discussion with the farmers and approved of the way in which they had dealt with the questions.

 WILL STOP YOUR PAIN

**Reorganisation Of Kenya Labour Department**

**To Fit It For Post-War Tasks**

A RESOLUTION passed by the Kenya Legislative Council yesterday, that the Government has decided to reorganise the Labour Department and to appoint Mr. J. P. G. Trickett as its new Director. The Department will be reorganised to deal with the post-war situation, and to provide for the needs of the labour market. The Department will be divided into three sections: the first will deal with the general labour market, the second with the agricultural labour market, and the third with the industrial labour market. The Department will also be responsible for the regulation of the labour market, and for the provision of training and education for the labour force.

**Trade Adviser For Africans**

**For Africans**

At a meeting held in the Kenya Legislative Council yesterday, Mr. J. P. G. Trickett, the new Director of the Labour Department, announced that he had been appointed as the Trade Adviser for Africans. This position will be responsible for the promotion of trade and commerce among the African population, and for the provision of technical assistance and training. The Trade Adviser will also be responsible for the regulation of the labour market, and for the provision of training and education for the labour force.

**Price Control Prosecutions in Kiambu District**

There were several price control prosecutions in the Kiambu District during the month of January. The prosecutions were brought against several traders who had failed to comply with the price control regulations. The traders were fined for selling goods at prices in excess of the maximum prices fixed by the Government. The prosecutions were brought by the District Commissioner, who is responsible for the enforcement of the price control regulations.

**K.F.A. TO HAVE SUBSIDIARY COMPANY?**

The Kenya Federation of Agricultural Producers (K.F.A.) is considering the formation of a subsidiary company to handle the distribution of agricultural produce. The subsidiary company would be responsible for the marketing and distribution of the produce, and would be owned and controlled by the members of the K.F.A. The formation of the subsidiary company would enable the K.F.A. to increase its income and to provide better services to its members.

**To Handle African Produce On 'Co-op' Lines**

The Kenya Federation of Agricultural Producers (K.F.A.) is considering the formation of a subsidiary company to handle the distribution of agricultural produce. The subsidiary company would be responsible for the marketing and distribution of the produce, and would be owned and controlled by the members of the K.F.A. The formation of the subsidiary company would enable the K.F.A. to increase its income and to provide better services to its members.

**Workers' Expectations**

The workers in Kenya are expecting a new era of industrial relations. They are expecting that the Government will take steps to improve the conditions of work, and to provide better services to the workers. They are also expecting that the Government will take steps to regulate the labour market, and to provide training and education for the labour force.

It acts as a laxative, it is the most natural of Pepsin preparations of magnesia.

LAND TENURE—"Public Purpose"

"Whoso Is Wise Will Ponder These Things"

By EWART S. GROGAN, D.S.O.

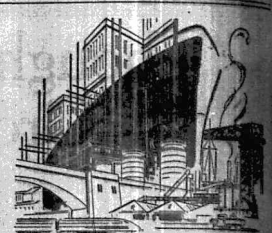

(No. 17)

The term "public purpose" occurs in the Land Acquisition Act, 1947. It is a term which has been interpreted in a number of cases and it is not surprising that the general public's movements for the acquisition of public lands and the general public's movements for the acquisition of public lands and the general public's movements for the acquisition of public lands...

The Commission of Land, Colonies and Mr. D. Roper to enquire into whether the above was "in the public interest" and (2) if so, whether the Government was entitled to acquire the land. The Commission of Land, Colonies and Mr. D. Roper to enquire into whether the above was "in the public interest" and (2) if so, whether the Government was entitled to acquire the land...

## How to Recognise Old Bird Friends in New Guises

—A Talk For School Children by "Babbar"

I believe there are some who think that a bird is a bird, and that it is not possible for a bird to be anything else. But this is not true. A bird can be a friend, a companion, a helper, and a savior. It can be a bird in a new guise, and it can be a friend in a new way.

There are many ways in which a bird can be a friend. It can be a friend in the way that it sings to us, in the way that it flies to us, and in the way that it helps us. It can be a friend in the way that it teaches us, in the way that it shows us, and in the way that it guides us.

There are many ways in which a bird can be a friend. It can be a friend in the way that it sings to us, in the way that it flies to us, and in the way that it helps us. It can be a friend in the way that it teaches us, in the way that it shows us, and in the way that it guides us.

## Failure of Flux in North Sotik

(STANDARD CORRESPONDENT)

This month ends a season in the farming life of Sotik. With the coming of the North Sotik Flux Party, the growing season has come to an end. The farmers of the district have had a very successful season, and they are now looking forward to the next year.

The farmers of the district have had a very successful season, and they are now looking forward to the next year. They have been able to grow a good crop of wheat, and they have also been able to raise a number of cattle and sheep. They are now looking forward to the next year, and they are hoping for a good harvest.

Highlands' Leases STATEMENT BY ELECTED MEMBERS

Highland Elected Members' Organization held a meeting in Nairobi yesterday afternoon to discuss the matter of certain lease lands in Kenya that now constitute a vital problem which the country as a whole must face without delay.

A statement issued last yesterday said that during the course of the discussions, following upon a tentative suggestion, usually made by certain members of the Administration, as to the temporary suspension of the lease lands alleged to be unsuitable for white settlement and occupation to the Kamba Reserve might be made available on a basis for the purpose of alleviating the situation.

The Elected Members believe that additional land can be made available outside the Highlands. They believe that the proposed lease lands, which, without compensation on existing leases or leases, would be available for settlement, would be a serious loss to the country, though possibly at considerable expense, but they do not believe that at this stage, subject to the consent of the Highlands Board, they should rule out all possibility of making such available consideration as might lie in their power towards a solution of this vital problem.

This was carried unanimously.

Messrs. Wright and Keyser wished it to be recorded that, in their opinion, the last paragraph should be qualified as follows— "provided such compensation is made without prejudice to European Settlement in the future."

The majority of Elected Members felt that in view of the seriousness to the Highlands Board, any such qualification was inadvisable.

Future of Royal Air Force

No Integration of Three Services

The Secretary for Air, Mr. James F. Byrnes, has announced in the House of Lords that the Government are not contemplating the integration of the three fighting services, and that the future of the Royal Air Force will be determined by the House of Commons.

ANOTHER 'ROOSEVELT' MINISTER RESIGNS

Put your best face forward . . .

Rare is the lovely woman who has not two faces. One Nature gave her, and the infinitely lovelier one her beauty-tips create. Loveliest of all are those who choose Yardley. For the greatest of all charms is to seem without the need of art, and to make you look as though your beauty was heaven's gift to Yardley's special talent.

HIGHLANDS LEASES TO AFRICANS
NOVEMBER 19, 1944.
During the brief recess of the Kenya Legislative Council last Monday, December 12, 1944, the Government, as represented by the Minister for the Colonies, Sir E. D. White, announced to the House that the Government was considering a proposal to lease the Highlands to Africans.

KENYA BUDGET INTRODUCED

Financial Expert to Conduct Fiscal Survey of East Africa

A FISCAL survey of East Africa was introduced by the Kenya Acting Financial Secretary when he introduced the Kenya Budget in the Legislative Council last night.

The Financial Secretary also stated that the Commercial Secretary to Government had been appointed and would carry out the survey probably during the early months of next year.

That the survey had been completed, he added, the necessity of a financial survey of the East African territories was obvious.

The Acting Financial Secretary also stated that the Commercial Secretary to Government had been appointed and would carry out the survey probably during the early months of next year.

PROPOSED LEASE OF 200,000 ACRES

The Government has proposed to lease 200,000 acres of land in the Highlands to the Wakamba tribe. This was announced by the Minister for the Colonies, Sir E. D. White, in the course of his speech opening the budget.

The Week's Letters

FOOD FOR BRITAIN
To the Editor, "E.A. Standard."
Sir, I am writing to you regarding the food situation in Kenya.

By a stroke of insurrection can be the cause of the food situation in Kenya. This was announced by the Minister for the Colonies, Sir E. D. White, in the course of his speech opening the budget.

THE UGANDA DISTURBANCES
To the Editor, "E.A. Standard."
Sir, I am writing to you regarding the disturbances in Uganda.

WAGES OF AGRICULTURAL LABOUR
To the Editor, "E.A. Standard."
Sir, I am writing to you regarding the wages of agricultural labour.

THE EAST AFRICAN STANDARD
To the Editor, "E.A. Standard."
Sir, I am writing to you regarding the East African Standard.

NEW DIRECTOR OF PUBLIC WORKS
The Secretary of State has advised that the Government has appointed a new Director of Public Works.

Land In Highlands For Wakamba
The Government has decided to grant land in the Highlands to the Wakamba tribe.

PROPOSED LEASE OF 200,000 ACRES
The Government has proposed to lease 200,000 acres of land in the Highlands to the Wakamba tribe.

To the Editor, "E.A. Standard."
Sir, I am writing to you regarding the food situation in Kenya.

By a stroke of insurrection can be the cause of the food situation in Kenya. This was announced by the Minister for the Colonies, Sir E. D. White, in the course of his speech opening the budget.

It seems to the East African Standard to be in the highest degree probable that the Government will be asked to lease the Highlands to Africans.

It seems to the East African Standard to be in the highest degree probable that the Government will be asked to lease the Highlands to Africans.

It seems to the East African Standard to be in the highest degree probable that the Government will be asked to lease the Highlands to Africans.

It seems to the East African Standard to be in the highest degree probable that the Government will be asked to lease the Highlands to Africans.

It seems to the East African Standard to be in the highest degree probable that the Government will be asked to lease the Highlands to Africans.

It seems to the East African Standard to be in the highest degree probable that the Government will be asked to lease the Highlands to Africans.

It seems to the East African Standard to be in the highest degree probable that the Government will be asked to lease the Highlands to Africans.

**Is the WATER SAFE? Be careful!**

Make sure of safe water by following the lead of the highest authorities in Britain who recommend "Milton" by name. Set a teaspoonful of "Milton" into a gallon of water and all germs are instantly killed. The solution is harmless, and after standing for a few minutes, tastes and odorless. Sodium hypochlorite of which "Milton" is a stable electrolytic brand—is the finest first-aid.

**He's found his APPETITE again!**

A poor appetite is an unmistakable sign that your dog is in poor health. It is often the result of indigestion or of the blood stream (due to a "demoniac" parasite) which has taken its toll. Your dog will never be fit or happy until he has been purified with Bob Martin's Condition Powder.

This famous powder repairs the blood circulation which, the parasites, the flukes in certain worm parasites and bacteria, by their presence, cause the loss of appetite, nervousness, weakness, and general ill health. It is a powerful disinfectant. It is the only medicine that will kill the parasites and the flukes and the worms in your dog's system.

# Sterility Diseases In Livestock

## Mr. Daubney's Address To Kitala Stockowners

At the Agricultural Page of the African November 2 issue of the East African Standard, Mr. Daubney, Chief Inspector of the Veterinary Department, Kitala, in his address to the stockowners of the district, pointed out the importance of the sterility diseases in livestock. He said that the sterility diseases in livestock were a serious problem and that the stockowners should be aware of the danger of these diseases. He said that the sterility diseases in livestock were a serious problem and that the stockowners should be aware of the danger of these diseases.

**A General Review**

A general review of the sterility diseases in livestock was given by Mr. Daubney. He said that the sterility diseases in livestock were a serious problem and that the stockowners should be aware of the danger of these diseases. He said that the sterility diseases in livestock were a serious problem and that the stockowners should be aware of the danger of these diseases.

The two main diseases which were primarily responsible for the low fertility amongst cattle in the country, particularly dairy cattle, were the sterility diseases in livestock. He said that the sterility diseases in livestock were a serious problem and that the stockowners should be aware of the danger of these diseases.

With regard to the first-mentioned disease, Mr. Daubney said that in 1928 he had already seen two outbreaks in the country. In one of the two herds affected on that occasion one cow had been born during the duration of the outbreak and that the disease had been passed on to her. He said that the sterility diseases in livestock were a serious problem and that the stockowners should be aware of the danger of these diseases.

**Artificial Insemination**

He said that the disease in the cow was a serious problem and that the stockowners should be aware of the danger of these diseases. He said that the sterility diseases in livestock were a serious problem and that the stockowners should be aware of the danger of these diseases.

The disease in the cow was a serious problem and that the stockowners should be aware of the danger of these diseases. He said that the sterility diseases in livestock were a serious problem and that the stockowners should be aware of the danger of these diseases.

Artificial insemination in Kenya had been carried out since 1928. He said that the sterility diseases in livestock were a serious problem and that the stockowners should be aware of the danger of these diseases.

An inspection officer had been started at Kitala, and a new disease bill also became law. He said that the sterility diseases in livestock were a serious problem and that the stockowners should be aware of the danger of these diseases.

**THREE PRODUCTS OF OUTSTANDING MERIT**

'Genasprin'  
 The KAF's brand of acute sciatic and neuralgia pain-killer—time!

'Genozo'  
 Tooth Paste

'Cystopurin'  
 The internal expeller of the kidney which has been recommended by doctors for many years.

**Bob Martin's Condition Powder**  
 has done always fit

tion in detail, and pointed out that one of the disadvantages of the present system of raising stock was that it was a slow process and that the stockowners should be aware of the danger of these diseases. He said that the sterility diseases in livestock were a serious problem and that the stockowners should be aware of the danger of these diseases.

The sterility diseases in livestock were a serious problem and that the stockowners should be aware of the danger of these diseases. He said that the sterility diseases in livestock were a serious problem and that the stockowners should be aware of the danger of these diseases.

**UNITED SURVEY IN GERMANY**

The surveyor in Germany was a serious problem and that the stockowners should be aware of the danger of these diseases. He said that the sterility diseases in livestock were a serious problem and that the stockowners should be aware of the danger of these diseases.

The disease was also very difficult to treat. He said that the sterility diseases in livestock were a serious problem and that the stockowners should be aware of the danger of these diseases.

The Department had not yet a full report on the disease in the country because of the war. He said that the sterility diseases in livestock were a serious problem and that the stockowners should be aware of the danger of these diseases.

**SLOAN'S Liniment**  
 All ailments and sprains

**Larger Potato, Smaller Wheat Crop in Britain**

According to revised agricultural statistics for England, the average potato crop per acre compared with 1923 is 12cwt. last year. However, crops suffered as a result of the shortage of last winter and spring, and therefore count on 100 tons more of potatoes from Britain and Wales than last year.

Milners and bakers will not be fortunate. The wheat yield in 1924 is 10cwt. less than in 1923. The revised statistics show 8,400 more tons of wheat and 1,200 more tons of barley and 1,200 more tons of oats and 1,200 more tons of rye and 1,200 more tons of malt and 1,200 more tons of flour and 1,200 more tons of meal and 1,200 more tons of bran and 1,200 more tons of chaff and 1,200 more tons of straw and 1,200 more tons of hay and 1,200 more tons of silage and 1,200 more tons of other crops.
