

Kenya Minister to lead delegation

Minister of State in the Prime Minister's Office, Mr. Murembi, will lead an O.A.U. delegation to Washington to act President

This was announced from Nairobi yesterday in a dramatic communique by the chairman of the conciliation committee, Mr. Kenyatta. The Guineas, Nigeria and the U.A.R. will leave Nairobi tomorrow.

Mr. Kenyatta said the Commission had not necessarily called upon President Johnson but that matters relating to the problem of peace and conciliation in the Congo, it had been decided to send the special delegation of five Ministers headed by Mr. Murembi.

Mr. Kenyatta said a meeting of the Commission held that without withdrawal of all foreign arms was necessary for a solution to the problem entrusted to its members.

Other countries involved

The delegation was being sent to Washington because the commission found that while the Congo was still supplied with materials of destruction the peace it intended for the country could not be achieved.

"Therefore we are finding ways and means through which we can persuade our friends, who are interested in the Congo, to help us in restraining the supply of arms materials to the Congolese," said Mr. Kenyatta.

It might be necessary later to send similar delegations to other countries, we cannot say but we have been to meet."

Mr. Kenyatta said the Commission will be continuing its work in many spheres. Enclosed in the communique were a list of names of the members of the delegation, which will be headed by Mr. Murembi, and a list of names of the members of the O.A.U. Commission.

ARMY TAKES PROTESTS AT U.S.

110-ton 'runaway' blocks road to Nairobi

President Kuvshinov of the Congo said in Leopoldville yesterday that the Congo could no longer abide by any decision taken by the Organisation for African Unity.

He accepted the Organisation's Commission in Nairobi of meddling in the Congo's affairs in its decision to send a delegation to President Johnson to stop American military aid.

In Elisabethville, the Prime Minister, Mr. Tshombe, also announced against the O.A.U. decision yesterday. He sent an "indignant protest message to the Kenya Congo Conciliation Commission, saying that the move was contrary to the Addis Ababa conference decisions on the Congo problem.

Last night Kenya's Minister for Information, Mr. Onyiah told the East African Standard that Mr. Onyiah and his delegation would still be flying to America early today as arranged. He is not in favour of the O.A.U. visit.

No reply from Washington

Meanwhile no official reply had been received in Nairobi last night from Washington to the Commission's request for a meeting with President Johnson and there were fears that a postponement might be necessary.

The Commission led by Kenya's Prime Minister, Mr. Kenyatta, proposed that the special delegation might meet the U.S. President on Saturday. They would call upon him to stop shipment of arms and other war materials to the Congo.

The American Embassy, which it is believed had not been officially informed of the delegation's departure for Kenya for their home country, was still in Nairobi at 11 p.m. yesterday.

Kenya's National Alignment ZAMBIA MINISTER'S VISIT of labour to be discussed

PEOPLE who thought Kenya was aligned to the line of building a Socialist State were wrong, the Minister for Home Affairs, "Very Odinga," said yesterday.

Addressing a United Kenya Club luncheon in Nairobi, he spoke on non-alignment, Africa's role in the world, and the role of the Communist China. They were most contented with life under the Peiping regime, he said.

Speaking on non-alignment, he said people should think and act independently. A man who followed someone else blindly was "aligned".

In the international African and "real" spheres, the voice which Kenya should have is her own voice. "Nations, for instance, Kenya could not say it would not express an opinion because it was non-aligned."

"A FRIEND OF ANYONE"

The Government would consider every problem on its merits and act accordingly. Kenya had to express its own views on the world which it stood in.

Some people had said that Kenya was a friend of China and not a friend of a particular person. He was non-aligned and would be a friend of anyone.

TANGANYIKA TO MAKE DEBUT IN OLYMPIC HOCKEY

KENYA now plays Tanganyika in Group 'A' in their K first match in October in the Olympic Games hockey tournament in Tokyo. This is because the United Arab Republic has withdrawn from the competition and Tanganyika have been chosen to replace them. The United Arab Republic comprise the International Federation they withdrew because of bad matches results in recent months.

Tanganyika, who were leaded after winning Hongkong in the first round, will be making their first appearance in an international tournament.

The group have also been placed in the same pool as the U.A.R. which was also leading the group when the U.S.A. withdrew from the tournament.

This may give Kenya more of a chance of a medal, because Kenya is the only team in the group who have played Kenya in the first round.

Tanganyika have spent weeks in the first round of the Olympic tournament but they did not play any matches until 1961. Kenya's record in the 1961 tournament was 4-0 in 1961 and they won the second Test 6-2 and lost the first 1-2.

Kenya have had the better of their games. They have only lost once in the first Test, but they have won the second Test 6-2 and lost the first 1-2.

Clay-Liston bout may net \$5m.

Closed circuit television of the world heavyweight title fight between Cassius Clay and Sonny Liston on November 14 may cost (£1,700,000) in revenue, the organizers have estimated.

Mr. Freddie Brown, president of the American Boxing Union, New York firm which has been awarded the television rights, said the money will be shared by Clay and Liston.

Clay, 24, is a former world champion who has fought Liston, 33, in three bouts. Liston won the first two but Clay won the second 12-11 and lost the third 11-10.

Clay is ranked on the British title list but says that he does not plan to fight in Japan as he is emerging as the most outstanding contender in the world.

Clay has a record of 24 wins and 2 losses. Liston has a record of 20 wins and 1 loss.

Griffith retains title

FRANK Griffith, a Virgin Islands cricketer in New York, carried out a remarkable feat when over the Welsh challenge, Brian Curran, British and Reserve Championship, to retain the world's heavyweight title at Worcester.

Curran, who had a brave show, failed to resist Griffith's powerful and accurate bowling. Griffith, who was having his teeth world-wide hit, was out for the 18th year and retained his title by a narrow margin.

Curran had also taken three long runs in his 11th and 12th of 140.

With a 100-run partnership, Griffith, a smaller cricketer, was out for the 18th year. Only in the last stage did Curran, a more batting activity, make any impression.

Full programme to celebrate Kenya Day

BANQUETS, parades, church services and film shows have been planned to mark the celebration of Kenya Day, October 20. The Minister for Home and Constitutional Affairs, Mr. Mbatia, said yesterday.

PLEA FOR ADVOCATE FAILS IN DAR COURT

ADVOCATE Mr. A. O. Ombaka, who had asked for the prosecution to be established in Kenya, failed in his plea for an advocate against William Leach-Smith. Mr. Ombaka, an advocate, argued that the State should call upon him to make his defence against the charges. The court, however, ruled that the State should call upon him to make his defence against the charges. The court, however, ruled that the State should call upon him to make his defence against the charges.

Speaking in his capacity of chairman of the Kenya Day Celebrations, Mr. Mbatia said that October 20 was the day on which, in 1962, Mr. Kenyan was arrested by the imperialists in an attempt to stifle African nationalism and entrench European settler domination.

A TIME FOR REMORING

It was fitting that on the anniversary of that day the Kenyan people should be reminded of those who gave their lives and even life itself that Kenya might be free. Kenya Day, he said, had been looked on as a day of remembrance when people pledged themselves to fight for their country. It was, therefore, a day for rejoicing in the triumph of the Kenyan people and a day to show the world the unity and loyalty of the Kenyan people.

BOOK TOUR IN U.S.

20,000 people see Kenya stand at Berlin show every day

REPORTS from West Germany indicate that the Kenya stand at the Berlin Exhibition is enjoying overwhelming success.

The Kenya Ambassador to the Federal Republic, Mr. James Shukri, says that more than 20,000 people visited the stand each day and as many as possible are served with cups of Kenya coffee and given tourist literature.

The stand is considered to outshine that of the Congo and television tape pictures of it every day. The German President, Her Heinrich Lübke, spent some time at the stand and he and his entourage were served with coffee.

Mr. Shukri claims that his stand was very impressed by the keen interest shown by the German and other visitors. He is very taking in the export figures of Kenya. He is also pleased to see the economic partnership with the Federal Republic of Germany, and he has very much to recommend to his countrymen to visit the stand with special interest in the field of investment.

Carnivals Show cut by a quarter

MYLLE carnivals for the Royal Show later this week have been reduced by about a quarter because of quarantine restrictions made necessary by the outbreak of foot-and-mouth disease in the Kilimo area, an official of the National Agricultural Service of Kenya said yesterday.

The number falls from 331 to 271 in the horse sections, and there will be 36 fewer carriages much the same as at many shows in the past. There is no question of either section being cancelled. Other livestock entries are hardly affected by the outbreak.

Cattle being shown at Mitchell Park showground, do so well every afternoon. About 300 wagons will be used for their transport.

In the trade section there is feverish activity, particularly on the part of some small traders, ready to go for a lucky start. Many of the bigger firms had already begun before the weekend and this they were fortunate because a heavy thunderstorm on Friday night made the turf soggy and made temporary traffic control measures necessary within the showground.

FLY-FAST BY AIR FORCE

Once again the R.A.F. is taking a gamble, which has almost always come off, but this time it is not insuring against success but against failure. However, it is not insuring against success but against failure. However, it is not insuring against success but against failure.

The four-day show opens on Wednesday morning but the opening ceremony will not be performed by the Prime Minister, Mr. Kenyatta will appear. On his arrival in the main arena, Mr. Kenyatta will inspect a Guard of Honour and a fly-past by Kenya Air Force.

After the official opening he will present the Flag and Colours to the Kenya Air Force.

Apart from trade and commercial sections, the show will feature a variety of other attractions. There will be a variety of other attractions. There will be a variety of other attractions.

Sparking is a seminar at the weekend about wages and prices. The Parliamentary Secretary to the Prime Minister, Mr. Oduo Jowi, said that two thirds of the labour force in Kenya is employed in agriculture.

Recently, the problem of the increasing number of people who are unable to find work is a problem which is being discussed in the House of Representatives.

Two objectives Mr. Oduo Jowi emphasized that a sound wage policy should be based on a sound national income policy because wages are a function of national income.

Kenya's Labour Commissioner, Mr. W. O. Oduo, said that the Government is committed to the principle of a minimum wage for all workers.

GOSSAGE CUP FLOP BY KENYA

Sodden track puts a brake on athletes

A PENALTY foul scored in the 20th minute of the second half by Milovanovic allowed Tanganyika to collect two valuable points from a Kenya side which did not fight as games expected, in the opening Gosage Cup Stadium, Car on Selam, on Saturday.

Tanganyika put on their best exhibition of football on the night which was rewarded for long time.

In the first half the visitors were without a goal as Kenya's goalkeeper made a great number of saves. It was a real thriller with a number of goal-mouth incidents and several crosses, but half-time arrived without a score.

In the second half Tanganyika came more into the game and scored two goals in the 45th and 50th minutes in the 45th and 50th minutes. The first goal was scored by a penalty foul in the 45th minute and the second goal was scored by a penalty foul in the 50th minute.

It was in the 45th minute that the only serious mistake of the game for Kenya was committed by the captain when he fouled Tanganyika's goalkeeper who was in the penalty box. Milovanovic was then fouled in the 50th minute and he scored a goal.

It was the only goal of the match and it was a penalty foul. The referee awarded the goal to the away side and the match ended 1-0 to the visitors.

The referee was Mr. J. J. O'Connell. Kenya's goalkeeper was Mr. J. J. O'Connell. Tanganyika's goalkeeper was Mr. J. J. O'Connell.

Sodden track at the Training School ground, Mombasa, prevented the Olympic athletes from creating any records in the 23, 27 and 70 annual-athletics championships on Saturday.

Nevertheless the meeting was a success with Nairobi leading the list of winners. Kenya's 400 yards runner, Joseph Kiprotich, won the 400 yards race in 1:10.8, and the 800 yards race in 2:42.2. In the 1500 yards race, Joseph Kiprotich won in 6:44.2. In the 5000 yards race, Joseph Kiprotich won in 22:14.2. In the 10000 yards race, Joseph Kiprotich won in 46:14.2. In the 15000 yards race, Joseph Kiprotich won in 1:14:14.2. In the 20000 yards race, Joseph Kiprotich won in 1:41:14.2. In the 25000 yards race, Joseph Kiprotich won in 2:08:14.2. In the 30000 yards race, Joseph Kiprotich won in 2:35:14.2. In the 35000 yards race, Joseph Kiprotich won in 3:02:14.2. In the 40000 yards race, Joseph Kiprotich won in 3:29:14.2. In the 45000 yards race, Joseph Kiprotich won in 3:56:14.2. In the 50000 yards race, Joseph Kiprotich won in 4:23:14.2.

Surprised all were in the list of winners. Kenya's 400 yards runner, Joseph Kiprotich, won the 400 yards race in 1:10.8, and the 800 yards race in 2:42.2. In the 1500 yards race, Joseph Kiprotich won in 6:44.2. In the 5000 yards race, Joseph Kiprotich won in 22:14.2. In the 10000 yards race, Joseph Kiprotich won in 46:14.2. In the 15000 yards race, Joseph Kiprotich won in 1:14:14.2. In the 20000 yards race, Joseph Kiprotich won in 1:41:14.2. In the 25000 yards race, Joseph Kiprotich won in 2:08:14.2. In the 30000 yards race, Joseph Kiprotich won in 2:35:14.2. In the 35000 yards race, Joseph Kiprotich won in 3:02:14.2. In the 40000 yards race, Joseph Kiprotich won in 3:29:14.2. In the 45000 yards race, Joseph Kiprotich won in 3:56:14.2. In the 50000 yards race, Joseph Kiprotich won in 4:23:14.2.

Kenya's main weakness was that they appeared to have had little of the spirit which they had shown in their previous matches. The referee was Mr. J. J. O'Connell. Kenya's goalkeeper was Mr. J. J. O'Connell. Tanganyika's goalkeeper was Mr. J. J. O'Connell.

Public's impo- laws may Kenya traders

TANGANYIKA legislation which imports of some classes of textiles may mean a loss to Mombasa merchants of one of its large traditional markets.

REVENUE AGAINST MEMBER DENIED

Notices issued by the Government of the United Republic of Tanganyika and Zanzibar two weeks ago said that licences had to be obtained for the import into Tanganyika from Kenya of all synthetic fibres, spun yarns, including artificial silk and piece goods.

Although direct imports of Tanganyika of these goods had been restricted in the past, imports from the East African Community under an open licence system. The notices allowed a policy of restricting imports into Tanganyika, presumably to help local industries.

LICENCES WITHHELD

Involved in the new legislation are the International Trading and Credit Co. of Tanganyika, Ltd. and the Cooperative Supply Agency of Tanganyika, Ltd. It is believed licences to trade in these commodities will be withheld from the firms in Tanganyika wishing to import.

Following the publication of the notices, many licences were held without the payment of fees. Mr. J. K. Shamba, the Kenyan Chamber, Mr. K. Shamba, the president of the Mombasa Chamber, Mr. Shamba, said yesterday that he was too early to comment on the restriction, but that he was not sure if the Government would be able to enforce the law.

Mr. Shamba said he had heard that the Government was not going to issue licences to the International Trading and Credit Co. and the Cooperative Supply Agency. He said that he had heard that the Government was not going to issue licences to the International Trading and Credit Co. and the Cooperative Supply Agency.

He could not calculate the amount of revenue that would be lost if the Government would be unable to enforce the law. He said that he had heard that the Government was not going to issue licences to the International Trading and Credit Co. and the Cooperative Supply Agency.

Council must appear

Mombasa City Council must appear as respondent in appeal against the decision of the District Commissioner to grant a licence to the Mombasa Chamber of Commerce to operate a public library in the city.

The appeal was filed in the District Court at Mombasa on Monday. The District Commissioner had granted a licence to the Mombasa Chamber of Commerce to operate a public library in the city.

Mr. KENYA A PREGES 'NO TAKE-OVER'

Warm welcome by Kenya businessmen

KENYA'S Prime Minister, Mr. Kenyatta, last night addressed a crowded meeting of Nairobi Chamber of Commerce. He pointed out that nationalisation will not serve to advance the cause of African socialism.

Mr. Kenyatta, who was given a warm welcome by the leaders of industry and commerce, gave assurances after assuring the Government's intentions of involving a state-owned company in the programme and expand the distributive trade.

He said that the Government would not take over the distributive trade, but a similar programme, he said, would be developed for industrial projects which the Government might undertake to initiate.

THEME OF PARTNERSHIP

PARTNERSHIP between the State and private enterprise is the development of Kenya's varied resources by the Government through the aid of foreign investment to business men in Nairobi.

It is in this way that the Government has been able to attract foreign investment in the form of joint ventures with local businessmen. Mr. Kenana was the first to do this in 1954 when he entered into a partnership with the Government to develop the Kenya Tea Development Corporation.

Impartial reporting

Girls learn
to live
at Nairobi
centre

By ANN MARSHALL

LAST Wednesday saw the opening by the Minister for Local Government, Mr. Ayob, on behalf of the Minister for Labour and Social Services, Mr. Mwangi, of the Girls' Centre run by the National Council of Women at Quarry Road.

The centre, which is considered a pilot project, can at the present time only cater for twenty students, though it is hoped to increase the accommodation if more funds can be obtained from either the Government or private firms of interest of the public.

The children who will benefit from the training at this new centre will, in each case, be found through some recognized institution or organization like the Child Welfare Society. They are usually orphans, or their only one parent living who is unable to support them. The centre will take in children from any race.

The first thought for this project began in November, 1961, when the Kenya Women's Council, through the Welfare of Women for which it is a member, suggested that a centre should be started to cater for the needs of the girls in the Nairobi area.

The project was approved by the Council and the National Council of Women, with Mrs. A. M. Mwangi as its Chairman, discussed the project at its meeting on November 1961, and it was unanimously agreed that a centre should be started.

People were obtained from various organizations of the National Council of Women and the Welfare of Women for which it is a member, suggested that a centre should be started to cater for the needs of the girls in the Nairobi area.

Or he set twenty girls, who will all be between seven and 12 years of age, to work in the kitchen at the centre for two weeks. About thirty girls had some sort of education, but only four were educated beyond what is called primary school.

'HARAMBEE' SLOGANS SWAMP CROWD

Mr. Kenyatta speaks of big advances

OPENING the first Royal Show since Kenya became independent, the Prime Minister, Mr. Kenyatta, praised the efforts of Kenya's farmers and foremen that if everybody worked hard and improved agricultural methods the nation would see "enormous changes for the better."

GIVE US A FUTURE TO WORK FOR - FARMERS

THIS best thing I can say to you is that we have a future to work for and we have a future to work for. We have a future to work for and we have a future to work for. We have a future to work for and we have a future to work for.

Mr. Kenyatta's cry of "Harambee" at the end of his speech was met with an answering roar from the crowded stands at Mitchell Park Show ground. The Prime Minister spent a full day at the Show, touring the livestock, trade and social sections, and finally taking the salute during the finale by the Kenya Police Band.

The weather was cloudy most of the day but although the sun showed through during the official opening the rain kept off. The arena public stands held double the number of people present for the opening of last year's Show and the general attendance figures were up by 1,000, according to the Kenya Police Band.

F.A.S.E. officials said afterwards that the Prime Minister appeared to have been most impressed by the Show. He held the chairman of the trade sub-committee, Mr. E. C. Jensen, that it was difficult to realise there was such a beautiful place in one's Nairobi.

Best first day ever

The Show chairman, Mr. R. Wilson, said the four-day event had started very well indeed. It was the best first day the "Royal" had ever had, and he had seen all of them. His remarks were that there were more people in the arena at the opening ceremony than ever before.

Expressing his pleasure at opening the Show, Mr. Kenyatta said this was not only going to be the first Prime Minister of an independent Kenya, but also because he was a farmer himself and understood the importance it had for the agricultural community and all Kenya people. The year would see the first Prime Minister of an independent Kenya, but also because he was a farmer himself and understood the importance it had for the agricultural community and all Kenya people.

Vital to us

"Our commercial farms have been the backbone of Kenya's economy and I have been particularly pleased to see the exhibition that everyone engaged in the industry should have the exhibits put forward. It is vital to us that the results of this country should be made known to the public. It is vital to us that the results of this country should be made known to the public. TRAK YOUNG LIST

WHY CAN WE UNDERCUT THE TRACTOR-NAME FACTORY?

We are so kindly to study the matter, and realize the reason for our being able to undercut so thoroughly the tractor-name factory is, that although our parts may be made in other countries, we believe actually are, made in the same works and under the same specifications as the parts sold under the tractor-name's name, (and that's somewhat emphatic).

Why? Well, we wouldn't do that unless we were sure that the tractor was as good as the tractor-name's. The significance of this is that it is normally the case that the greater margin of profit is applied, not to the tractor but to the parts. This means that the profit on the tractor is then shared to the parts, and the profit on the parts is then shared to the tractor.

The other fundamental reason is that we have no heavy production facilities and general overhead charges to apply to our making cost, such as the tractor-name factory.

Kenya team leaves today

Kenya's Olympic committee members are expected to do well at Tokyo, but perhaps too much is expected of them.

Their performances in international company in the past have been impressive ones, as today in this supplemental olive, however, it is not so fortunate that of Tokyo the cream of the world's sportsmen will be assembled primarily to win medals.

Some will have to be and can be expected that competitors from all over the world will be in the 1964 stadium and will return home with medals and prizes.

Some of our athletes have had Olympic and Commonwealth Games experience, but we are not sure that they will be able to perform well at the occasion.

Kenya must not expect too much from our team but we are sure that they will do well and we are confident that our country will emerge as the Olympic victor.

There has been some criticism that we are not doing well at Tokyo, but we are confident that our country will emerge as the Olympic victor.

Kenya's Olympic contingent will leave Nairobi aboard a for Tokyo this evening at 7.45. The party will consist of 15 officials and competitors, and a volleyball team server, make up by far the largest party to be sent from the East African territories. They will arrive in Bombay, where post-pulse races have been planned and 2,500 will be on duty for the Games.

Equipment given

Money has been given to the Olympic Association from all quarters and many of the equipment for the village. Along these lines are Nippon Shipyards and Travelling Sales, Top Bayon Co. (for clothing), and the Kenya Industrial Development Corporation (for the Kenya Olympic Centre).

A specialist, Kenya will be represented in Tokyo in all the running events from the 100 metres to the marathon, with the exception of the 500 metres race, and in the shooting, tennis, table tennis, badminton, and table tennis events. The Tokyo Commonwealth Games — there were over 1,000 athletes — were held in London in 1958. So far since then, Kenyan athletes have been selected for Tokyo, but they have not been able to compete in the Commonwealth Games.

The Kenya Olympic team will consist of 100 athletes, 70 men and 30 women. The team will be headed by Archie Evans, Kenya's Sports Advisor, who will be accompanied by a number of officials and support staff. GOOD CHANCE OF A HOCKEY MEDAL

By JASMER SINGH

COMPARED with the giants of world hockey, such as India, Pakistan, Holland, Germany and Great Britain, who have long participated in the international arena in a long time, Kenya in a short period of six years has earned the title of "point-kicker" having in the past few years beaten India, Pakistan and Germany. Only this year Kenya became the first country to defeat India (2-0) and India (2-0).

Kenya's hockey team consists of 15 players and 1000 spectators. The first match was against Kenya. Kenya won 2-0. The second match was against India. Kenya won 2-0. The third match was against Pakistan. Kenya won 2-0. The fourth match was against Germany. Kenya won 2-0. The fifth match was against Great Britain. Kenya won 2-0.

Kenya's success in hockey is due to the excellent coaching and the hard work of the players. The team has been coached by a former international player who has helped them to develop their skills and teamwork.
