THE DEMAND FOR A SECOND FRONT

SATURDAY, AUGUST 1, 1942. The gravely of the Russian situation has inevitably brought to the attention of the world a second front question and it is a question which has not yet been big demonstration in London... The Daily Herald, however, has discussed the question editorially...

Power to the embankment of the Danube... The task of the people fighting for freedom is to do their utmost to strengthen the potential of the United Nations... Hitler has decided on strategy... Such attempts have presumably failed to invade Siberia...

PEACE FEELERS

N.R.M. Lead-Giving the 'Dope' of Cheating was greatly increased in the R. A. Command.

Hitler has still other strings to his bow. If England cannot be induced to join Germany's 'crusade against Bolshevism'...

FINALLY... To complete your Inner Cleanliness, Andrews gently cleans the bowels, removes every troublesome element, corrects constipation and purifies the blood.

# ACCOUNTING FOR tastes

SOME tastes are definitely acquired, such as a liking for Bushes, Bushley duck or gammony. No small child ever took to hisor grandpa's of his own volition or kicked the bottom out of his cradle when deprived of his system of Linsboug cheese.

But all the world loves Rose's Lime Juice. It transcends some inherent habit, or liking. Was old profusions, chasing their grand old legs in and exclaiming their sunny relatives talk tamely of vitamins and what-have-you. But the rest of us are well off to know that Rose's Lime Juice makes the best long drink in the world. And life has best drinks. And the finest Glimps.

Rose's is the natural juice of fresh lime fruit. Nothing chemical. Nothing artificial. Just the juice of the lime. That's why Rose's will always cost you just that tiny bit extra. But you have the satisfaction of really getting what you ask for, and your guests and your own palate will never tire of commending the excellence of your judgment.

## YOU MUST HAVE TRANSPORT WHEREVER YOU GO.

In cities days a King offered his kingdom for a horse. Emperor  
 Hele Selene lost his with a camel. You get it back with a Ford—  
 How about you?

Because of the war-time restrictions on motorcars you are naturally more than ever, to get the maximum service from your Ford use or to use it. We want to help you do this. We want to help you do this.

In the present emergency we feel that our responsibilities to you, Ford owners are greater than ever. It is vital to you in your war effort that you should have the most reliable and trouble-free car you can get.

During forty years of designing and building automobiles, Henry Ford has developed a product that lasts—it is a highly practical, a tough, a powerful, a safe, a reliable, a comfortable, a fast, a systematic, a maintenance-free, a car that will give you all the satisfactory transportation that Ford can give you.

The following suggestions are of value to you. Because of the real need for rubber, our tires, the one of your tires come out, and out on any experts estimate how many miles are left in your tires. The rate and safe criteria there would be to give you four essential criteria to meet your requirements over at least the next three years.

## The Motorist's Ten Commandments

1. Maintain correct pressure at all times.
2. Make sure alignment and brake adjustment are correct.
3. Change the engine oil and tires every 2,000 miles or 1,000 hours, whichever comes first.
4. Adjust your tires to left to left; right to right; front to front; rear to rear.
5. Drive at speeds no more than forty miles an hour.
6. Do not drink and drive.
7. Take extra care at reduced speeds.
8. Remove dirt, nails, etc. and repair small cuts and cracks immediately.

## HOW TO GET THE MOST MILEAGE FROM PETROL.

1. To be conservative drivers. Keep speed 40 miles per hour.
  2. Keep your car in good condition, particularly the engine.
  3. Adjust to minor trends and adjust your car to suit circumstances.
