'NIVEA'

For the care of the Skin

SMART women everywhere use NIVEA CREAM. The secret lies in its "NIVEA", an active ingredient that is the nearest substitute for the natural oils that feed and protect the skin.

Nivea does not leave a greasy residue. It penetrates deeply to the lower layers, clearing clogged pores, removing blemishes and leaving the skin soft and healthy. It is the leading and smoothest skin conditioner.

As a day cream it gives a delightful mist finish that acts as a perfect powder base. For the care and beauty of the hands it prevents all roughness and hand-cracking conditions.

Most economical in use. Nivea is made in Britain.

Obtainable from all chemists and grocers.

Don't be content with half-health. The "glad to be alive" feeling that is the sign of a fast movement of natural vigor can only come from inner cleanliness—a system cleaned regularly of healthy blood. A sparkling glass of Eno's Fruit Salt first thing every morning will ensure that your system is kept thoroughly firm from poisonous food waste, and restore natural vigor to the full. Eno's Fruit Salt has enjoyed the confidence of millions all over the world for generations. On a bottle and see the difference it can make to your health.
