DEATH OF GREAT SOLDIER AND STATESMAN

LORD ALLENBY'S WORK FOR BRITAIN AND EMPIRE

"Last and Happiest Crusader"

STIRRING CAMPAIGN IN PALESTINE AND GREAT RECORD IN EGYPT

WITH the death of Lord Allenby which occurred suddenly on Thursday afternoon the British nation has lost a man who laboured long and to splendid purpose in the service of Britain and the Empire.

When history shall have reviewed the achievements and vicissitudes of our time, few figures will stand out in the record like Lord Allenby.

As a soldier he will be counted among the greatest. His triumphs made more memorable by the fact that crowned it when he entered Jerusalem on foot, the leader of a victorious army.

His name will live as long for the work of statesmanship done in Egypt, where he played the directing and controlling part. At a period of transition as dangerous as it was difficult he had raised the prestige of his country from deep depression to a point as high as it had attained in the days of Kitchener.

Restored British Prestige

It is a well known fact that the British Empire has been restored to its former position of world leadership. This is due to the fact that the British Empire has been restored to its former position of world leadership.

### Children's COLDS

Relieved Without "Dosing"

**Mothers** the world over prefer the natural treatment, **Vicks VapoRub**, because it gives the constant "soothing" which an itching throat requires to delicate little throats.

Just rubbed on, Vicks sooths through the skin like a plaster, and gives off medicated vapors which are inhaled.

Throat sore or swelling, colds originated with Vicks. Today, the whole trend of modern medical practice is away from medicine "dosing".

## METHODS OF APPLYING PRODUCE LEGISLATION

### "Misconduct of Examiners"

#### INSUFFICIENT EXPLANATION OF MEANING OF NEW RESTRICTIONS

**EFFECTIVE** methods in the application of the Produce in relation to co-operation, misconduct of Native examiners, lack of supervision by the Agricultural Department, misadministration and lack of Departmental control—these are stated to be the direct causes of the Zanzibar on February 7, when two Government officials were killed and three injured.

The statement is made in the Report of the Commission appointed by the British Resident, Zanzibar, to investigate the cause, and the Commission finds it "impossible to place the blame" in regard to the absence of opportunity in the Native to understand the meaning of such "hasty to cause dissatisfaction."

The Mangoch Arabs, with whom the rioting started, are to be pardoned and duly returned to slavery and the states that the decisive action of the police arrested might have been a massacre of European officials in an attack against whom the outbreak was directed.

# LOAN BILL WELCOMED BY COUNCIL

## FUNDS FOR AGRICULTURE AND MUNICIPAL PURPOSES

### Local Subscriptions?

BY 22 votes to six—the opposition coming from the five Indian Members and Sheriff Abdullah bin Salim (Arab member)—Kenya Legislative Council yesterday passed the second reading of the Specific Loan Bill, which makes provision for the raising of £200,000. The money which, the Treasurer explained, was expected to be raised at about 3 per cent, would amount to £200,000 for the Land Bank and £12,000 for the Nairobi Water Supply Loan.

He added that the Government strongly favored the affording of facilities for local subscriptions. In discussing the proposal of a reduced rate of interest to the Land Bank borrowers, he stressed the importance of an adequate return and stated that the action of the few who were opposed to lease the claims of the Land Bank had prejudiced the prospects of a reduction.

### Indian and Arab Opposition

Moving the second reading of the Specific Loan Bill to the Kenyan Legislative Council, the Treasurer, Mr. J. G. K. M. M., said that the bill was a most important one, and that it was well supported by the members of the Council.

### Land Bank Interest

As regards the interest charge on the £200,000 loan, Mr. M. M. said that the Government was prepared to consider a reduction in the rate of interest.
