

FUEHRER ENTERS SUDETEN

Mr. Chamberlain's Reassuring Message to France
PRAGUE'S NEW ATTITUDE

Latest Developments

THE LATEST NEWS OF THE EUROPEAN SITUATION RECEIVED AT PRESS TIME LAST NIGHT WAS AS FOLLOWS—

The House of Commons was crowded to hear first the explanation of Mr. Duff Cooper for his resignation from the Cabinet, and then Mr. Chamberlain's statement about the Munich Conference.

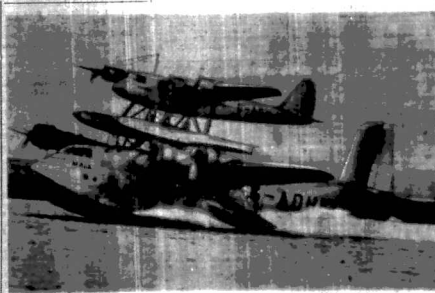

Mr. Duff Cooper, speaking from the back benches, was cheered by the Opposition.

General protestations of foreign policy, Mr. Duff Cooper's words were to make it plain where you stand in the world, and he said he would do the British Government to do. The British Government had failed in recent months to make things clear.

Everything had pointed to the fact that Germany was preparing for war, and the one way in which we should have been prevented was for Britain to have stated that she was prepared to fight on the other side. Mr. Duff Cooper had said that he would do the British Government to do. The British Government had failed in recent months to make things clear.

The Prime Minister's letter in addressing Mr. Hitler in the language of the Munich Conference, Mr. Duff Cooper declared that he was not a pacifist. He said that he was not a pacifist. He said that he was not a pacifist.

BOUND FOR CAPE AND RECORD

The Mercedes composite aircraft, the top component of which—the seaplane Mercury—is now on her way from Dundee to Cape Town in an attempt to cover 7,000 miles non-stop.

"MERCURY" ON WAY TO CAPE FROM SCOTLAND

Attempt on Non-stop Flight Record

HAVING TAKEN OFF FROM HER LAUNCHING PLANE AT DUNDEE YESTERDAY AFTERNOON, THE IMPERIAL AIRWAYS SEAPLANE MERCURY, SHOULD NOW BE SOMEWHERE MID-WAY BETWEEN SCOTLAND AND CAPE TOWN, WHICH SHE IS AIMING TO REACH IN ONE NON-STOP FLIGHT OF 7,000 MILES.

With the officer who flew her to New York, and back in July as chief pilot, Mercury should reach Cape Town in 40 to 45 hours, and it is expected that the present record for a non-stop flight, held by the three Russian pilots who flew 5,320 miles over the Pole from Moscow to California, will be comfortably broken.

The Mercury will return to England from Cape Town by easy stages.

THE OCCUPATION OF THE SUDETEN REGION BY GERMAN TROOPS IS PROCEEDING IN AN ORDERLY MANNER, AND HEHR HITLER, WELCOMED AT THE FRONTIER BY HEHR MENDEL, THE NEW HIGH COMMISSIONER FOR SUDETENLAND, MADE A TRIUMPHAL ENTRY INTO THE FORMER CZECH TERRITORY YESTERDAY, WHERE HE WAS RECEIVED WITH HYSTERICAL CHEERING. MANY REFUGEES FROM THE SUDETEN REGIONS ARE MARCHING BACK WITH THE CZECH TROOPS, AND THE PRAGUE GOVERNMENT IS URGING THEM TO RETURN SO THAT THEY CAN VOTE IN THE PLEBISCITES.

On a smaller note, similar happenings are taking place in Teschen, the district of Czechoslovakia's Polish territory. In Prague, the press urges the people to make the best of the situation and argues that in losing Sudetensland the country is rid of an economic burden.

Mr. Chamberlain has sent to M. Daladier a message of thanks and a reference to Anglo-German relations which has been received as reassuring by the French press, which had been apprehensive of a "little-union" which France might have isolated.

Government Attacked

The future still seems to be a divergent one.

Chamberlain's last denunciation against the Government for the peaceful solution of the Munich Conference, was a bold move for the first time in his career in starting the terms of a new war.

The Government is being attacked for its failure to stand the test of time and for its failure to stand the test of time and for its failure to stand the test of time.

THANKS

To the Editor, "E. A. Standard." Sir—May I express my appreciation of the generally good faith spirit, which you have shown in publishing "our country" with the latest intelligence, in a time of world wide anxiety.

THE LEPER FETS

To the Editor, "E. A. Standard." Sir—May I ask for a little space in which to express the thanks of the Leper Fets Committee to all those who so willingly gave their services, Saturday, and before the hands, preparing a most successful day. They made the cooperation of the many helpers all the while and the whole argument of the matter has been so well represented as to give the public a true picture of the work of the Leper Fets. It is a pleasure to be able to express my warm appreciation of the work of the Leper Fets. It is a pleasure to be able to express my warm appreciation of the work of the Leper Fets.

INDIANS IN KENYA

To the Editor, "E. A. Standard." Sir—It is rather difficult to agree with Mr. Hattenhalla's opinion in his editorial on the subject of Indian business in Kenya. It is true that the Indian is a hard worker and that he is a good citizen. It is true that the Indian is a hard worker and that he is a good citizen. It is true that the Indian is a hard worker and that he is a good citizen.

Apparently he cannot envisage a change of mind which gives the Government a right to the same time. And why this passionate plea for the Government's right to the same time. And why this passionate plea for the Government's right to the same time.

Many years ago an attempt was made in Calcutta to form a social club on an industrial basis. It was a failure. It was a failure. It was a failure.

BRITAIN TO GUARANTEE £2,000,000,000 CREDIT TO CZECHOSLOVAKIA AT ONCE

Announcement By Premier In Commons

OUTSPOKEN DEBATE

A CREDIT of £2,000,000,000 IS TO BE GUARANTEED BY THE BRITISH GOVERNMENT TO CZECHOSLOVAKIA IMMEDIATELY, AND CONSIDERATION IS TO BE GIVEN TO AN APPLICATION BY THE PRAGUE GOVERNMENT FOR A FURTHER £20,000,000. THIS WAS ANNOUNCED BY THE PRIME MINISTER, MR. NEVILLE CHAMBERLAIN, IN THE HOUSE OF COMMONS ON MONDAY NIGHT, IN THE COURSE OF HIS SPEECH ON THE MUNICH CONFERENCE AND ITS CONSEQUENCES.

A motion of confidence in the Government's policy has been tabled by three Cabinet ministers, and the debate continued yesterday and is expected to conclude to-day. On the first day the Government's policy was supported by Mr. Chamberlain and Conservative backbenchers, and was attacked by Mr. Duff Cooper, in the course of the speech in which he explained his resignation from the Cabinet, by the Opposition leaders, and by Mr. Anthony Eden, as well as others on both sides of the House.

The occupation of the third zone of Sudetenland proceeded yesterday in an orderly manner, and in the course of his speech in the Commons, Sir Samuel Hoare said that he believed that the Germans intended to carry out the conditions in a fair and reasonable manner.

France is facing a financial crisis as the result of her partial mobilisation during the past weeks, and the Government is making primary powers after which the first step will be to greatly increase taxation to meet the cost of the precautions.

London, Oct. 4.—(By the House of Commons yesterday, Mr. Chamberlain announced that the Government had decided to guarantee £2,000,000,000 to the Czechoslovak Republic. He said that the guarantee was being given immediately, and that the Government was also considering the possibility of giving a further £20,000,000 to the Czechoslovak Republic. Mr. Chamberlain said that the guarantee was being given in order to show to the world that Britain was standing by the Czechoslovak Republic, and that she was determined to do all in her power to prevent the German Government from carrying out its policy of aggression against the Czechoslovak Republic. He said that the guarantee was being given in order to show to the world that Britain was standing by the Czechoslovak Republic, and that she was determined to do all in her power to prevent the German Government from carrying out its policy of aggression against the Czechoslovak Republic.

Time Was Vain?
The Premier paid tribute to the sense and wisdom of the Foreign Secretary, whose lofty conception of peace had been demonstrated in the Munich Conference.

Course of United States
In a sensational speech last night Mr. Samuel Hays, Assistant Secretary of State, said that the United States had decided to guarantee a loan of \$500,000,000 to the Czechoslovak Republic. He said that the loan was being given in order to show to the world that the United States was standing by the Czechoslovak Republic, and that she was determined to do all in her power to prevent the German Government from carrying out its policy of aggression against the Czechoslovak Republic.

which would have operated to the disadvantage of the Czechoslovak Republic. He said that the loan was being given in order to show to the world that the United States was standing by the Czechoslovak Republic, and that she was determined to do all in her power to prevent the German Government from carrying out its policy of aggression against the Czechoslovak Republic.

BRITISH LOAN FOR CZECHS

London, October 4.—The announcement of a £2,000,000,000 guarantee was made by the Prime Minister, Mr. Chamberlain, in the House of Commons yesterday. He said that the guarantee was being given immediately, and that the Government was also considering the possibility of giving a further £20,000,000 to the Czechoslovak Republic.

Foundation Laid
"People imagine an active and energetic" the Premier continued. "They would not understand the purpose of it. They had no idea that the guarantee was being given in order to show to the world that Britain was standing by the Czechoslovak Republic, and that she was determined to do all in her power to prevent the German Government from carrying out its policy of aggression against the Czechoslovak Republic."

Disarmament Opportunities
After the interruption, the Prime Minister, Mr. Chamberlain, said that he was sure that the Government's policy would be supported by the House of Commons. He said that the Government was determined to do all in its power to prevent the German Government from carrying out its policy of aggression against the Czechoslovak Republic.

The Premier would say, however, that it would be well to have the Munich Agreement as a personal or national triumph for any people or country.

He spoke of the country's profound sympathy for the Czechoslovak Republic, and of the credit of £2,000,000,000, which the Government was also giving to the Czechoslovak Republic.

Yields to Statesmen
Speakers on either side of the House at the Munich conference, Mr. Chamberlain said, had things had said about the Munich Conference, and he thought the House ought to remember that in agreeing, even though only at the last minute, to the Munich Agreement, which Hitler had made a real and substantial contribution was certainly made. He said that the Munich Agreement was a triumph for the British people, and that it was a triumph for the British people.

Mr. G. R. Allen
I would wish to draw each evening and time as I left the before hand, and I am sure that the House will be able to do so.

Amateur Says No
Mr. Atkinson, a member of the Labour Party, said that although he was not a member of the Labour Party, he was sure that the Government's policy was wrong. He said that the Government was giving away the Czechoslovak Republic to the German Government, and that he was sure that the British people would not support the Government's policy.

Latest Developments

Speakers in a crowded session of the French Chamber, M. Daladier, who was greeted with applause, said that the efforts of Mr. Chamberlain started under two motives. He said that the Government had acted under two motives. He said that the Government had acted under two motives.

THE BIGNESS OF ITS PERFORMANCE. A motoring correspondent described the Big Seven as 'Fitted Firm'. Consider that its 700 h.p. engine develops 21 brake horse power under test! Accelerates from 10 m.p.h. to 50 m.p.h. in 9 seconds. Does over 60 m.p.h. with unusual ease. That's bigness of performance!

THE BIGNESS OF ITS ECONOMY. The tax on the Big Seven is only £. One gallon of petrol takes four people over 20 miles, one gallon of oil over 100 miles, its metal cost, fully equipped with all extras, is only £. The 'Fitted Firm' Big Seven, £.

THE BIGNESS OF ITS COMFORT. There are four doors, six windows, rubber-lined panoramic seats for four large-sized adults, tipping springs and upholstered tyres for the smoothest riding—a roominess, a driving car not generally found among costlier cars.

How to make delicious gravy

It's so easy, just get your cook to use the good compound or mix of Bisto into a basic stock, then thicken with a half a pint of cream (see boiling) water.

Heat the mixture into the sauce, then thicken the fat has been removed. Stir well and boil for a few minutes.

The result is a delicious, rich gravy, free from lumps and thickened by all. A gravy that makes your meals the most satisfying and makes the most of your money.

WILL RESIGNATION OF DR. BENES MAKE THINGS EASIER FOR CZECHOSLOVAKIA?

German Newspapers Give Change Warm Welcome

AUTONOMY FOR SLOVAKS?

DOCUMENT IN THE GERMAN PRESS ON THE RESIGNATION OF DR. BENES FROM THE PRESIDENCY OF CZECHOSLOVAKIA SUPPORTS THE VIEW THAT IT MAY AFFORD CZECHOSLOVAKIA A CHANCE OF COMING TO BETTER TERMS WITH GERMANY...

Yesterday morning, despite a protest by the leader of the Opposition, Mr. Aleska, that there were many things to be considered...

In Czechoslovakia, where the new Prime Minister announced that he intended to resign, would be friendly relations with all the equality of all within the state...

London, October 2. In a broadcast speech, the new Prime Minister of Czechoslovakia last night, Dr. Benes...

He said the state of political equilibrium in Europe had been disturbed by the events in Czechoslovakia. He said that he had done all that was in his power to reach a settlement...

His Homogeneous Czechoslovakia would have had had almost none. He did not feel that the most equitable and fair settlement could be made...

A.R.P. in Britain

The Under Secretary for Home Affairs in a speech in the House of Commons last night said that £2,000,000 had been spent since the outbreak of the war...

It is believed that Germany has brought considerable pressure to bear in regard to the resignation of President Benes. It will be recalled that a few days ago at Nuremberg Herr Hitler made a violent personal attack on the President.

The election of a new President would be made by the Chamber of Deputies and the Senate acting as one body.

There was another broadcast last night. It was made by the Prime Minister and Acting Premier, Dr. Benes, who said that he had done all that was in his power to reach a settlement...

FINANCIAL REVIEW

(By GEORGE A. TYSON)

Since the collapse of European stock markets and of the London gold market, which resulted in what may be described as a recession in any way for the time being, the financial markets generally have been in a state of depression.

At an exchange rate of 100 shillings to the pound sterling, the Kenya gold market is in a state of depression. The output of gold for the month of August was valued at £42,885.

As the output of gold for the month of August was valued at £42,885, it is interesting to note that the output for the month of July was valued at £42,885.

The Shows Sail... the East African Coast

IN September, when the north east monsoon begins to blow, the Dhow sail on down the East African Coast and lightly skim the ocean waters. From Berbera and Bender Abbas, from Lamu and Malindi they ply their trade to Zanzibar, Kilwa, Mozambique and even further south, until the southwest monsoon drives them off the coast in April. During the intervening months one can hardly see the coast without seeing their white sails. Nearer the shore are the smaller coasting vessels and standing further out are the giants from Muscat, the Persian Gulf and Marschil. Slowly they appear to move but swiftly they disappear, white-winged sea gulls quivering the air.

It is not just round the coast one hears the drumming and booming of the dhow. It is everywhere. One comes crawling in after dark, only some twinkling in their midst there is nothing very new. They are from East Africa, South of Capetown, the journey is too long, and the risks are too great. They are from East Africa, South of Capetown, the journey is too long, and the risks are too great. They are from East Africa, South of Capetown, the journey is too long, and the risks are too great.

The coastal dhow men are named by Somali, Bahane, and Swahili. The Somali are cold and careful but the Bahane and Swahili are merry and cheerful. They make good company, they spend it all in their dhow. As they sail they beat their drums, but their clothes are made of a local cloth.

Years ago I had an island dhow to look after. It was a small boat with a crew of about ten men. They were from East Africa, South of Capetown, the journey is too long, and the risks are too great. They are from East Africa, South of Capetown, the journey is too long, and the risks are too great.

There are the ocean-creeper, some with three masts of 20 or 30 masts high, and the broad-sailed dhow of the Indian Ocean. They are from East Africa, South of Capetown, the journey is too long, and the risks are too great.

Not long ago I had to return from my usual home. I was on my way to the coast when I saw a dhow. It was a small boat with a crew of about ten men. They were from East Africa, South of Capetown, the journey is too long, and the risks are too great.

REACTION TO PEACE

Several weeks of nervous tension, after days when we seemed to have reached a final agreement, have now passed. The reaction to the peace is a little different to what we expected. The people of London had a great deal to say about it. They were stirred by feelings of relief and joy that the spectre of a world war had been put to rest. They were stirred by feelings of relief and joy that the spectre of a world war had been put to rest.

FROM CREST TO SLOUGH

You may say that the sea that there is to be no tranquility in importance every other day. There are other considerations in judging these dramatic events. They have been described as not another step in the decline and fall of the British Empire. Less than on the crest of the wave, the sea of peace is a vast and uncharted sea.

SHALL WE PAY DANEGELT ?

For a long time past there has been a group of people in England who have demanded a better understanding of Great Britain on the one hand and Germany on the other hand. They supported France and Spain; they supported the League of Nations.

Coffee Grafting as An Estate Practice

Have a Broadcast Talk Given by Mr. T. H. Jackson, from the nearest station, on Thursday, October 13th, in the series of Talks to Farmers arranged by the Agricultural and Horticultural Society of Kenya with the Co-operation of Messrs. Messers and Wireless Ltd., and the Departments of Agriculture and Veterinary Services.

Most thinkers are familiar with the fact that grafting is a desirable estate practice. It is desirable in estate practice because it is a method of increasing the value of the estate and it is a method of increasing the income of the estate. It is a method of increasing the value of the estate because it is a method of increasing the value of the land. It is a method of increasing the income of the estate because it is a method of increasing the income of the land.

Coffee in Kenya has originated from the Arab and has been cultivated for many years. It is a method of increasing the value of the estate and it is a method of increasing the income of the estate. It is a method of increasing the value of the estate because it is a method of increasing the value of the land. It is a method of increasing the income of the estate because it is a method of increasing the income of the land.

COLONIAL OFFICE OVERBURDENED

With Subjects Which Should Be Settled On The Spot

[STANDARD] Correspondent
London, Sept. 29.

It is interesting by a Commission consisting of persons who have been in the habit of settling African concerns, was open to view. This would be a great relief to the Colonial Office, which has been overburdened with the work of settling African concerns. It is interesting to note that the Commission is to be headed by a former member of the Colonial Office, and that it is to be given the right to refer to the Colonial Office for advice on matters which are not within its jurisdiction. This is a step which is long overdue, and it is to be hoped that it will be the means of relieving the Colonial Office of a large part of its present burden.

The Annual Report Of Kavirondo The Kenya Education Department

Many More Africans At The Schools

A historical survey of European, Indian, Arab and African education in the country is given in the annual report for 1937 of the Kenya Education Department. Outstanding events in 1937 were the cessation and the Malvern Conference on higher education. The Education Department has made a study of the application of a direct method of teaching reading to the vernaculars of the country. With the assistance of the Kenya Education Department, he compiled a series of lessons, and in his report of the experiment he writes: "Our progress was very rapid, and we have now two hundred and twenty lessons completed. I exceeded my own expectations and had to revise the syllabus. I am sure that we have not yet done all that we can do. I am sure that we have not yet done all that we can do. I am sure that we have not yet done all that we can do."

The report also mentions the appointment of a committee to investigate the position of the African school teacher. The committee has been appointed and will report in the next few months.
