Personally Speaking..

The first night of that extravaganza which was the Kenya "Down," drew a large crowd on Monday. The house was packed and the "Show the World" program of £100 was handed to the Hon. E.D. Christmas Christmas Fund.

Another cause which benefits the Kenya work is the Kenya Fund for Greek Relief. Timmerman, dance and cabaret at the "900" on Tuesday night was a great success and the proceeds realized £100-10-0.

The cabaret proved a welcome change. It was conducted by Dawn Nixon, of Dita fame who threw a lot of her intriguing tricks in, not to mention her dancing. The program was most successful and later some of the most successful. The program was most successful and later some of the most successful. (The following is an extract from the programme which includes an address by the Governor, the Hon. E.D. Christmas, Miss Kenyon, piano recitals of their own making, their National Anthem, the "Show the World" programme, and a musical by the R.A.F. Signals Band. The proceeds from the evening will go to the Christmas War Fund.)

Nairobi Wedding

The wedding took place at the Cathedral of the Holy Spirit on Thursday, September 24, at 11.30 a.m. The bride, Miss Evelyn Jackson, was attended by her mother, Mrs. M. H. Jackson, and her father, Mr. J. H. Jackson. The groom, Mr. Robert Jackson, was attended by his best man, Mr. J. H. Jackson. The ceremony was officiated by the Rev. J. H. Jackson. The reception was held at the home of the bride's parents, Mr. and Mrs. J. H. Jackson.

Major and Mrs. E. R. K. Ward were present as special guests in the home of Mr. and Mrs. Jackson. The reception was most enjoyable and the guests were entertained to the very best.

WATCH YOUR BEST BATA UNITED SHOES

The wide spread demand for our recently introduced Utility Shoes has given us great satisfaction, and it may reasonably be assumed that they have proved equally satisfactory to our customers.

We are aware that our utility products are not yet perfect, that is not to be expected in so short a time. But we shall appreciate your co-operation if you will inform us of our shoe makers of any cause of complaint. Small production faults are common in large scale production, notwithstanding the most careful checking.

Our Utility Shoe Collection is now being extended by six additional designs, and these will shortly be on sale in our shops throughout British East Africa.

We hope also our new Utility Shoe designs will be to your satisfaction.

Is Another Seas It

I HAD a most interesting talk this evening at the Kenya Club. The speaker was Mr. J. H. Jackson, who spoke on the subject of "Is Another Seas It". He spoke of the importance of the sea for the world's commerce, and of the need for a more efficient shipping service. He also spoke of the need for a more efficient shipping service, and of the need for a more efficient shipping service.

Finger Print Pioneer In Kenya

Desk, with a telephone call from the French Consul General in Nairobi. The Consul General had received a letter from the Ministry of Foreign Affairs in Paris, which had asked him to send a report on the situation in Madagascar. The Consul General had been asked to report on the progress of the French administration in Madagascar, and on the activities of the Vichy government.

The death last week in the Nairobi Hospital of William W. C. Burgess, a man who had been a pioneer in the use of fingerprints in Kenya, was a great loss to the community. Burgess had been a pioneer in the use of fingerprints in Kenya, and he had been a pioneer in the use of fingerprints in Kenya.

A Fresh arrival of Smiles!

Smiles—now happy everyone is! For only Cow & Gate's good enough for our baby and your baby too. A little more of it will do you good. It's a great deal better if you could afford cheap Milk Foods for Baby even in wartime. Riching of all natural vitamins—killing of any harmful bacteria—strong bones—Health is made liquid—A taste of Health and Happiness.

Recipe for saving BOVRIL

A LITTLE GOES A LONG WAY

Just a touch of Bovril makes a wonderful improvement in the flavor of your dishes and enriches their food. Maximum delicacies are made by Bovril sauce at present, so remember that it is highly economical and use it with severest economy. This will help you over any period when you may not be able to get it.

PEARS HAS BEEN CALLED TO MORE URGENT TASKS THAN BEAUTY CARE

Just now you can't get Pears Soap because the United Nations need certain of the ingredients that are used in the manufacture of Pears. After the war, however, Pears will be back again to resume its care of your complexion.

AN EXAMPLE OF THE WAR EFFORT OF THE UNITED NATIONS!

In July 1942 there was good reason to believe that British factories were turning out more munitions than any other country in the world in proportion to the population.

Britain's Farming Revival

Science and Machines Empowering Agricultural Workers' Great Efforts, Being in Flower's Growth Using Every Corner of Land

By J. E. Hargreaves
(Noted British agricultural expert and contributor to many farming journals).

THE war has taught a country many lessons. Chief of these learned by Britain is the value of the scientific and ordinary working farmer. Prior to 1939 the scientist and the farmer worked independently of each other, often the average farmer had little room for the theorist.

But the application of science to agriculture during the war has shown the farmer that the scientist, surrounded by test tubes and microscopes in his distant laboratory can get results, so that Britain today with 25.7 per cent. arable tillage and 22.9 per cent. tillage area greater than before the war has yet increased her cattle population by 48 per cent. and simultaneously yet increased the annual output of animal feeding stuffs from 5,000 million tons before the war to 13,000 million in 1943.

We had shown, as nothing else would, that the way to increased efficiency on the farm is to increase the scientific application of the science of the Government. It is not very long ago that the Government was regarded as a body of bureaucrats who were not interested in the welfare of the farmer.

But it is not now. It has been shown that the Government is interested in the welfare of the farmer. It has been shown that the Government is interested in the welfare of the farmer. It has been shown that the Government is interested in the welfare of the farmer.

But it is not now. It has been shown that the Government is interested in the welfare of the farmer. It has been shown that the Government is interested in the welfare of the farmer. It has been shown that the Government is interested in the welfare of the farmer.
