### ANOTHER SMALL INDIAN RAILWAY

Another small Indian railway is being planned in the Province of Madhya Pradesh. The Government has decided to construct a line from Jabalpur to Jabalpur, a distance of 100 miles. The estimated cost is Rs. 100 lakhs. The line will be 2 feet 6 inches gauge. It is expected to be completed by 1935.

### PEACE IN INDUSTRY

The Government has issued a mandate to the Industrial Commission and a similar body in other provinces. The mandate is to investigate the causes of industrial unrest and to recommend measures to bring about peace in industry. The Government has also issued a circular to the effect that it will not interfere in the internal affairs of the Industrial Commission.

### SEQUEL TO RAILWAY DISASTER

The sequel to the railway disaster at Jabalpur is being investigated by the Government. The accident occurred on October 15, 1934, when a train derailed near Jabalpur. The cause of the accident is still under investigation. The Government has issued a circular to the effect that it will not interfere in the internal affairs of the Railway Commission.

### MANDATES COMMISSION AND SIMILAR

The Government has issued a mandate to the Mandates Commission and a similar body in other provinces. The mandate is to investigate the causes of industrial unrest and to recommend measures to bring about peace in industry. The Government has also issued a circular to the effect that it will not interfere in the internal affairs of the Mandates Commission.

### ZEPPELIN'S TRIUMPHANT RETURN

The Zeppelin's triumphant return to Germany after its successful voyage to South America is being celebrated in Germany. The airship, the Graf Zeppelin, returned to Germany on October 15, 1934, after a voyage of 11,000 miles. The voyage was a great success and has opened up new possibilities for air travel.

### DOUBLE TAXATION

The Government has issued a circular to the effect that it will not interfere in the internal affairs of the Double Taxation Commission. The Commission is to investigate the causes of double taxation and to recommend measures to bring about peace in industry.

### ALL-RED AIR ROUTE THROUGH AFRICA

The Government has issued a circular to the effect that it will not interfere in the internal affairs of the All-Red Air Route Commission. The Commission is to investigate the causes of industrial unrest and to recommend measures to bring about peace in industry.

### PROTECTING CREDITORS OF RUSSIA

The Government has issued a circular to the effect that it will not interfere in the internal affairs of the Protecting Creditors of Russia Commission. The Commission is to investigate the causes of industrial unrest and to recommend measures to bring about peace in industry.

### THE CAMBRIDGESHIRE GREAT LONDON ORIGIN MOTOR SPEEDWAY

The Cambridgeshire Great London Origin Motor Speedway is being planned in the Province of Madhya Pradesh. The estimated cost is Rs. 100 lakhs. The track will be 2 feet 6 inches gauge. It is expected to be completed by 1935.

### PLANS FOR NEW ATLANTIC LINER

The plans for a new Atlantic liner are being discussed by the Government. The liner will be 2 feet 6 inches gauge. It is expected to be completed by 1935.

### AMERICAN YOUTH'S ADVENTURE

A group of American youth is planning an adventure in East Africa. The group consists of 10 young men and women. They are planning to travel from London to Cape Town and back. The journey will be made by air.

### EARLY INAUGURATION HOPED FOR

The Government is hoping for an early inauguration of the new Government. The Government has issued a circular to the effect that it will not interfere in the internal affairs of the Government.

### MR. WILSON'S PALIN ROYAL WIN

Mr. Wilson's Palin Royal Win is being celebrated in the Province of Madhya Pradesh. The win was a great success and has opened up new possibilities for air travel.

### 13,000,000 Scheme to be Financed by Toll Fees

A scheme to be financed by toll fees is being planned in the Province of Madhya Pradesh. The estimated cost is Rs. 13,000,000. The scheme will be completed by 1935.

### TO LONDON IN SERIES OF HOPS

A group of people is planning to travel from London to Cape Town and back in a series of hops. The group consists of 10 young men and women. They are planning to travel from London to Cape Town and back.

### TRAGEDY AT BANGALORE

A tragedy occurred at Bangalore on October 10, 1934. A train derailed near Bangalore. The cause of the accident is still under investigation. The Government has issued a circular to the effect that it will not interfere in the internal affairs of the Railway Commission.

### GERMAN REPAIRS

The Government has issued a circular to the effect that it will not interfere in the internal affairs of the German Repairs Commission. The Commission is to investigate the causes of industrial unrest and to recommend measures to bring about peace in industry.

### COMMITTEE OF EXPERTS TO MEET THIS YEAR

A committee of experts is to meet this year to investigate the causes of industrial unrest and to recommend measures to bring about peace in industry. The committee will be composed of experts from various countries.

### OBITUARY

The Government has issued a circular to the effect that it will not interfere in the internal affairs of the Obituary Commission. The Commission is to investigate the causes of industrial unrest and to recommend measures to bring about peace in industry.

### RECORD COST

The cost of a record is being discussed by the Government. The record will be 2 feet 6 inches gauge. It is expected to be completed by 1935.

**AVIATION AND THE BRITISH EMPIRE**  
 The progress of aviation has revolutionized the world, and its influence on the British Empire is becoming increasingly apparent. The development of air transport has opened up vast new territories for exploration and settlement, and has provided a means of rapid communication between distant parts of the Empire. The British Government has recognized the importance of aviation and has taken steps to encourage its development. The Royal Air Force has been expanded, and the Civil Aviation Authority has been established to regulate the industry. The future of the British Empire lies in the hands of the aviators, and it is to be hoped that they will continue to make their contribution to the progress of the world.

**REALTY OF HOME SELECTION**  
 The selection of a home is one of the most important decisions that a person can make. It is a decision that will affect one's life for many years to come. Therefore, it is essential that one should take the time to choose wisely. There are many factors to consider when selecting a home, such as the location, the size, the style, and the cost. It is important to consider all these factors and to choose a home that will meet one's needs and desires. The selection of a home is a process that should not be rushed, and one should take the time to visit different homes and to compare them. Only in this way can one be sure of making the best possible choice.

**FRENCH ROYALISTS - ATTAQA STATUE**  
 The French Royalists have recently celebrated the centenary of the fall of the Bastille. This event is commemorated by the erection of a statue in Paris. The statue is a masterpiece of art and is a fitting tribute to the revolution. The French Royalists are proud of their heritage and of the role that they played in the history of France. They believe that the principles of the revolution are still valid and that they should be applied to the present day. The erection of the statue is a symbol of their faith in the future of France and of the role that they wish to play in it.

**MR. HOOPER TO BE THE NEXT PRESIDENT.**  
 Mr. Hooper has been elected as the next President of the United States. This is a great honor and a great responsibility. Mr. Hooper is a man of high character and of great ability. He has served his country well and has earned the respect and confidence of his fellow citizens. He is a man who will bring honor and glory to his country and to his people. We are sure that Mr. Hooper will be a great President and that his administration will be a successful one.

**20 TOWNS IN GRIP OF BUBONIC PLAGUE.**  
 Bubonic plague has broken out in 20 towns in the East Indies. The disease is a deadly one and has caused the death of many people. The authorities are trying to contain the disease and to prevent it from spreading to other towns. They have taken steps to isolate the infected towns and to destroy the rats that carry the disease. They have also advised the people to take precautions to protect themselves. It is hoped that the disease will be brought under control soon.

**WERE SACCO & VANZETTI INNOCENT?**  
 The case of Sacco and Vanzetti has caused a great deal of controversy. Many people believe that they were innocent and that they were wrongly convicted. They were Italian immigrants who were accused of the murder of a police officer. The evidence against them was weak and the trial was unfair. They were sentenced to death and were executed. Many people believe that they were innocent and that their case is a tragedy. They believe that the justice system is flawed and that it is capable of convicting innocent people.

**SYNDICAL OF ITALIAN AND FRENCH AMITY**  
 An Important New Railway Link.  
 The Italian and French Governments have agreed to a syndical of Italian and French amity. This syndical will provide a new railway link between Italy and France. The syndical will be managed by a joint committee of the two governments. The new railway link will provide a means of rapid communication between the two countries and will be a great benefit to the people of both countries.

**FASCISM'S PRACTICAL IDEALISM.**  
 Duce Deeds Deeds Not Words.  
 Fascism is a practical philosophy. It is not a theory but a way of life. The Fascists believe in action and in the achievement of their goals. They do not believe in words and in empty promises. They believe in deeds and in the realization of their dreams. The Fascists are a people of action and of achievement. They are a people who have made their country a great and powerful nation. They are a people who have shown the world that it is possible to achieve greatness through action and through the pursuit of one's goals.

**GERMANY'S BID IN CHINA.**  
 Experts to Train Military and Police.  
 Germany has made a bid in China. She has offered to train the Chinese military and police. This is a great offer and one that the Chinese government would do well to accept. Germany has a long and distinguished tradition of military and police training. Her experts are some of the best in the world. They have trained soldiers and police officers in many different countries. They know how to train and to discipline. They know how to make a force efficient and powerful. The Chinese government would do well to take advantage of this offer and to accept Germany's help.

**CHURCH & STATE DISPUTE IN FRANCE.**  
 Proposed Return of Property Opposed.  
 There is a dispute in France between the Church and the State. The Church is opposed to the proposed return of property to the State. The State is insisting on its right to the property. This is a difficult dispute and one that will take some time to resolve. The Church believes that the property is theirs and that they have a right to it. The State believes that the property is theirs and that they have a right to it. This is a dispute that will be difficult to resolve and one that will cause a great deal of controversy.

**BRITISH COPPER.**  
 Ancient Mines to be Re-opened.  
 The British Government has decided to re-open some of its ancient copper mines. This is a great decision and one that will be a great benefit to the British people. The mines are rich in copper and will provide a means of producing copper for the British people. The British Government has always been a great supporter of the mining industry and it is to be hoped that it will continue to be so in the future.

**THE NOBEL PRIZE.**  
 The Nobel Prize is one of the most prestigious awards in the world. It is awarded to people who have made great contributions to the world. The Nobel Prize is a great honor and one that is highly respected. It is a great achievement and one that is well-deserved. The Nobel Prize is a great reward for the people who have made their lives a life of service to the world.

**ATLANTIC FLEET.**  
 New Commander in Chief Appointed.  
 A new commander in chief has been appointed to the Atlantic Fleet. This is a great appointment and one that will be a great benefit to the Atlantic Fleet. The new commander in chief is a man of high character and of great ability. He has served his country well and has earned the respect and confidence of his fellow citizens. He is a man who will bring honor and glory to his country and to his people.

**THE AMERICAN AMBASSADOR.**  
 Resignation of Mr. Houghton Accepted.  
 The resignation of Mr. Houghton as American Ambassador has been accepted. This is a great loss to the United States and to the world. Mr. Houghton was a man of high character and of great ability. He has served his country well and has earned the respect and confidence of his fellow citizens. He is a man who will be missed by all who knew him.

**W. INDIA CONFERENCE.**  
 The W. India Conference has been held in London. The conference was a great success and one that will be a great benefit to the people of the West Indies. The conference discussed many important issues and reached many important decisions. It was a great achievement and one that will be remembered for many years to come.

## SELF-GOVERNMENT FEARS

Indians and the Controversial Report

A LONDON MEETING

INDIAN NATIONAL CONGRESS  
LONDON, October 30  
The Indian National Congress met in London on October 30 for the purpose of discussing the report of the Committee on the Government of India which was published on October 22. The report, which is a controversial document, has caused much discussion in India and abroad. The Congress is expected to pass resolutions on the report and to send a delegation to India to discuss the matter with the British Government.

## CHINESE PIRATES

Challenged

British Submarine to the Rescue

BRITISH SUBMARINE'S AGENT  
LONDON, October 30  
The British submarine HMS Thetis, which is on patrol in the Indian Ocean, has been challenged by a Chinese pirate vessel. The submarine is expected to capture the pirate vessel and bring it back to port. The Chinese pirates have been active in the Indian Ocean for some time, and have caused much trouble for British shipping.

## MORE TROUBLE IN MELBOURNE.

Boats Thrown at Volunteers.

PERSONS ATTEMPTING TO  
MELBOURNE, October 30  
The police in Melbourne have been busy today in dealing with a number of persons who have been throwing boats at volunteers. The boats were thrown at the volunteers who were working in the streets to help the police. The police have been forced to use force to deal with the persons who were throwing the boats.

## ENQUIRY INTO DENGUE EPIDEMIC IN GREECE.

850,000 Cases and 1,372 Deaths.

ATHENS, October 30  
The Greek Government has ordered an enquiry into the dengue epidemic in Greece. The epidemic has caused 850,000 cases and 1,372 deaths. The enquiry is expected to determine the cause of the epidemic and to suggest measures to prevent it from spreading.

## German Steel Crisis.

850,000 Cases and 1,372 Deaths.

BERLIN, October 30  
The German steel industry is in a crisis. The industry has been hit by a combination of factors, including a decline in demand and a shortage of raw materials. The industry is expected to continue to decline unless the government takes steps to help it.

## Drought in Rhodesia.

STANDARD CORRESPONDENT  
LONDON, October 30  
The drought in Rhodesia is continuing. The drought has caused much hardship for the people of Rhodesia, and has led to a shortage of food and other necessities. The government is expected to take steps to help the people of Rhodesia.

## A Fortunate City.

BY WILKINS  
LONDON, October 30  
The city of London is a fortunate city. The city has been spared from the worst of the drought that is afflicting other parts of the world. The city has a good supply of water, and the people of the city are not suffering from the drought.

## Obituary.

STANDARD CORRESPONDENT  
LONDON, October 30  
The death of a prominent figure in the world of letters has been announced. The figure was a well-known author and a member of the British Academy. The death is a great loss to the world of letters.

## Another engine of the same Company completed 60,000 miles on TRIPLE SHELL, without the necessity for decarbonising.

(These practical tests on Aero engines are more convincing than on motor engines because the former are subjected to more strain than the latter, although the lubrication principle of both are the same)

SHELL OILS No. 3

## MONDAY, OCT. 30, 1939

### All Palestine and the Empire.

THE British Government has announced that it will support the League of Nations in its efforts to bring about a settlement of the Palestine problem. The British Government has also announced that it will support the League of Nations in its efforts to bring about a settlement of the Empire. The British Government has also announced that it will support the League of Nations in its efforts to bring about a settlement of the world.

### German Steel Crisis.

THE German steel industry is in a crisis. The industry has been hit by a combination of factors, including a decline in demand and a shortage of raw materials. The industry is expected to continue to decline unless the government takes steps to help it.

### Drought in Rhodesia.

THE drought in Rhodesia is continuing. The drought has caused much hardship for the people of Rhodesia, and has led to a shortage of food and other necessities. The government is expected to take steps to help the people of Rhodesia.

### A Fortunate City.

THE city of London is a fortunate city. The city has been spared from the worst of the drought that is afflicting other parts of the world. The city has a good supply of water, and the people of the city are not suffering from the drought.

### Obituary.

THE death of a prominent figure in the world of letters has been announced. The figure was a well-known author and a member of the British Academy. The death is a great loss to the world of letters.

### Another engine of the same Company completed 60,000 miles on TRIPLE SHELL, without the necessity for decarbonising.

(These practical tests on Aero engines are more convincing than on motor engines because the former are subjected to more strain than the latter, although the lubrication principle of both are the same)

**JUNIOR BRANCH OF THE E.A.S.P.C.A.**

First Anniversary Last Week

**WORKERS**

The Junior Branch of the East African Students' Political Club (E.A.S.P.C.A.) held its first anniversary last week. The club was formed in 1929 and has since then been active in promoting the political and social interests of the African students in the East African territories. The anniversary was celebrated with a dinner at the Hotel Victoria, Nairobi, on Friday, October 25th. The dinner was attended by about 100 guests, including members of the club, their families, and friends. The evening was spent in a most enjoyable manner, and the anniversary was a great success.

**PUBLIC HEALTH IN ZANZIBAR.**

Division of Island into Sanitary Districts.

The Public Health Officer in Zanzibar has submitted a report to the Government on the progress of the work done during the past year. The report shows that the Public Health Officer has been successful in securing the co-operation of the local authorities in the various sanitary districts. The work done during the past year has been of a most satisfactory nature, and the Public Health Officer is confident that the work done during the next year will be of a still more satisfactory nature.

**Outer Board**

Among the important proposals in a report to the Legislative Council of Zanzibar on the subject of the proposed Outer Board for the island is the proposal that the Board should be divided into six sanitary districts. The Board would be responsible for the general administration of the island, and the six sanitary districts would be responsible for the local administration of their respective areas.

**Zanzibar Wedding**

A wedding ceremony was held in Zanzibar on Friday, October 25th. The bride and groom were both members of the E.A.S.P.C.A. The ceremony was attended by a large number of guests, and it was a most successful one.

**Public Meeting**

A public meeting was held in Zanzibar on Saturday, October 26th. The meeting was held in the hall of the Hotel Victoria, and it was attended by a large number of people. The meeting was held to discuss the proposals for the proposed Outer Board for the island.

**The Coffee Market**

The coffee market in Zanzibar is at present in a most satisfactory state. The price of coffee has risen during the past few months, and this is due to the fact that the supply of coffee has been reduced during the past few years. The price of coffee is expected to continue to rise during the next few months.

**Uganda Weather**

The weather in Uganda during the past few months has been of a most satisfactory nature. The temperature has been moderate, and there has been a good amount of rain. The weather is expected to continue to be of a most satisfactory nature during the next few months.

**ENQUIRY INTO MORDASA CAR TRAGEDY.**

Question of a Driver's Condition

The fatal motor accident in Mordasa, which resulted in the death of a young man, has been referred to the Government for enquiry. The Government is enquiring into the condition of the driver at the time of the accident, and it is expected that a report will be submitted to the Government in the near future.

The Government is also enquiring into the condition of the car at the time of the accident. It is expected that a report will be submitted to the Government in the near future.

The Government is also enquiring into the condition of the road at the time of the accident. It is expected that a report will be submitted to the Government in the near future.

The Government is also enquiring into the condition of the witnesses at the time of the accident. It is expected that a report will be submitted to the Government in the near future.

The Government is also enquiring into the condition of the police at the time of the accident. It is expected that a report will be submitted to the Government in the near future.

The Government is also enquiring into the condition of the medical officers at the time of the accident. It is expected that a report will be submitted to the Government in the near future.

The Government is also enquiring into the condition of the coroner at the time of the accident. It is expected that a report will be submitted to the Government in the near future.

The Government is also enquiring into the condition of the jury at the time of the accident. It is expected that a report will be submitted to the Government in the near future.

The Government is also enquiring into the condition of the judge at the time of the accident. It is expected that a report will be submitted to the Government in the near future.

**THE UGANDA COTTON ASSOCIATION.**

Success of First Annual Dinner.

The Uganda Cotton Association held their first annual dinner last evening at the Imperial Hotel. The dinner was a most successful one, and it was attended by a large number of guests. The dinner was held to discuss the proposals for the proposed Cotton Board for the island.

The Uganda Cotton Association is also enquiring into the condition of the cotton growers at the time of the accident. It is expected that a report will be submitted to the Government in the near future.

The Uganda Cotton Association is also enquiring into the condition of the cotton processors at the time of the accident. It is expected that a report will be submitted to the Government in the near future.

The Uganda Cotton Association is also enquiring into the condition of the cotton exporters at the time of the accident. It is expected that a report will be submitted to the Government in the near future.

The Uganda Cotton Association is also enquiring into the condition of the cotton importers at the time of the accident. It is expected that a report will be submitted to the Government in the near future.

The Uganda Cotton Association is also enquiring into the condition of the cotton manufacturers at the time of the accident. It is expected that a report will be submitted to the Government in the near future.

The Uganda Cotton Association is also enquiring into the condition of the cotton retailers at the time of the accident. It is expected that a report will be submitted to the Government in the near future.

The Uganda Cotton Association is also enquiring into the condition of the cotton wholesalers at the time of the accident. It is expected that a report will be submitted to the Government in the near future.

The Uganda Cotton Association is also enquiring into the condition of the cotton distributors at the time of the accident. It is expected that a report will be submitted to the Government in the near future.

**SHOT GAME WITHOUT A LICENCE.**

Curious Reason for Breaking the Law.

A case of the 1930 was reported in a newspaper in Kampala, Uganda. The case was reported in the newspaper because the defendant had been shot without a licence. The defendant was a young man who had been shot while out for a walk in the park. The defendant was charged with breaking the law, and he was found guilty. The defendant was sentenced to a fine of five pounds.

The defendant was also charged with breaking the law because he had been shot without a licence. The defendant was found guilty, and he was sentenced to a fine of five pounds.

The defendant was also charged with breaking the law because he had been shot without a licence. The defendant was found guilty, and he was sentenced to a fine of five pounds.

The defendant was also charged with breaking the law because he had been shot without a licence. The defendant was found guilty, and he was sentenced to a fine of five pounds.

The defendant was also charged with breaking the law because he had been shot without a licence. The defendant was found guilty, and he was sentenced to a fine of five pounds.

The defendant was also charged with breaking the law because he had been shot without a licence. The defendant was found guilty, and he was sentenced to a fine of five pounds.

**KENYA ROAD EXPERT DISCUSSES A PERENNIAL PROBLEM.**

Money, and Plenty of It, the Only Solution.

WHAT HAS BEEN DONE.

**Mr. Moore's Views on the Needs of the Main Traffic Routes.**

The coming of the rains periodically arouses the interest of the Colony in the condition of the roads. There is no question that so far as the main roads are concerned the complaint made by travellers within the last few days are as emphatic as they have been in past years, suggesting that despite the creation of a Road Department and the expenditure of money on a road policy, little improvement is evident in the main road conditions.

In order that the public may be informed of the official attitude to the whole road problem, the "Standard" interviewed Mr. R. S. Moore, the road expert, who is in charge of this branch of the Colony's development.

Put briefly, Mr. Moore declares that he is satisfied with the work done, judged from the point of view of the financial limitations, but he emphasizes that money and more money is the only real solution of the Colony's road problem.

**THIKA-FORT HALL ROAD.**

Mr. Moore said that while it is not in money for work of importance rather than actual maintenance of highways. Conditions, however, being such as to maintain but the major portion of the work on the roads was in widening and drainage.

The progress throughout the whole Colony has been satisfactory having regard to the money available for the work. In the Thika and Fort Hall roads, the work has been in widening and drainage.

The work on the Thika and Fort Hall roads has been in widening and drainage. The work on the Thika and Fort Hall roads has been in widening and drainage.

**APPRECIATION OF VIEW TO TANGANYIKA**

The following telegram has been addressed to the Governor, the Hon. Sir Gerald Templer, by the Members of the Kenya Legislative Council, Tanganyika Territory.

**LATE MR. C. GAY**

**His Services to East Africa Recalled.**

(STANDARD CORRESPONDENT)

The news of the tragic death of Mr. Charles Gay, only surviving brother of Viscount Grey of Fallodon, at Buloni, Tanganyika, was received with much regret here. The "Times" published his obituary and also the following—

Mr. Charles Gay, who died at Buloni on September 28, was born in London. He had spent much time in East Africa, and he was a member of the Kenya Legislative Council. He was a very successful businessman, and he was a very successful businessman.

**If you could be out with the Guns at Home—**

Tang of autumn in the air . . . sharp sweet smell of fallen leaves . . . a drift of blue wood-smoke streaming thinly over the fields . . . a fine cock-pheasant rocketing up from the edge of the spinney . . . a good bag and a good day and a good tea to follow.

For a good tea in Kenya, as at home, you can't do better than drink Lipton's Tea. It's a favourite everywhere, because of its perfect flavour and fine refreshing quality. Lipton's are real tea-experts, with tea-gardens of their own, and they use none but the choicest leaf, skillfully blended and packed.

Lipton's Tea is packed in airtight tins which keep the tea fresh and sweet—look for the LL Trade Mark on every tin.

**Farming in Britain**

**A BIG DROPS IN WHAT GROWING**

London, October 4.—We have had the issue of farms supporting the critical position of farming as set out by the National Farmers Union. The lowest year is officially recorded as from the beginning of September to the end of August, and even received for agricultural production in the United Kingdom was only 101.1 per cent. The same figure, 101 per cent, held the lowest year 1925, and the drop since the present period of depression set in is shown as follows—

1923-24 59 per cent increase  
1924-25 60 per cent increase  
1925-26 62 per cent increase  
1926-27 55 per cent increase  
On the other hand, the farm's main production are at least 150 per cent above those of the base year 1911-12, or, as the farmers themselves generally express it, "pea-war prices." But the percentage increase over the base years in the prices received for the three principal cereals was—  
Wheat 24 per cent increase  
Barley 45 per cent increase  
Oats 68 per cent increase.  
It is clear it is not to be wondered at that this year's June 4 returns showed a further net loss of 100,000 acres of ploughland, and the great reduction of 200,000 acres under wheat. In only two years in the records, 1925 and 1926, have we grown a smaller acreage of wheat in the country.

Pepper Day.  
Pepper Day will be held this year on November 17 and participation by its successful character is in East Africa and will

**STUDEBAKER**  
introduces greatest

**BALL BEARING  
SPRING SHACKLES**

It is known that Studebaker's cars have had just as an advantage in having an long and in previous performance. A drive in a new Studebaker is a revelation in riding.

Every driver knows the importance of spring shackles—those joints or hinges which form the connecting link between body and axle. Engineers have sought to reduce friction

and wear in these joints. To make these Studebaker joints and axles in action to make them resistant to reduce the necessity for frequent lubrication. Studebaker now has introduced all these advances in the new ball bearing spring shackles. Your first trial run will convince you that these Studebaker improvements are the greatest improvement in riding comfort since balloon tyres!

The NAME is important as well as the Grade

DO YOU ALWAYS GET WHAT YOU MEAN TO ORDER?

If you ask for the grade alone, such as "A" or "B", you don't necessarily get MOBIL-OIL "A" or "B". The safe way to order oil is first to say

**Mobiloil**  
and then specify the grade.

PROGRESS AT WORK IN MOMBASA

Review of Recent Improvements

By the Editor

It is a pleasure to review the progress of the improvements in Mombasa during the past few months. The improvements in the harbor, the new wharves, and the new buildings are all well advanced. The harbor improvements include the new wharves and the new buildings. The new wharves are being built on the eastern side of the harbor, and the new buildings are being built on the western side. The harbor improvements are being carried out by the Mombasa Harbour Board, and the new buildings are being built by the Mombasa Municipal Council. The harbor improvements are being carried out by the Mombasa Harbour Board, and the new buildings are being built by the Mombasa Municipal Council.

PARIS MOTOR SHOW

First Models from Czechoslovakia

The International Motor Show at Paris has just opened. The Czechoslovakian exhibits are of high quality and show a great deal of progress in motor vehicle design. The exhibits include a number of new models from the Czechoslovakian manufacturers, and these are well received by the public. The exhibits are well displayed and attract a large number of visitors.

THE UNCHALLENGEABLE ALBION

FROM the earliest days of motor transport the Albion has provided unchallengeable evidence of its supremacy among commercial vehicles.

For 26 years it has represented the highest achievement in this highly specialised field of engineering.

To-day the Albion is universally acknowledged to have set a standard in design, material and construction while in performance it is the most economical and reliable of British commercial vehicles.

CHRYSLER SIX-FOUR NEW MODELS "Plymouth" The Advent of the New Plymouth means that the standard by which buyers have been accustomed to judge automobiles in the very moderate price field must be entirely revised.

Chrysler 65 The new Chrysler 65 is an entirely new conception of motor car style. Chrysler has taken details which for years have been accepted as impossible of change or improvement in motor cars and has made out of them an utterly charming ensemble, an entirely new model.

# LADIES' FASHIONS

## A Letter from Paris

The season is in the air, and the first of the new fashions is being shown in Paris. The most striking feature is the return to long sleeves and high collars. The dress is long and simple, with a high collar and long sleeves. The color is dark, and the fabric is heavy. The style is very elegant and sophisticated. The dress is shown in a simple, straight cut, with a high collar and long sleeves. The color is dark, and the fabric is heavy. The style is very elegant and sophisticated.

The most striking feature is the return to long sleeves and high collars. The dress is long and simple, with a high collar and long sleeves. The color is dark, and the fabric is heavy. The style is very elegant and sophisticated. The dress is shown in a simple, straight cut, with a high collar and long sleeves. The color is dark, and the fabric is heavy. The style is very elegant and sophisticated.

Work in a simple dress that shows most effectively draped and having to borrow colors. The dress is light to the colors and are shaded down to the introduction of white with pink, embroidered with in pink, green, gold and black.

## Dinner is served

Laying a table is an art in itself. The flowers, the china, the silver all must harmonize. The tables are set with a white tablecloth, a vase of flowers, and various dishes. The style is very elegant and sophisticated.

## Cerebos Salt

The modern dress—with pleats and shir-tuck—is better shaped into a pleasing character from one side of which a shower of black powder plumes fall over the wearer's shoulder.

## RIFLE SHOOTING

### Conditions for Hanyu Memorial Shield.

The contest for the Hanyu Memorial Shield will be held on November 10 and 11, 1920, at the Club House on Friday, November 12, 1920. Each stage will consist of three ranges for the 300 and 400 yards.

Members to and the stage. The first two stages will be held on the same day and the third stage on the following day. The prize is a silver cup and a certificate of honor.

## THE UGANDA COTTON ASSOCIATION

### President's Report to Annual Meeting.

At the first meeting of the Association in 1919, it was decided that the year should be devoted to the study of the possibilities of cotton in Uganda. The Association was formed for the purpose of promoting the cotton industry in Uganda.

The Association has since that time been actively engaged in its work. It has held several meetings and has published several reports. The results of its work have been very satisfactory.

## AGRICULTURE

### What the farmer will get from the Government.

The Government has a number of schemes for the benefit of the farmer. These include the provision of credit facilities, the establishment of extension services, and the provision of technical assistance.

The Government is also engaged in the development of irrigation works and the improvement of roads. These schemes are all designed to help the farmer to increase his production and to improve his standard of living.

**Poudre de Riz de JAVA**

Made from selected Java rice, it is a perfect skin powder. It is light and refreshing, and it keeps the skin soft and smooth.

## CARS FOR 1920

The 1920 cars are now available. They are the latest models, with many improvements over the previous year's models. They are reliable, economical, and stylish.

The 1920 cars are available in a variety of models and prices. They are suitable for both city and country driving. They are a real bargain for the money.

## Water Transport

The Government has decided to improve the water transport facilities in Uganda. This will be done by the construction of new bridges and the improvement of existing ones.

The Government is also engaged in the development of a network of roads. This will be done by the construction of new roads and the improvement of existing ones.

## Abolition of Cotton Stems

The Government has decided to abolish the cotton stems in Uganda. This is because the cotton stems are a major pest of the cotton crop. They cause a great deal of damage to the cotton plants and reduce the yield.

The Government is engaged in a campaign to eradicate the cotton stems. This will be done by the distribution of poison and the use of other methods.

## Fire Protection

The Government has decided to improve the fire protection facilities in Uganda. This will be done by the construction of new fire stations and the provision of fire-fighting equipment.

The Government is also engaged in the development of a fire insurance scheme. This will be done by the establishment of a fire insurance company.

## THE UGANDA COTTON ASSOCIATION

The Uganda Cotton Association has been formed to promote the cotton industry in Uganda. The association will be responsible for the marketing of cotton in the country.

## VALUE OF SAVING ON ESTATES

The value of saving on estates is a subject of great importance. It is essential for the estate planner to consider the various methods of saving on estates.

## BRITISH LABOUR

British Labour has been a major force in the development of the country. It has been responsible for the establishment of many of the institutions of the country.

## FUTURE OF NATIVE EDUCATION

The future of native education is a subject of great importance. It is essential for the government to consider the various methods of providing education for the native population.

## LANGUAGE COMMISSIONER

The Language Commissioner has been appointed to oversee the implementation of the language policy of the government. The commissioner will be responsible for the development of the national language.

## ANNUAL CONFERENCE AT NAIROBI

The annual conference of the Kenya Education Society will be held in Nairobi. The conference will be held from November 10th to 15th.

## HOPE'S STEEL CASEMENTS AND DOORS

Hope's Steel Casements and Doors are the most reliable and durable. They are made of the finest steel and are finished with a special paint.

Kruschen makes you feel young—keep young—and look young. I am writing to tell you how wonderful your Kruschen Salts are. I had awful headaches and could not get out of bed. I tried all kinds of different salts, but none did me any good. A friend of mine told me to try Kruschen Salts, so I have been taking them regularly for months, and now I feel young, keep young, and look young.

At last have to be kept young in to keep the eyes, the arteries, the veins, and the internal organs in a condition. Kruschen Salts do that daily.

## Kruschen Salts

Good Health for a Freshing a Day. Kruschen is a perfect blend of the best purest salts. It is a natural remedy for all ailments of the body. It is made from the finest salts and is finished with a special paint.

## Hope's Steel Casements AND DOORS.

**EMPIA A TRACTOR**

**WAPASAP CONSIDERATION**

The new inventions in motor cars are being made with a view to standardization. The most important of these are the new type of engine, the new type of chassis, and the new type of body. The new type of engine is a four-cylinder engine with a displacement of 1,500 c.c. The new type of chassis is a rigid chassis with a suspension system which is designed to absorb the shocks of the road. The new type of body is a streamlined body which is designed to reduce the resistance to the wind.

SPEED UP PRODUCTION! No. 3—A Story of Plant Breeding—and Wheat.

It is the story of the battle between the forces of nature and the forces of man, in the struggle to produce a wheat crop that will yield more and be more resistant to disease and insect pests.

The wheat crop in the East African States is one of the most important and the most valuable. It is the staple food of the people and the main source of their livelihood.

The wheat crop in the East African States is one of the most important and the most valuable. It is the staple food of the people and the main source of their livelihood.

A Doble Royal engine in official service of IMPERIAL AIRWAYS LTD.  
Completed a 300 hour test (TWENTY THOUSAND MILES OF FLYING.)

**TRIPLE SHELL OIL.**  
In the Chief Inspector's report on this engine, he comments on  
1. INSIGNIFICANT SLUDGE DEPOSIT  
2. TOTAL ABSENCE OF GUMMING UP  
3. USUAL FREQUENT FROM DEPOSITION OF CARBON.  
4. NOTABLE REDUCTION IN WEAR.

Another engine of the same Company completed 60,000 miles on TRIPLE SHELL without the necessity for decarbonising.  
These proofed tests on Aero engines are more convincing than on motor engines because the former are subjected to more strain than the latter, although the lubrication principles of both are the same.

## NATURE'S ROUSING WELCOME TO THE PRINCE OF WALES

As a result of His Excellency the Governor-General's visit to East Africa, the following is a list of the names of the members of the party who have been appointed to the various posts in the East African Provinces.

### A PRESENTATION.

His Royal Highness speaks appreciatively of East Africa's hospitality.

STANDARD SPECIAL CORRESPONDENT

The Royal Highness, who has just returned from his tour of the East African Provinces, has been most impressed by the hospitality and cordiality which he has everywhere met with. He has been particularly struck by the friendly and helpful attitude of the people, and the excellent condition of the roads and other public works. He has also been much interested in the progress of the various industries and agricultural pursuits, and has expressed his admiration for the energy and enterprise of the people in these respects.

His Royal Highness has also been struck by the excellent condition of the roads and other public works, and has expressed his admiration for the energy and enterprise of the people in these respects. He has also been much interested in the progress of the various industries and agricultural pursuits, and has expressed his admiration for the energy and enterprise of the people in these respects.

Some Recipes that will  
Help

No. 3: The Banana.

BY A KENYA HOUSEWIFE

There are many recipes for banana puddings and many of them are very good. I have tried many of them and have found that the best is the one which is the simplest and the most economical.

These bananas should be the best quality and the most ripe. They should be very firm and not too soft. They should be washed and peeled and sliced into thin slices.

**BANANA BREAD PUDDING**  
Grease the loaf tin with butter and add a layer of sliced bananas in the bottom. Put a layer of the mixture on top. Alternate layers until the tin is full and finished with sauce. Bake with butter and sugar. Serve with lemon sauce.

**BANANA FRUIT**  
Peel and slice a good quantity of banana fruit and mix with sugar and butter. Bake in a tin with a lid. This is a good fruit and is very good for the children.

**BANANAS AND CREAM**  
Whip a good quantity of cream and mix with banana fruit. Pour this over a layer of sliced bananas. Bake in a tin with a lid.

**BANANA PASTES**  
Peel and slice a good quantity of banana fruit and mix with sugar and butter. Bake in a tin with a lid.

**BANANA CORDON ROUGE**  
Peel and slice a good quantity of banana fruit and mix with sugar and butter. Bake in a tin with a lid.

If you could be out  
with the Guns at Home—

Tang of autumn in the air . . . sharp sweet smell of fallen leaves . . . a drift of blue wood-smoke streaming thinly over the fields . . . a fine cock-pheasant rocketing up from the edge of the spinney . . . a good bag and a good day — and a good tea to follow.

For a good tea in Kenya, as at home, you can't do better than drink Lipton's Tea. It's a favourite everywhere, because of its perfect flavour and fine refreshing quality. Lipton's are real tea-experts, with tea-gardens of their own, and they use none but the choicest leaf, skillfully blended and packed.

### THE SUGAR INDUSTRY IN KENYA. Baneful Effect of Drought

The sugar industry in Kenya is suffering a severe setback due to the drought. The crop is estimated to be only one-third of the normal yield. This has led to a sharp decline in the price of sugar, and the industry is facing a serious financial crisis. The Government is expected to provide some form of relief to the growers.

The drought has had a devastating effect on the sugar industry in Kenya. The crop is estimated to be only one-third of the normal yield. This has led to a sharp decline in the price of sugar, and the industry is facing a serious financial crisis. The Government is expected to provide some form of relief to the growers.

# AGRICULTURE

## Minerals for Farm Stock.

(By Henry F. P. Wall, of the *London Stock Exchange, Hertsford, Eng.*)

Cattle usually find conditions such as these highly fertile and agricultural a perfect climate, the natural course, better known as a rich and fertile soil, and a plentiful supply of water for the needs of the soil.

Certain favored parts of the British Isles and Scandinavia are especially fertile, which enables the agriculturist to grow crops for the market in most parts of these generally favored lands a farmer's deficiency in one or more of the mineral substances that livestock find in their system and additional mineral matter is supplied accordingly.

The almost constant greenness of at least that portion from the Equator to the Cape, shows very marked mineral deficiencies in the soil.

The comparative absence of legumes in the pasture has much to do with this deficiency. If, however, any of the above could be made to flourish under such conditions, there would be little or no need for any mineral matter in the feeding of live stock, for the reason that these plants, besides being rich in protein, have a very high mineral content. Their plants, however, do not thrive under ordinary African conditions, so the stock farmer is forced to depend on the stock of mineral contents of the soil.

Generally speaking the common method of "balancing" any mineral deficiency is accomplished through "mineral" salts.

"Salts" as a rule there are other mineral deficiencies. These, also, should be supplied in most cases, as a rule, in the form of mineral salts, and not in the form of mineral matter, as the latter is not so readily absorbed by the animal.

# Opening of Legislative Council.

## H. E. SIR EDWARD GRIGG REVIEWS THE POSITION OF THE COLONY.

Economic Situation not so Grave as Generally Believed and Year's Export Record Good.

### PRINCIPLES OF THE 1929 BUDGET.

Economy to be Practised in Non-Productive Expenditure but Extension of Research and Medical and Educational Services Essential.

HIS Excellency the Governor, Sir Edward Grigg, reviewed the situation in the Colony in a long speech at the opening of the new session of the Legislative Council in Nairobi yesterday. H. E. the Prince of Wales attended the sitting.

Points from the Governor's speech are:

He is taking home with him the financial proposals for the Bank Bill and hopes to bring it back ready for approval by the Council.

He is also taking home the Native Loans Bill and hopes for similar finality.

Proposals for State credit to assist in developing the Native reserves will be discussed in London and H. E. hopes to submit them to Council next year.

The Government is most anxious to assist the new local authorities. The new system is not merely a ground for new temptations.

There is, as yet, the financial possibility that the Government will depart from financial prudence by its own extravagance or by regulating vice.

H. E. will discuss at Home proposals for reorganising the defence of the Southern Frontier which is at present a serious drain on the Colony.

On the whole, the Governor considers that the results of the campaign against houses has not been satisfactory. Money will not be stinted.

Effects of drought and pests on production have not been so grave as might have been anticipated. During the first nine months of the present year exports have gone up by nearly 15 per cent. as compared with the same period in 1927 while the surplus of revenue over expenditure in August was £125,105.

Crop forecasts for 1929 dispel any anticipation of a setback, if there are good rains.

A Government cannot guarantee rains there will be caution in expenditure, especially non-productive expenditure.

The estimated surplus of revenue over expenditure next year is estimated to be £137,000 and the margin between current expenditure and revenue is being steadily increased.

Steps are to be taken to reduce living costs and a reduction in indirect taxes to be introduced through limiting taxation.

Expenditure was laid on the importance and necessity of expenditure on research, medical services and education.

Government means to see that malaria is stamped out as early as possible. State administrative and technical officers necessary.

To reduce these costs the Governor believes there are three ways: (1) revision of the terms of Service of officers to avoid the drain of the present leave system; (2) encouragement of private enterprise in medical services and education; and (3) engagement of staff for development work on conditions which permit them to be discharged as soon as they are no longer required.

### Reduction of Taxation Foreshadowed.

The new session of the Kenya Legislative Council opened yesterday in Nairobi. H. E. the Governor, Sir Edward Grigg, presided over the opening ceremony.

The Governor's speech was a long and comprehensive one, covering the general situation of the Colony and the financial position of the Government.

He pointed out that the economic situation was not so grave as generally believed, and that the year's export record was good.

He also discussed the principles of the 1929 budget, emphasizing the need for economy in non-productive expenditure while extending research, medical, and educational services.

The Governor mentioned the estimated surplus of revenue over expenditure for the next year, which was £137,000, and the margin between current expenditure and revenue.

He also discussed the need for reducing living costs and the possibility of introducing a reduction in indirect taxes.

The Governor mentioned the importance of expenditure on research, medical services, and education, and the need to stamp out malaria as early as possible.

He also discussed the need for state administrative and technical officers, and the three ways to reduce these costs: revision of the terms of service of officers, encouragement of private enterprise, and engagement of staff for development work.

# CHRYSLER

## THE NEW "75"

TO THOSE who are familiar with the remarkable array of engineering and mechanical improvements with which Chrysler has invigorated the whole industry, it may well seem difficult to have added, in any great measure, to those remarkable achievements.

Yet the ingenuity, the persistence, and the capacity for infinite detail of the great Chrysler engineering staff have again added to their laurels, as

the new "75" demonstrates so capably and unmistakably.

There can be no doubt that the new 75-horse power "Silver Dome" high-compression engine which powers this car ranks among the leading engineering feats of the decade. With any of the ordinary grades of petrol it yields the snap and power and speed which can only be developed under high compression.

### ROBIN vs. KIAMBU

Robin and Kiambu, two of the best and most popular of the Kenyan game birds, were shot on the Muthiga ground on Monday and the game was not successful.

Robin shot first, and with the help of the Muthiga Game Club, some of the best shots were secured. The rest of the morning was spent in shooting the Kiambu, and the young was secured about 11:30 for a while. Kiambu was the most successful, and some of the best were secured.

From an aspect of the game, Robin and Kiambu were shot on the Muthiga ground on Monday and the game was not successful.

### KENYA CRICKET.

#### Muthiga Defeats Railway.

Two days later the bowling did not reach a high standard, and Muthiga had secured 50 for 5, while the Railway were 54 for 5.

# LADIES' FASHIONS

## A Letter from Paris

The early spring fashions of the new season are seen in the dress designed by the artist. It appears fine at the time of the '1926 which, by the way, is made with an unusual pattern on the left side.

The dress is made of a light-colored material, possibly silk or satin, and features a high, ruffled collar and long, fitted sleeves. The skirt is long and appears to have a subtle pattern.

The fashion of the new season is characterized by simplicity and elegance. The dresses are long and flowing, with high collars and long sleeves. The colors are light and delicate, reflecting the softness of the spring season.

## Little dining room delights

Every thing clean, dainty, and bright, many a dining room delight. The dress is made of a light-colored material, possibly silk or satin, and features a high, ruffled collar and long, fitted sleeves.

The fashion of the new season is characterized by simplicity and elegance. The dresses are long and flowing, with high collars and long sleeves. The colors are light and delicate, reflecting the softness of the spring season.

## POULTRY NOTES

### Improving Laying Strains

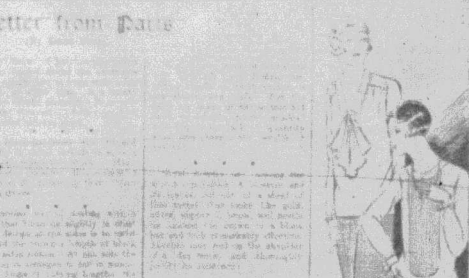

The poultry industry is constantly striving for improvement in laying strains. This involves careful selection and breeding of birds to enhance their egg production and overall health.

### Henrich the Best

Henrich is the best choice for poultry breeders. It is a reliable and effective method for improving the quality of laying strains.

**Cerebos Salt**  
A product used for various household and industrial purposes, known for its purity and effectiveness.

**TRY IT IN YOUR BATH**  
**SCRUBB'S AMMONIA**  
MARVELLOUS PREPARATION  
A popular bath product known for its cleansing and refreshing properties.

The illustration shows a man in a dark suit and hat standing next to a woman in a long, light-colored dress. They appear to be in a formal or social setting.

## DOUBLE UP FURNISHING

Double up furnishing is a popular trend in interior design. It involves using multiple pieces of furniture to create a layered and textured look in a room.

The fashion of the new season is characterized by simplicity and elegance. The dresses are long and flowing, with high collars and long sleeves. The colors are light and delicate, reflecting the softness of the spring season.

The fashion of the new season is characterized by simplicity and elegance. The dresses are long and flowing, with high collars and long sleeves. The colors are light and delicate, reflecting the softness of the spring season.

## THE AGRICULTURAL DEPARTMENT

The Hon. Mr. J. G. Thompson, Minister of Agriculture, has announced that the Agricultural Department has been re-organized. The new structure is designed to improve efficiency and better serve the needs of the agricultural sector.

## DIRTY RAILWAY CARRIAGES

The state of railway carriages in the colony has been described as 'dirty' and in need of significant improvement. The Railway Department has initiated a cleaning and maintenance program to ensure the comfort and safety of passengers.

The Hon. Mr. J. G. Thompson, Minister of Agriculture, has announced that the Agricultural Department has been re-organized. The new structure is designed to improve efficiency and better serve the needs of the agricultural sector.

## NAIROBI TAXI FARES

The Nairobi Taxi Fares have been revised. The new rates are designed to reflect the current market conditions and ensure that taxi services remain a viable and affordable mode of transport for the city's residents.

## POPPY DAY

Poppy Day is an important occasion in the colony, commemorating the sacrifices made by soldiers during the First World War. The day is marked by various activities, including the wearing of poppies and the playing of solemn music.

The Hon. Mr. J. G. Thompson, Minister of Agriculture, has announced that the Agricultural Department has been re-organized. The new structure is designed to improve efficiency and better serve the needs of the agricultural sector.

# Incomparably soft

## Ashes of Roses FACE POWDER

A Face of roses is the exquisite perfume of the rose. ASHES OF ROSES face powder imparts a magical bloom and freshness to the complexion. Equally soothing is the delicate and wistful charm of the powder perfumed with ASHES OF VIOLETS.

There is a complete series of toilet preparations made by Mmes. Bourjois, of Paris, delightfully scented either with ASHES OF ROSES or ASHES OF VIOLETS perfume, obtainable of all chemists, stores and bazaars.

**VIVID CONTRASTS IN KENYA.**  
to and from the Highlands

The Kenya Highlands are a land of vivid contrasts. The high peaks are covered with snow, and the valleys are fertile and green. The people who live in the Highlands are a hardy and brave people, and they have a rich and varied culture. The Highlands are a beautiful and interesting part of Kenya, and they are worth visiting for anyone who is interested in the natural beauty of the country.

# Make Your Teeth strong with KALZANA

Dr. Houghan Brown showed at the 19th South African Medical Congress that "tooth decay is very often due to a lack of calcium in our food and water."

When your teeth are weak and painful, when your gums often bleed, then use Kalzana, the calcium food. Kalzana tablets contain calcium in a form that is easily taken up and retained by the body-cells.

A few tablets daily will provide your system with the material necessary to harden and strengthen your teeth, and to make them capable of lasting a life-time.

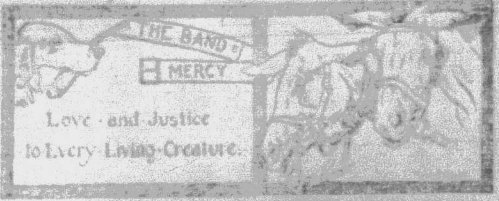

A doctor of Dental Surgery writes: "Kalzana makes the teeth strong and hard and so stops tooth decay. I have often seen extraordinary results even after a few weeks use."

TRY KALZANA TABLETS TODAY.

# Kalzana

THE CALCIUM FOOD  
Sold at all chemists and stores, in packages containing 75 tablets.  
Made by the Manufacturers of Sarsaparil and Pilsener.

Love and Justice to Every Living Creature.

Love and Justice to Every Living Creature. This is the motto of the Band of Mercy, a society of women who are devoted to the relief of the poor and the suffering.

The Band of Mercy. This is a society of women who are devoted to the relief of the poor and the suffering. They are known for their work in the slums and their efforts to improve the lives of the underprivileged.

The Band of Mercy. This is a society of women who are devoted to the relief of the poor and the suffering. They are known for their work in the slums and their efforts to improve the lives of the underprivileged.

### Trade Protection

The Government has taken steps to protect the interests of the local industries and to ensure that they are not unfairly treated in the market.

### The Legislative Council

The Legislative Council has met to discuss the various bills and resolutions that have been introduced in the House of Representatives.

### The Arusha Railway

The Arusha Railway is a project that has been discussed for some time. It is intended to provide a direct route between Arusha and the coast, which would greatly benefit the local economy.

### Hides and Skins Godowns

The Government has decided to build a series of Godowns for the storage of hides and skins. This will help to reduce the loss of these valuable commodities and to ensure that they are properly stored and transported.

### A MOMENT'S REQUEST TO GOVERNMENT

The Government is requested to take certain steps to improve the conditions of the laboring classes. It is hoped that these steps will be taken as a matter of course.

### "The Dogs of Devon"

The Dogs of Devon are a breed of dog that is known for its strength and loyalty. They are a popular breed in the county of Devon and are highly valued by their owners.

### EXCELLENT PERFORMANCE BY EUROPEAN SCHOOL

The European School in Nairobi has achieved excellent results in its recent examinations. The students have performed very well in all subjects and the school has received high praise for its teaching and facilities.

### Answers to Correspondents

Answers to the questions asked by our correspondents. We are pleased to provide the information requested and hope that it will be helpful to our readers.

UPLANDS NEWS!

BACON: Our promise of cure results in the MINIMUM OF  
SHRINKAGE, both in the CUPPER'S SHEET  
and in the CONSUMER'S LARDERS. This  
virtue, together with our confidence of high  
quality, is the reason our buyers to ask for  
UPLANDS and carefully look for the  
registered brand.

Cathedral Wedding.

MR. D. BELL AND MISS  
BARBARA ROBERTSON.

A pretty wedding was celebrated in All Saints Church on November 28th when Miss Barbara Robertson, the popular theatre artist of the Egyptian Theatre, was united to Dr. David Bell of the East African Medical Service.  
The church was beautifully decorated by some of the bridesmaids from Maitika on this occasion. The service was fully attended by the congregation and the bride's bridesmaids were Misses D. Bell and Miss Robertson. The bride was attended by Miss D. Bell and Miss Robertson. The bride was attended by Miss D. Bell and Miss Robertson.

Dr. Thomas was the Best

A large number of friends, including practically every member of the medical profession in Nairobi, attended the session and afterwards a reception was held at the hotel.  
The bride's going-away dress was of purple blue crepe de Chine, trimmed with ivory and worn with a hat of the same fabric. She carried a leather bag to match.  
Gold showers of confetti and good wishes of the happy couple were showered upon the bride and groom by the bridesmaids and best man. The bride and groom were both well and happy and the bride and groom were both well and happy.

Over a Ton of Coal.

News being passing once through the wall over a ton have just arrived, containing the splendid annual list of members for the year ending 31st December. The statistics are very more attractive than usual, and will be useful to members as soon as possible.  
Christmas Overseas mails will be found on page 30.
