AMAZING POLITICAL CRISIS IN THE SEYCHELLES.

All Unofficial Members of the Legislative Resign.

COLONIAL OFFICE IGNORES PETITION.

Extraordinary Allegations in regard to Rival Administrators and Contradictory Orders.

An extraordinary political situation has arisen in the Seychelles, culminating in the resignation of the three Unofficial Members of the Legislative Council.

The resignation follows the ignoring of their protests by the Colonial Office to which on only has been received although a petition was sent in July last.

The Unofficial Members, who charge the Government with official representation is, in fact, a farce.

Their criticisms were chiefly directed against the Public Works Department and they also warned Government about the danger of increasing public expenditure.

In the course of the petition to the Colonial Office, they drew attention to amazing irregularities in public life which apparently two rival Administrators acted for almost a week and each published contradictory notices.

"UNCONSTITUTIONAL" PRACTICES ALLEGED.

The Hon. Mr. Adams, Minister for the Colonies, has received a petition from the Unofficial Members of the Legislative Council of the Seychelles, which has not been received.

The petition is in a letter of 10 pages and contains a statement of the facts of the case. It is a petition for the removal of the Hon. Mr. Adams from office.

The Hon. Mr. Adams, Minister for the Colonies, has received a petition from the Unofficial Members of the Legislative Council of the Seychelles, which has not been received.

The Hon. Mr. Adams, Minister for the Colonies, has received a petition from the Unofficial Members of the Legislative Council of the Seychelles, which has not been received.

Topics for the Motorist.

The Use of Front Wheel Brakes.

Distribution of the Forces.

In using a motor car, the motorist is constantly faced with the question of how to distribute the forces of the engine and the brakes. The use of front wheel brakes is a subject of great importance, and one which is often misunderstood. It is the object of this article to discuss the various factors which enter into the question, and to show how the motorist can obtain the best results from his car.

The braking force of a car is dependent upon the weight of the car, the speed at which it is moving, and the condition of the road. The use of front wheel brakes is particularly important in the case of a car which is moving at a high speed, and on a road which is in poor condition. In such a case, the use of front wheel brakes will enable the motorist to bring the car to a stop more quickly and safely than if he were to use the rear wheel brakes.

It is a well-known fact that a car which is moving at a high speed will require a greater amount of braking force than a car which is moving at a low speed. This is because the kinetic energy of a car is proportional to the square of its speed. Therefore, a car which is moving at a high speed will have a much greater amount of kinetic energy than a car which is moving at a low speed, and will therefore require a much greater amount of braking force to bring it to a stop.

The use of front wheel brakes is also particularly important in the case of a car which is moving on a road which is in poor condition. This is because the front wheel is the wheel which is most likely to lose contact with the road in such a case. Therefore, the use of front wheel brakes will enable the motorist to maintain control of the car in such a case, and to bring it to a stop more quickly and safely than if he were to use the rear wheel brakes.

Make Profits Sure

A LETTER WHICH SPEAKS FOR ITSELF

TRANSLATION

From MANGANO NIROSA, Buloba, Peru

THE GENERAL MOTORS EXPORT COMPANY, New York

Dear Sir,

We own a fleet of three Chevrolet one-ton trucks used for transportation in this town. About a month ago we had to make a trip to a town 130 kilometers from here, under the most unfavorable conditions.

The driver stalled the truck. It took us two hours to reach the town. The driver stalled the truck. It took us two hours to reach the town.

We were surprised when we found that although the body was cracked when the truck turned a triple wheel, not even a tire was split. After inspecting the motor carefully, we started and it worked normally. Therefore, except for the body that was damaged, the truck did not suffer in the least, and with the help of some laborers and another car, we were able to pull it out of the chain in which it had fallen, after which it resumed its trip to its destination with the aid of your truck.

We take great pleasure in advising you of this fact, as a testimony to the successful construction of the Chevrolet.

With the sentiments of our nation, we are,

Very truly, MANGANO NIROSA, A PERUVIAN

A tribute to Chevrolet Truck that briefly confirms our claims

Examples of Alleged Abuses in Kenya.

"SLAVE SYSTEM."

British Press Comments on the Imprisonment Cases.

A section of British public opinion has been roused by an article in the "Manchester Guardian" in which Archibald...
The article quotes cases with a view to demonstrating the injustice of the compulsory labour system generally and particularly the most severe hardships which will be inflicted under the proposed law.

Dr. Norman Lewis comments what he describes as a "magnificent exposure of the slave system a British Government is actually instituting in Kenya" and other writers contain what they consider is an unjust law bearing hardly on Africans.

GOVERNMENT ROAD - NAIROBI

AMAZING CRISIS IN THE CHEYELLES.

(Continued from page 1)

Members from the Budget had been of sufficient importance to cause the Cabinet to discuss the Budget in detail. It was found that the Budget had been prepared in a satisfactory manner, and that the Government was prepared to meet the demands of the public. The Budget was presented to the House of Representatives, and was discussed in detail. The Government was found to be in a satisfactory position to meet the demands of the public.

Extraordinary Incident

The Government has announced that it has received information that a large number of people are planning to leave the country. The Government is taking steps to prevent this, and is offering incentives to those who remain. The Government is also offering financial assistance to those who are in need.

Public Expenditure

The Government has announced that it has received information that a large number of people are planning to leave the country. The Government is taking steps to prevent this, and is offering incentives to those who remain. The Government is also offering financial assistance to those who are in need.

Budget

The Government has announced that it has received information that a large number of people are planning to leave the country. CHESS

By A. H. HENNER PEARCE

Chess is the original pastime of the human race. It is a game of strategy and tactics, and it is one of the most popular games in the world. It is a game that can be played by people of all ages and in all climates. It is a game that is both challenging and relaxing, and it is a game that can be played for hours or for days.

EMILY MABLE TORINA
 REPLY

The following game was played between the author and a friend. It was a very interesting game, and it was a very close one. It was a game that was played for several hours, and it was a game that was played with great skill and strategy.

CAPABLANCA IN ENGLAND

We look from the above upon the chess player, Capablanca, who is one of the greatest chess players in the world. He is a player who is known for his exceptional skill and strategy, and he is a player who has won many chess tournaments and championships.

THE EAST AFRICAN STANDARD

Pilbe Commentary.

NEW BOOK HAS A MIXED RECEPTION

The new book, 'The East African Standard', has received a mixed reception. Some people praise it for its detailed and accurate reporting, while others criticize it for its biased and sensationalist approach. The book is a collection of articles and commentary on various issues in East Africa, and it is a book that is worth reading for anyone who is interested in the region.

PEACEDAY CIRCUS.

OPENING OF THE NEW UNDERGROUND STATION

The opening of the new underground station in Nairobi was a significant event. The station is a modern and well-equipped facility, and it will greatly improve the transport system in the city. The opening ceremony was attended by many officials and dignitaries, and it was a very successful one.

Motorist Warned

A motorist was warned to be careful of the road conditions in the area. The road is very narrow and winding, and it is very dangerous to drive on it. The motorist was advised to take extra precautions and to drive slowly and carefully.

THE CLOSING SCENES AT MELBOURNE. England's Strong Position in Third Test.

AUSTRALIA'S LAST TWO AND FOUR. (STANDARD) Correspondent London, Dec. 31.

The Melbourne winter is making its reputation for rain, and this morning it was still good. Rain fell very, and the score was 149 and 148 respectively.

McCabe and Robinson agreed the M.C.C. batsmen had not been so good at the last wicket. The batsmen played well, and the score was 149 and 148 respectively.

England on the 10th looked in some trouble to feel that the score 187 to 10 was only a consolation dividend for the part of the M.C.C. who save Australia from her third consecutive defeat in the present series.

THE TALKING MOVIE BOOM. Some Difficulties of New Process. AMERICAN AGENTS.

Mr. A. Tynan Harman, writing in the "Evening News" on the "Talking Film," says:— Even after the volume surprisingly good production of sound films by the Vitaphone process at the "Fidelity" Theatre English cinema people are still suspicious of the talking film.

Britain's Opportunity. At this juncture the first speaker would say in the words of the 20,000 copies they use a fine 20-ft of exhibition for electronic apparatus.

Mr. Harry Harman of Edison Films, a keen English observer, has said: "I am not quite sure of the problems and marketing of American films."

Fundamental Opportunity. The present stage is to study the film as a whole, not as a series of disconnected scenes.

It They See the Recorder? American people, if they see some general in English cinema, will go to see him. Hollywood's British market has been rather quiet and the resident films will have done.

Of the two most important processes, one in which the scene is photographed on to the film and the other in which the scene is photographed in some other way when the film becomes known as the "talkies" or "talkies."

Penny Wise— Pound Foolish

Best Petrol costs but a fraction more than inferior spirit with the modern conventional engine. But inferior petrol will cost you a great deal more to repair and overhaul in the long run.

BE WISE AND USE

AND GET A GOOD RUN FOR YOUR MONEY.

Topics for the Motorist

Overhauling the Car.

Easy But Essential Adjustments.

No matter how much of a new motorist a car has done during the year, it is essential to check it over at a regular interval. This depends on the amount of work it has done. An ambitious overhauler is expected, and if the car has been running satisfactorily, unnecessary overhauling will be likely to result in a series of adjustments which the owner-driver should be made to understand. Particular attention is called to those points which become very important as the winter comes on again.

The modern four cylinder engine will run without overhauling for long periods, but if the fitting of the cylinder head as a fairly straight forward job, it is advisable for the owner driver to undertake the work. While the head is off he should also check up the valve settings taking care that the right grade of oil is used and that the oil is replaced each valve in its normal position.

Tapet adjustment naturally follows and this can be done as conveniently after the head is on as it is in its position, unless it is recommended that the tappets be adjusted when the engine is warm.

The Magnets.
If the magnetism in the engine is weak, it is essential to check it up. The magnets should be checked up by the motorist, and if the spark is weak, it is essential to check it up. The magnets should be checked up by the motorist, and if the spark is weak, it is essential to check it up.

The Ignition.
The ignition system should be checked up by the motorist, and if the spark is weak, it is essential to check it up. The ignition system should be checked up by the motorist, and if the spark is weak, it is essential to check it up.

The Lubrication.
The lubrication system should be checked up by the motorist, and if the oil is low, it is essential to check it up. The lubrication system should be checked up by the motorist, and if the oil is low, it is essential to check it up.

When you are not the new

will probably be found that the oil is low. The oil should be checked up by the motorist, and if the oil is low, it is essential to check it up.

The engine and radiator.
The engine and radiator should be checked up by the motorist, and if the engine is hot, it is essential to check it up. The engine and radiator should be checked up by the motorist, and if the engine is hot, it is essential to check it up.

A Bad Job Over.
The opposite was a bad job over the engine, and it is essential to check it up. The opposite was a bad job over the engine, and it is essential to check it up.

The wheels.
The wheels should be checked up by the motorist, and if the wheels are loose, it is essential to check it up. The wheels should be checked up by the motorist, and if the wheels are loose, it is essential to check it up.

The suspension.
The suspension should be checked up by the motorist, and if the suspension is loose, it is essential to check it up. The suspension should be checked up by the motorist, and if the suspension is loose, it is essential to check it up.

The steering.
The steering should be checked up by the motorist, and if the steering is loose, it is essential to check it up. The steering should be checked up by the motorist, and if the steering is loose, it is essential to check it up.

When you are not the new

It is essential to check it up. The opposite was a bad job over the engine, and it is essential to check it up.

Attention to the Brakes.
Attention to the brakes is essential for the safety of the motorist. The brakes should be checked up by the motorist, and if the brakes are loose, it is essential to check it up.

The front road wheel bearings.
The front road wheel bearings should be checked up by the motorist, and if the bearings are loose, it is essential to check it up.

Each wheel should be checked up by the motorist, and if the wheels are loose, it is essential to check it up.

The suspension.
The suspension should be checked up by the motorist, and if the suspension is loose, it is essential to check it up.

The steering.
The steering should be checked up by the motorist, and if the steering is loose, it is essential to check it up.

When you are not the new

Our Weekly Hint.

REPLENISHING THE OIL.
Modern engines, for the most part, are very sparing in the use of lubricating oil, and if one were to be a motorist, it is essential to check it up.

Attention to the Brakes.
Attention to the brakes is essential for the safety of the motorist. The brakes should be checked up by the motorist, and if the brakes are loose, it is essential to check it up.

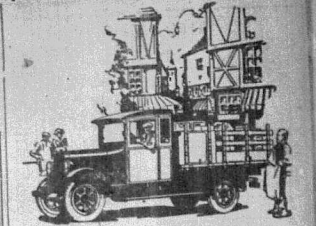

The front road wheel bearings.
The front road wheel bearings should be checked up by the motorist, and if the bearings are loose, it is essential to check it up.

Each wheel should be checked up by the motorist, and if the wheels are loose, it is essential to check it up.

The suspension.
The suspension should be checked up by the motorist, and if the suspension is loose, it is essential to check it up.

The steering.
The steering should be checked up by the motorist, and if the steering is loose, it is essential to check it up.

A LETTER WHICH SPEAKS FOR ITSELF

TRANSLATION FROM MANZANO HINOS, Sublime, Peru. GENERAL MOTORS EXPORT COMPANY, New York.

Dear Sirs: We own a fleet of three Chevrolet trucks used for transportation in this town. One of them was used to make a trip to a town 120 km. away under very bad conditions. The poor road, very steep hills, and generally adverse conditions resulted in the driver falling from the truck and being killed. Due to the carelessness of the road it was not able to proceed safely and it went over a cliff.

We presumed that the truck would be a total loss; it was loaded, but fortunately had no passengers. Had you can readily testify how our surprise when we found that although the body was smashed when the truck turned a tight corner, not even a tire was split. After inspecting the motor carefully, we started it and it worked normally. Therefore, except for the fact that was demolished, the truck did not suffer in the least, and with the help of some laborers and another car, we were able to pull it out of the chasm in which it had fallen, after which it resumed the trip to its destination with the load.

We take great pleasure in advising you of this fact, as a testimonial to the unexcelled construction of the Chevrolet.

With the sentiments of our esteem, we are, Yours truly, MANZANO HINOS, a JORDANI.

A tribute to Chevrolet Truck that briefly confirms our claims

THE PRINCE'S JOURNEY TO ENGLAND. His Record Dash Across Europe. RECEPTIONS IN LONDON. Train from Pall Mall to Tenby 50 Miles Per Hour.

STANDARD CORRESPONDENT. London, Dec. 15. The Prince of Wales, 6,000-mile journey, ended on Tuesday night at Tenby, Wales, at 10:38 p.m. The train had merely made a stop when the Prince jumped out and stepped forward and a hand quickly with her. The Duke of York, Nanking was and between them except the Duke and Duke had been on the waiting train and without a moment's delay stepped into one of the Royal coaches where he was waiting. He was wearing a military cap and the Prince's own uniform, and it was known that he had been in London, but London is the rest of the world, had been that he for the Prince's domestic care, house and the people could not keep away, nor could they be seen from observing, although in the local part the crowd were silent.

Receptions at the Palace. The Prince was expected to reach the Palace by the 2.15 train, but he did not appear. He had been seen at the Royal Hotel, where he had been staying since he left London. He was wearing a military cap and the Prince's own uniform, and it was known that he had been in London, but London is the rest of the world, had been that he for the Prince's domestic care, house and the people could not keep away, nor could they be seen from observing, although in the local part the crowd were silent.

Uganda. The Uganda Railway is expected to be completed by the end of the year. The Government is planning to build a new road from Kampala to the coast. The railway is expected to be completed by the end of the year. The Government is planning to build a new road from Kampala to the coast.

Monday 11:30 a.m. Tuesday 11:40 p.m. Wednesday 11:40 p.m. Thursday 11:40 p.m. Friday 11:40 p.m. Saturday 11:40 p.m. Sunday 11:40 p.m.

From Dar-es-Salaam to British. The Prince's 6,000-mile journey from the wilds of Tanganyika to the coast of England, was not only a record-breaking dash, but also a triumphous procession. He was wearing a military cap and the Prince's own uniform, and it was known that he had been in London, but London is the rest of the world, had been that he for the Prince's domestic care, house and the people could not keep away, nor could they be seen from observing, although in the local part the crowd were silent.

The right Tyre is the only Tyre for your Needs

Choose the right one from the complete Goodyear line

The most important duty of your van, lorry, or bus is to HULL.

The next most important requirement is that it will HAUL ECONOMICALLY.

To operate economically, it must be fitted with the right type and kind of tyre equipment.

You will find the right type and kind of tyre for your vehicle and your operating conditions in the complete line supplied by Goodyear.

GOODYEAR TRUCK PNEUMATICS.

For the activity required to make scheduled deliveries at sustained speed, for the cushioning required to protect the load, the road, and the driver, and for the rugged strength that insures dependable, trouble-free operation, fit with Goodyear Pneumatic Tyres.

Loaded with SUPERTWIST, the extra elastic, extra durable cord developed by Goodyear for pneumatic duty, they stand up for thousands of low tyre cost miles.

Made with the world-famous All-Weather Tread, they develop full tractive power in any gang, conserving motor energy and insuring safe, road holding travel at sustained speed.

GOODYEAR BUS BALLOON TYRES

Strong, dependable, active and easy riding Goodyear Pneumatic Card Bus Tyres assure the punctuality, the comfort, the travel safety and the operating economy required in the best of motorbus operation.

Along with the sturdy strength supplied by their extra durable, extra-elastic bodies of SUPERTWIST Cord, they have the secure, road-gripping tractive power of the matchless All-Weather Tread.

They are handsome. They are easy-riding and easy steering. They are the source of low-tyre-mile-cost satisfaction to every operator who uses them.

GOODYEAR HEAVY DUTY CUSHIONS.

Massive, rugged tyres for heavy duty transport, yet full of the protective cushion that safeguards the life of chassis and motor and so makes for low repair bills.

Goodyear Heavy Duty Tyres are unrivaled for heavy hauling amid severe operating conditions.

By reason of their deep, thick All-Weather Tread, they supply positive traction, carrying the vehicle forward full distance at every turn of the wheel. They keep your vehicle on the road and on the move.

The Goodyear Heavy Duty Cushion Tyre represents the most practical combination of CUSHIONING, TRACTION and LONG WEAR ever offered in a solid rubber tyre.

GOODYEAR PASSENGER CAR TYRES.

Exactly as for commercial transport of goods and public passenger-carrying vehicles, Goodyear provides the right type and size of Goodyear Tyre for your private passenger car.

From every viewpoint of long, trouble-free, economical performance, it is the tyre for your service. Its inbuilt superiority is the reason why—

MORE PEOPLE RIDE ON GOODYEAR TYRES THAN ON ANY OTHER MAKE.

Here is an idea for making a deep, dense frock which, if done in a carefully, well-made style, is a masterpiece. You can buy by the yard, or you can buy by the piece. The latter is the approved method for those who wish to have a frock made to order. The price of each yard varies in the same ratio as the yard of each. You will find the frock, with the "Bla" "Bla" in a most satisfactory way. The texture of the fabric is of a most delicate, and the color is of a most delicate. The texture of the fabric is of a most delicate, and the color is of a most delicate.

Soft black satin and hosiery gowns combine to fashion a gown which is as simple and dainty as it is up to date. The plain bodice, the full, shapely overskirt and the slim legs are all good notes, while the deep, gorgeously textured and sleeve fulls are especially graceful.

NURSERY RHYMES NEWLY NARRATED.

No. 6 - Bye Baby Bunting. Hi! Baby Bunting. Truly should know one thing - It is wiser to save his tin To S. J. P., he should not sit.

The Store for Quality combined with very reasonable prices - GROCERIES, PROVISIONS, CONFECTIONERY, WINES, SPIRITS and LIQUEURS, CIGARS and TOBACCOES, etc.

ENGLAND RETAIN THE "ASHES."

Victory for M.C.C. by Three Wickets.

AUSTRALIA'S GREAT EFFORT AT MELBOURNE.

STANDARD - London, January 1. For winning the first test match of the series (Australia had retained her hold on the trophy) Australia came back from Australia two years ago at home. The result was a foregone conclusion on Friday when England, with one wicket down, required 251 runs to win her victory. The result was a foregone conclusion on Friday when England, with one wicket down, required 251 runs to win her victory.

The weather was brilliant and the Australians made a gallant attempt to win. The result was a foregone conclusion on Friday when England, with one wicket down, required 251 runs to win her victory. The result was a foregone conclusion on Friday when England, with one wicket down, required 251 runs to win her victory.

The Ashes Retained
 England retain the Ashes by three wickets. Australia's great effort at Melbourne was not enough to overcome England's superiority.

Soil Experiments in the Lower Molo District.

The following official report of the 1919-20 experiment, conducted by the Lower Molo Station, has been received from the Agricultural Department.

At a meeting held at the Molo Station on March 12, 1920, the following local farmers, who were present at the meeting, were asked to suggest the most suitable crops for the district.

The following crops were suggested: (a) Sorghum, (b) Millet, (c) Maize, (d) Cowpeas, (e) Beans, (f) Groundnuts, (g) Sesame, (h) Sunflower, (i) Cotton, (j) Tobacco, (k) Rice, (l) Wheat, (m) Barley, (n) Oats, (o) Potatoes, (p) Apples, (q) Peaches, (r) Plums, (s) Pears, (t) Grapes, (u) Citrus fruits, (v) Mangoes, (w) Pineapples, (x) Bananas, (y) Coconuts, (z) Rubber.

The following crops were selected for the experiment: (a) Sorghum, (b) Millet, (c) Maize, (d) Cowpeas, (e) Beans, (f) Groundnuts, (g) Sesame, (h) Sunflower, (i) Cotton, (j) Tobacco, (k) Rice, (l) Wheat, (m) Barley, (n) Oats, (o) Potatoes, (p) Apples, (q) Peaches, (r) Plums, (s) Pears, (t) Grapes, (u) Citrus fruits, (v) Mangoes, (w) Pineapples, (x) Bananas, (y) Coconuts, (z) Rubber.

Results.

The following crops were planted during the experiment:

- Sorghum: 1000 plants, 1000 plants, 1000 plants.
- Millet: 1000 plants, 1000 plants, 1000 plants.
- Maize: 1000 plants, 1000 plants, 1000 plants.
- Cowpeas: 1000 plants, 1000 plants, 1000 plants.
- Beans: 1000 plants, 1000 plants, 1000 plants.
- Groundnuts: 1000 plants, 1000 plants, 1000 plants.
- Sesame: 1000 plants, 1000 plants, 1000 plants.
- Sunflower: 1000 plants, 1000 plants, 1000 plants.
- Cotton: 1000 plants, 1000 plants, 1000 plants.
- Tobacco: 1000 plants, 1000 plants, 1000 plants.
- Rice: 1000 plants, 1000 plants, 1000 plants.
- Wheat: 1000 plants, 1000 plants, 1000 plants.
- Barley: 1000 plants, 1000 plants, 1000 plants.
- Oats: 1000 plants, 1000 plants, 1000 plants.
- Potatoes: 1000 plants, 1000 plants, 1000 plants.
- Apples: 1000 plants, 1000 plants, 1000 plants.
- Peaches: 1000 plants, 1000 plants, 1000 plants.
- Plums: 1000 plants, 1000 plants, 1000 plants.
- Pears: 1000 plants, 1000 plants, 1000 plants.
- Grapes: 1000 plants, 1000 plants, 1000 plants.
- Citrus fruits: 1000 plants, 1000 plants, 1000 plants.
- Mangoes: 1000 plants, 1000 plants, 1000 plants.
- Pineapples: 1000 plants, 1000 plants, 1000 plants.
- Bananas: 1000 plants, 1000 plants, 1000 plants.
- Coconuts: 1000 plants, 1000 plants, 1000 plants.
- Rubber: 1000 plants, 1000 plants, 1000 plants.

HEAVY TAXATION IN NYASALAND.
Crown Lands Ordinance Grievance.
'GOUT OF DATE'

My old standby for Rheumatics
 A sharp attack of Rheumatism demands prompt treatment. A single application of Sloan's Liniment is wonderfully effective in these cases. Applied lightly to the painful part, it penetrates and quickly brings a stream of healing new blood to carry away combined and long-lingering venereal matter and all pain and stiffness. Clean and entirely unobtrusive.
 "Cured with Rheumatism."
 "I am at three years' standstill with Rheumatism. After application of Sloan's Liniment I feel content and am now nearly well. I have Sloan's Liniment in a short time on the shelves of all chemists and druggists."
 See an advertisement.

Sloan's Liniment KILLS PAIN.
 The Standard Treatment for RHEUMATISM, SCALDS, LUMBAGO, BRUISES, BURNS, SORES, ETC.

BIRDS CUSTARD
 THE BEST FOR THE BIRD

Truth has taken up the question of taxation in Nyasaland and the new Crown Lands Ordinance, which is another source of grievance in Nyasaland. The ordinance is a very great burden on the people. It is a very heavy tax on the land. It is a very heavy tax on the land. It is a very heavy tax on the land.

Similar situation was noted in Tanganyika in the case of the ordinance in Nyasaland, when the ordinance was proposed. In particular reference to the Zambesi Bridge, that it would be unwise to take the bridge land. The ordinance is a very heavy tax on the land. It is a very heavy tax on the land. It is a very heavy tax on the land.

Unnecessary Services
 The Commission in Nyasaland reports that a growing demand for a wide range of services is being met by the Government. The Commission in Nyasaland reports that a growing demand for a wide range of services is being met by the Government.
