ASIA MOURNS ITS LEADER

of Marshal Stalin's death

STALIN is dead. Throughout Russia black-bordered flags flew for the man who ruled supreme for 32 years over the Soviet Union. Moscow flanked the city of Leningrad in the world early in the 1940s. Stalin's death was reported that he had suffered a paralytic stroke on 7th March 1953. He died at 12.35 p.m. on Tuesday, March 5, in a Moscow Radio broadcast, and the National Academy of Sciences, the structure of the Union of Soviet Republics, and the Central Committee of the Communist Party, the Supreme Soviet, and the Council of Ministers, the three highest bodies of the Soviet Union, were in mourning. It is reported that he died in a room which he had used for many years, which called for many tributes and determination in the task of continuing his work.

WE STILL NEED YOUR HELP

—Mr. Butler in U.S.

MR. R. A. BUTLER, Chairman of the Executive Council of the United States, speaking to the East African Standard in Washington last night, said that the United States help in Africa is not only for the sake of the continent itself, but also for the sake of the world.

"We have not come here to help you," he said, "but to help you to help yourself. We are not here to take your money away from you, but to help you to get more of it."

Mr. Butler said that the United States was not only interested in the economic development of Africa, but also in the political development of the continent. He said that the United States was not only interested in the economic development of Africa, but also in the political development of the continent.

Risk

"This involves risks," Mr. Butler said, "to be sure, but the risks are worth taking. The risks are worth taking because the benefits are so great. The benefits are so great because the risks are worth taking."

Mr. Butler said that the United States was not only interested in the economic development of Africa, but also in the political development of the continent. TELEPHONE SCHEMES FOR NAIROBI

Giving details in a talk to the Nairobi Rotary Club of the future expansion of Nairobi's telephone system, the Postmaster-General, Mr. R. R. Germain, said the Plans and Construction Administration had just completed the first part of a cable scheme covering the area south of Government Road, bounded by Whitehouse Road and Hancock Road. This part contained 11,000 pairs of wires and 400 telephones.

The next phase of the scheme is to be completed in the next year, and will cover the area between Government Road and the railway station. This part will contain 200,000 pairs of wires and 8,000 telephones.

Industrial Area

In the Industrial Area the Administration has been able to start several telephone exchanges, which will provide a service to the factories and industrial concerns in the area.

CHAMPIONSHIP RACE IS NECK AND NECK

Bitter fight in relegation zones

With only five points separating the first from the ninth club in the Division I table of the English League, the championship this season is as open as it has been any year since the war. In the remaining divisions, however, the game of spot-the-winner is becoming decidedly more keen. Sheffield United, who were relegated last season, are in a very strong position to return to the top division. In the relegation zones, however, the fight is bitter. Crystal Palace, who were relegated last season, are in a very strong position to return to the top division. In the relegation zones, however, the fight is bitter.

A mad scramble

At the foot of the Division I table, the relegation zone is a mad scramble to escape the relegation bog. With only five points separating the first from the ninth club in the Division I table of the English League, the championship this season is as open as it has been any year since the war.

Today's league fixtures

LEAGUE	Home	Away
Division I	Sheff. Wed. v. Nott. Forest	Sheff. Wed. v. Nott. Forest
Division II	Sheff. Wed. v. Nott. Forest	Sheff. Wed. v. Nott. Forest
Division III	Sheff. Wed. v. Nott. Forest	Sheff. Wed. v. Nott. Forest

Poor chances

Of the other five clubs in the relegation zone, the chances of escaping are poor. Crystal Palace, who were relegated last season, are in a very strong position to return to the top division. In the relegation zones, however, the fight is bitter.

books good enough to suggest that he will collect two points, but as Hill usually gets the better of their meetings with Bournemouth, they may move slightly nearer the safety net.

Last season Walsh had to play for two clubs, but in the following seasons of Division II he was a regular. The reserves gained some points for him, but he did not play for 14 weeks. They have a chance of getting back into the first division.

Crystal Palace, managed by former Arsenal and England goalkeeper, is in a very strong position to return to the top division. In the relegation zones, however, the fight is bitter.

Two-team race

Accrington have to travel to Coventry City in the first game of the season. They are in a very strong position to return to the top division. In the relegation zones, however, the fight is bitter.

J. McLEWIS in fine form at Wellington

HIGHLIGHTS of the first Test match between South Africa and New Zealand, at Wellington yesterday, was a splendid list, not only by vice-captain Jackie McLeuis, but also by the other batsmen. McLeuis, who returns to the side after fracturing a finger in Australia, scored 50 runs from 110 minutes.

By close of play on the first day, the batsmen had scored 110 runs. McLeuis, who returns to the side after fracturing a finger in Australia, scored 50 runs from 110 minutes.

Knock Hard wins a fine Gold Cup race

TIM MOLONY'S RIDING DOUBLE

MRS MARY KEOGH's versatile Irish horse Knock Hard won the Cheltenham Gold Cup over 11 miles on Thursday in great style, giving show-jumper jockey Tim Molony a riding double with the two principal events of the National Hunt Meeting.

Knock Hard moving up, most of the crowd were moved up to the last fence which was jumping over the hill to win the Gold Cup. The crowd was estimated to be 100,000.

Third yet again

Lady O'Connell won the Gold Cup for the third time in 1953. She was ridden by jockey Tim Molony. The race was held at Cheltenham on Thursday.

Teal pulls up

The 1100-pound teal, who was the favorite in the field and who was ridden by jockey Tim Molony, pulled up at the second fence of the race. The race was held at Cheltenham on Thursday.

THE WORK OF THE ST. JOHN AMBULANCE BRIGADE

Who does not know the White Cross of the St. John Ambulance Brigade, emblem of First Aid, always present where and when required, but as a symbol of the eight points of Christian chivalry—observation, tact, resource, decisiveness, sympathy, perseverance, discrimination and explanation.

The Cross and its various traditions still unite all the members of the St. John Ambulance Brigade in the "Love of Mankind" as it did when a few years ago.

The St. John members are proud of their tradition, and how they live it. For instance, the English have kept up a record of service with complete unselfishness, giving soul, body and mind to the cause of those in need and pain, making no reward.

The objects and purposes of the Order are as follows—

- (1) To make a systematic distinction of races, class, or creed.
- (2) To make a systematic distinction of ages, in rendering First Aid in case of accident.
- (3) To make a systematic distinction of sex, in rendering First Aid in case of accident.
- (4) To make a systematic distinction of rank, in rendering First Aid in case of accident.
- (5) To make a systematic distinction of rank, in rendering First Aid in case of accident.
- (6) To make a systematic distinction of rank, in rendering First Aid in case of accident.
- (7) To make a systematic distinction of rank, in rendering First Aid in case of accident.
- (8) To make a systematic distinction of rank, in rendering First Aid in case of accident.

Practically all the Public Forces have a knowledge of First Aid a compulsory subject in the training of all ranks. The First Aid movement on the Maldives has reached very large proportions.

To address First Aid Seminars, lectures, and courses, but may be given by approved lay lecturers. This movement always is taken by doctors.

To address lectures from 10 to 17 the Professors First Aid lectures are normally given by instructors qualified and authorized by the Association, but the examination that rights always be required one by a doctor.

Those who are successful at examinations in First Aid, Home Science, and other subjects are awarded certificates by the St. John Ambulance Association.

Textbooks and manuals published by the Association can be supplied in all classes on payment. For the lowest price, the Association has a number of different languages and dialects.

Constant practice

The St. John Ambulance Brigade was established in 1887. It is a body of certified and trained men and women, whose efficiency is maintained by constant practice and whose

Does this food contain COD LIVER OIL?

That's what I want to know—before placing my order. Some mixed foods do not contain any Cod Liver Oil at all. And that's not good enough for me. Cod Liver Oil provides a highly nutritious, non-polluting fat, as well as Vitamin D. You leave out the oil you lose the food value. To get the same amount I have to increase the quantity fed—and pay for it too! Besides that, the less oil there is the bigger the risk of a drowsy, wasteful feed!

Harry Franklin turns the spotlight on East Africa

Kenya's Happy Neighbour

THROUGHOUT Africa, from Capetown to Cairo, it is becoming increasingly difficult to find a trouble-free territory. Uganda is an exception, and it is a pity to leave the mounting tension in Kenya and East Africa to become the present contentment of its provincial neighbours.

In Uganda the absence of any racial or tribal divisions has created happy and stable relations between the various sections of the population. This has been recognised by the Government and has been commended in the planning and marketing of cotton, which had previously seen cause for concern in the minds of the African people. The policy of concentrating on primary commodities and industry is being followed by other parts rather than in the industrial area which has been followed.

Iron and steel

In the East, iron and steel are becoming more and more important. The railways will spend a large amount of money on iron and steel for the construction of new lines. The Government is also spending a large amount of money on iron and steel for the construction of new buildings. The Government is also spending a large amount of money on iron and steel for the construction of new bridges.

The land

Uganda is a land of fertile soil and abundant rainfall. The land is being developed for agriculture. The Government is also spending a large amount of money on the construction of new roads and bridges. The Government is also spending a large amount of money on the construction of new schools and hospitals.

with the advent of the railway. It will not only expedite and increase the export of maize but will commence the conversion of the existing roads into modern roads. It will also expedite the export of maize and other agricultural products.

Hot springs are becoming more and more important. The Government is also spending a large amount of money on the construction of new roads and bridges. The Government is also spending a large amount of money on the construction of new schools and hospitals.

Marshal Stalin's death renews market interest in 'Iron Curtain' issues

Special cable to the "East African Standard"

THE most interesting development on the Stock Exchange change during the past week has been the sudden reawakening of interest in the "Iron Curtain" issues following the news of the illness and subsequent death of Marshal Stalin. "Iron Curtain" issues fall into three separate categories and are: (1) Government securities, (2) foreign exchange, and (3) commodities. In the first category are bonds issued by Latvia, Estonia, Lithuania, which were introduced by Russia in 1922 and did not subsequently become active.

The only loans of repayment allowed by the British Government will eventually be made out of the assets of the Government of Bulgaria, which is regarded as the only country in the "Iron Curtain" area which has a functioning economy. In the second category are bonds issued by countries which were wartime allies, but later broke with them. In the case of Poland, there is a special agreement of guarantee of debt service has been entered into with the United States.

Interest in these bonds was renewed when the political changes behind the "Iron Curtain" were reported. It is now believed that the "Iron Curtain" countries will be able to raise money by only a few months. The U.S. Government has helped Poland to raise \$100,000,000. The U.S. Government has helped Poland to raise \$100,000,000. The U.S. Government has helped Poland to raise \$100,000,000.

NO BULK AGREEMENT ON SEED NEXT YEAR

Uganda must compete with world. The British Government's policy of relaxing controls and stimulating private enterprise will mean no bulk agreement next year between the Ministry of Food and the Uganda Government for absorption of the Protectorate's surplus cotton seed. It is learned officially. The result is that Uganda's seed will be sold on the open market. The Uganda Government is expected to be able to compete with the world market. ARSENAL GET A NASTY JOLT

Beaten at Highbury by Cardiff

ON the biggest shocks of Saturday's league football came the defeat of Arsenal at Highbury by Cardiff City, before a crowd of nearly 40,000. A disputed goal by Blair, in the eighth minute, gave Cardiff victory, but before Arsenal's championship hopes the nastiest jolt for some considerable time.

Before December 1, and on February 14, Cardiff City did score a single league goal.

On the evening of Saturday, January 20, at Highbury Park they bested Arsenal.

They were down to 10 men after a foul by Blair, but still went on to win 2-1.

They were down to 10 men after a foul by Blair, but still went on to win 2-1.

Three sent off

The Scottish League Division A's match between Rangers and Clyde at Ibrox Park was marred by the sending off of three players—centre-half James McQueen, and centre-forward Murray, Clyde and Blair.

The game, which had been suspended on one side as Blair was sent off, was restarted after Blair was sent off.

Wolves, having nine-ought, were kept from scoring by a goal by Blair, but still went on to win 2-1.

Shock of season in Amberley Cup

England's biggest football event of the National Commercial League football season was provided Friday night at the Meadowlands, when the Division III champions, Kenya Blue Services, lost the Amberley Cup to the South African team, P.W.D.

In the "D" Division, Hamilton City beat the South African team, P.W.D.

Oxford time trial 'most impressive'

Preparation for the first race on March 28, Oxford University rode their first fall-branch trial over the Putney Bridge-Mertlake course on Saturday afternoon in most impressive fashion.

Guaria hearing expected end today

THE COUNSEL BACK

Mr. Mwangi returned to the court this morning and the hearing of the **Guaria** case was resumed. The case was heard by Mr. Chaman Lal, who had been acting as a temporary judge. The hearing was adjourned until today.

Registrar's reply - Mr. Registrar's reply to the court was read. He stated that the court should be satisfied with the evidence presented.

Defence tactics - The tactics of the defence have been discussed. It was noted that the defence is trying to delay the trial.

Counsel interrupts - The counsel for the defence interrupted the court several times. This has caused some delay in the proceedings.

Five points - Five points were raised by the defence. These points relate to the evidence presented by the prosecution.

Direct link - A direct link between the defendant and the crime was established. This link is a key piece of evidence in the case.

Judgment plans - The judge has indicated his plans for the judgment. He will deliver his verdict on Friday.

There is an opportunity to acquire a godown in steel and corrugated iron of first-class British construction as illustrated, complete with sliding doors and measuring by 100' for the very reasonable price of £1,800 (ex. Nairobi).

MAU GANG PUT TO FLIGHT

Security forces kill 11 in clash on Mount Kenya

Members of the anti-Mau Mau gang campaign of 11 members of an armed gang were shot dead on Mount Kenya on Monday. Many others were wounded and some 250 rifles, automatic ammunition and 50 tons of explosive material have been recovered.

The operation is still being received at the Mt Kenya, while police continue to search for the 49-strong group through the thick forest. Contact was made with the gang after following tracking through dense forest on Monday.

A patrol, consisting of police, K.P.R. and Mau Mau, followed a different track which led to a 100-man strong Mau Mau gang.

The Mau Mau gang was reported to consist of 11 Mau Mau and 10 Mau Mau. The Mau Mau gang was reported to consist of 11 Mau Mau and 10 Mau Mau.

KIPSIGIS HUNT FOR TERRORISTS

Offensive patrols in Aberdares

KIPSIGIS Howard and men are now engaged on offensive operations in the thickly wooded and broken lower slopes of the Aberdares. The area, which has been hiding Mau Mau, is now being searched for food and other supplies being "relayed" to the Mau Mau in the settled areas.

It was officially noted yesterday that the Kipsigis have shown great enthusiasm, and are now engaged on offensive operations in the thickly wooded and broken lower slopes of the Aberdares.

100-strong gang loots African trading centre

Dr Malan plays a strong hand

ELECTION PROSPECTS BRIGHT

By a Special Correspondent

DR MALAN'S charm of winning South Africa's General Election has won him the hearts, and events have played into his hands. There are three factors in South African politics—the racial question, the economic problem and the balance of payments. The Minister of Education has played a strong hand in the latter two aspects of the national picture, and it is essential to his success in the next general election.

How long?

How long will the Minister of Education last in the South African Government? The answer is not clear. He has been in office for a year and a half. He has shown himself to be a man of great ability, and his work has been of high quality. He has shown himself to be a man of great ability, and his work has been of high quality.

CHILD HOSPITALS MAY END VISITING BAN

Children's hospitals throughout Britain may soon see visiting hour restrictions and hospital parent to see their children every day. Mr. Macleod, has recommended that arrangements and allow daily visits to their children.

Interference

The second factor—a national issue—is bound up with external politics. South Africa, regarded as a 'white' country, has shown itself to be a man of great ability, and his work has been of high quality.

TO GET NEW GOVERNMENT RAILWAY STATION

Marriage keeps the WRAC under strength

The Women's Royal Army Corps (WRAC) is worried by what it regards as the "marriage fever" which has swept the ranks. The fact that about 3,000 girls marry each year from the ranks of the WRAC is a serious problem. The Army and God send a husband might well be their revealing slogan.

Medical inquiry

Chief of the medical service has been asked to inquire into the health of the personnel of the WRAC. The inquiry is being held in London, and the results will be reported to the War Office.

Two factors

One of the factors mentioned in the report is the high rate of marriages among the personnel of the WRAC. This is seen to be a serious problem, and the War Office is taking steps to deal with it.

Tunnel set-back

The Government has announced that the construction of the Great Eastern Railway tunnel will be delayed. This is due to the fact that the Government is unable to raise the necessary funds to complete the project.

Tea with Premier

The Premier has been seen in London for tea with the British Prime Minister. This was a friendly meeting, and the two leaders discussed the current situation in East Africa.

Members of Parliament have been asked to vote on a Bill to provide for the construction of a new railway line in East Africa. The Bill is supported by the Government, and it is expected that it will pass.

Problem of student suicides

A POST-WAR wave of suicides among students at British universities has caused the authorities at Oxford and Cambridge to take steps to deal with the problem. The fact that several students have committed suicide in the last few years is a serious concern.

Constitution at high tide

The Constitution of the United Kingdom has been the subject of much discussion in the House of Commons. It is believed that a new Bill will be introduced in the near future.

Suggestions by the District

The District Officer has made several suggestions for the improvement of the public services in East Africa. These include the provision of more housing, and the improvement of the roads.

Tree

The Government has announced that it will plant a tree in each of the African territories. This is part of a scheme to improve the environment, and to provide a source of timber for the local people.

Flood victims

The Government has announced that it will provide financial assistance to the victims of the recent floods in East Africa. This is part of a scheme to provide relief to the people who have been affected.

Pole who would too hard

NYERI PLANS FOR THE CORONATION

MEMBERS OF NYERI DISTRICT COUNCIL have decided to observe the Coronation celebrations, and that a permanent feature of the coronation programme should be the holding of the coronation at Nyeri. This is a traditional site, and it is believed that the coronation will be a great success.

Members of Parliament have been asked to vote on a Bill to provide for the construction of a new railway line in East Africa. The Bill is supported by the Government, and it is expected that it will pass.

GR for byways... and G for highway

Every farmer or truck-operator knows the costly hours wasted by tyres clogging up on muddy roads. Firestone Dual Purpose tyres get on with the job, in all weathers, on all roads. On highways the conventional tread means smooth, comfortable riding—on muddy tracks the self-cleaning traction bars come into operation.

GOOD on cars... and GREAT on TRUCKS

Car-owners who have to do much travelling over muddy roads will find that Firestone Dual Purpose tyres give easier, surer motoring. On trucks, of course, these tyres are a time-saving "must".

let's get back to horses
This workshop shop down's like cars. Always hold up,
be sure. The more good money after tax. You could
pound on repairs and you will get stuck on the road at
midnight. Give me a horse any day, he says.

THINK YOU'LL HAVE A WHACK AT THE RALLY
This tin doesn't play down his car. It hardly ever comes into anything
for engine repairs. Why? Because his engine is clean inside. The
filter has his engine fitted with FRAM FILTERS. The FRAM OIL
CLEANER ensures that his engine is lubricated with clean oil. The
FRAM FUEL FILTER keeps water and dirt out of his carburettor
system. The FRAM COOLING SYSTEM FILTER keeps the water
soft and clean and sees that his engine doesn't burn itself to death
with expensive fuel. Have FRAM FILTERS fitted to your car to
keep it running sweetly and to enable your repair bills down to nothing.

AN INNINGS WIN AT WELLINGTON

New Zealand mastered in first Test

SOUTH AFRICA won the first Test match against New Zealand at Wellington yesterday by an innings and 110 runs. New Zealand, concedingly being out once for identical scores of 172, after following on. Final scores were New Zealand 424 for eight wickets, declared. New Zealand 172 and 172.

The tourists won with just over a day to spare.

With the Wellington pitch showing signs of wear, the South African bowlers were used freely. But incidents which allowed the Kiwi victims and the New Zealanders were completely mastered.

By lunchtime they had had four second innings wickets for 127 runs and when three more fell after the interval for the duration of only five more runs the match was as good as over. The end came a few minutes before tea had to be taken.

The best stand

New Zealand recorded yesterday's maximum 274 runs as well as the highest defeat. The Kiwis batted successfully and the opening partnership of 111 minutes.

The stand was beginning to look like a record when Chapman failed on Fuller, who bowled him out for the faster ball at 108, when the partnership had reached 111.

Legal proved his big catches but when the new ball was taken, at 110, it proved his last. He bowled a leg-breaker which was caught by the wicket keeper from Walker and was caught by Enders, having batted for 141 minutes and hit three runs in his 47.

Quick wickets

Without addition to the fiction total of 127 four wickets. Miller was caught behind the wicket of Walker and had been out after when the partnership had reached the time of Fuller.

Max was well caught in the gully by Murray of Warwickshire in an aggressive position which was made possible by the fact that he was not out.

Max's addition came on clean stroke and he was out for 10 runs. The addition was the last trapped in the first innings.

The end came shortly before tea when the Kiwis were bowled out for 172.

EMPHATIC PARLIAMENT'S PROPOSAL

New approach to problem of African emancipation

A REVOLUTIONARY proposal on African education is contained in a review of the problem published by the Nuffield Foundation and the Colonial Office. It is that attention should be concentrated on African fathers and mothers rather than on children in the schools.

It is claimed that if education authorities in 14 countries, set forth in a separate list, could direct their energies on these lines for the present this situation "would begin to look very different."

The new scheme, it is suggested, must take place in Africa. Policies should be framed, and the cost calculated and provided for, in the territories themselves.

The 14 countries named were:

- East Africa: Tanganyika, Kenya, Zanzibar and Somaliland.
- West Africa: Guinea, Sierra Leone, Liberia, Gambia, Senegal, Guinea-Bissau, Guinea, Sierra Leone, Liberia, Gambia, Senegal, Guinea-Bissau, Guinea.
- South Africa: The three High Commission Territories and Bechuanaland.

Uganda plans check on Kikuyus

BILL GOING TO COUNCIL

Uganda plans to impose a measure of control over Kikuyu tribesmen seeking to enter the Protectorate. Since at present the Government lacks powers to refuse Kikuyu entry, it proposes a Bill into the Legislative Council later this month designed to empower the authorities to do so unless satisfactory conditions are met.

The Bill will enable the Government to refuse admission to the Protectorate unless the Kikuyu are in every way desirous of assisting them.

Small but increasing numbers of Africans have been arriving in Uganda in the past few weeks. It is stated officials of the Government are in every way desirous of assisting them.

Recent increase

There has recently been an increase in the number of Kikuyus attending private schools and the Government has decided to check on the matter.

PLANS FOR 1953 SOCCER SEASON

New meeting league for junior sides

At their meeting on Tuesday night, the Council of the Football Association of Kenya decided that the 1953 Double League season should begin, provisionally on the 1st of September. Eight teams—two of them new entrants to the league—were entered. This was the first year. The May League season has also been entered for the 1953 season but another competition will take its place.

The two new entrants to the league are Lancaster Football Club and Mombasa Athletic Club. The latter club has three players who have dropped out of the league. These are Leslie, O'Brien and Ken Keenan.

On the question of reviving the May League, which has been in abeyance for two seasons now, the Council decided to leave the matter open for the time being. It is in view of the fact that the Council has not received sufficient support to reorganise the competition.

Knockout cups

The John Bupa and Gilmore Cup competitions will be discontinued later in the season, when the effect of the Emergency regulations will be better known to the F.A.

It is hoped that all clubs will be able to take part in the Knockout cups in the 1953 season.

Team manager

Mr. Chapman will be team manager of the F.A. women's football team. He will be in charge of the team in the 1953 season. Mr. Chapman has been in charge of the team since 1948. He has won the Women's Cup twice and the Women's League once.

Two divisions?

It is proposed that the 1953 season should be divided into two divisions. The first division will consist of the top eight teams, and the second division will consist of the remaining teams. This will allow for a more competitive league.

Two changes in Ireland's XV

Ireland have had to make two changes in their Dublin XV for the 1953 season. The changes are in the positions of full-back and wing. The new players are...
