The ceremony took place in the open air before a congregation which included the entire hierarchy of Kenya, and bishops from Uganda and Tanganyika, Mgr. Hill, Father, and Bishop of Kisumu, who was assisted by 100 priests and hundreds of school children.

POLICE CORDONS LEGATIONS IN HUNGARY

Mass arrests made as callers leave PLEA TO E. EUROPE

MASS arrests have been made by police in Budapest of Hungarians visiting legations of Western Powers. British officials said yesterday that dozens of people who called at the legation on Monday were still in custody.

Uniformed and plain-clothes police surrounded at least four Soviet, British, French, Austrian and American—and rounded up callers as they left. After checking identity papers, some were allowed to go; others were put into handcuffs and driven to police headquarters.

Western diplomats, apparently alarmed at discouraging spokesman, questioned about police action, but the Government had no comment to make at the moment.

Condemnation of U.S. urged

Condemnation by the United States of U.S. "subversive activities" in other countries was urged in the General Assembly's special political committee by the Soviet First Deputy Prime Minister, Mr. Kuznetsov, who accused the United States of preparing large-scale operations in Europe.

Replying for the United States, Senator Knowland said the "current of abuse against my country" was nothing new. "It is almost the Soviet Union, the French, the British and the United States, who are the main culprits in this regard and for that purpose produces its own myth on Hungary and in other countries."

In a world-wide broadcast to mark the 15th anniversary of the Russian Revolution, President Eisenhower expressed his friendship for people living under Communist rule. He said the United States wished them well in their hopes for freedom.

"CRIMINAL POLICY" OF LIBERATION

The Eisenhower doctrine was described by Mr. Kuznetsov as one of the latest attempts to create interference in the affairs of other countries. Introducing his resolution demanding U.S. condemnation of alleged "criminal policy" of the United States, he said the aim was to establish the world leadership of the United States.

He cited a number of facts testifying to the organization and amplification of the doctrine of "liberation" in the United States. He said the doctrine was applied to the United States in the form of a "criminal policy" of liberation, which was aimed at the United States and other countries.

MAZ REVIC VERDICT

Warning by U.S. senator

A WARNING that it was a "disservice" to any people to make them dependent before they were economically and politically ready was made in a report by the man of the House of Foreign Relations Committee, who said Africa in September and October last year surveyed the operation of U.S. aid and foreign programmes.

Senators Green said that "the established policy of the United States should be to make it clear to the people of the world that the United States is not a 'patron' of dependent peoples. America should support the people of Africa with respect for their own initiative and their own resources."

U.S. PROPOSES INTERNATIONAL CONTROL OF GAZA STRIP

End of Karen raider DATE FOR SELF RULE

LEGAL OBSTACLES

THE United States was yesterday to ask the United Nations General Assembly to approve a compromise plan to set up an international authority in the Gaza Strip and Gull of Aquia areas.

U.S. officials refused to say whether the draft resolution would also urge sanctions against Israel if she failed to withdraw her forces from these areas. It is almost certain, however, that if sanctions were provided for they would not be as strong as those recommended by the Afro-Asian group.

Little progress has been made in the talks between the Secretary-General, Mr. Hammarskjöld, and the Israeli Ambassador to Washington, Mr. Abba Eban. In a Note to the Assembly in which he outlined legal difficulties to a compromise solution, Mr. Hammarskjöld said Egypt had the right to control the Gaza Strip under the armistice agreement.

U.S. officials refused to say whether the draft resolution would also urge sanctions against Israel if she failed to withdraw her forces from these areas. It is almost certain, however, that if sanctions were provided for they would not be as strong as those recommended by the Afro-Asian group.

DOCTORS' DISPUTE: EARLY END UNLIKELY

Reaction to Premier's letter

Medical Association spokesman said in a statement that there was "no reason of any kind" to expect an early settlement of the dispute in which 40,000 doctors leave the National Health Service every day.

The spokesman was commenting on a letter from the Prime Minister, Mr. Macmillan, to the association's president, Sir Russell Baker.

In the letter, the Prime Minister said that the government was prepared to consider the proposals of a Royal Commission on the health service, but that it would not "waste time" in investigating the proposals.

"Until some indication is provided by the Government that it is impossible to say more than that."

Kenya high profit margins challenged

LETTERS TO THE EDITOR

I HAVE read with interest the correspondence about Bond Street prices. I therefore approached one of the most respected dealers in jewellery, crockery and cut glass, Mr. J. H. Jones, who is the latest case of an article of the sort mentioned by Mr. Jones.

If one supplier can bring these articles in at this price, then it is clear that the market is not as tight as it is often said to be.

Mr. Jones, in his letter, is understood to have said that he has been able to obtain it at a price of £100, which is a very low price for such a high quality article.

I have no doubt that the same would apply to a great many other articles.

M.C.C. MISS CHANGE OF BOOSTING MORALE

Western Province match drawn

THE M.C.C. lost a fine chance of going into the final Test tomorrow with a morale-boosting victory behind them when they failed to beat Western Province at Cape Town on Tuesday.

The match was a close-run affair, with the M.C.C. leading for most of the day but being overtaken in the final stages.

England, who are assured of a place in the final, have made no changes in their squad for the match with Ireland on Saturday.

The team is being trained by Mr. J. G. Gifford.

For other sport see page seven

Several matches were played today in various parts of the country. The results are as follows:

- Wales vs. Ireland: 1-1
- Scotland vs. England: 1-1

Odds heavily on South Africa to share Test series

THE odds are heavily on South Africa winning the fifth Test at Port Elizabeth to share the series with England. The tourists with only one win at left, ended the second day's play 94 runs behind.

The first innings, having scored 110 for nine in reply to the home side 104. The pitch on South Africa are in a commanding position under conditions where every run counts.

Applause for Bailey

One great feature of a England's batting was the display of Trevor Bailey and the third wicket stand of 54 with Peter May. Bailey played one of the best innings for England.

He realised conditions were pitched for his distinctive type of cricket, an innings where the ball was bowled to him to be attacked, often hitting the top edge of the bat and driving the batsmen off their stumps.

Brilliant tennis display by Davis Cup visitors

BILLY KNIGHT and Michael Davies, the two British Davis Cup team players now visiting East Africa gave a brilliant display of tennis on the centre court at Nairobi on Saturday afternoon when they took part in a preliminary exhibition match with and against local players.

The exhibition was worthy of the best tennis seen in the city for some time. The two British players showed a high standard of play and their exhibition match was a real test of the local players' strength.

DOUBLE FASHION by Evelyn Wood

BLOW not - blow cold - this *Jaques Fath Boutique* model takes care of the problem most successfully, for here you have an additional skirt that can be worn or staid according to the temperature day by day.

In this case, worn over a wool lace dress, it is made in a bright turquoise heaviest quality fabric, and is held by only one button revealing the dress beneath.

For everyday practicality, you could wear such a skirt over a straight wool jersey or any other lightweight warm dress.

Three colour suggestions are: a muted belated skirt over oatmeal, or bright green over a black dress, or of course the indispensable black which will do duty for any colour dress.

COMMUNIST DRIVE IN SEATO AREA

'Every device' being used

All-out campaign of Communist subversion is being waged in the area covered by the South-East Asian Treaty Organisation, according to the organisation's annual report. It said, however, that Communists had made no substantial progress in member countries during the year, though the situation in the area covered by the treaty was less satisfactory.

Two views on proposal for day nursery

TWO Nairobi councilors, representing Parklands and Westlands, disagree on whether another day nursery school should be built in their area.

For the proposal is given Mrs Dorothy Mackay of Westlands. "I think it would be an excellent thing because it is so scarce that it deteriorates rapidly with the new housing estates. In the morning, I think it would be better to have a day nursery than to have a school."

Against the proposal is Mrs J. R. Wanjau of Parklands. "I think it would be a good idea for another nursery, I think the Government should be asked to provide a school which should be controlled and supervised directly through the Ministry of Education."
