## FEDERATION PLAN 'ONLY BLUEPRINT'

### Sir Godfrey Huggins's view 'NO HURRY-PROPOSALS MUST BE ALLOWED TO SINK IN'

SIR GODFREY HUGGINS, Prime Minister of Southern Rhodesia, has emphasized an interview in Salisbury that the Central African Federation plan is "only a blueprint."

"The whole thing as far as it is a report—but most important of all—the civil servants. It is still only in the drawing stage."

"I emphasize, as anything which Britain decides what she wants to do with Northern Rhodesia and Nyasaland. The visit in September of the Secretary of State for the Colonies (Mr. James Griffiths), Secretary of State for Commonwealth Relations (Mr. Patrick Gordon-Lennox) will help to clear up many obscure points."

"However, any attempt to set the Federation plan to rest in the minds of the people of Southern Rhodesia, probably at the end of next year, would be an international situation in such a way as to appear to the country difficult."

Sir Godfrey expressed what he regarded as the main reasons why the blueprint of the scheme was "only a blueprint."

"The people of Southern Rhodesia, Nyasaland and Northern Rhodesia are not yet ready to give up their independence. It is not yet clear that they are ready to do so."

"The blueprint is a plan which is being prepared in the minds of the British Government. It is not yet clear that the people of Southern Rhodesia, Nyasaland and Northern Rhodesia are ready to give up their independence. It is not yet clear that they are ready to do so."

WITH most of the General Election results known, the "Third Force" parties in France are assured of the constitutional right to form a Government, provided that they ingeniously meet their coalition. With the Moderates they have the moderates in their coalition. With the Radicals they have the moderates in their coalition.

# AIDS TO DEVELOPING STRONG BACKHAND DRIVE

## Stumbling block to most tennis tyros

The backhand drive in lawn tennis is the stumbling block of many who find difficulty in developing the stroke. The reason is not that it is a difficult stroke, but that it is a stroke that requires a certain amount of practice and technique.

### Practice makes perfect

The key to a strong backhand drive is practice. Practice makes perfect, and the more you practice, the better you will become.

### Proper technique

Proper technique is essential for a strong backhand drive. The player should stand with feet shoulder-width apart and the racket should be held with both hands.

### Follow-up

Follow-up is an important part of the backhand drive. The player should follow through with the racket and the ball should be hit with a firm wrist.

### Consistency

Consistency is the key to a strong backhand drive. The player should practice the stroke every day and should aim for consistency in their shots.

### Patience

Patience is an important part of the backhand drive. The player should not become discouraged if they do not see immediate results.

# KENYA AMATEUR GOLF TOURNEY

### Today's entry a record one

The Kenya amateur golf championship will begin on the course of the Midlands Golf Club at 9.15 this morning when C. O. P. Wagner and C. L. D. Flagg start the first of the five first-round matches.

Not only is the entry a record one numerically, it is probably a record in playing strength with almost every name-class golfer from Mombasa to Nairobi from Nyeri to Dar es Salaam competing. It would be easier to enumerate the losers than to enumerate the competitors in championship class.

The inter-club play today has commenced at 9.15 and will continue until 12 noon. The first round proper will be completed today. The second round proper will be completed tomorrow. The final round proper will be completed on Saturday. The final match will be played on Sunday.

ENTRY WAS POOR BUT THE STANDARD WAS HIGH

Heavy rains hit Nairobi flower show

The Governor of Kenya, Sir Philip Mitchell, was among the many people who visited the flower show in the Municipal Hall, Nairobi, this week, organised by the Kenya Horticultural Society.

Because of the recent heavy rains, entries totalled only 125. Judges praised the high standard of the flowers and vegetables exhibited but regretted the lack of competition caused by the rainfall.

**INCREASE IN THE "ALL-IN" DOMESTIC TARIFF**

Although electricity is at present being supplied to consumers at a charge per unit which is lower than the charge at the beginning of the year, the Company's operating costs have been rising steadily since that date. Further, the Company's commitments for interest and depreciation charges have increased substantially, since the capital needed to provide new generating plant is now at least three times the previous cost per kilowatt.

The position has been reached in Nairobi, where quite apart from other factors, the cost of Diesel fuel oil has risen by 28% since 1949 and it is anticipated that the charge of six cents per unit to the public under the "All-in" Domestic Tariff is less than the value of the contribution to generate extra additional unit now produced.

For one time it has been apparent that the present tariff would not be continued although the Directors were anxious to delay any consideration of an increase as long as possible.

The Company sincerely regrets that action cannot be deferred any longer and therefore it has no alternative but to give notice of an increase in the "All-in" Domestic Tariff rates as under:

**Standing charge** increased from Shs. 2.00 per month per month (minimum Shs. 0.75) to Shs. 2.50 per month per month (minimum Shs. 1.50)

**Unit charge** increased from 6 cents per unit (minimum 3 cents per unit) to 7.5 cents per unit (minimum Shs. 1.50 per month)

These tariff increases will take effect as from the date of the first meter-reading made on or after the 28th July, 1951.

Formal Notice, with new Agreement Form, are being distributed direct to each consumer on the tariff.

## BRITAIN STUDIES PEACE PROPOSALS

### Mr. Morrison's statement MOVE WELCOMED—BUT WARNING AGAINST UNDUE OPTIMISM

The British Foreign Secretary, Mr. Herbert Morrison, yesterday welcomed Britain's latest Korean peace proposal, but warned against undue optimism.

Mr. Morrison told the House of Commons that the Government was studying the proposals with the greatest care.

He said: "Mr. Malin's statement was made with a sincere view to bring about peace in Korea and if the arrangement proposed by the Chinese and North Koreans, it may be possible to start a program in the direction we all desire."

Mr. Morrison added: "In view of the failure of previous attempts, any further proposals should be made with a view to bringing about a settlement of the Korean problem."

He said: "The British Government is studying the proposals with the greatest care and will be ready to discuss them with the Chinese and North Koreans."

# LOUIS-SAVOLD FIGHT LESSONS

### Long absence from ring and loss of form

By FREDDIE MILLS

WELL, the Louis-Savold fight turned out much as I had expected and demonstrated again that a boxer cannot stay away from the ring as long as Savold did and still retain his best form, particularly when Arno Domini is creeping up on him.

To that must be added the fact that Lou Louis, by contrast, managed to produce quality evidence of his previously denied fighting ability. To judge from all eye boxes, Lou Savold was not only beaten by Lou Louis, but roundly thrashed but really was badly damaged in the fight.

Now "old Lou" is to meet Charlie Smith again, the first of the new crop of contenders provided by the American scene. The fact that Lou Louis is to fight in the Victoria Park Stadium on August 1st is a very important one.

It is a pity that Lou Louis is to fight in the Victoria Park Stadium on August 1st, as it is a pity that Lou Louis is to fight in the Victoria Park Stadium on August 1st.
