**Interim Development Report**

The authors of the "Interim Report on Development" which has just been issued to the Government, have been engaged in an endeavour to set out in very simple terms the broad outlines and complexity of the task which lies ahead. They have not succeeded in their task, but the fact does not detract from the value of the report. It is a valuable contribution to the study of the problems of the Colonies and will be of great interest to all those who are concerned with the development of the Colonies.

**POLICE TERMS OF SERVICE**

In the Legislative Council in December last the Acting Chief Secretary, Sir G. G. G. gave evidence on the proposed new terms of service for the Police. The terms of the Police are a part of the general terms of service for the Government. The proposed new terms of service are a part of the general terms of service for the Government. The proposed new terms of service are a part of the general terms of service for the Government.

**END OF A SUCCESSFUL TOUR**

The Governor, Sir Philip Mitchell, and the Hon. Mr. Mitchell, who have just returned from a successful tour of the Colonies, have been warmly welcomed by the Government. The tour was a most successful one and has done much to bring the Colonies closer to the Mother Country. The Governor and the Hon. Mr. Mitchell have been most helpful in their discussions with the Government and have done much to bring the Colonies closer to the Mother Country.

**To Aid European Churches**

The Archbishop of Canterbury has issued a statement in which he has called for the aid of the Churches in Europe. He has said that the Churches in Europe are in a state of great need and that the Churches in the Colonies should do all they can to help them. He has said that the Churches in Europe are in a state of great need and that the Churches in the Colonies should do all they can to help them.

**FIRST STEP TO CONSERVING COLONY'S WATER**

**Central Natural Resources Authority**

It has been decided that the building of the Dam in the Aberdeenshire Water Catchment Area should be deferred from 1945 to 1946. This decision was made by the Central Natural Resources Authority. The Authority has said that the building of the Dam in 1945 would have been a waste of money and that it would be better to defer it until 1946. The Authority has said that the building of the Dam in 1945 would have been a waste of money and that it would be better to defer it until 1946.

**First Step To Conserving Colours' Water**

The quantity of water used in the household is a matter of increasing importance. It is estimated that the average household uses 100 gallons of water per day. This is a considerable amount of water, and it is one that can be conserved. The first step to conserving water is to use it wisely. This means turning off the tap when brushing your teeth, taking shorter showers, and using a bucket to wash the car.

**Water Conservation**  
The next step to conserving water is to use it wisely. This means turning off the tap when brushing your teeth, taking shorter showers, and using a bucket to wash the car. The next step to conserving water is to use it wisely. This means turning off the tap when brushing your teeth, taking shorter showers, and using a bucket to wash the car.

**Water Conservation (Continued)**  
The next step to conserving water is to use it wisely. This means turning off the tap when brushing your teeth, taking shorter showers, and using a bucket to wash the car. Quality with Economy

QUALITY need not be high. Quality people know that for them is a bicycle quality-built machine, yet priced within the reach of all.

Quality in the construction of the bicycle is superior to the market today. You can have it with unexcelled economy.

It is the perfect example of "Quality with Economy."

GAZELLE CYCLES S.A.

KEROL Adds to your Grazing Acreage

Kerol-fed animals derive more nourishment from their food than those who don't get this aid to their digestion.

Beyond this, Kerol brings other advantages from its use. Kerol-fed animals are not subject to hooves and other digestive disorders.

Whether Kerol is given to sheep, cattle, horses, pigs or poultry—whether it be administered neat, added to milk or mash—healthiness continues apace.

The secret of success in using Kerol is regularity—small quantities taken regularly with feeds give better results than large doses administered sporadically.

COOPER & NEPHEWS, S.A.F. (Pty) Ltd. Box 586, NAIROBI.

HARVEST TIME

May be over and the next one seem a long way off, but will you be ready?

We recommend that you check over your Harvesting Machines NOW and order IMMEDIATELY all parts necessary to put your Harvester Thresher or grain binder in first class condition.

Remember neither you nor the country can afford to lose a bag of grain.

Insure against losses due to break downs by reconditioning your equipment NOW.

Waterproofing The Soil

THIS is the story of a very recent struggle and an intense search for a way to make the soil waterproof.

It is not this simple. Changes in the nature of the soil to be treated. They find out exactly how the soil is treated, taking into account the nature of the soil, the nature of the water, the nature of the water, the nature of the water.

Will this become a thing of the past?

chemical engineer has developed a method for waterproofing soil. The method has been developed by a chemical engineer who has spent a great deal of time and money in the study of the problem.

that the film of water from getting between them. The fact is however that so far chemical work done by Shalwa is purely by accident. Scientifically waterproofing action. Scientifically waterproofing action.

# CORRESPONDENCE

## A LABOUR PERSPECTIVE

To the Editor, "E.A. Standard"  
 Sir—Having learned "Kopon" Muller's views on the "Kopon" movement with some 200 others to travel to South Africa, I am now wondering about my countrymen who are also presumably going to South Africa. I am sure that the great number of people who are going to South Africa will be a great help to the country.

I do not pretend to be an authority on Kenya, having lived here only two years which is too short for me to be able to express to you any views on your country. I have been involved to some extent in the work of the Kenya Labour Union in Kenya, where I have lived for 12 years, a period of time which has given me some insight into the life of the people of Kenya and the country.

Now in France they have a strike about the Englishman who arrived in Calais for the first time and soon the French girl on the quay-side was wondering about the Englishman who was from France, all the women there were from France, all the women there were from France, all the women there were from France.

Let us refer to the African situation of the history of the country as follows: In a recent issue of the "E.A. Standard" in which he proposed to purchase the country from the Government but which has no conditions attached to it. It is a very interesting article and I am sure that you will find it of great interest.

## LABOUR

To the Editor, "E.A. Standard"  
 Sir—I believe that the main reason for the failure of the Kenya Labour Union is that it is not a union of workers but a union of employers.

Woman Sentenced For Theft Mrs. Maria Louise Dutton, formerly employed as an hotel waitress, was sentenced to a term of imprisonment for a term of 12 months for the theft of a diamond necklace and a pair of earrings from the home of Mrs. J. C. Dutton, a resident of the town. She pleaded guilty to the crime.

Hard Labour For Drunk Driver The body of a man who was killed by a motor vehicle driven by a drunk driver was buried in a cemetery. The driver was sentenced to a term of imprisonment for a term of 12 months for the offence.

Earth Walls That Lasted Centuries

The building of houses with walls of earth is a practice which has been followed for centuries. The walls are made of a mixture of earth and straw, and are built in a way that makes them very strong and durable. They are still used in many parts of the world today.

A Case Here A case of a man who was injured by a motor vehicle was heard in court. The man was awarded damages for his injuries. The case was heard by the judge.

MODERN ROBINSON CRUSOE

A Canadian engaged on photographic exercise over an unbroken tract of the Indian Coast, was attracted by a dump of iron ore. He was the first to discover it. The ore was found in a place where no one had ever before.

Engineers' Inquiry The inquiry into the cause of the accident at the railway station was held. The engineers found that the accident was caused by a defect in the railway track. The inquiry was held by the board.

Kenya Publicity

The Minister, British High Commissioner, visited Kenya to promote publicity for the country. He visited various parts of the country and met with the local people. He was very well received.

Some financial reports were made to the public. The reports showed that the country was doing well. The government was spending a lot of money on the development of the country. The people were very happy.

German Tanks Defeated But Time for Celebrations is not Yet

THE NEW BRITISH TEN-TON BOMB

Western Front: British Army Reaches The Elbe

BREMEN-HAMBURG ROAD CUT

Americans Enter Leipzig

Getting Too Hot

MUCH TO BE DONE BEFORE DAY IS PROCLAIMED

The weekly-edited commentary on London Vortice says that the news is very hot, but that the news has not been anticipated and remains to be done before the day is proclaimed.

From the westward of the German High Command it is foolish to assume that the German forces in the West have been beaten. The German High Command is still in a position to make a last ditch effort.

Goebbels on Hitler. Goebbels' broadcast to the German people on the 15th inst. was a masterpiece of propaganda.

Two Key Points Captured. The British Army in Italy has captured two key points in the German line.

Italians. The British Army in Italy has captured two key points in the German line.

On the Western Front. The British Army has reached the Elbe, cutting off the German retreat.

A correspondent says the Elbe was reached last night by the 11th Army. The British Army has reached the Elbe, cutting off the German retreat.

the R.A.F. continue to hammer all German air bases. The R.A.F. has been successful in its operations.

A Tokyo message to the German News Agency says that in view of the Super-Fort attacks foreign news has been advertised.

yards in Czechoslovakia 32 miles southeast of Chemnitz. The British Commando Brigade has been successful in its operations.

The picture was taken at a Ministry of Aircraft Production factory where the new British 15-ton bomb is made.

"THIS IS A GREAT & GLORIOUS ARMY"

Mr. Churchill Reviews Welfare Conditions In S.E.A.C. & India

Mr. Churchill's review of welfare conditions in S.E.A.C. and India. He visited various parts of the region and met with local officials.

British Fighting. The British Army in Italy has captured two key points in the German line.

Poland Still A Problem

Poland still a problem. The British Government is still concerned about the situation in Poland.

German Report Russian Success 20 Miles From Berlin. The German report says that the Russian army has advanced 20 miles from Berlin.

Another German report says that the Russian army has advanced 20 miles from Berlin.

**NEW ORE-TESTING FACILITIES FOR KENYA**

The Mining and Geological Department of Kenya is planning to erect a modern ore-testing plant in order to enable the following categories of ore to be tested:—

The new plant is situated near the production of non-ferrous minerals, including copper, lead, zinc, tin, molybdenum, tungsten, and vanadium. It is located in the district of Kericho, which is one of the most important mining areas in Kenya.

The plant will be equipped with the latest testing apparatus, including crushers, mills, and furnaces. It will also have a laboratory for the analysis of the ores.

The plant is expected to be completed by the end of the year.

**SERVICES SPORT**

After the interval of the week-end, the sports and leisure section of the paper will be published. It will contain news of the various sports events, including football, tennis, and cricket. It will also feature reports on the activities of the various sports clubs and organizations.

# THE BIRD WITH THE SILVER RING

(By "BABBLER")

## VISITOR TO NYALAHANG

I read the other day, in the course of my work, that of a visitor from the Nyalaha district, who had been visiting the Nyalaha Chief in his letter in which he had mentioned that he had seen a bird with a silver ring around its neck. This bird was a very common one in the Nyalaha district and was known to the Nyalaha Chief as a 'Kerol'.

## SCHOOL BOY WATCHES

It would be interesting to know if the bird which was seen by the school boy in Kenya also had a silver ring around its neck. The school boy in question was a boy from the Nyalaha district who had been visiting the Nyalaha Chief in his letter in which he had mentioned that he had seen a bird with a silver ring around its neck.

## District Farming Notes

It is a pleasure to report that the District Farming Notes for the month of April have been published. The notes contain a wealth of information on various aspects of farming in the district, including a list of the most common pests and diseases of the various crops and a list of the most common diseases of the various animals.

## SHIRAZI

It is a pleasure to report that the Shirazi district has been declared a free zone for the import and export of goods. This will be a great benefit to the district and will help to stimulate trade and commerce.

## KEROL

Adds to your Grazing Acreage

Kerol animals derive more nourishment from their food than when they get this aid to their digestion. In other words, by letting your stock have free access to a Kerol-lick, you are virtually increasing the food-value of your grazing acreage.

Beyond this Kerol brings extra advantages from its use. Kerol animals are not subject to hooves and other digestive disorders. In fact, Kerol brings all animals develop a strong resistance to most of the common diseases—and internal parasites don't bite it.

Whether Kerol be given to sheep, cattle, horses, pigs or poultry—whichever it be administered most, added to their food—better conditions always follow. And don't forget, Kerol added to any prepared lick also helps the animals to eat all the good food of the best.

The secret of success in using Kerol is regularity—small quantities taken regularly with licks gives better results than large doses administered occasionally.

Licks and more detailed information will be found in the Kerol Book, which is free for the asking from—

COOPER & NEPHEWS, S.A.F. (Pty) Ltd. Box 506, NAIROBI.

## FARMERS

## Don't Substitute on Parts!

An umbrella makes a poor substitute for a parachute. In the same way with substitute farm machinery parts. Play safe—buy only Genuine IHC Parts for your McCormick-Deering Tractors and Farm Machines. They fit right. They are made of the same quality materials and from the same molds as the originals. Place your order NOW for the parts you will need next season.

Whether you require service work or spare parts only, it is advisable to plan well ahead of the time the Machine will be needed.
