Tennis: the juniors show much promise

SO improved was the Parklands Junior lawn tennis tournament, completed at the weekend, that it is being regarded as a feature in an expanded form in future. Doubles were played for the first time in Junior tennis in the Colony this year.

The standard of tennis was encouraging, although it was noteworthy that the girls had improved to a greater extent than the boys, who start from a few exceptions, were somewhat disappointing.

Stroke production was, on the whole, good but position and tactics of play was not noticeably so. The training, in particular, especially those of Miss Green, who especially showed their strokes on both singles and doubles, was better than expected.

It was interesting to note that the girls who came into the court to advise on their strokes, were those who had a useful volley used to go to the net, but they were taken the net as often as they should have been. It is hoped that the court and instruction are other directions in which improvement is being made.

Encouraging

But, in general, there were many encouraging facts, discarding facts about the tournament and the organizers, and officials, who work out of a voluntary capacity through out, were satisfied that the competition standard of tennis established in such an event was well worth while. The tournament reflected the wide view of some early promising players.

It was unfortunate that the boys' side of the tournament included only one player, the Kenya High School, but a number of the girls were able to play in the event. It was a single winner in an eight-year-old boy who only lost recently while the boys events in which Dray was the outstanding competitor were somewhat disappointing.

The masters at this school have taken a keen interest in tennis which was reflected in the success of their pupils.

The Parklands Croquet Club is also to be congratulated on its terms, terms, and consistently maintained in the development and the enjoyment of young players. It is a far-seeing club which has not only provided the best facilities but also has been successful in its organization.

The results

The results of the semi-finals and final were:

BOYS' SINGLES—Semi-final: G. Dray beat P. Pearson, 6-1, 6-2. Final: G. Dray beat P. Pearson, 6-1, 6-2.

BOYS' DOUBLES—Semi-final: G. Dray and J. Hooper, 6-3, 6-1. Final: G. Dray and J. Hooper, 6-3, 6-1.

GIRLS' SINGLES—Semi-final: Miss Edwards beat Miss P. Edwards, 3-6, 6-1, 6-2. Final: Miss Edwards beat Miss P. Edwards, 3-6, 6-1, 6-2.

GIRLS' DOUBLES—Semi-final: Miss Edwards and Miss White beat Miss Edwards and Miss White, 6-2, 6-2.

The Scottish football is one of the best in the world. It is a game that is played with a spirit and a determination that is not often met with in the English game.

An efficient cream separator means more cream - and extra "shillings" - if this cream is a sweet, clean, high-grade product. Only a separator that skims clean, cleans easily and is sturdy built can give the farmer that kind of product. A new Mc-Cormick-Seering separator not only meets, but surpasses all requirements in these particulars.

Whole milk tubs with only smooth stainless steel - no rough surfaces to provide footholds for bacteria or sticking butterfat. The precision-pressed bowl remains in balance under constant use to "close-skin" those extra ounces of butterfat.

by B. Barton Eckett

THE prevailing popularity of the 3... B-K5 variation of the French Defence leads indeed to the following game variations played by two well-known British amateurs. The last move has not yet been said on this very complex opening.

In the present example Black unobtrusively gets the best of matters but White's combination at move 19 was a very ingenious effort.
