NEW DAWN ON EMPIRE

Disintegration claims rejected by Premier

CLAIMS that the British Empire was disintegrating were rejected by the Prime Minister, Mr. Harold Macmillan, when he spoke at Bedford on Saturday.

The Premier, he said, was changing, but not breaking up. In the long history of the rise and fall of great Empires, let us take pride in this: that Britain is the only Power which has, of every victory, set about the task of giving full independence to its parts of its Empire as they became able to manage their own affairs. This is not the natural; it is the coming of a new dawn.

Praise for child care efforts

The efforts of the Child Welfare Society of Kenya were praised by the Mayor of Nairobi, Ald. H. Travis on Friday, when he opened "New House," a boarding children's home in Hurlingham Road.

The City Council had worked with great interest in the development of the society and its attempts to accommodate the children, he said.

Legislation enabling the society to take over the management of the children's homes in Nairobi was passed in 1955. The Mayor said that the society had done a great deal to improve the conditions of the children in the past few years in Nairobi.

Three inmates of "New House" were introduced to the Mayor. He said that Mr. Hurlingham, the society's president, and other friends are going to inaugurate the new building in the City Council and hold a reception. Father has also been invited for this purpose.

At the ceremony, Ald. Travis said that the society had done a great deal to improve the conditions of the children in Nairobi. An ideal overseas shopping service

LADY CLAUDE HAMILTON
 writes from London...

THERE is in London now a remarkably up-to-date and practical shopping service, which might have been specially designed for the benefit of people from overseas returning to the land for a holiday.

It is called the **Direct Circle** (100 Baker Street, London, W.1, which, I think, is in the very best of areas) and it is a very convenient service for those who are unable to visit the shops in person. It is a very convenient service for those who are unable to visit the shops in person.

 This service is a great help to those who have been overseas for some time and who may not know where to go in order to obtain quality clothing and accessories in England.

It is also of special value to people who do not wish to pay the prices for the goods of the Direct Circle are very well informed as to where they can get the best value for their money at reasonable prices.

Women's Tuesday Corner

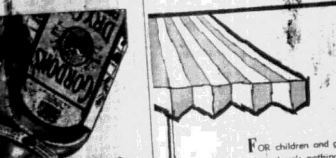

SKIRTS

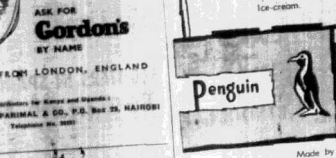

If you're a little girl, the garment which is going to have the least appeal for you is the one labelled "useful". But if the said garment is also bright and gay, its usefulness seems to become relatively unimportant.

Quite one of the most serviceable things any small girl can have is a felt skirt. It can be recommended for its hard-wearing qualities, its resistance to showing the dirt, and its cheerfulness on those summer days when the temperature is far from being summery.

Among some of the attractive ones I have seen are those of a rich, dark, and the cheerfulness on those summer days when the temperature is far from being summery.

For children and grown-ups alike there's nothing to beat Penguin ice-cream for sheer quality and wholesome goodness. Made with fresh, dairy-land milk and the same rich cream you may buy in your own home, Penguin ice-cream happily blends a variety of delicious flavours with all the nourishment and goodness you expect from a first-class product.

The new Ronson Triumph with the quick-fill swivel base*

I've written a sales brochure—a wonderful new design to save you time and trouble, make things quick and easy. Just twist the core. Street. Then turn, fill and snap it shut—it's as simple as that. There are three attractive finishes. The Ronson Triumph is yet another example of Ronson's progressive leadership in lighter design.

THE NEW RONSON SWIVEL BASE
 Another great addition to lighter design in Ronson's range of typewriters. The swivel base is a brilliant, completely new, revolutionary design.

K.S.L.I. SET FOR SECOND DOBBIE LEAGUE TITLE

Caledonians damp Railway's championship aspirations

WITH K.S.L.I. and R.A.F. (Eastleigh) winning their Dobbie League on Sunday, and Caledonians putting paid to Railway's hopes of top honours on Saturday, there is every indication that the Shropshire side will become League champions for the second successive season. They will meet their historic rivals on Monday night in the final. The Dobbie League has been held for the first time since the war, and the fact that it is being held at all is a tribute to the fitness and strong spirit of the players. The Railway team, captained by C. W. Jones, is a formidable one. It has a number of first-class players, and is expected to be a strong contender for the title. However, the Caledonians, captained by J. H. Jones, are also a very strong team, and are expected to put up a stiff fight. The match is expected to be a very close one, and will be watched with great interest by the thousands of fans who follow the Dobbie League.

Swedish Davis Cup protest walk-out
ITALY again reached the final of the European tennis tourney when they beat Sweden in Milan on Sunday by three matches to one. Sweden refused to play the last of the matches. They also boycotted the Davis Cup trophy presented to the winners. The match was a protest against the Italian government's policy of racial discrimination against Jews. On the left, Chief Fundikira, of Tanganyika, well wrapped up in his ceremonial robes, arrives at Buckingham Palace to attend a Royal Garden Party which was given last week by the Queen in the Palace grounds. Chief Fundikira is one of a party of Tanganyika chiefs and a chieftainess who are at present touring Britain.

NEW VALUATION BURDENS DEFERRED

Court's decision after visit to Nairobi South

ASSESSMENTS on properties on land alienated from the Crown in the Nairobi South area were yesterday upheld by the Nairobi Valuation Court, but stipulations imposed by the court mean a reduction in the amounts plot-holders will pay during the three-year life of the present valuation.

The court ordered that the figure per square foot recommended by the City Valuer, Mr. G. F. Spurr, should be deferred for three years in the case of residential properties, and five years in the case of business premises. In fact, this is a reduction on the figure in the first year of the present valuation.

HALVING STRENGTH

BRITAIN is to amalgamate several **Commonwealth** regiments and reduce the strength of others including the **Guards**—under the Government's plan to halve the strength of the Army by the end of 1962.

A White Paper issued last night said the cuts would bring down the Army's strength from about 370,000 at present to between 160,000 and 170,000.

It stated: "So many famous regiments and units should lose their separate identity is an unavoidable consequence of the present reorganization of the Armed Forces. All have played a glorious part in our history, and their names will live on."

AIR ATTACK ON REBELS

Imam claims rejection of cease-fire offer

VENOM fighters of the R.A.F. yesterday began offensive sorties against rebels in Central Oman, where fighting was reported to be continuing earlier; planes had dropped leaflets warning people to leave the area.

The rebels, under the leadership of the Imam of Oman, Sultan of Muscat and Oman, their forces at present hold Muscat and the surrounding country. The British attacks of the past few days have been aimed at the rebels' identity of the targets. It is understood that the planes have dropped leaflets warning people to leave the area.

£40,000,000 cost of pension

TOTAL OVER FIVE YEARS

CAPITAL payments to be made to officers and their dependants (mostly retired) will be tax-free and will be based on the cost price of the pension at the time of retirement whether active, temporary or substantive. This was disclosed in a White Paper issued yesterday, which sets the cost of the pension at £40,000,000 over the next five years.

It stated: "So many famous regiments and units should lose their separate identity is an unavoidable consequence of the present reorganization of the Armed Forces. All have played a glorious part in our history, and their names will live on."

New approach to search for Town Clerk

A FURTHER approach to Sir Colin Campbell, by the Mayor and a former Town Clerk, is being made to find a new Town Clerk for the City of London.

It stated: "So many famous regiments and units should lose their separate identity is an unavoidable consequence of the present reorganization of the Armed Forces. All have played a glorious part in our history, and their names will live on."

Mitigating loss

The White Paper said the loss of the 100,000 men would be mitigated by the fact that the Army would be able to recruit more men through the use of conscription.

It stated: "So many famous regiments and units should lose their separate identity is an unavoidable consequence of the present reorganization of the Armed Forces. All have played a glorious part in our history, and their names will live on."

GOVERNMENT TO SET UP PRICES COUNCIL

Censure move defeated

An independent council to review changes in prices of commodities and the level of production is to be set up. This was decided in the House of Commons by the Chancellor of the Exchequer, Mr. Thorneycroft. A Labour motion criticising the Government's economic policy was defeated by a vote of 167 to 121.

Mr. Thorneycroft, introducing the Bill of the Council, said that the Government's policy was to continue to hold down prices of commodities, but to allow the market to set its own price for the rest of the economy.

The "socialist" motion, introduced by Mr. George Brown, called for a complete review of the Government's economic policy. It was defeated by a vote of 121 to 167.

BP SUPER

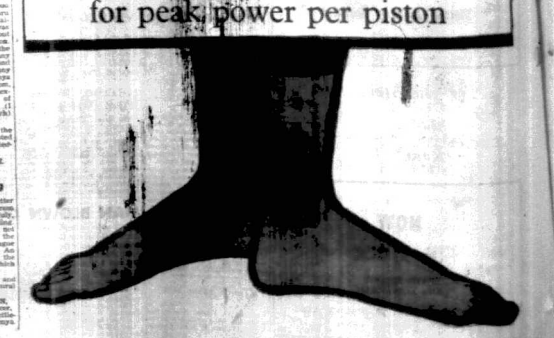

BP Super

HIGHER OCTANE

BP SUPER plus BP08

This is good news for East African motorists. BP Super will meet the special needs of to-day's high-compression engines. But unless your car has a high-compression engine you may not feel all the benefit of BP Super; in that case you are recommended to keep to the normal BP grade.

Both BP Super and BP have BP08. You are recommended to have your engine tuned in order to feel the full effect of BP SUPER.

Paying taxes on a fixed percentage

YOU have been very indignant - and rightly so - over recent estimates of the tax on dividends. I am, however, afraid, that the remedy is not to be found either in being kinder to the dividend, or in the introduction of a new principle of taxation. The tax on dividends is a problem which arises in a number of countries, and in various countries, and is not the fault of the Government. It is a result of the fact that the dividend is a form of income which is not subject to the same rate of tax as other forms of income.

Constitutional changes

"ROMAN KEYAN" in his article on the subject of the Constitution, has pointed out that the Government is not free to make any changes in the Constitution without the consent of the people. This is a very important point, and one which should be kept in mind by all those who are interested in the future of the country.

LETTERS TO THE EDITOR

The Government of Kenya has been criticized for its handling of the situation in the north. It is true that the Government has taken a number of steps to improve the situation, but it is also true that there is still a long way to go. The Government should continue to work hard to improve the situation, and to ensure that the needs of the people are met.

Time to fish

I ENJOYED reading Mr. McCall's article on the subject of fishing. It is a very interesting article, and one which should be read by all those who are interested in fishing. The article points out that fishing is a very important part of the economy, and one which should be encouraged. It is a very good way of earning money, and one which can be done in a number of different ways.

A van driver expresses his gratitude

To the Whakima people in the north, who have been so kind to me, I would like to express my gratitude. It has been a very pleasant experience, and one which I will never forget. I am sure that you will all be pleased to hear that I am well, and that I am still enjoying my work.

Radio for Africans

WE are getting fed up with the fact that the Government is not doing enough to provide radio for Africans. It is a very important service, and one which should be provided to all those who are interested in it. The Government should continue to work hard to improve the situation, and to ensure that the needs of the people are met.

Empire Loyalists

I should like to see the 1955 issue of the Empire Loyalist. It is a very interesting magazine, and one which should be read by all those who are interested in the Empire. It is a very good way of staying up to date on the latest news, and one which can be done in a number of different ways.

Misunderstanding

WITH regard to the letter which appeared in the Standard, from 'Paddy' on the subject of the 'Paddy' article, I would like to say that I am sorry that there was any misunderstanding. I am sure that you will all be pleased to hear that I am well, and that I am still enjoying my work.

EDITOR'S DISMISSAL RAISED IN

A LABOUR M.P. tabled a motion in the House of Commons regarding a letter which the Editor of the "Daily Worker" had written to the Editor of the "Daily Express" in which he had accused the latter of "misconduct".

FIRST N.D.C. FOR K.S.L.I. now virtual NAIROBI POLICE League champions for a second time

'Quins lose vital pennant game'

NAIROBI POLICE decisively won the Nairobi District Hockey Championship, retained on their head ground on Saturday when they beat Harlequin 10 to 1 (a goal, a drop goal and 7 try) in the deciding match of the series. Harlequin winners in 1956 and joint holders in 1955, with Knockout, and 1954, with Police, thus claim second in the table.

Impulse are third, the M.D.C. are in fourth for their second year in the series. The first time since 1950, when they were runners-up, that the M.D.C. were not in the top four.

Harlequin, reported to be without their 'A' players, had players, due to the absence of some of their players, due to meet Kikuyu on Saturday. Harlequin were also without their full-back, because of the injury to his back, because of the injury to his back.

A dramatic close
In Saturday's match the Police should have gone ahead five-three at half-time, but with another try and a drop goal in the eighth minute, Harlequin were level with the Police. In the 10th minute the Police had a drop goal, but Harlequin were level with the Police. In the 10th minute the Police had a drop goal, but Harlequin were level with the Police.

On the run of the play
The Police should have gone ahead five-three at half-time, but with another try and a drop goal in the eighth minute, Harlequin were level with the Police. In the 10th minute the Police had a drop goal, but Harlequin were level with the Police.

Harlequin never settled
Harlequin never settled down to a comfortable game, being forced to concede the penalty, after the Police had scored their first goal. Harlequin were level with the Police. In the 10th minute the Police had a drop goal, but Harlequin were level with the Police.

BEFORE a good crowd at Mathings on Saturday, K.S.L.I. made a virtually sure of their second successive R.A.F. League Championship when they beat R.A.F. Harlequin 10 to 1 after leading 2-0 at interval. The Police gave their customary display of fast, open football and only a series of weak and highly improbable defenses in their remaining games can rob them of the title.

The game fully justified the high expectations that had been set for the 'to-be-gone' team. The Police were probably the missing link in the chain of events which have seen them win the title for the second year.

Helped best selves
R.A.F. with the home team in the first two matches of their run, were outplayed during the game. The Police were probably the missing link in the chain of events which have seen them win the title for the second year.

COFFEE FORWARD SALES RESUMING IN KAMPALA Supplies from late crop

Standard Correspondent

Sales of coffee for forward delivery are to be resumed in Kampala tomorrow, after having been suspended for three months.

The Uganda Coffee Industry Board has announced that it will offer within the next few weeks 1,000 tons of Uganda Native Robusta for August-September delivery.

Forward sales were suspended in April as a result of objections created by the presence of one to one-half cent coffee in the coffee.

The new programme is for 1,000 tons of Grade 1 Robusta and 1,000 tons of Grade 2 Robusta and 1,000 tons of Grade 3 Robusta.

Friday and Wednesday are the days of the week when the programme of sales will be resumed.

The new sales are made possible by the increased flow of coffee which is being produced in the country.

There was a continued hope at the end of the year that the programme of sales will be resumed.

A price of 22/50 a cwt was set for the new crop of coffee.

The new crop of coffee is being produced in the country.

Life in a synthetic century

By N. CASTLE

WE live in an age of synthetic—and very lucky we are. We have all the advantages of plastic surfaces that clean with one wipe, kitchen equipment to lively colours that do not fade, and fabrics that wash and dry in a bath and need no ironing.

But I think that we are a little bit too synthetic. We are a little bit too synthetic in our attitude towards the synthetic materials that we use. We are a little bit too synthetic in our attitude towards the synthetic materials that we use.

LUXURY, BUT...

Real leather suitcases, while they cost more than synthetic ones, are worth the extra money. They are more durable and they last longer. They are more comfortable to use and they are more attractive. They are more expensive, but they are worth the extra money.

TWO WORLDS

My suitcase may be made of plastic, but I've never had a suitcase made of plastic. I've never had a suitcase made of plastic. I've never had a suitcase made of plastic. I've never had a suitcase made of plastic.

MEXICANA

In a few months' time we may be seeing the way things are worn "down Mexico" if you will.

When I met Mrs. Lila Bhat who is in Britain on a short visit with a collection of Mexican clothes, I ditched some of these garments. My group shows the material influence for beach clothes or for wearing at home.

Nivea gives you a soft, smooth skin and a fresh complexion.

Nivea contains lanolin—the nearest thing in this world to the natural oils of your skin. The regular use of Nivea cream will keep your skin fresh, smooth and soft. Remember: your skin needs Nivea every day of the year.

Supper's ready —and no wonder Solly's smiling. She's thrilled with her delicious

CHEESE BAKE

Learn-like Solly from the makers of Royal Baking Powder just how it done.

Different recipes need different amounts of raising agent. Craven's experts explain how and how to use it, so that they can control the amount of raising agent used. If you are using self-raising flour, add an extra half teaspoon of Royal Baking Powder to every 6 oz. of flour.

1. Melt margarine in a saucepan. Mix in cheese, milk and breadcrumbs.

2. Flavour the mixture with salt and pepper and add the teaspoonful of chopped onion.

3. Next separate egg yolk from white, add beaten yolk to contents of saucepan. Heat mixture till cheese begins to melt.

4. Remove from heat. Add 3 level tps. Royal Baking Powder. Stir by one, stirring with a wooden spoon after each addition.

5. Add in evenly stiffly whisked egg white. Turn mixture into greased dish. Bake 30 mins. Serve piping hot, garnished with sprigs of fresh parsley.

Crisp, golden, delicious! Cheesecake, ideal for tea or supper, and enough for 3 people. Solly has made sure of a perfect dish by using Royal Baking Powder.

RECIPES: Preheat oven 15 mins. while preparing dish (mod. oven 350° F. Gas 5).
