Commons Debate on Air Strength

MR. WINSTON CHURCHILL'S ALLEGATIONS

German Re-Armament

MR. BALDWIN OUTLINES PLANS FOR INCREASING HOME DEFENCES

Important revelations concerning Britain's air force were made by Mr. Stanley Baldwin in the House of Commons when replying to Mr. Winston Churchill who had drawn attention to the progress of German re-arma-

Mr. Churchill stated that the mystery of German arma-ments had to be cleared up and further it was essential for Britain to maintain an air force substantially stronger than that of Germany.

Mr. Baldwin explained the methods by which the British air force was being increased and the building pro-gramme which was to be carried out during the next two years. The present first line strength at Home and Overseas totalled 880 aircraft. Germany's force was estimated at 600 machines.

Government Explains Its Revenue Figures

ATTORNEY GENERAL DEFENDS THE TREASURER

Mr. Walsh "Deeply Wounded"

PARMERS' CONTRIBUTION TO THE GRADUATED POLL TAX ONLY £2,200

Attorney General of Kenya, in the course of a speech in the Legislative Council during the debate on the lladges warmly protested against the critisism of the Treasurer made from the Unofficial side of the House on the previous day.

described the criticism as a "violent, vitriolic, unparliamentary and personal attack" and considered the allegations, based on the failure of Customs Revenue, to be completely unjustified.

Commissioner of Customs resented the imputation on be own official integrity and described as "monstrous" the suggestion that the figures for 1935 did not repre-sent an honest endeavour to assess the probable yield of revenue.

explained at length the reasons for the 1935 expecta-tions, including a 22 per cent. increase in value of agricultural exports over 1934, the probability that obcusts and drought would succumb to the law of a age, mining industry needs and "side lines "and the succession of the su

Treasurer "wounded very deeply" after 22 years' service, himself gave a categorical denial to the charge of the Noble Lost had not avice deliberately over-estimating.

Walsh quoted figures relative to the Non-Native Poll Tax showing that (excluding the basic poll tax of gas 58.5 30)-/ ommercial men plad 6-11/2 a band, the Sol Civil Service 64-16/2 a head, commercial employees 22-13/2 and farmers and planters only £1-2/2. The total amount paid by farmers out of the whole revenue from the Grandusted Poll Tax was £2/200.

Optimistic Customs Commissioner

Hon, the Attorney General simply an explanation of a space in the Soutget debate globality of a Hill.

Expenditure Advisory paid to certain aspects of the

scorpions." It sounded very nice until it was examined because

In Defence of a Friendless Budget"

LONIAL SECRETARY'S SPEECH TO COUNCIL

Maintaining the Present Structure

ANALYSIS OF CONSTRUCTIVE PROPOSALS -SUCH AS THEY ARE"

wing a speech by the Hon. Isher Dass, (Indian Elected Member) the Hon. A. de V. Wade, Acting Colonial Screening, on Friday concluded the Legislative Council debate on the 1935 Budget Estimates.

of the 1934 and 1935 Budgets the Hon, the Colo-Secretary said that it was difficult for him to eciate wherein lay the virtues of the one and the of the other, since both had been framed on p the same lines. Mr. Wade did not believe the reguments, though derided had been refuted.

with the constructive proposals put forward by the ted Members, the flun, the Colonial Secretary added the Civil Service scale of salaries and ques-eld if they were as exorbitant as they were made to be. Mr. Wade also dealt with the suggestions reduction of personnel, for default in payment of set upon loans and for the application of a grant-

"In Defence of a Friendless Budget"

As a matter of fact I think Hon. Mr. Shappaul Deen has by, though inadvertently, put matter for me in a untabell, recommended a return to enditure on the 1923 basis use the country cannot d any more. My argument hat that is impossible unless are to waste money already are to waste money already until 1920 appenditure we until 1920 appenditure we until 1920 appenditure we promise the 1923 the 1920 only e permanent housilast series.

ture of two and a quar-ions on roads does not expenditure on main-then of course I have see. But would Elected re really applaud Govern-f with two strokes of the erased on the expendi-de 257,000 for roads and de 257,000 for roads and

CONSTRUCTIVE PROPOSALS

Suggested Reduction in

Continuing, the Hon. Member said in the course of the Debate he had received a great deal of abuse and very little help. To the abuse, he did not propose freply. As to the help that he proposals, such as they were, appear to resolve themselves into four earlyers.

Reduction of salaries;
Reduction of salaries;
Reduction of personnel.
Default in payment of interest upon loan;
Application for a grant-in-aid.

resented him to believe that when we intensits speak of ourselves we are not of them actuated by merely selfath considerable the state of the state

Competing with Other Colonies

The Colonial Secretary, after quoting from a speech made by Sir Edward Orige in Begindre dealt with the considerations covering the fitting of Cvil Secrete salaries in Kernya, and Secrit, supporting the proposed new scale, said that the argument in Favour of the increased new scale, said that the argument in Favour of the increased new scale, and the theory of the colonies. It, was concerned merely with the necessity of competing on equal terms with other colonies. It, soon, the conditions then proposed were absolutely essential, and if it was, as had then been times of proposely, that Kerya should be no worse served then the colonies. It, where the colonies is the second of the colonies of the second that second was not been worse served then the colonies of the colonies

Are Baaries Resortains, "Flot taking likes allaries at they stand, are they really se eshorbilant as is sometimes re-presented! A harvister in the Assamph, after some years of service may reach a salary of 1990 per annum-add 40 per cent, for Pensions and highes about 15,300. Are there no advocates in Nairohi who have evert pension and the service of the service of

The Noble Lord had referred to what had happened in New-foundland. He pleased he was wrong in stating that Newfound-land had defaulted; it was rasher the Imperial Government that made itself responsible for New-foundland's loans. The Colonial

Government was determined to keep up expenditure. He could assure the House that the diffi-culty was to keep it down During the last few months had had to resist demand-from all over the country for additional provision for medica and educational services, for the improvement of roads or the construction of bridges, for applications for load buildings which we necessary. He did

Caledonian Dinner Speeches In Kenya

EARL OF ERROL'S OUTSPOKEN CRITICISM AT NAKURU

No Politics at Nairobi

SETTLER-OFFICIAL'S SIMPLE FAITH IN THE WISDOM OF GOVERNMENT

trasting attitudes to present day problems and to the suita' ality of the occasion provided by Caledonian Society dinners for their discussion were adopted by the proposers of the toast of "The Land We Live In" at Nakuru and Nairobi.

Nakuru, where His Excellency the Governor was the guest of honour, the Earl of Errol outspokently criticised the Budget policy of the Government and appealed to every elector in the Colony to follow the lead given by the Electod Members, showing that they were willing to co-operate and stand behind them in the fight they were waging.

His Excellency not having been provided with a copy of the speech was unable to reply to the points raised in it. Sir Joseph saked the farmers of the country to continue to stick it out as they had already so magnificently done. Some must inevitably go but he felt that those who hung on would eventually reap their reward.

Nairobl Dr. C. J. Wilson, who has now retired from the Colonial Service and settled in the country, refused to indulge in a political speech. "There are pienty of other people playing at politicians these days," he said, "and I am not taking any part in the game as they play it." He was simple enough to think those whose play it." He was simple enough to think those whose play it. "It was simple enough to think those whose were more likely to know that job than those who were taking an amateur interest in it."

Presentation to H.E. the Governor

BASIC GRANT

TO-DAY'S CAUSE LIST

PLATED LUBRICATION

INTERNAL COMBUSTION ENGINES.

How It Works:-

Col-Gra in fluid form is mixed with the oil and fuel and under heat and pressure the minute particles of Collordal Graphite leave the hypid, are attracted to bare metal, and actually become a plated Colegraphoid surface.

What It Does:-

It reduces Wear by smoothing and plating all contact surfaces. It reduces Friction and Heat the one being consequent on the other. It inhericates at Higher Temperatures. Oils break down under very high temperature of 7,500 degr. Graphite is manufactured at a temperature of 7,500 degr. F. and will lubricate at much higher temperatures than oil.

It provides a more perfect Piston Seal. This is noticeable at once by the improved pulling power and reduced fuel consumption of all Col-graphoid Engines.

FINALLY. It preserves the oil body longer. It penetrates, softens ami frees Carbon. It provides lubrication to the top of the piston and cylinder.

IT MORE THAN SAVES ITS COST.

ASK THOSE WHO USE IT.

(Incorporated in South Africa.) NAKURU :-: NAIROBI

A problem bewildered the whole tyre industry. Goodyear engineers were ordered to meet this problem... to build a tyre with a tread that would outwear and outlast anything ever developed before... and so they went to work.

[Continued on following page]

[Continued from previous page]

THEY secured samples of the sharpest, cruelest, fastest cutting grit from the world's worst roads and used it to make high speed testing wheels to grind down treads.

They bought competitive tyres and tested them ... they made molds with competitive tread designs... they designed new treads... tried them and rejected them... they even put new grooved centre designs on Goodyears and subjected them to brutal tests... before they found "G-3"... a tread with a rubber compound that outwore any tread they had ever seen before.

THEY molded the new "G-3" on a Supertwist carcass... and ran it day and night against big fly-wheels at 50-60-70 miles an hour to see if the tread and carcass would work together. And then they put the "G-3" on test cars.

"Speed up to 50... stomp on the brakes... and keep it up night and day." These were the orders that went to the drivers of the test cars. Months of ordinary driving wouldn't wear out this tread... so it was given a test ten times as brutal as it would get in actual driving.

[Continued on following page]

[Continued from previous page]

THE strain was terrific. Brakes had to be adjusted every few hours... burned out in 72... but the "G-3" stood up and kept on standing up.

They ran the "G-3" opposite a well-known competitive tyre till the other tyre wore down... replaced that tyre with a competitive tyre of another make... and the "G-3" kept its grip as long as both other makes combined.

How a MYSTERY that puzzled the world's tyre users is SOLVED by the astonishing new

Test drivers force speeding cars day and night—brakes are relined every 72 hours. Engineers find cause and cure of fast tyre-wear—build amazing tyre that gives 43% longer non-skid mileage.

T just didn't seem reasonable. We knew tyres were being made better than ever before.

Pet trends on ALL MAKES of tyres were-

Coodyear Accepts Challenge

Something was wrong. But WHAT? The Goodyear engineers were called together to discuss the mystery. "Ferret out the cause and soive it?" they were ordered.

It was baffling until a peculiar fact was noticed. The trouble seemed most severe in regions of rocky terrain. Did that mean anything? We sent there and secured samples of road cell—charp, jagged granite grit.

We used this grit to make huge "grindstones" on which we tested the wear-resistance of scores of new tread designs. In these cruel tests one tread outlasted all others—a design the engineers called, simply, "G-3."

At the same time the real cause of the mystery was found. It was the new modern cars! Faster starts, higher speeds, quicker stops were overburdening tyres. STOUTER TYRES WERE NEEDED!

The Amazing Solution

"G-3" seemed to be the answer. But factory tests were not enough. So Goodyear Fact Fleet drivers were given these orders: "See how good 'G-3' is. Speed up to be made an hour stomp on the brakes every two miles keep it up night and day!"

Under that brutal mauling braice follows out every 8 hours—had to be relined every 72 Cars broke down under the strain—BUT THE 2'G-3" KEPT ON AND ON!

IT OUTDISTANCED ANY PREVIOUS GOOD-YEAR—AND KEPT ITS GRIP TWICE AS LONG AS ANY OTHER WELL KNOWN MAKE OF TYRE!

Here Are the Improvements
In Goodyear's New "6-3"

See this great new "G-3" All-Weather Treed Tyre today. See the improvements that make

"In factors bath It stead on specially

i is unparalleled wear possible. Here's what

YOU GET THE BROADER ROAD CONTACT OF A FLATTER, WIDER ALL-WEATHER TREAD.

YOU GET QUICKER-STOPPING AND THE GREATER ROAD GRIP OF MORE NON-SKID BLOCKS IN THE CENTER.

YOU GET THE EASY STEERING AND SMOOTH TRAVEL OF WIDER RIDING-RIBS.

YOU GET MORE RUBBER IN THE TREAD-AN AVERAGE OF TWO POUNDS MORE PER TYRE.

what Yo

YOU GET FREEDOM FROM CARCASS PAIL URE WITH EXTRA-RESILIENT SUPER-TWIST CONSTRUCTION AND HEAVIER, SUPER-STRONG BEAD.

MILEAGE

—alt of which adds up to

43% MORE NON-SKID MILEAGE AT NO
EXTRA COST TO YOU!

Costs Nothing Extra

This heavier tread puts more strain on aldewalls, but Goodyear's exclusive extra-durable, extra-clastic SUPERTWIST CORD construction more than takes care of that!

And although this astonishing Goodyn "G-1" gives you many extra advantages—II COSES YOU NOTHING EXTRA.

"G-3" COSTS WS MORE TO BUILD-BUT - COSTS WOU NO MORE TO BUY

Lytton Report on Civil Service Conditions

EGULAR PERIODS OF LEAVE CONSIDERED ESSENTIAL

Care-free Holidays

NEED TO KEEP CONTACT WITH OUTSIDE WORLD TO AVOID PAROCHIALISM

Plymouth Committee's recommendations regarding tours, leave and passages for the Colonial Service are now available and first extracts from the Report appear below. They favour common basic principles for the whole of the Civil Service in the Colonies.

diffion to the views of Governments, the Committee ought information from banks and commercial houses Leadon regarding the conditions of service of their uppleyees and also approached British Missionary societies. The Committee came to the conclusing that here is no striking difference between the leave the consumption of the Civil Service and those of the right commercial farms with staff in the Colonies, and hat the former are not insuling loverable.

suggesting a maximum period of four years service (with horter periods for senior officers in the case of Kenya) the Committee gave weight to the health factor, efficiency up to retiring age and the need, even in good climates, for regular changes of environment to avoid the "evils of parochialism."

miftee also believe that leave pay should be gene-because the value of leave is greatly reduced if the er cannot live under conditions of reasonable com-while at Home. The Report considers that leave ind not include travelling time.

The NEW AUSTIN

NEW-STYLED BODIES, CLEAN-CUT BEAUTY IN THE MODERN TREND . SYNCHROMESH NOW ON TOP, THIRD AND SECOND GEARS . COMBINED LUGGAGE CARRIER & SPARE-WHEEL COMPARTMENT • FLUSH-TYPE DIRECTION INDICATORS WITH AUTOMATIC RETURN • 'SEVEN' SALOON ENTIRELY RE-DESIGNED • ALL 'SEVEN' MODELS REDUCED IN PRICE

ong the chief improvements are an entirely new frontal design including a longer bonnet and shaped radiator, and rear panelling which encloses the spare wheel or lowers to form a luggage form—all in the true dignified Austin tradition.

arance of the Seven Saloon has been completely transformed by extensive improvow frame, long bonnet, enclosed spare wheel, disappearing luggage carrier, bumpentilators, the Seven is still more attractive while retaining that engineering es become famous in every corner of the globe.

Yet although these radical Improvements have been made in the Seven, substantial manufacturing economies have been effected, the benefits of which are passed on to the public—the Fixed Head Saloon selling at the remarkably low price of £160.

Synchromesh now fitted to all models on top, third and second gears, is a new contribution Austin's simple and safe control. Plush-fitting direction indicators that return automatically a add to driving safety.

These new features are displayed at the leading Austin distributors and dealers. Call round and examine the improved Austins—the finest cars ever built at the Longbridge factory.

If you are going on leave

You can trade in your old car here against an Austin in England. Your old car sees you off at Nairobi station and the new one meets your boat on arrival.

PRICES:-Seven-Two-Seater £140 - £152 £160 £225 Ten - Saloon Tourer or Two Seater . Fifteen-Nine-Saloon Tourer or Two Seater

CHRISTMAS BROADCAST FROM BETHLEHEM

Bells of the Church of the Nativity

Interier and exterior views of the Church of the Nativity at Bethlehum, the Church of the Church of the Nativity at Bethlehum, and the Church of the Warman and the Church of the Warman and Church of the Church of

At the opening of this broadcast the bells of the Nativity at Bethlehem will once again be relayed and their tones will be re-echoed in turn by a circle of bells throughout the British Commonwealth.

ALL OVER THE WORLD

Among far distant points which the broadcast will bring-into hearing of the rest of the Empire will be the whaling action in Tory Island, New Zealand, a fort on the Klyber Pase, a test plantation in Southern India, a Native compound in South Africa, a lumber camp in Quebec and a fisherman's cottage in the Maritime Provinces.

These Christmas broadcasts are an aston These Caristmas broadcasts are an assonising evoni-cal achievement and arouse such great interest that they are believed to command greater audiences of listeners than any other event of the year. Relays of the programme are arranged by many other countries outside the Empire.— British Official Wireless Service.

Germany's Efforts for Better Understanding

NEW MOVEMENT STARTED BY STALHELM

Ex-Soldiers to Assist

HERR VON RIBBENTROP'S VISITS TO LONDON AND PARIS

orts from Berlin indicate that earnest endeavours are being made by the German Stalhelm organisation to bring about a new understanding between Britain France and Germany through ex-soldiers.

object is stated to have been behind Herr Von Ribben trop's visits to London and Paris. Moreover "good will" speeches have been made recently by several German leaders, including Herr Hess and Genera Coertier.

he Reich itself tension still exists in certain quarte. Sform Troopers are realises as they fact that the Gio-erment has been cepticed by hig financial interests and by the Black Guards. The church dispute is also and the considerable unrest, and the possibility is hele and the considerable unrest, and the possibility is held that the considerable unrest, and placed in concentration camps.

Tension in the Reich

Calm Before the St

Typical of

Berlin, Dec. 8. types of arms, and are even report as have protested to Herr Hitle

Moreover, there is the church dispute, in which the opposition in gapirit is neither the acres that their present freedom beautiful that their present freedom as "frost fighters," cities over stem under the same three that their present freedom in the same three t

THE SEMINI MURDER

Appeal by Lumbwa Dismissed

Court's Finding

The Court of Appeal for Enstern Afree, atting at Nairobi, yester-day dismissed the appeal of the seven Lombers against the sen-fler, Justice Whoh at Nakuro on Spitember 22, for the morder of the Court of the Kinagop, of the Court of the Kinagop,

(Continued on page 6.)

Franco-German Agreement on Saar Questions

REICH TO PURCHASE MINES AND VARIOUS CREDITS

Terms Give Mutual Satisfaction

Rome. December 3.

The Franco-German agreement on Saar questions was signed this morning by the respective delegates.

Germany has agreed to pay 900,000,000 francs for the Saar mines and the various credits they take over if the plebiscite favours them. The payment includes 11,000,000 tons of coal now in the mines:

Under the agreement Germany guarantees that non-voters will be safeguarded and that social insurance and the rights of the workers will be respected. It also guar-antees that religious freedom will be respected.

TERMS MISINTERPRETED

The agreement has been generally misinterpreted. It now transpires that France will receive 900,000,000 francs and 11,000,000 tons of coal; and also, for five years, the royalties on the two Warndt mines, which are estimated to be worth 45,000,000 francs. The entrances to these mines are in France but the seams run under Saar territory.

If Germany has not paid the 990,000,000 francs at the end of five years, France will continue to receive the Royalties.

It is estimated that out of the 900,000,000 francs 600,000,000 francs will pay for the French buildings, railways and fixtures

French banknotes circulating in the Saar will be used

It is understood also that the Saar residents must declare how much they possess abroad in foreign currencies.

Both sides seem pleased with the agreement. The committee entrusted with the negotiation of the agreement will submit its report to the League on December 5.

TODAY'S TRAINS

PROTECT YOUR CAR.

URGENTLY ADVISE THE PUBLIC, now that the wet weather has arrived, to bring their cars in to be oiled and greased.

BY so doing great protection will be given to all the underneath parts which are, naturally, exposed to water and mud, and wear and tear will be kept at bay.

OUR oiling and greasing plant, manned by experts, is of the latest and most efficient pattern so that we can deal quickly and effectively with all work brought in for our attention.

URHTER to this, we carry out a careful inspection of the chassis at the same time and have been able to report broken spring leaves, brake cables or leaks of oil in time to prevent disaster or untimely breakdowns on the road.

(2) UR charges are most reasonable and you are warmly invited to inspect our work whilst in progress, it you are interested in seeing how carefully we work on cars entrusted to our care.

"TEMPORARY" MEASURE

FIVE SAMBURU ACCUSED ACQUITTED

Given Benefit of the Doubt

ANALYSIS OF EVIDENCE IN COUNSELS' SPEECHES AND JUDGE'S SUMMING UP

The trial of five Samburu charged with the murder of Theodore Cowper Powys on Lady Eleanor Cole's farm in Łaikijnia in October, 1931, concluded befone His Honour Mr. Acting Justice Gamble and three Native Assessors at Naturu yesterday.

All five accused were acquitted by His Honour who held that, on the evidence, a doubt emerged and he con-sidered that the accused should be given the benefit of that doubt,

71 will be recalled that on Saturday the Native Assessors were asked to give their opinion. One said that he was mable to decide whether the accused were guilty or not, the other two said that they thought the accused not guilty.

Opinions of Assessors

For the Crown

The Crown Counsel, Mr. T.O.A.
Wallace said he did not want to
recapitulate all the evidence, but
would review such as it affected
the accused one by one. It was,
however, his duty to first deal
with a few remarks of the Counsel
for the Defence, and with the
defence in general.

WASHINGTON TREATY

Italy Also Rejects Japan's Abrogation Proposal

Plymouth Committee's Criticism of Kenva

NO PART OF COLONY ENTIRELY FREE FROM MALARIA

Civil Service Leave

The Report of the Plymouth Committee discusses at great length the problems and principles of Overseas leave for Civil Servants. The Dependencies are grouped into four on broad lines suggested by their geographical position and the nature of their social and clumatic amenites

Officers with more than ten years' Colonial or other public service are in some cases such as Kenya placed in a category with a maximum length of rour of three years, while for junior officers in the same territories a maxi-mum tour of four years is proposed.

In others again such as St. Helena and Seychelles the four years' tour applies to all officers.

The Committee consider it undestrable that different regula-tions should be applied in the same Colony on the basis of the health and other conditions in various stations. They say that in view of the evidence considerable doubt was raised in their minds as to whether this practice in Kenya and Nyasaland is in fact sound and they propose that such classification of stations be abolished there. It should be added that both Governments wished to retain this differentiation
