PEACE IN RULES COMMITTEE Five Ex-Enemy States To Appear At Plenary Conference YUGOSLAVIA PLAYS ANOTHER CARD

The Rules Committee of the 21-nation Paris Peace Conference met yesterday afternoon to tackle the last stages of the work of the draft table for procedure. Yugoslavia secured acceptance of her demand for direct talks with the Allied states for the Big Four Foreign Ministers sitting in the draft treaties with ex-enemy states.

Yugoslavia secured acceptance of her demand for direct talks with the Allied states for the Big Four Foreign Ministers sitting in the draft treaties with ex-enemy states. The Chairman of the Committee, Mr. Henri Spaak, put the record to the meeting as a proposal. There was no objection and it was announced that it had been passed unanimously.

Mr. Spaak announced that the five ex-enemy states (Germany, Italy, Japan, Rumania, Hungary) had agreed to appear before the Committee on August 15th. He said that the Committee would meet on August 15th to discuss the terms of the peace treaties.

Dearer Meat But No Guarantee Of Quality

WHY CONSUMERS HAVE TO PAY MORE

Why consumers have to pay more for meat. The price of meat has risen sharply since the outbreak of the war. This is due to various factors including increased costs of production, transport, and distribution. The Government has taken steps to control prices, but the shortage of supply has led to a rise in quality and a corresponding increase in price.

## "My dear... the Servants!"

—The servants... "she threw up her hands in despair—'Too frightful for words," she said. The other ladies at her table, in a state of confusion, were looking toward her, and with good reason—the fact that after six years of a servants' revolt, she had just minutes before listened to the vagaries and drawbacks of a servants' revolt. Karisim could do nothing but right. It was neither reliable, nor honest nor controlled. It was just a complete wash-out. "Nor" insisted. "I may just have been unlucky, but as far as I can see, all like that."

She remembered most shamefully to make a list of all the names of the servants who had been dismissed. She saw a list of names, including the names of the servants who had been dismissed. She saw a list of names, including the names of the servants who had been dismissed. She saw a list of names, including the names of the servants who had been dismissed.

—The servants of African labor. However, the wages demanded by ordinary workers, the women and men, were not more than in the region of 50/- per month. In many cases this is actually being paid.

—An Entangled Servant. In considering the servant problem from all sides the fact must not be overlooked that in the Colony African household is a comparatively unimportant source of domestic labor.

—The Rest of the World. The demand to get to the root of the servant problem is a widespread one. On one hand we find the demand for a more equitable wage from England who are not so far from the truth as they think. The farmer is a man of means, and the servant is a man of means. The farmer is a man of means, and the servant is a man of means.

—The Servant Problem. The servant problem is a complex one. It involves the interests of the employer, the servant, and the community. It is a problem that has no simple solution.

—A Servant's Story. The story of a servant's life is one of hardship and struggle. It is a life of sacrifice and devotion. It is a life that is often overlooked and undervalued.

—The Servant's Role. The servant's role is a vital one in the household. It is a role that requires skill, patience, and a sense of duty. It is a role that is essential for the smooth running of a household.

# INCOME TAX ACCEPTED AS PERMANENT MEASURE IN TANGANYIKA

(Special Correspondent) Dar es Salaam.

**T**he important debate on the principle of accepting Income Tax as a permanent, which occupied considerable time in Legislative Council recently, evoked significant comments and a great

deal of interest among the public. The Finance Secretary, Mr. E. A. Loring, stated that the measure was retained as a permanent part of the financial system of the Territory. In making this statement, the Finance Secretary referred to the fact that the Government had decided to accept Income Tax as a permanent measure. He stated that the Government had decided to accept Income Tax as a permanent measure because it was a fair and equitable way of raising revenue. He also stated that the Government had decided to accept Income Tax as a permanent measure because it was a simple and easy way of raising revenue. He stated that the Government had decided to accept Income Tax as a permanent measure because it was a fair and equitable way of raising revenue. He also stated that the Government had decided to accept Income Tax as a permanent measure because it was a simple and easy way of raising revenue.

**Why Success?**  
There are two reasons why the measure was accepted. The first is that the Government had decided to accept Income Tax as a permanent measure because it was a fair and equitable way of raising revenue. The second is that the Government had decided to accept Income Tax as a permanent measure because it was a simple and easy way of raising revenue.

# £350,000 Diamonds To Weigh His Highness The Aga Khan

## 70,000 PEOPLE AT HISTORIC CEREMONY

(From the Special Correspondent's Column)

**AGRA.** Burst of applause from among the British, American, European and African leaders took place at the historic ceremony when His Highness The Aga Khan, the spiritual and temporal leader of the great Ismaili Community, accepted the £350,000 diamonds.

The magnificent jewels were packaged in sparkling, wringing gowns, valued at £200,000. The ceremony of weighing his treasure of the past and handing them to the present was held in the presence of 70,000 people, the largest gathering since the days of the British Raj. of infection. "Dettol" is not poisonous. It is a disinfectant, and does not even stain linen. You against germs, this agreeable "Dettol" is several times more effective than pure carbolic acid.

There is only one used in the hospital and maternity wards of great hospitals, and every you should employ in pleasant and powerful protection in your own house.

By never again thinking that a little cut or burn, any how, however small, is a trivial affair, you prevent germs from spreading to germs of infection. It is a disinfectant as used with "Dettol", this will prevent blood poisoning and further suffering.

### INDIGESTION

Playing tricks? Rummies with ticks! In a couple of ticks!

Indigestion is a common ailment that affects many people. It is caused by a variety of factors, including eating too much, eating too fast, and eating the wrong kind of food. Indigestion can cause a variety of symptoms, including bloating, gas, and pain in the stomach.

There are several ways to prevent indigestion. One way is to eat smaller meals more often. Another way is to eat slowly and chew your food thoroughly. A third way is to avoid eating fatty, spicy, and acidic foods.

There are also several ways to treat indigestion. One way is to take antacids to neutralize stomach acid. Another way is to take laxatives to help move food through the digestive tract. A third way is to take enzymes to help break down food.

**The Gospel of Work**

Many people have achieved a lot reserved for their use. Mr. Crech Jones called it a "depressing sight" to see the thousands of people in Kenya for whom the Government has been unable to find work. He said that the Government should be more concerned with the welfare of the people than with the profits of the few. He said that the Government should be more concerned with the welfare of the people than with the profits of the few. # Round plugs in queer holes

# PHILPLUG ADAPTA

THE NEW AMERICAN CEMENT WATERPROOFING

Philplug Adapta is a new type of round plug which fits into any hole. It is made of a special cement and is waterproof.

Can you always jump an accurate hole? Always! Then you're a better man than I am... Not many people will guarantee a perfect hole every time in concrete or freshly laid plaster. For instance, those good-looking, it doesn't matter with these 3-16 sizes are only two sizes of Philplug Adapta necessary. Those two will fill any hole completely and for keeps. And of course you don't need a whole range of hole-jumpers. Just two for the two Philplug Adapta. What time-saver!

# The Jersey Has The Highest Resistance

(COURTESY BATTLE BARRIERS SOCIETY'S NOTES)

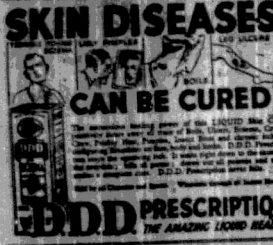

...in the latter months of the year, the Jersey has the highest resistance to the various diseases which attack the pig. This is due to the fact that the Jersey pig is a hardy, active animal, and is able to withstand the most severe conditions of the pigsty. It is also a good mother, and is able to rear a large number of piglets to maturity. The Jersey pig is also a good feeder, and is able to convert a large amount of food into meat. It is for these reasons that the Jersey pig is the most valuable member of the pig family.
