TERRIBLE EARTHQUAKE IN AMERICA.

Enormous Devastation in California.

SIXTEEN HUNDRED SHOCKS ON PACIFIC COAST.

Heavy Death Roll.

FIRES AND TIDAL WAVE FOLLOW UPHEAVAL.

A terrific earthquake on the Southern coast of California has caused enormous destruction and heavy loss of life.

During the late afternoon and night of Friday, sixteen violent shocks occurred over a very wide area.

Serious outbreaks of fire in various quarters added to the disasters of the earthquake.

Sixteen shocks have up to the present been reported.

Curiously enough, the film industry's, Hollywood and Beverly Hills only suffered minor damage and no casualties.

Martial Law Proclaimed.

Los Angeles, March 10. A very severe earthquake occurred throughout the city at 8.33 p.m.

Lower schools were still existing, but up to 7.20 p.m. it is feared that the situation is becoming serious.

Reports now indicate a serious situation, with a tremendous fire burning in the business district.

It is reported that 300 employees of the Edison Company were rescued in the collapse of a power shed on Terminal Island.

6,000 Buildings Wrecked. San Francisco, March 11. The police department has issued a statement that the whole of San Francisco is blanketed with rubble.

Heavy to the Beach. Los Angeles, March 11. The Southern California earthquake casualty roll up to 28 known to have been killed and 2,500 injured.

Two more violent earthquakes were felt, which were followed by a series of minor shocks.

Hollywood Recaps. Los Angeles, March 11. It is known that the casualties in the 14 cities mentioned are now 38 dead and 4,150 injured.

LADIES' FASHIONS

A Letter from Paris.

Many frocks at the moment have quite plain necklines, but there are several quaint little finishing touches for the severe style, chief among these being narrow strips of very loosely knitted wool.

Another nice touch is made of two narrow strips of erpe de laine or soft satin in contrasting shades. It is just long enough to pass round the throat and tie in a bow under the chin, and it looks as well on a collarless dress as it does with a laced one.

New ideas with sleeves are always appearing. The latest is to have sleeves on a perfectly plain frock of this wool or silk.

The Best Evening Dress. Not evening dress, but become almost a slogan with the women of the evening party.

One charming little frock, designed especially for a "young evening party," is in satin and lace. It sounds rather formal, but everything depends on style.

It may sound a little queer to advocate the use of soap specially for the individual hair.

Disinfectant and utility are combined in this attractive cream and rest reviver. It is especially adapted for dark, dry, wavy, or light hair.

It is also necessary to see that these pores do not get enlarged or clogged with dirt from without.

FRUIT SALAD Pudding. Treat the fruit salad thoroughly, leaving it quite dry. Slice the butter, break up the eggs, mix well.

This dress looks like a very smart, shabby, crackle crepe, with collar and cuffs.

This dainty semi-evening dress may be carried out in violet lace or any other color, with skirt preferably in a somewhat deeper shade.

It is essential that the pores of the skin be kept open, in order that certain waste products may be eliminated through them.

It is also necessary to see that these pores do not get enlarged or clogged with dirt from without.

Higher Secondary School Fees. AND INCREASE IN THE INDIAN CHARGES AND EDUCATION TAX.

Departmental Retirements.

PROPOSALS BY EXPENDITURE ADVISORY COMMITTEE TO SOLVE EDUCATION FINANCE.

Considerable changes in the Education Department necessitated by the need for economy are recommended by the Kenya Expenditure Advisory Committee of which the Director of Education was a member.

The principal changes include a reduction in salaries of primary school teachers both in European and Indian institutions, abolition of the post of Chief Inspector of Schools, transfer of stores department to the P.W.D. and reduction of clerical staff by half.

It is computed that in a full year all the recommendations of the committee would reduce the present cost of the Department by £200,000 without interfering with the vote for African education.

The committee were satisfied that more revenue must be found from the two main committees for education purposes. It is therefore proposed that fees for European secondary education should be increased by £15 a year and there should be a 25 per cent. increase of the fees and education tax paid by Indians.

It is also suggested that the Goan community should now be called upon to pay Education Tax.

There has been a reduction in the per capita cost of education in the Colony but the committee believe that an enquiry into boarding costs is necessary.

Enquiry into Boarding Costs.

One of the main savings recommended by the Expenditure Advisory Committee is that the fees for European secondary education should be increased by £15 a year and there should be a 25 per cent. increase of the fees and education tax paid by Indians. The committee believe that an enquiry into boarding costs is necessary.

Teachers' Salaries.

In regard to tuition we are advised that the present level of economy is in the nature of the teaching staff. The salaries of European teachers engaged in European and Indian education are at present practically identical as regards scale with those paid to administrative officers, though the latter are made to work longer hours and are not independent in the possession of certain definite salaries or professional qualifications.

The report recommends that the salaries of teachers in primary schools should be comparable in the east and west of Kenya.

The report recommends that the transfer of the existing staff of European primary schools to what is known as the Merrett Committee scale is feasible, gradually and over a period of ten years.

The committee did not attempt to make any comparison between the salaries of the Indian and African teachers, because the expenditure on Indian education has not been discussed.

The Perfect Shaving Soap In a beautiful container

Glistening Black Bakelite — Ivory White Soap. A container good to live with — a soap delightful to shave with. A shaving soap that burr-strips hollows of rich creamy lather at a touch of the wet brush. A lather that stays moist and gets down in-creased to the real job of massaging the stiffest beard. If you wonder at the unusual luxuriance of the razor—the speed of shaving—and the sheer luxuriance of it—give the credit to **Gilbs Shaving Soap**. It's good!

REDUCED GRANTS TO LOCAL AUTHORITIES.

(Continued from page 1.)

venient) the Committee being of the opinion that the retention of these posts is unobtainable in practice. They said that if it is considered necessary to retain such an officer in the interests of the native communities the cost would be a fair charge upon the Native Trusts Fund.

The Committee had reason to suppose that considerable sums of revenue occur from evasions of the fishing licence, and it suggests that the Native Trusts should be instructed "to devote more of his energies to tightening up the machinery."

Finally the Committee recommended that the cost of the Department should be limited to £8204 which is nearly £1,000 less than the sum originally granted for 1928 and is practically the cost of the Department in 1926.

Judicial Department.

Like the Forestry Department, the judicial section was the subject of an interim memorandum, in that early report the Committee recommended reduction of the establishment by five Resident Magistrates and one Deputy Registrar, suggesting that three of the Resident Magistrates (Nakuru, Eldoret and Kisumu) be transferred in the Budget to the District Courts, and the balance to the remaining two posts, to the District Courts, with the necessary staff to be employed and the other temporarily retained as one Deputy Registrar. These two proposals have been noted upon.

On further consideration the Committee recommended that provision for six Resident Magistrates should continue to be made under the vote for the Judicial Department and that the Magistrate at Nakuru, Eldoret and Kisumu should be transferred to the administration and required to undertake administrative work in addition to their judicial functions.

By this means some reduction should be possible from posting the staff of Resident Magistrates and the administrative officers in these three centres.

The Committee decided in view of the fact that they have recommended an establishment of six Resident Magistrates to fill six posts (two in Nairobi and four in Mombasa, Nakuru, Eldoret and Kisumu). Whenever the holder of one is absent on leave or acting as a judge, a relief should be provided, a relief should

be found from among suitably qualified administrative officers.

As a further measure of economy reduction of the scope of the administrative work is considered possible without impairing its value.

The estimated annual cost for the Judicial Department for the first four years is suggested at the figure of £8170 less than the amount originally allocated by the Department in 1926.

Local Authorities.

The Committee reviewed the various contributions made to the Government to local authorities. These contributions fall into two divisions—contributions to municipalities and contributions to district councils.

- (i) Contributions in lieu of rate;
- (ii) Contributions on account of public health staff;
- (iii) Contributions on account of public works services;
- (iv) Contributions on account of municipal staff;
- (v) Contributions on account of roads.

Contributions to municipalities consist of:

(i) Contributions in lieu of rate;

(ii) Contributions on account of public health staff;

(iii) Contributions on account of public works services;

(iv) Contributions on account of municipal staff;

(v) Contributions on account of roads.

Contributions under item (v) are made in two ways: by a direct contribution based on the expenditure on roads by the municipal authority; and by a contribution in lieu of a portion of the traffic revenue from licenses in motor vehicles normally housed within the municipal area.

Municipalities.

Having thus stated the basis of these payments, the Report proceeds to deal with the five divisions. It is noted that the Nairobi Municipality intends to impose a rate of one and one-eighth per cent for 1928 instead of one and one-quarter per cent which latter year the estimate of £19,922 is based on the Government contribution in lieu of rate—i.e. based if the lower rate was imposed the Government contribution would be reduced to £19,922.

The Committee recommended no change in the contribution of Nairobi in respect of public health

staff and services amounting to £1,500 and £1,100 respectively.

The Committee recommended that the Local Government of Municipalities be reduced to £1,500 in 1928 and £1,100 in 1929.

The Committee also recommended that the Local Government of Municipalities be reduced to £1,500 in 1928 and £1,100 in 1929.

Main Road.

On the other hand the Committee recommended that the cost of the maintenance of the main roads should be increased to £1,500 in 1928 and £1,100 in 1929.

The Committee recommended that the Local Government of Municipalities be reduced to £1,500 in 1928 and £1,100 in 1929.

Public Health.

The Committee recommended that the Local Government of Municipalities be reduced to £1,500 in 1928 and £1,100 in 1929.

The Committee recommended that the Local Government of Municipalities be reduced to £1,500 in 1928 and £1,100 in 1929.

Public Works.

The Committee recommended that the Local Government of Municipalities be reduced to £1,500 in 1928 and £1,100 in 1929.

The Committee recommended that the Local Government of Municipalities be reduced to £1,500 in 1928 and £1,100 in 1929.

Local Government of Municipalities.

The Committee recommended that the Local Government of Municipalities be reduced to £1,500 in 1928 and £1,100 in 1929.

The Committee recommended that the Local Government of Municipalities be reduced to £1,500 in 1928 and £1,100 in 1929.

District Councils.

The Report examined the financial position of the district councils in the light of the various recommendations of the Committee. It is noted that the Nairobi District Council intends to impose a rate of one and one-eighth per cent for 1928 instead of one and one-quarter per cent which latter year the estimate of £19,922 is based on the Government contribution in lieu of rate—i.e. based if the lower rate was imposed the Government contribution would be reduced to £19,922.

The Committee recommended no change in the contribution of Nairobi in respect of public health

subject of main roads in municipalities on Government under the Ordinance to make more contributions to district councils (raising £100,000 in 1928 and £100,000 in 1929). (If this sum £7,250 represents the total contribution towards cost of staff and maintenance of equipment. The Committee recommended that the basis of the negotiations proposed should be the total estimated contribution of £60,000. The Committee understood that the Government had already granted £100,000 to the figure to £20,000 and the Committee therefore proposed that Government should endeavor to reach an agreement with the municipalities on which the amount of 2 per cent, on that reduced sum, is the toll that the present basis of grants made by Government to the district councils amounts to. The Committee recommended that Government should extend advisory and recommend that the whole basis of grants made by Government in connection with the main roads should be reviewed in connection with a more satisfactory and possible method of assessment than that prevailing at the present time.

Total of £22,500.

On the assumption that all the recommendations were accepted and the expenditure on the main roads successful, the amounts required on account of Local Government contributions on the basis of the 1928 estimates would be:

Main Road	£17,600
Municipalities	£14,800
Public Health	£3,300
Public Works	£2,300
District Councils	£2,700
Total contributions to Local authorities	£22,500

This total shows a reduction of £1,100 on the original estimate for 1928 and of £1,100 on the estimate as passed by Legislative Council in 1926. However, the total granted by Local Government on account of the main roads is £1,500 and £1,100 in 1928 and £1,100 in 1929.

Head and Bridge Maintenance.

The Committee estimated the cost of a committee which should be the chairman of Mr. Logan and had recommended a salary of £1,000 per annum. It is noted that the Nairobi District Council intends to impose a rate of one and one-eighth per cent for 1928 instead of one and one-quarter per cent which latter year the estimate of £19,922 is based on the Government contribution in lieu of rate—i.e. based if the lower rate was imposed the Government contribution would be reduced to £19,922.

THE DIVORCE COURT.

Wife's Suit Against Her Gait Against Him.

London, February 28.

A new batch of 307 petitions in the Divorce Court during the total number of undefended divorces granted during the last year to 925. This is an increase of 114 over the corresponding figure last year. The highest number of suits heard during the last year was 2,059 in 1921, but the drop in the figure to be attributed to the fact that judges now try the divorce cases on merit. Among the cases reported during the year by Mrs. Clara Josephine Shortless against her husband, Lang-Ed. William Shortless, the notable guilty hunter.

It is not possible to recommend its publication.

From evidence before them the Committee considered it was highly probable that the existing district council roads with main trunk roads and other roads maintained by the P.W.D. was uncoordinated. They therefore recommended that as an experiment the main roads and trunk roads and other roads supervised by the P.W.D. within the Nairobi Municipal and District Council areas be handed over to the P.W.D. to be settled by the Central Board, any necessary grant being loaned to the local authorities.

Public Buildings.

They recommended also that a further experiment in the maintenance and better improvement of public buildings in the Nairobi area be handed over to the Provincial Commissioner provided by the necessary funds by the Director of Public Works who should arrange for such improvement and later improvement both and district council by contract.

Finally, on the evidence before them, it was claimed that by reorganizing the district roads system (Kisumu-London section) in 1928 a year could be achieved. As this raised a constitutional issue, the Committee were loath to make any recommendation but suggested a Government investigation of the "possibility" of such an arrangement.

The Perfect Shaving Soap

In a beautiful container

Glazing Black Belette — Heavy White Soap. A container good to live with — a soap delightful to use. In shaving soap that brings into millions of rich creamy lather at a touch of the wet brush. A lather that stays moist and soft down to the last job of mastering the stiffer beard. If you wonder at the unusual richness of the razor — the speed of shaving — and the sheer luxuriance of it — give the credit to Gibbs Shaving Soap. It's good!

Constitutional Issue.

NO MARGAIN MADE WITH JOINT COMMITTEE.

To the Editor, "E. A. Standard": Sir—I have just been reading letters from Mr. O'Hara, Mr. O'Connell and to East Africa and the editorial note in the latter paper. As a rejoinder to the latter paper as well as my colleagues and me in the League of Nations, I think it may be as well for me to clarify that part of the question. Before we went home, we were given our brief by the Convention of the League of Nations when I think practically all the Elected Members were present. This brief contained amongst its instructions—

"That no change in the local constituency be asked for and no election be held."

In the Memorandum which we laid before the Joint Committee in the Official Report, this which is reproduced as Appendix No. 29 of the Report, we stated that we were not asking for such a constitutional advance of the League of Nations as was stated (page 102 Vol. III). "The ultimate goal of the Government of Kenya is to bring about a responsible Government." Sir, do we believe that the Government of Kenya as maintained, it will be possible for any Imperial Government to withhold longer the grant of a definite step in that direction, namely, on a responsible Government? Whatever theoretical difficulties there may be, the fact is that whatever theoretical difficulties there may be, the fact is that during our quarter-century in Kenya the Government has made it quite clear that our demand for a constitutional advance had not only the approval of the British Government but had been a live issue before them. I had these words: "We dropped it completely for the moment because we were not prepared to raise questions purely to the economic situation in Kenya, and get our house in order and get things on a right track."

The Chairman to me: "You want me to clear that this is your own decision, namely, the politician writes for White settlers whether or not there is a phagocytosis?"—"By Jove, it is your own decision."

"You may receive all your jobs, but you give me nothing."

I think these extracts make quite plain that we believed in the benefits of a responsible Government, but retained complete freedom of action to obtain an advance in steps towards our ultimate goal. As we define it, the Government of Kenya is not a Government.

When I returned to Kenya I am sure that all those who would have been the subject of that decision, namely, the Union of Associations of Kenya, would have been given a full and complete detail in this letter and those people that it is better to know a simple question that they think.

Yours faithfully,

Bongai,
March 9, 1935.

LONDON PRESIDENTIAL ELECTION—THE JOINT E.A. BOARD.

To the Editor, "E. A. Standard": Sir—In the weekly edition of the "E. A. Standard" dated 4th instant, you print extracts from the Uganda Standard in which it is stated that you have made certain statements in connection with the Joint E.A. Board. As you will publish the letter I have sent to the Uganda Standard, a copy of which I attach herewith, I do not wish to repeat it. Yours faithfully,

Kampala,
Uganda,
March 7, 1935.

To the Editor, "E. A. Standard": Sir—From your issue of 11th March, I have received an account of the proceedings of the Kenya Chamber of Commerce in which you refer to the fact that the Chamber is being re-constituted from the E. A. Board. This was not the case. When I was appointed to the position of Chairman of the Board, I immediately appointed a sub-committee to deal with the question of the Chamber of Commerce. The sub-committee held several meetings and a decision was reached that the Chamber of Commerce should be re-constituted from the E. A. Board. This was the only decision reached by the sub-committee and I have no objection to its publication. Yours faithfully,

London,
March 11, 1935.

present loss of a 24th member, 1000, of the 1000, a definite loss, which is possibly being covered by a vote under such circumstances.

THE NAKURU SHOW.

To the Editor, "E. A. Standard": Sir—The show which was held at Nakuru on Thursday 12th inst., was a most successful one. The arrangements were perfect, the exhibition was well arranged, and the attendance was very large. The show was a great success, and we are sure that it will be a help to the Government of Kenya.

NATIVE REGISTRATION SYSTEM.

To the Editor, "E. A. Standard": Sir—With the increase of income tax having been raised, the Government has a greater one to be thrust on the already taxed and burdened native. I refer to that part of the Government's Budget which relates to the abolition of the Central Office of the Native Registration System.

The statement that the Aborigine Office will not be abolished is a most interesting one, and I am sure that it will be a help to the Government of Kenya.

TAX ALTERNATIVES—LIQUOR LICENCES.

To the Editor, "E. A. Standard": Sir—As a revision of the Government's proposal for the abolition of the Liquor Licence system, I think it would be well to consider the possibility of introducing a tax on the sale of liquor. This tax could be introduced in place of the licence fee, and would be a help to the Government of Kenya.

"THE MIKADO" BROADCAST.

To the Editor, "E. A. Standard": Sir—On Tuesday 12th inst., I was fortunate enough to attend the performance of the Mikado at the Grand Theatre, Nakuru. The performance was most successful, and we are sure that it will be a help to the Government of Kenya.

32 PLAYERS WANTED
"STANDARD" CORRESPONDENT
London, February 28.
The Professional Football Association has nominated 22 players from among the team of eight who finally elected to represent Great Britain against the United States in the Ryder Cup professional tournament at Southampton on June 26 and 27. They are: Percy (Hemel Hempstead), Archie Barber (Derbyshire), Archie Compton (Sussex), H. C. Denry (Thorp Hall), George Duncan (Leamington), W. H. Davies (Wallingford), Fred Hutton (St. Rastelwood), Tom Green (Ogby Hall), A. H. Hutton (St. Mary's), H. H. Hutton (Chigwell), H. J. Jolly (Farnborough), W. H. Kynson (West Lanes.), A. J. Lacey (Seaham Park), Alec Mitchell (Private), A. H. Peigham (Boya Ash-down), A. Perry (Leamington), F. Robson (Addington Park), Mark S. Snyour (Crown Woods), W. T. Twiss (Langley Park), C. A. White (Crews Hill), and R. A. Whitcombe (Parkstone). A non-playing captain will be selected later. The Selection Committee assumes that they may at their discretion add to the list 12 players named on the preliminary list for Britain in the Ryder Cup. They are Knappeton, Hutton, Westwood, Havers, Hutton, Jolly, Mitchell, Robson, and Whitcombe. The players, who may bring strong offers of the kind which have been selected, of the ten which are now being considered for the list are: Percy, Hutton, Hutton, Hutton, Hutton, Hutton, Hutton, Hutton, Hutton, Hutton, Hutton, Hutton.

WEATHER'S EFFORT ON RACING.
"STANDARD" CORRESPONDENT.
London, February 28.
Thomas Warner, Aston Villa's intendant, contracted yesterday suspended for 28 days by the Football Association for neglecting to send a copy of the match against Leicester City in the match against Leicester City. Warner has made only five appearances for the League side this season and on Saturday afternoon will return to the centre forward position. Warner plays for Scotland at Wembley last April, having previously played for Ireland and Wales.

JACKSON RETURNS TO SOUTHERN FOOTBALL.
Jackson, who has been playing for the Glasgow Rangers, has returned to the Southern Football League. He will make his first appearance for Margate in their Kent League Cup against Folkestone at Margate. Margate have been negotiating with Jackson this week and he proposed to sign the necessary forms today.

RACING'S HOLD UP.
The severe weather has already interfered with racing. Fifteen days racing under National Hunt rules have already been lost this season owing to bad weather. They are: December 10, Carlisle—frost; Jan 17, Birmingham—snow and frost; January 21 and 24, Derby—frost; January 25, Chelmsford—frost; January 26, Tamworth—frost; January 27 and 30, Kempton Park—frost; January 31 and 1, Leicester—frost; February 1, Sandown Park—frost; February 18, Redbank—snow; February 20, Derby—frost; February 22, Newbury—frost; February 24, Manchester and Longfield—frost.

NEW YORK S.A. COMMISSIONERS ACTION.
The British Boxing Board of Control recently sent a protest to the New York State Athletic Commission regarding their treatment of Seamus Walsh, and having received no reply, the Board state they have decided to make their communication public.

TREATMENT OF SEAMUS WALSH.
The Board's letter, sent on February 2, was: "The B.B.C. of C. have noted in the press that Seamus Walsh, English light champion of Great Britain, was ordered by your Commission to undergo the ordeal of a test to prove his boxing ability before being allowed to take part in a series of bouts under your jurisdiction. The stewards had great exception to such treatment of a recognized British champion. If your Commission had doubts of Seamus Walsh's capability, the stewards suggest it would have been more in the interests of the sport if they had applied to the board for a national governing body's information, your request."

OLYMPIC CHAMPION'S POST.
Tiddall Takes Over General Secretaryship.
[STANDARD] CORRESPONDENT.
London, February 28.
R. M. Tiddall, the Olympic 400 metres hurdles champion and Cambridge Lion, has been appointed secretary of the Olympic club which is shortly to be opened at Wrexham, near Southampton, with a course run by the sea. For the past running he has been helping in making the course, which will be completed by Mr. Tiddall is the only athlete to win four events at an inter-Varsity sports meeting. As president of Cambridge he won the 440 yards and 220 yards hurdles in the long jump and weight. Last year he crushed Ireland with a win which he carried off the 440 yards hurdles at the Olympic Games in Los Angeles. He has not yet decided whether his powers will mean the end of his career in the amateur ranks or whether to devote more time to it.

WIN OVER GALIBRETT.
His big moment came at the start of the tenth round. Up to this time Gorman, 67, has very powerful and abundant stamina, and with a trace of cunning has won the last two rounds. He had been in small danger of paying a visit to the canvas. But seeing from his opponent's expression that he was not a man to be trifled with, Gorman decided to try a new tactic. He landed on his opponent's nose with a right which was so much as to knock him out. Gorman landed on his opponent's nose with a right which was so much as to knock him out. And so the first cricket match between sides representative of Europe and Asia in the Colony has come and gone. It ended in a great victory for the former. By a margin of nine wickets...

THE MOMBASA TIMES

A Borry 'Talk'. It was rather surprising to hear the majority of the Europeans failed with the 'bat'...

Keen Fielding. The fielding was exceedingly keen. On Saturday the Ashes were being watched by a large number of spectators...

Excellent Arrangements. The arrangements for the game were excellent and the credit must go to Parklands. Health and safety for a game of this nature is a delight to see the organizers and spectators alike...

Hot To Go. I do not think we've seen the form of the batsmen...

Failure of Cape Flight Record Attempt.

FORCED LANDING WHEN IN SIGHT OF SUCCESS.

Ahead of Time.

MR. VICTOR SMITH HELD UP ONLY 200 MILES FROM OBJECTIVE.

Mr. Victor Smith, the young South African aviator, made a gallant attempt to lower the time for a flight from England to Cape Town, and only by the greatest misfortune was he unable to achieve success.

He passed over Walvis Bay well ahead of the time established recently by Mrs. Amy Molloy, but a storm, headwinds and shortage of petrol resulted in his having to make a forced landing near Van Rhyn's Drorp, a village only 200 miles from Cape Town. He landed on the ved during the night.

A Sad Disappointment.

Mr. Victor Smith, the young South African aviator, made a gallant attempt to lower the time for a flight from England to Cape Town, and only by the greatest misfortune was he unable to achieve success.

the Transformation of the Kikuyu.

A KENYA MISSIONARY'S WIRELESS TALK.

Thirty Years Ago and Now.

CHRISTIAN IDEALS SUBSTITUTED FOR PAGAN PRACTICES.

Something of the change which has taken place in the life of the Kikuyu people during the last thirty years was described by a Kenya missionary from one of the D.B.C. wireless stations recently.

Dr. Arthur spoke of the great influence for good of missionary effort and of the impact of white civilization on a people who, a comparatively short time ago, were in a state of primitive savagery.

The Desire to Learn.

The Rev. Dr. Arthur, who has spent the past few months in the Kikuyu country, said that the Kikuyu people were showing a desire to learn. He mentioned that in 1901, the Kikuyu people were in a state of primitive savagery, but now they were showing a desire to learn.

They were showing a desire to learn, and he mentioned that in 1901, the Kikuyu people were in a state of primitive savagery, but now they were showing a desire to learn.

Kikuyu Dancing.

Again, there was the Kikuyu dance, which was a small dance, and he mentioned that in 1901, the Kikuyu people were in a state of primitive savagery, but now they were showing a desire to learn.

In the Early Days.

To understand the transformation of these people, one must know the conditions of their early life. He mentioned that in 1901, the Kikuyu people were in a state of primitive savagery, but now they were showing a desire to learn.

Demand for Education.

It is interesting to note the present position of the Kikuyu people. He mentioned that in 1901, the Kikuyu people were in a state of primitive savagery, but now they were showing a desire to learn.

THE TRANSFORMATION OF THE KIKUYU.

(Continued from page 7.)

All-round education is given. The pupil may reach Standard 6, when he is promoted to the Government Technical Institute and then to the Protestant Mission of Kenya. He may also go to the University of Nairobi and beyond.

In the school at Kikuyu, many have sprung up and prospered. New and better African homes are being built. The Government has provided the land for the school. The old grass market and waste land containing an incalculable price for the young African farmer to build a square hut with a roof of corrugated iron and windows of wire mesh. The school is light and airy, both, and contains many modern conveniences, such as a library, a school bus, and a school bus.

The Athletic Side. The athletic side is not neglected in the school curriculum. The school has a sports ground and a sports field. The school has a sports ground and a sports field. The school has a sports ground and a sports field.

Our Progress. With regard to the dairy produce, while the scoring was on the low side, it was attributed to the season. Attention was again drawn to the fact that the quality of the produce was particularly good, and that the quality was particularly good.

MIXED FARMING. Methods Which Might be Adopted. The development of mixed farming was the subject selected for the first meeting of Kenya Agricultural Department's day.

Mr. T. V. Watson, Director of Kenya Agricultural Department, said that the one question which he enlarged upon was the question of mixed farming. He stated that mixed farming was the only way to obtain a maximum of food products from a given area of land.

Mr. Labouchere's conclusions were that the best method of growing more crops was to grow a mixture of crops. He stated that the best method of growing more crops was to grow a mixture of crops.

Growing in Popularity. GAME WHICH CALLS FOR SKILL.

(Battledors) Nairobi Badminton Club is going ahead, and the weekly meetings, every Thursday evening, are proving extremely popular.

One of the rules of the club is that all members must be going ahead, and the weekly meetings, every Thursday evening, are proving extremely popular.

There is the impression that members are afraid to come forward because they hesitate on account of a possibility of being unable to play the game.

New members are welcomed to the club, while spectators are also invited. There is no charge for admission to watch play.

A Discussion on Conditions. Is Spin Bowling Neglected? WHERE LEFT HANDERS FAIL.

Good Standard of Batmanship Existing. With cricket at its close in the Colony for yet another season...

Belong to the first of a series of two articles by H. J. Jamitt, the editor of the "East African" published at the close of the last cricket season.

["Special to the "E.A. Standard" by H. J. Jamitt.] It may be of some interest to cricketers to know that the following are the players in Kenya who are proceeding to discuss play in general.

The chief feature is the matting which is in vogue generally. It is agreed that these wickets tend to favour batsmen.

Grass Outfields. Outside are very uneven and very much against good fielding as it is known at home.

THE EAST

African Standard THURSDAY, MARCH 16, 1933

Examination of the Alternatives. His Excellency the Governor of Kenya has taken prompt action following the submission to him of several resolutions proposed by the Nairobi Chamber of Commerce.

These were presented on Sunday and on the following day an official announcement was made that a Committee had been appointed to examine the suggestions and any other suggestions submitted by other members of the Chamber.

The country will appreciate the rapidity of the step which His Excellency has taken and accept it as an earnest of his willingness to ensure proper consideration for all matters of such importance as a public measure the extent of the threat upon the Bill itself appeared.

It is to be hoped that the public interest in the matter will be maintained and that the Government will be able to give the necessary consideration to the various points raised.

Nanyuki's Protest Against Income Tax.

DISCOURAGING CAPITAL AND SETTLERS.

Unsuited to Kenya Conditions.

GOVERNMENT'S ATTITUDE TO ALTERNATIVES A TEST OF SINCERITY.

One of the largest public meetings ever held in Nanyuki registered determined opposition to the proposed introduction of Income Tax into Kenya.

Protestances were made to the damage which even the proposal had caused by discouraging capital and potential new activities.

Organized by Hon. F. E. Guess, a former Secretary of State for Africa, declared that the Government's expressed desire for co-operation was furthering its attitude to the alternative proposals put forward by the Nairobi Chamber of Commerce.

An Ex-Minister's View.

Nanyuki, March 8.—A public meeting held under the auspices of the Nanyuki Farmers' Association to discuss the proposed income tax took place on Monday evening. Some 120 persons were present. The meeting was presided over by Mr. J. D. Boman, president of the association.

The first speaker was the Hon. F. E. Guess, who declared that the Government's expressed desire for co-operation was furthering its attitude to the alternative proposals put forward by the Nairobi Chamber of Commerce.

Mr. Guess stated that the Government's proposed income tax was a serious test of its sincerity in co-operating with the settlers.

Notice 13 1935 (L.O.P.) P.O. Box 1100 Nairobi

13th March, 1935 Dear Lord Francis—I am in the pleasure that the Hon. Member have persuaded you to be honest and present the facts before the Income Tax Commission as Secretary of State personally.

A large number of the Members' letters to the Income Tax Commission have been passed on to the Secretary of State in the form of a Special Petition, and I am glad to see that you have decided to demand effective control of the finances of the Colony.

What happens then? Several months ago the Government proposed that the Income Tax Commission should be composed of three members, one of whom should be a representative of the Colony.

During all that time we have been in a state of confusion, and it is only now that we are beginning to see the light. It is a pity that the Government should have taken so long to do this.

It is a pity that the Government should have taken so long to do this. It is a pity that the Government should have taken so long to do this. It is a pity that the Government should have taken so long to do this.

A SPECIAL MEETING of the Members of the Nairobi Association, at which the public is invited, will be held in the Municipal Council Chamber on Wednesday, 22nd inst. at 4.30 p.m.
The following resolution will be moved from the Chair: That the Standing Committee of the Nairobi Association, having considered the Report of the Executive of Convention and Elected Members' Organisation Sub-Committee appointed to consider the Reconstitution of the Kenya Legislative Council, is of the opinion that Mr. R. C. Gramann's motion regarding Constitutional Advance be now moved and discussed.
A special invitation is extended to Convention Delegates.

A REAL BARGAIN.

A property comprising 900 acres situated approximately two miles from Fort Termis Station is being offered for sale and due to the urgent necessity for a quick sale the low figure of £100 will be accepted. The value of this property is well over three times this figure.
The property has about 100 acres of coffee of which 50 are in full bearing. About 100 acres ploughed and suitable for maize which yields extremely well in the District.
A permanent river flows an ample water supply, a number of maize eries, stores and sheds.
A large range of mineral and building implements are included in the price.
Property is being offered with all concerns on a walk-in-walk-out basis.

UNBALANCED EXPENDITURE OF KENYA'S PAST LOANS.

Need For Stimulating Exports.

OF GREATER IMPORTANCE TO COLONY THAN ERECTION OF ELABORATE BUILDINGS.

The Expenditure Advisory Committee is strongly of the opinion that when Kenya raises new loans, the money should be used in the direction of stimulating exports rather than for the erection of elaborate buildings... It is proposed that Government should review the present arrangement with the Railway regarding the common use of the Printing Press...

Magistrates are criticised for increasing the prison population of the Colony though not making sufficient use of the alternative of a fine.
