MAKING TYRES LAST LONGER.

Aim of Goodyear Engineers.

All rational motorists will be made sensible in knowing how to make their tyres last longer. Many powerful motors, providing superior pickup and increased speed means tyre wear and safety on a common road motor. At 50 miles per hour the motor, the rate of tread wear is twice as fast as at 30 miles per hour.

Five Points to Watch.

Engineers of the Goodyear Tire and Rubber Company point out five things to watch when getting the full mileage from your tires. First—check your inflation. Getting too much air in tires, which makes the driving worse, because of the extra road resistance and tread wear. Avoid under-inflation. It causes too much flexing, because this causes extra tread and uneven wear.

Rubber.

ITS USE IN THE MOTOR INDUSTRY

With the increasing use of rubber parts to make cars a vehicle just as good as a bicycle, it is important to make it last longer and make for more modern car. Rubber is the answer. It is used in many places: in rubber parts in addition to the rubber in tires and motor parts. It is used in many places: in rubber parts in addition to the rubber in tires and motor parts.

MOTOR TRADE PROBLEMS

Services to Motoring in the Colony

PENALISED BY PUBLIC POLICY

The Trade View.

The public of Kenya are well acquainted with the requirements, both from a safety and comfort point of view, and it is the continuous endeavour of the Trade to meet the standards of safety and to meet the demands of the public.

One curious feature, noticed by all new motorists in this country, is the prevalence and popularity of the British motor. The advancement in design and build has during the last two years, been most marked and considerable interest has been shown by American and English manufacturers regarding this type of body, and it is not unlikely that some will even go so far as to manufacture a body of this type.

Vehicles which undertake long motor tours in either the high or lowlands, are generally fitted with the type of service which is offered the general public company services by two companies in the Colony. Deposition has hit the motor trade in all countries. Imports have declined to one third, compared to 1931. The public generally by three of circumstances, have been forced to have a lower standard, but recently a slightly improved standard has been apparent and requires have been generally imposed for higher priced cars.

The Board of Control, in fact, the General Manager of the Board, but just introduced is to be detailed.

The Motor Trade feel that the standard.

In an Official Bulletin, the Motor Trade have admitted that, after surveying the present position with the services of hundreds of thousands of motorists. No forthright appeal, to the Government, for ordinary commercial repairs, to be made in this respect, which they hope that the Government will consider. The Trade has been notified in a letter from the Government that property again comes into consideration, which permits such a possibility to occur.

Restrictive legislation has been introduced in Kenya, and it has been found that this has affected the Motor Trade. We feel that our Legislators are not fully conversant and that the offending regulations are not such as to have received that due amount of consideration, and the lack of a commercial understanding.

The public therefore have been disappointed. It is regretted and disapproved that the Government should not have considered that due amount of consideration, and the lack of a commercial understanding.

Sixth Avenue, Nairobi.

Municipal Disgrace

The Municipal Council, which is a body of 12 members, all elected, are all paid. It is a disgrace that the Council, which is a body of 12 members, all elected, are all paid. It is a disgrace that the Council, which is a body of 12 members, all elected, are all paid.

The Trade and the public have been disappointed. It is regretted and disapproved that the Government should not have considered that due amount of consideration, and the lack of a commercial understanding.

Police Methods. One of the brightest features existing in the motor industry of the Colony is the Police, which is a body of 12 members, all elected, are all paid. It is a disgrace that the Council, which is a body of 12 members, all elected, are all paid.

An Appeal. The Trade would like to appeal to the Government, which is a body of 12 members, all elected, are all paid. It is a disgrace that the Council, which is a body of 12 members, all elected, are all paid.

This does not suggest that the motor trade is an exaggerated idea of its own importance. It is a body of 12 members, all elected, are all paid. It is a disgrace that the Council, which is a body of 12 members, all elected, are all paid.

INSURANCE FOR THE PRUDENT.

Keeping Pious with Modern Needs.

It is just thirty-two years ago since Mr. Bolts and several other motor car manufacturers, began producing vehicles for the British public. It is of interest that it was five years prior to the commencement of the present century that an Insurance Company in London issued its first Motor Vehicle Policy in Kenya.

The present Insurance Company is the Ocean Accident and Guarantee Corporation Limited. It is a body of 12 members, all elected, are all paid. It is a disgrace that the Council, which is a body of 12 members, all elected, are all paid.

The Motor Trade and the public have been disappointed. It is regretted and disapproved that the Government should not have considered that due amount of consideration, and the lack of a commercial understanding.

Insurance Office Ltd. Eastern African Branch, 'UNION BUILDING,' NAIROBI. Telephone 2067. Manager: T. A. WANSTROCHT.

"She suddenly saw me, lost her head and we met!"

This is not a romance, but the story of a motor accident which proved costly as neither driver was insured. Save yourself similar embarrassment by insuring your motor car with the AFRICAN GUARANTEE & INDEMNITY CO., LTD., the office noted for its prompt and fair claims settlement.

M. D. KAMPF, Chief Agent, NAIROBI. Box 360.

KAKUMBA BRANCH OF E.A.W.L.

Opportunities for Much Useful Work.

PRESIDENT'S VISIT

Education and Hospital Facilities Needed.

[From a correspondent.]

A well attended and representative general meeting of the Kakumba Branch of the E.A.W.L. was held on November 19 at the E.E. Lyall Hotel and kind permission was granted to the reporter.

The Honorary Vice-President, Mrs. M. G. Anderson, presided and after welcoming the President, Mr. E. J. M. H. Turner, who had just returned from his visit to the headquarters of the Branch since his return to the country.

The Secretary, Mr. J. M. H. Turner, reported that during his visit to the headquarters of the Branch at Nairobi he had seen the various branches of the League and had seen the various work being done in the different branches.

At the meeting the Honorary Secretary, Mr. J. M. H. Turner, reported that during his visit to the headquarters of the Branch at Nairobi he had seen the various branches of the League and had seen the various work being done in the different branches.

work it had accomplished in so short a time and the spirit of co-operation that had been established, and consequent message of gratitude from the Headquarters Council to Mrs. Anderson, her Committee and Secretaries, Messrs. Lamb and Penttila; for their initiative and energy in establishing the Branch so successfully.

The effect of organized womanhood of all nations to maintain the moral, spiritual and cultural values of life is the focus of the present day economic changes. The most constructive forces in the world and whether the Kakumba Branch is to be a blessing or a curse to the community as a whole depends on the manner in which the women of Kakumba use the facilities that are available to them.

It would be only through the co-operation of every woman in the community that the benefits of the League could be fully realized.

The Honorary Secretary, Mr. J. M. H. Turner, reported that during his visit to the headquarters of the Branch at Nairobi he had seen the various branches of the League and had seen the various work being done in the different branches.

MANNEQUIN PARADE

and
ELECTRICAL EXHIBITION

WILL BE HELD AT
TORR'S

ON
DECEMBER 14th, 15th and 16th.

ELECTRICAL EXHIBITION

Organized by The East African Power & Lighting Company Limited in conjunction with Messrs. Galley & Roberts Ltd and F. O. Vernon & Co. sponsored by Messrs. Napier, Ellis & Co., The Kenya Grain Mills Co. J. Burns, "Blades" and "Kaps".

In addition to an added attraction there will be a Mannequin Parade both on the evening of December 15th and the morning of December 16th. - Mannequin Parades have come to stay—and this one promises to eclipse even the last magnificent production.

Do not Miss this Great Attraction!

Increase in School Fees Opposed.

"BOTH UNNECESSARY AND UNCALLED FOR."

Ex-Official's Criticism.

NEED FOR COMPULSORY PRIMARY EDUCATION URGED.

Strong opposition to the raising of school fees at the present time was expressed at a meeting of the Nairobi Association of Parents...

Resolutions embodying the opposition and calling upon Government to insist on a system of compulsory education for European children were put forward by a former Chief Inspector of Schools and carried unanimously.

The former official of the Education Department also spoke of the accommodation at the Girls Secondary School, Nairobi and described the existing conditions as a "drying stand."

"A Death Trap."

This Association of Parents in Kenya has expressed its opposition to the proposed increase in school fees for the year 1954. It is felt that the increase is both unnecessary and uncalled for...

These resolutions were introduced at a meeting of the Nairobi Association of Parents, presided over by Mr. J. R. Ross, who also returned to the Department of Education...

Mr. Ross said that the Department of Education had proposed an increase in school fees for the year 1954 of 10 per cent...

Mr. Ross said that the Department of Education had proposed an increase in school fees for the year 1954 of 10 per cent...

A Threat To East African Sisal.

OWING TO DEPRECIATION OF MEXICAN CURRENCY.

Action in Britain.

IMMEDIATE REPRESENTATIONS TO THE GOVERNMENT.

Immediate representation in regard to East African sisal is to be made to Government by the Hard Fibre Section of the British Empire Producers' Organisation...

It was shown that owing to the depreciation of Mexican currency, Mexico is able to sell East African sisal in foreign markets, which has absorbed approximately 75 per cent of the Empire output.

In regard to the balance exported to Britain, depreciated exchanges have enabled Manila hemp to be sold here at prices which competed very seriously with sisal.

Africa Artisans.

QUESTIONS FOR KENYA GOVERNMENT.

1. How many African Artisans are there in Kenya?

2. How many of these are employed in the Government?

3. How many of these are employed in the private sector?

4. How many of these are employed in the public sector?

5. How many of these are employed in the private sector?

6. How many of these are employed in the public sector?

7. How many of these are employed in the private sector?

8. How many of these are employed in the public sector?

9. How many of these are employed in the private sector?

10. How many of these are employed in the public sector?

jobs on the law courts merely because they are the largest and important building? If so has not Government failed in its training of African Artisans both at the Depot and by the P.W.D. in its own wharf? I do not believe there has been failure at the Depot and at least one large contractor in Nairobi would support me in this view.

But, Sir, (e) of the Colonial Secretary's formal reply shows that he had not fully grasped the point at issue. Mr. O'Shea was not talking of apprentices in training, but of fully trained and qualified African artisans. If only 45 per cent of these are employed, why cannot some of the rest of the majority (namely 55 per cent) be brought into use by the law courts?

At page 72 the 1929 Report of the Education Department, (app. VII) it is stated: "As to the quality work done by the 'gangs' of apprentices and the 'gangs' of unskilled African Artisans unpractical observations speak highly of both. The employment of skilled Africans however has met with considerable prejudice and it remains to be seen whether they will have to fight against a combination of vested interests. It is necessary to meet the needs of the Government by not taking the steps necessary to meet the needs of the private sector. It is in the struggle between four years ago in a Government Department and now brought to light by Mr. O'Shea's question and championship of the African cause."

If Government were to see that a clause such as that quoted by Mr. O'Shea could not be included in a contract, it should require whether in fact any success in at least one or two cases.

It is concluded that it is a question of the Colonial Secretary really guarantee of the declaration of Government policy on the subject.

It is in the Public Works Department failing to arrange to employ the African Artisans on that policy?

If so does it propose to go on training African Artisans at all?

If the answer to this is in the affirmative what steps, if any, have been taken by Mr. O'Shea to secure the full employment of the law hall?

"SO. GOOD YOU'D ENJOY IT AS A LIQUEUR"

This is a true story. After dinner one evening a friend of mine poured two whiskies into two liquor glasses and committed them to the judgment of an independent wine merchant.

"What do you think of these?" he inquired.

"The whisky named there, suited them admirably and I asked him to buy it and pointing to it said: "That is a good good whisky."

NOTICE Do you know THE GREATEST FRAUD IN THE WORLD'S HISTORY? Major E. S. Grogan, D.S.O. AT Theatre Royal on Friday, Dec. 6th, at 9 p.m.

THE EAST AFRICAN SATURDAY, DEC. 2, 1934 The Kenya Budget. The Government of Kenya will be congratulated on the 1934 Budget. It is only on very rare occasions that Government is complimented on its financial progress and it is therefore a greater pleasure to be able to do so when, as in the Budget, it is so well rewarded by new revenue, the temptation to spend the money on the expansion of public services must have been, and is, a very strong one.

which the prospect of an additional £1,000,000 is anticipated from the cotton manufacturers... The main article of Native consumption, particularly so in the inland districts of direct revenue which is expected to be £1,000,000. It is, however, payable on low-valued goods, particularly of Japanese origin... The Budget, in fact, is a measure of the maximum available amount being set against the expansion of the national wealth through agriculture and industry, much larger sums are spent on other forms of social service which have not in the past at any rate been put in the past at any rate... improvement of the economic wealth of the country as a whole... concentration on production would be secure. Even the new mining industry is not able to meet its needs next year to a greater extent than it is at present... The year may make additional progress to keep pace with progress. Another direction of progress is the promotion of a stable investment which will be a valuable asset to the country... The Budget is a very good example of the power of the Government to improve the standard of living of the people... The Budget is a very good example of the power of the Government to improve the standard of living of the people.

Death of Phillips. The death of Phillips, a well-known and successful business man, is a great loss to the community. He was a man of high character and a devoted family man. His death is a great loss to the community.

Wireless Programmes. Empire Broadcasting Service. The time for the broadcasting of the Empire is now and it is a great pleasure to be able to do so when, as in the Budget, it is so well rewarded by new revenue, the temptation to spend the money on the expansion of public services must have been, and is, a very strong one.

Radio Service of East Africa. The first general meeting of the newly formed Radio Service of East Africa will be held at the New Stanley Hotel at 9 p.m. on Friday, December 6. The Society has been formed to provide a service of broadcasting stations, and it is hoped that many in the Colony will be interested in the work which will be undertaken to attend.

What's in the Park. The following will be the programme for the day of the King's African Brides in the City Park, Nairobi, on Saturday, December 1st. The programme is a most interesting one and it is hoped that many in the Colony will be interested in the work which will be undertaken to attend.

REST. [From a Correspondent] No doubt but you are the people and wisdom shall be with you. I shall do my best to be with you. I shall do my best to be with you. I shall do my best to be with you.

On This Day. The Foundation. It is a fact that where the best people are, the best results are obtained. It is a fact that where the best people are, the best results are obtained. It is a fact that where the best people are, the best results are obtained.

Portrait of a woman. A woman with a serene expression, looking slightly to the side. She has dark hair and is wearing a light-colored dress.

STANDARD. The time for the broadcasting of the Empire is now and it is a great pleasure to be able to do so when, as in the Budget, it is so well rewarded by new revenue, the temptation to spend the money on the expansion of public services must have been, and is, a very strong one.

STANDARD DIARY. A detailed calendar for the month of December 1934, listing various events, dates, and times.

Raids in Irish Free State

ON RESIDENCES OF OPPOSITION LEADERS

Returned for Detention

HEADQUARTERS OF PARTY VISITED SIMULTANEOUSLY

The Irish Free State Government has again undertaken active measures to suppress by force the opposition elements in the country.

The police also suddenly arrested down upon the residences of General E. O'Duffy, the leader of the United Irish Party, and Mr. E. Doyle, Vice-President of the Executive in the Congress Government.

The Minister for Justice stated in the Dail in reply to a question, that the raids had been undertaken because the police had reason to believe that reasonable documents, arms and ammunition might be found.

The new body of armed police which have been added to the Garda Sicula, will be deployed at Cork on the headquarters of the "Free State" organisation.

Excitement in the Dail

(DUBLIN NEWS & SPORTS)

Irish Daily would have on the resignation of General E. O'Duffy, (ex-Chief of the Irish Free State Police and now leader of the Irish National Party) and of Mr. Doyle (ex-Vice-President and Minister for Finance in the former Congress Government).

He was subsequently arrested on at the headquarters of the Finance and Education in the house of Mr. Frank Macdonald in which he was staying.

The raids were apparently for documents and an extensive search was made in each case.

The extensive raids which are continuing in Waterford and Cork, have as their object the destruction of the Dail building.

DR. MARLE TO-MORROW'S CONCERN

Brain Examined from Medical Register.

Attentive Programme Announced.

The report at Dr. Marle's House in a dinner evening will begin presently at nine o'clock.

The change of address on which is a professional program on the part of Dr. Marle.

A letter was read from Dr. Marle in which he stated that he was a member of the General Medical Council.

THE EX-GERMAN COLONIES

Allegations of Atrocities.

Denied by Dr. Schone

CHARGES BY SOUTH AFRICAN BLUE BOOK

(DUBLIN NEWS & SPORTS)

Atrocities allegations in the German administration of former colonies, contained in a Blue Book by the South African Government.

Dr. Schone added that he was anxious to return to Africa.

AMERICAN EXCHANGE FUND.

Unpleasant Speech in London

(WASHINGTON NEWS & SPORTS)

A statement by Mr. Hingham American Ambassador in London at the Thanksgiving Day dinner of the American Republics.

The financial times says that Mr. Hingham's statement that the American fund worked satisfactorily does not seem to be borne out by events.

The extensive raids which are continuing in Waterford and Cork, have as their object the destruction of the Dail building.

Sweepstakes For British Hospitals

Huge Sum Leaving Country.

GOVERNMENT AWARDS REPORT BY COMMISSION

(LONDON NEWS & SPORTS)

The present state of the law regarding sweepstakes and lotteries is making British the laughing stock of the world.

The motion was introduced by the Duke of Rutland who objected to hundreds of thousands of pounds going to other countries.

The subject was promised to submit proposals to the government when the report of the Royal Commission on Betting and Lotteries is received.

Curly Vicers.

(LONDON NEWS & SPORTS)

A sketch in the House of Commons on the desirability of increasing hospitals by sweepstakes was opened today by the Duke of Rutland.

RA PRODUCE IN THE NORTHERN FRONTIER.

Markets Quiet and Uncertain. The London markets were quiet and largely overshadowed by the seller emotions fluctuations...

Four Quality Coffee.

The London markets were quiet and largely overshadowed by the seller emotions fluctuations... The following is the report on East African produce...

Coffee.

Offerings were again mostly of low quality for which little or no demand was shown. For the small quantities of good quality French and Java coffees, however, good prices were obtained...

Estimated Revenue.

The estimated revenue in 1924 was £2,000,000, but the amount actually realized was £1,700,000, a decrease of £300,000...

Steel.

The market for African steel has fallen again due to the unsettled conditions brought about by the disturbing exchange. Under these conditions it is not surprising that the demand is somewhat weaker...

Other Commodities.

Metals: Here again the situation in America has had a slightly depressing effect, and the following were the prices on Nov. 9: Copper, £28 1/2; tin, £22 1/2; zinc, £14 1/2...

CORRESPONDENCE.

The Editor does not accept responsibility for the views expressed in these columns and is in all cases the possessor of the pen which writes. He is not responsible for the accuracy of the information supplied by contributors, nor is he to be held responsible for the opinions expressed in these columns.

UNEMPLOYMENT.
To the Editor: "E.A. Standard," Sir.—I will be very glad if you will publish this letter as a contributor one or two of the statements in Mr. Shansud-Deros's letter to me.

In the first place, anyone brought before the Magistrate on a writ warrant goes every considerable term and it is very wrong for Mr. Shansud-Deros to say that the Magistrate did not say that the Magistrate was very sympathetic.

The same remarks apply to the personal experience that anyone who is not in a position to satisfy the officials concerned and they will have a very serious and very valuable experience. I have had to see that the statements by his letter to me were in all cases the possessor of the pen which writes.

CURRENCY—THE INFLATION ISSUE.

To the Editor: "E.A. Standard," Sir.—Using the excuse that the increase in school fees has been recommended by the Economic Advisory Committee, Government has been slow to increase taxes from the Secondary Schools by 25% per cent.

When the Committee had recommended it is not surprising that such a heavy increase was suggested by them.

The new rate, as in my opinion unjustifiable and from experience made it will undoubtedly prevent many children being taken away from school half-educated at the end of the term without any increase, would have been due to the fact that the Government had neglected their education.

THE DAILY INDUSTRY—THE BREED QUESTION.
To the Editor: "E.A. Standard," Sir.—There has been some discussion as to whether any Deputy-Commissioner has been named in Kenya. It is to be hoped that the Government will do this in due season.

The average better fat lost is well over 4 per cent.

To illustrate individual performance and improvement caused by use of first class bulls I quote a dealer from a cow with record of 5,271 lb in 35 weeks, which has just done 9,269 lb in 36 weeks, and will give 220 lb this week. Also a non-purifier fourth generation which gave during October 1932, 6,000 lb daily, for 60 days, for stock more.

The best breed regularly and to a great age I know one of 12 years, that has got into calf again and I believe there are others also. As many as six generations can be seen together, the progress gained can be noted by comparing the records.

At personal experience of 'as based' on a first-born cow, which will give 220 lb this week, 6,000 lb in 36 weeks, and will produce cow days 10,470 in 80 days, had over and paid 1500 lbs. As the present record and his production are well known from the famous practical case. Lane and the present one also has the highest record ever set down by an A.S.T. bull in Australia, 1912, and 1055 lbs of butter in 80 days, the improvement should continue.

The best breed regularly and to a great age I know one of 12 years, that has got into calf again and I believe there are others also. As many as six generations can be seen together, the progress gained can be noted by comparing the records.

SECRETARY OF STATE'S VISIT

Britain's Danger From Air Attack

DEFENCE ARM WHICH MUST BE STRENGTHENED.

Debate in Parliament.

MUST BUILD UP DISARMAMENT PLAN FAIL

Weakness of Britain's air defence was explained in the House of Commons.

Secretary of State for Air said that Britain's inferiority in this respect could not be remedied until the air defence was explained.

He added that if party reduction Britain's strength her air defence.

In the House of Commons Stanley Baldwin whilst stating that the Government still hoped that an agreement on national disarmament.

in the Air Rank.

London, Nov. 30. Both Houses of Parliament will discuss today Britain's air weakness.

It is pointed out that the immediate means of all to be from the new equipment and to be from the new equipment.

War Nervous.

The Minister's Declaration.

London, Nov. 30. The Secretary of State for Air, Lord Dunsley, declared today in the House of Commons that the Government will not be bound by any disarmament agreement which would leave them weaker than their neighbours.

The Defence Estimates.

London, Nov. 30. The Secretary of State for Air, Lord Dunsley, declared today in the House of Commons that the Government will not be bound by any disarmament agreement which would leave them weaker than their neighbours.

BLACKMAILED THE KING?

Remarkable Case at Bow Street.

A Petition.

SERIOUS CHARGE AGAINST ENGINEER FROM CHINA.

London, Nov. 30. A remarkable case was heard at Bow Street Police Court today when Clarence Gutz Guy Gordon Haddon agent, a consulting engineer, recently returned from China, was charged with demanding money by menaces from the King.

Chief Inspector Foster stated that when told of the charges against him Haddon replied: "Is this the only thing I wanted to do, not see why I should be hounded about for being the legitimate son of the Duke of Devonshire?"

Justice Haddon denied the charge but admitted that he had met a letter to the King.

Haddon was remanded in custody under Section 4, but being refused.

Presenting counsel admitted that it might be desirable to have a medical report.

Princess Alice Victor, Duke of Clarence, was the eldest son of the late King Edward VII. He died in January, 1932, aged 28. He was a bachelor.

WAR DENIED.

Frontier Skirmishes in Arabia.

London, Nov. 30. The debate in the House of Commons was raised on a motion regarding grave disputes concerning the provision made for the defence of the Empire and calling for a larger force.

Speaking on the debate last night Mr. Stanley Baldwin said that Britain's inferiority in the air was due to her inferiority in disarmament.

It was however quite clear from the debate that the defence estimates should be increased by Parliament as a whole, he said the Government would not be bound by any disarmament agreement which would leave them weaker than their neighbours.

BRING THE KIDNES TO OUR TOY BAZAAR

DUE IN KENYA JANUARY 19.

Staying Until February 2.

Visit to Tanganyika.

Governor to Consult Various Bodies.

At the sitting yesterday morning, of the Legislative Council of Kenya, His Excellency the Governor made the following announcement—

I received last night a telegram from the Secretary of State in which he authorises me to announce that he has had definitely decided to pay a visit of East Africa in the near future.

He will probably be in Kenya from about January 19 to February 2, but a few days of that period will be taken up in visiting the neighbouring territory of Tanganyika.

He is travelling by air—the local air force is providing him with a machine.

His programme, however, at the moment is very indefinite and as yet no one has received more details from him in regard to the various interests and bodies so that we may make our arrangements with a view to his visit.

His programme, however, at the moment is very indefinite and as yet no one has received more details from him in regard to the various interests and bodies so that we may make our arrangements with a view to his visit.

First-Hand Knowledge.

In the House of Commons, (Wednesday), the Secretary of State announced that he hoped during his visit to Kenya to get a short and informal visit to East Africa in order to obtain first-hand knowledge of the developments and meet personally official and unofficial members of the various communities.

That will give us an opportunity to be added, "of discussing with the authorities in each territory some important questions interesting them which procedure" found of great value in Palestine and the Sudan.

Date of Return.

A British Official Wireless message yesterday adds that Sir Philip Freuchen is to leave London for Cairo by Imperial Airways machine on Saturday and that he will proceed on a visit to Uganda, Kenya, Zanzibar and Tanganyika in a motor car, at the disposal of the Royal Air Force. He will return to London by Imperial Airways leaving East Africa about February 9.

THE QUEEN.

Government's Revenue from Mines.

INCOME AND EXPENDITURE FOR PAST TWO YEARS.

The 1934 Programme.

DEPARTMENT NOT TO PROVIDE FOR ANY NEW ACTIVITIES.

The Government's revenue from the Mining Industry during 1933 is expected to be double the amount collected in 1932.

Last year the industry yielded in about revenue £5,822. The anticipations for this year is £12,000.

But in these two years the expenditure in connection with mining amounted to over £12,000.

The final report of Sir Albert Kison on a geological survey is still awaited.

The cost of upkeep of roads in Kakamega township will be borne by Native funds, which derive considerable revenues from the town.

Questions in Council.

Numerous questions on the rise—sawed to Government during the last session—were asked on the following subjects—

(a) Roadways.

(b) Registration Fees, Transfers, etc.

(c) What has been the cost of the Mining and Geological Department for each of the years 1932 and 1933?

(d) How much revenue has been received from the Mining Industry during 1933?

(e) How much revenue has been received from the Mining Industry during 1933?

(f) How much revenue has been received from the Mining Industry during 1933?

(g) How much revenue has been received from the Mining Industry during 1933?

(h) How much revenue has been received from the Mining Industry during 1933?

(i) How much revenue has been received from the Mining Industry during 1933?

(j) How much revenue has been received from the Mining Industry during 1933?

The Bishop and Kenya.

AN OPEN LETTER.

To the Editor, "E.A. Standard."
Sir—If you can find room for my letter, I should be glad if you will publish it. For a simple Englishman it should be our Church which should be aware that there are not so many in Kenya as they are made to be in England.

Come on, "STANDARD MARK."

Nairobi,
November 27, 1933.

To my English Bishop.

My Lord Bishop—Your lordship's divine office, down to the bottom of my throat, is the breath of human hope. But of what hope? Have you not an altar, a mass, a eucharist of work called a dinner, and have you not a great deal of work called a service? If not, would not the Church be a mere expenditure of time and money which you might come to Africa in which you are interested, about which your conscience is uneasy, perhaps to the point of making plans to return?

Your lordship may possibly reply, if a reply to such an end, as I am a distant reader, that you have heard Bishop's address. We poor devils in Africa have also heard things about England, and we do not believe that you have heard things about Kenya. You poor devils in Africa have also heard things about England, and we do not believe that you have heard things about Kenya.

We have sometimes doubted

ENGINE DRIVERS' DEATH.

Heart Failure When Driving a Car.

["Standard" Correspondent.]
London, November 7.
An inquest the week was held on Ernest Holloway, of Nook Hill House, Portmerry, who was a retired driver of the Kenya Railway engine driver. He died at the wheel of his car while driving to work on the Portmerry road, Harlowd. The inquest was held at 11.30 a.m. at the house, Portmerry, by the South Harlowd-shire Coroner.

Mr. Holloway was travelling with his husband who was being brought home from hospital and died of a heart attack. The coroner said: "I feel very sad, and it is most unfortunate that the one turned over by both were driven out."

Mr. Frederick Russell Holloway, a son, said he was employed in the railway office of the railway at Nairobi, and was home on leave. He arrived at the house at about 10.30 a.m. and at about half past six he and his wife went for a walk in the park which was not very badly damaged back in 1911, and he had been taken to Portmerry, and the walk continued in another car. Apart from a heart attack and the loss of front teeth, Mr. Holloway's health had been good.

Mr. Dr. A. K. Campbell, of Portmerry, had been at the inquest. Mr. Holloway's son said that he had been taken to hospital from Portmerry, but later he was sent to hospital at Harlowd, and died of a heart attack, and was buried in Harlowd.

Mr. Holloway was a retired driver of the Kenya Railway engine driver. He died at the wheel of his car while driving to work on the Portmerry road, Harlowd. The inquest was held at 11.30 a.m. at the house, Portmerry, by the South Harlowd-shire Coroner.

EMPLOYMENT - EXTENSION OF TAXES.

To the Editor, "E.A. Standard."
Sir—With reference to the extension of taxes on the Government's part in our community, I am glad to see that the Government have decided to extend the duties on the most important commodities in our community, such as sugar, tea, and coffee. This is a step in the right direction, as it will help to increase the revenue of the Government, which is at present very short of funds.

I am glad to see that the Government have decided to extend the duties on the most important commodities in our community, such as sugar, tea, and coffee. This is a step in the right direction, as it will help to increase the revenue of the Government, which is at present very short of funds.

CURRENCY - THE INFLATION ISSUE.

To the Editor, "E.A. Standard."
Sir—The issue of currency is a very important one, and one which should be given the highest priority. The inflation of the currency is a serious problem, and one which must be dealt with as soon as possible.

The inflation of the currency is a serious problem, and one which must be dealt with as soon as possible. The Government should take steps to reduce the amount of money in circulation, and to increase the value of the currency.

The Bishops and Kenya

AN OPEN LETTER

To the Editor, "E.A. Standard." Sir,—If you find room for my letter, I shall be glad if you will publish it, for in simple though by no means simple English I should like to state that things are not as wrong in Kenya as they are being made to seem.

To my English Bishop, Your lordship, you had better know that I am not a simpleton. I have been in Kenya for some years and I know the land and the people and their needs and their wants.

Your lordship, you had better know that I am not a simpleton. I have been in Kenya for some years and I know the land and the people and their needs and their wants.

UNEMPLOYMENT

REVISION OF TABLE

To the Editor, "E.A. Standard." Sir,—With reference to the statistical information of the so-called individual companies and social and community by Mr. Shumard-Doe in his letter which appeared in your issue of yesterday's date, I beg to differ from him when he says that the Government has no means of knowing how many of these unemployed persons are really in need of work.

During almost the whole of the month I have been taking over a hundred of unemployed laymen, artisans and others, Hindu, Muslim and Sikh to the Central Revenue Office where a very sympathetic and helpful staff and every one presented by me to the Revenue Collector. In most cases they were unemployed for some time and in some cases they were unemployed for some time and in some cases they were unemployed for some time.

It is not possible to say how many of these unemployed persons are really in need of work. It is not possible to say how many of these unemployed persons are really in need of work. It is not possible to say how many of these unemployed persons are really in need of work.

ABDUL RAHMAN COCKRE, Nairobi, November 29, 1932.

CURRENCY—THE INFLATION ISSUE

To the Editor, "E.A. Standard." Sir,—Capt. J. O'Leary's letter in the Standard of the 21st inst. to E.A. Currency and the inflation issue, has provided very interesting reading indeed to me, a man glad to see at least one of our leading men among his views on monetary reform in public.

The same trade agreement that is so much to be desired by the people of this country, is so much to be desired by the people of this country, is so much to be desired by the people of this country.

The quantity of money in circulation is a matter of the utmost importance to the people of this country, is so much to be desired by the people of this country, is so much to be desired by the people of this country.

The quantity of money in circulation is a matter of the utmost importance to the people of this country, is so much to be desired by the people of this country, is so much to be desired by the people of this country.

THE ACCUMULATOR REVOLUTION

NO PLATES! DOUBLE CAPACITY!

It has happened! For nearly fifty years, accumulator design has stood almost still. Now a new design has been developed. The new "Norman" accumulator is so simple to you with its lead weight, "plates" in its place—simple cylinders of lively substance, platinum, almost unobtainable, and in relation to size and weight, of almost double the capacity—double economy! And the unit is little more. Every-thing is finished and threaded, the new accumulator is falling the answer out of battery, constant work.

CULPITERS IN EAST AFRICA (Continued from page 7).

50 feet below the surface. This is shown as a surface profile which would give an average of 12.5 feet depth of 40 feet length. In Shab No. 4, about 600 feet of rock and a ton of rock was cut on 20 to 30 feet depth which was necessary to one cubic yard for a 5 ft. sample. It is not yet possible to give the dimensions of this ore body, but as mentioned in the first report, sampling of the surface rock has indicated a huge body of ore with 100 feet of ore on top and 100 feet of ore on the bottom. THIS QUEER WORLD.

HURRLANE'S TOLL - THREE HARVESTS "FUSSTOOT" - "THE MERRY WIDOW" - ANTS THAT YAWN

THE terrific force of the wind which devastated Tampico, Mexico, is hard for anyone to imagine. It was the result of the experience of a harvest in 1929 shortly after January, in a harvest of the same kind in 1930. The harvestants were left in a state of four houses were left. Six thousand and four hundred and eighty were left and four hundred and eighty were left. The wind was estimated to have reached a velocity of over 100 miles an hour.

Nature's fine mechanism of unexpected things. A plan tree growing in the town of Auckland, New Zealand, has a trunk which is hollowed out by a small hole of fruit which has produced a winter crop of fruit which is hollowed out by a small hole in the trunk. The tree was in full blossom again, and according to the Auckland Daily Star, it is likely to produce a further crop of three crops in the year.

An item of news that would have called for a double column in any newspaper is a report in an American paper that a certain "Honey" Johnson, reported once in the world's famous "The Bottom" of trying to make people poor. He puts it rather a little. There was a time when public opinion seemed to be the chief concern of the Government. In 1929, the Government was in a state of confusion. The Government was in a state of confusion. The Government was in a state of confusion.

"On This Day"

NOVEMBER 24th. Frederick William, King of Prussia, was born in 1797. The first electric light was used in 1845. The first automobile was used in 1885. The first airplane was used in 1903. The first radio was used in 1906. The first television was used in 1925. The first atomic bomb was used in 1945.

We make no apology for drawing your attention to the fact that our organisation offers you a complete chain service throughout East Africa—with this difference—

We are responsible to you as an organisation.

THE MOTOR MARI

AND EXCHANGE LIMITED

Nairobi, Mombasa, Dar-es-salaam, Nakuru, Eldoret, Kisumu.

MEMBERS OF THE EAST AFRICAN COUNCIL

(Continued from page 2.)

The Labour Union in Uganda, which has been active in the past, is now being reorganised. The information of members of the general public.

Mr. O'Brien, who is the Colonial Secretary, thought the matter was in the hands of the Government.

There was a note on the case that the programme for the next expedition was being set up. It was finally laid down by Government that active members would be employed on these buildings and the buildings.

Mr. O'Brien then stated, if the letter would be good enough to look up the matter for him, he might give a message and cover another in future, and was going on to mention on the way of publicity, when Mr. O'Brien, who is the Colonial Secretary, thought the matter was in the hands of the Government.

At the end of the meeting, Mr. O'Brien stated that the matter was in the hands of the Government.

THE COLONIAL SECRETARY

AIRWHEEL TYRES

are made only by
GOODYEAR

AIRWHEEL is Goodyear's trademark, registered throughout the world, and used to denote that Goodyear is the exclusive maker of AIRWHEEL tyres.

If you own a Chevrolet, Ford, Vauxhall, Chrysler, Plymouth or Bedford, your Garage or Tyre Dealer will be glad to quote you for AIRWHEELS

Only Goodyear makes AIRWHEEL TYRES.

The amazing success of Goodyear AIRWHEELS in Kenya is the talk of the entire country. Wherever motorists gather one hears of the almost unbelievable performances of motor cars fitted with AIRWHEELS. On the roughest of roads or rocky trails . . . in deep mud and sand . . . they are not only a great improvement . . . **THEY ARE REVOLUTIONARY** . . . upsetting all previous standards and conceptions of performance, comfort and roadability.

Proposed Changes in Electoral Boundaries. TO TAKE EFFECT FOR NEXT YEAR'S ELECTIONS.

Register Adjustments. CONSTITUENCIES WHICH WILL BE KNOWN BY NEW NAMES.

If the report of the Select Committee is accepted the revision of electoral boundaries recommended in the report will take effect in time for next year's General Election. The Committee based their recommendations on the prime consideration that an electoral area should be arranged with a view to economic unity.

Select Committee's Report. In the course of his speech at the opening of the Budget...

constituency to be changed to be changed. It is suggested, for example, that Platana North should become Trans Nyanza, Platana South, the Lake constituency, Nyanza, Kenya, the Aberdare Constituency, Kikuyu, Kiambu.

Platina North. In addition to the area referred to above which is in the present area of the present constituencies, there are the Kikuyu and Luo areas in the Lake area and in the Lake area and in the Lake area...

Platina South. The present constituency includes the area between the Nyanza and Sogoo rivers...

Platina East. The present constituency includes the area between the Nyanza and Sogoo rivers...

Limitations of the Native Artisan. NOT EXPERIENCED ENOUGH FOR IMPORTANT BUILDINGS. None For New Law Courts.

The Kenya Government stated in the Legislative Council yesterday that the African artisan is not yet sufficiently experienced to be employed on important buildings. No provision has been made in the Law Courts contract for the employment of Africans.

Kenya Government's Policy. The Kenya Government's policy in regard to the employment of native artisans was questioned by the Hon. T. J. O'Shea...

The Hon. T. J. O'Shea, who raised the question, suggested that the Government was guilty of a reversal of policy.

Here are gifts for the mrs - your Father, your Uncle, band, Brother, or Son. You know the shop he usually goes to - the shop which gives him the best service - the finest value and always stocks the latest designs and novelties in Men's Wear.

CONSPICUOUS.

The Editor does not accept responsibility for the views expressed by his correspondents in these columns and all cases of libel and address of the writer in any correspondence, and not necessarily for publication but as a guarantee of good faith in the matter of news.

UNEMPLOYMENT—THE INDIAN.

To the Editor, "E.A. Standard," Sir—While Captain Dabson, lamenting the distressing conditions prevailing in the country owing to unemployment, expresses his indignation by asking if it were not enough to turn a fellow into a "damned scoundrel" one would be (Mr. Captain Dabson) foolish, that unless something is done without delay his night will be a large portion of the Colony directed to unemployed Commissionaries representing the Government of Mr. Dabson to the contrary of published in this morning's edition.

Captain Dabson and the Nairobi Association denounce the Government for taking the head in the matter and for some plain speaking. They say that the only thing that the Government has done is to take the head in the matter and for some plain speaking. They say that the only thing that the Government has done is to take the head in the matter and for some plain speaking.

In reality, it is perfectly futile for the Government to be any help. The Government is blamed for only one thing—finding ways to help those unemployed persons not to take them to Court for not having any money to pay their taxes.

Water is necessary for life, and so is money. Had the Government been really aware of the depressing conditions prevailing in the country, it would have devised means of relieving the taxes rather than imposing new ones at this stage.

It is for society itself to find out some method of cooperative and mutual relief by which the mill may make an effort to share the burden of the unemployed.

Years ago SHAMBUDDEN, Nairobi, November 27, 1933. P.S.—One of the main things to be done is to stop the Government from being too busy to do anything for the unemployed.

tion of a capital of a thousand pounds or more. I must confess that I was one of those who strongly opposed the suggestion of the restriction of immigration in 1922 but I have since seen the fallacy of that viewpoint. The European also who in their anxiety to make this place a white man's country have by propaganda been able to make many natives being entrapped in this country, may see the hopelessness of the situation.

THE PRICE OF PETROL.

To the Editor, "E.A. Standard," Sir—Now that the petrol shortage here looks the rather in the face as compared to a year ago, just as the Government has been making the petrol combine to reduce the retail price of petrol and in Nairobi.

THE BISHOPS AND KENYA.

To the Editor, "E.A. Standard," Sir—The Bishop of Ripon's attack on the administration of native affairs in Kenya—with special reference to the gold-mining industry—done to increase income of the Civil Service who are bound to sin and in this case, the result of that progressive has done considerable harm to the good name of both Government officials and settlers of Kenya.

It is noticeable that while other individual clerics who are here to bring truth, dissent Archbishop Owen's political activities, nothing is done to publicly condemn his statements.
