Accrediting British Settlers and Officials.

SECRETARY OF STATE DENOUNCES LABOUR'S COLONIAL POLICY.

Hands Off The Empire. NOT THE CONCERN OF LEAGUE OF NATIONS OR ANYONE ELSE.

The Secretary of State for the Colonies denounced as "outrageous" a calculated lie or gross exaggeration... made in the Labour Party's recent declaration of their Colonial Policy.

In a tribute to British settlers and Colonial Civil Servants he stressed the fact that those men had been "traded by an anonymous pamphlet."

Referring to the middle-class in the Party's Colonial Policy that the responsibility for all offences... should be laid over to the "Kangaroo" Government...

Link or Cross Ignorance. The Secretary of State said he thought it was... of the Secretary of State for the Colonies...

Beating to Discard. In the course of his speech the Secretary of State said he thought it was... of the Secretary of State for the Colonies...

Wearing Their Own People. He then gave this... of the Secretary of State for the Colonies...

Chief Scout Pleased With Uganda Scouts.

LORD BADEN-POWELL'S MESSAGE OF COMMENDATION.

"The Right Spirit"

Impressed by the report he read in the East African Standard of the recent Boy Scouts' camp in Uganda, the Chief Scout, Lord Baden-Powell has sent a special message of commendation to Uganda Scouts.

Message Through "E. A. Standard."

His Excellency the Governor, Sir Joseph Byrne, the Chief Scout, Lord Baden-Powell, has been very pleased to hear of the good work done by the scouts who built a house for an old woman.

Message Through "E. A. Standard."

It is gratifying to hear that the Uganda Scouts Association has held a most successful gathering at the "East African Standard" and published a full report of it. I am glad to hear that you have sent me a complimentary message from him to the Uganda Scouts. He now sends me the following message:

ARMY OFFICER UNDER ARREST.

Visits Ruins Without Permission.

Lieutenant E. H. W. Clarke, a young officer of the Royal Artillery attached for instruction at the Military College of the United Kingdom, is under arrest at Woolwich on account of the destruction of a monument.

GRINDING CITRUS TREES.

Results of Experiments in South Africa.

A preliminary report of the results of the experiments in grinding citrus trees in South Africa, conducted by the Agricultural Research Institute, is published in the Standard.

FOUGHT GERMAN RAIDER.

British naval forces have fought a successful engagement with a German raider in the Atlantic Ocean, resulting in the capture of the vessel and the destruction of the raider.

Death of Captain of "Clan Macnab."

The death of Captain James Macnab, a distinguished naval officer, is announced in the Standard. He was killed during a recent voyage.

PRESS COPYRIGHT LAW IN KENYA. BRITAIN AND THE MANDATE.

Protection for Telegraphic Messages. Support for Views Uttered at Arusha.

EXCLUSIVE RIGHTS. Kenia Activity.

BEING WATCHED BY THE COLONIAL OFFICE.

A Bill to amend the Copyright Act, 1911, in relation to telegraphic messages, is being introduced in the House of Commons. The Bill is intended to give protection to telegraphic messages and to prevent their being published or otherwise made public without the consent of the sender.

The Bill is intended to give protection to telegraphic messages and to prevent their being published or otherwise made public without the consent of the sender. It is a measure of great importance, as it will ensure that the privacy of telegraphic communications is maintained.

Rate of Protection.

The rate of protection for telegraphic messages is fixed at a certain amount, which is intended to cover the cost of the service and to provide a fair return to the operators.

Mandate Power.

The Mandate Power, which is granted to the British Empire, is a source of great strength and is intended to ensure that the interests of the subject peoples are protected.

CATY.

Psychological Care in a Store.

A young woman in the far department of the London Store was found to be giving wrong advice to her customers. She was removed from the store and is now being treated for her condition.

E. AFRICANS IN LONDON.

THE VISITOR'S HANDICAP.

Mr. M. B. B. has received a letter from a visitor who is handicapped. The letter is being forwarded to the appropriate authorities for their consideration.

TO-DAY'S CAUSE LIST.

A list of the causes to be heard in the courts today, including cases involving property disputes and criminal offenses.

M.P.'S SIX WEEKS' SAFARI IN TANGANYIKA.

THEIR EXCELLENCY THE GOVERNOR. Returning to Kenya by Air.

HEALTH SAID TO BE COMPLETELY RESTORED.

Mr. Oswald Lewis, M.P. for the Colchester division of Essex, has returned to Kenya after a six-week safari in Tanganyika. His health is reported to be completely restored.

Settlement.

The settlement of the land in Tanganyika is being carried out in accordance with the provisions of the Land Ordinance. The process is being supervised by the Government.

STOCK EXCHANGE PRICES.

The prices of the various stocks and bonds in the East African market are as follows:

Arrival in East Africa.

Mr. J. J. J. has arrived in East Africa from London. He is on his way to visit his family and to attend to some business.

INDUSTRIAL.

The industrial activities in East Africa are showing a steady increase. The Government is encouraging the development of the manufacturing sector.

War Service.

Further active war service is being provided by the East African Mounted Rifles. They are engaged in various operations in the theatre.

A Good "Bag."

The East African Mounted Rifles have secured a good "bag" of game during their recent operations. The game is being distributed to the troops.

THE VISITOR'S HANDICAP.

Mr. M. B. B. has received a letter from a visitor who is handicapped. The letter is being forwarded to the appropriate authorities for their consideration.

A NEW WORLD'S RECORD.

A new world's record has been set in the East African market. The record is for the highest price paid for a certain commodity.

300,000 BALES AIMED AT.

Uganda Cotton Production in 1914.

MR. R. McGEORGE.

INCUBATING INTEREST IN CULTIVATION METHODS.

Mr. R. McGeorge, the British Consul in Kampala, is interested in the methods of cotton cultivation in Uganda. He is encouraging the farmers to improve their methods.

Uganda Cotton Production in 1914.

The production of cotton in Uganda in 1914 is expected to reach 300,000 bales. This is a significant increase over previous years.

The increase in production is due to the efforts of the Government and the farmers. They have been working hard to improve the quality and quantity of the cotton.

The Government is providing the farmers with the necessary tools and equipment. They are also providing them with technical advice.

The farmers are responding well to the Government's efforts. They are producing more cotton and of a higher quality. This is a great achievement.

The increase in production is a result of the Government's policy of encouraging the cotton industry. This policy has been very successful.

The Government is continuing its efforts to improve the cotton industry. They are providing the farmers with more support and assistance.

The farmers are continuing to produce more cotton. They are also improving their methods of cultivation. This is a very encouraging sign.

The Government is very pleased with the progress of the cotton industry. They are confident that the production will continue to increase.

The cotton industry is a very important part of the Ugandan economy. It provides the farmers with a source of income and employment.

The Government is committed to supporting the cotton industry. They will continue to provide the farmers with the necessary support and assistance.

The cotton industry is a very promising one. It has the potential to become a major export for Uganda. The Government is doing everything possible to make this a reality.

The cotton industry is a very important part of the Ugandan economy. It provides the farmers with a source of income and employment. The Government is committed to supporting the industry.

GET A REAL DUOCO JOB

when you have your car repaired.

MILLIONS of new cars are finished with Duoco because their makers know that Duoco is the finish a good car ought to have.

So, when the time for repainting comes, good judgment says: "Get a genuine Duoco job." "Just say Duoco" will give you the most of Duoco. There is only one Duoco, and it has become so famous that other makers are sometimes offered as Duoco.

For your own protection therefore, insist upon Duoco—the real Duoco—with your choice of the smart Duoco colors. Be happy with your reworked car. Save money, too, for Duoco is long-lived.

YOUR GARAGE-OWNER WILL GIVE YOU AN ESTIMATE FOR A COMPLETE REFINISHING.

CONSTIPATION

YOU will never gain control of your system by taking purgatives and laxatives. These merely remove the contents of the bowels and do not touch the cause of the trouble. You must get the real cause of the trouble and get it out. You must get the real cause of the trouble and get it out. You must get the real cause of the trouble and get it out.

KIMOC INDIAN BLOOD TONIC

A GLANCE AT LONDON'S LATEST FILMS.

Marine Dietrich in a New Role.

EXCITING MYSTERY STORY.

Caravane at Three London Theatres Simultaneously.

Impressions of Lighting.

Some interesting observations on the subject of moving pictures have just been made by Irving Pichel, the screen actor and director. In his things an expert observation can be made as to the art of lighting. He can take a room of ordinary proportions and extend or contract it to twice or half its original size by means of light and shadow, the stripes across the wall, the way it is made to appear almost like the original length or width. The director can create character in the faces of the performers. He can make them appear aged for young or tired or ill by shading their faces with his lights. This is a subtle part of his art, the actor, makeup and how greatly the director counts in the mastery of moving pictures.

About a Nightmare.

As the Empire, two pictures, one American, the other British, rival each other in definition. One hundred feet silent Yankee might find a reasonable enjoyment in "Turn Back the Clock," a story of a young man who is brought back to life after being dead for three years. The picture is a masterpiece of technical skill and is a most artistic result of the camera. The picture is a masterpiece of technical skill and is a most artistic result of the camera.

MARDIGS & BRIEF (SALE)

continuing with a marvelous reduction in Evening Gowns and the Latest Modesty from Paris at below cost. P. O. Box 642. GOVERNMENT ROAD, NAIROBI.

REFUSE REMOVAL.

Changing Over to Mechanical Transport.

Two months ago a system of motorized refuse removal was installed by Nairobi Municipality. As a result over 200 carts that were formerly used for the removal of refuse, and their annual drawing power have been discarded, making for increased efficiency. At the same time a number of vehicles which were formerly required and are no longer used have been sold. For the time being only two vehicles are in use in Nairobi. The new system consists of eight motorized refuse containers fitted with wheels and which can be run off the main chain on to separate conveyors, operated wholly within the conventional refuse pits, and which collect refuse in the suburban areas, extending from about the "Orange Park" to Westlands, and as far as the Eastern gate of the City Road, about three miles in length. These are areas that were previously served by the carts.

Question of Carts.

Whether this new system is more economical is a difficult question, as it has not been in operation for long. It is, however, the other hand, it is far more efficient and less objectionable than the old system. The refuse is far less collected in the streets, and the number of carts is reduced from 200 to about 20. The carts are now used for the removal of refuse from the houses to the carts, and the carts are now used for the removal of refuse from the carts to the dump.

At about 12 midnight on Monday a train, alleged to have been struck by a motor car, was involved in a slight collision with an on which was drawing a night mail over on the Roussetown road.

Britain's War Debt to the United States

FURTHER NEGOTIATIONS AT WASHINGTON.

Nine Billion Dollars.

AN IMPOSSIBLE BILL TO MEET OVER FIFTY-ONE YEARS.

Britain's war debt to the United States totals nine billion dollars, principal and interest over 51 years, and further negotiations have opened in Washington with a view to arriving at some composition on this bill.

The representatives of Britain explained the reasons for the impossibility of payment under the existing conditions.

The American delegates insisted, it is stated, "sympathy existed in the British case, but New York newspapers do not consider it likely that the United States will accept the British offer of a ten per cent. payment or of a lump sum payment of a billion dollars."

New Proposals.

It is doubtful whether President Eisenhower will accept it.

British's Position.

Washington, October 11. The Anglo-American war debt negotiations finally opened today at the United States Treasury office, the Treasury report said.

The latest "inward sympathy" in the British delegation during a two-day reprieve of the Secretary of the Treasury and Assistant Secretary of the State Department.

"The latest 'inward sympathy' in the British delegation during a two-day reprieve of the Secretary of the Treasury and Assistant Secretary of the State Department."

According to the Washington report of the New York Times, "It is expected that the British offer of a 10 per cent. payment will be rejected, although it is believed that the British Government will offer a lump sum of a billion dollars, but the correspondents."

New Record for Flight to Australia.

PREVIOUS TIME LOWERED BY 40 HOURS.

By Sir C. Kingsford-Smith.

JOURNEY ACCOMPLISHED IN JUST OVER A WEEK.

Air-Commodore Sir Charles Kingsford-Smith has accomplished a solo flight from England to Australia in just less than a week and has lowered by 40 hours the previous best time for the journey of 8 days 20 hours 47 minutes established by Mr. C. W. A. Scott last year.

When Sir Charles Kingsford-Smith set out from England on Wednesday last week, he had no intention of attempting the record, but he made such good progress and his British machine was running so well that he decided to try and beat Mr. Scott's time.

Air-Commodore Sir Charles Kingsford-Smith has accomplished a solo flight from England to Australia in just less than a week and has lowered by 40 hours the previous best time for the journey of 8 days 20 hours 47 minutes established by Mr. C. W. A. Scott last year.

Human Demand For Equality of Armaments

EFFECT IN GENEVA, LONDON AND PARIS

A Critical Situation

BRITAIN OPPOSES ANY ADJOURNMENT OF CONFERENCE.

"The situation is so bad that it is obvious that something must be done..."

The outlook for the success of the Disarmament Conference is, however, distinctly gloomy...

The cause of the existing deadlock is Germany's implacable insistence for equality of armaments...

Following a two hours' meeting of the British Cabinet during which the position was reviewed...

Hoping For The Best

Without sight, however, but is hoping for the best.

A Matter of Urgency

Mr. John Simon will resume his part in the disarmament conference at Geneva...

Mr. Deland, the French Premier, stated yesterday and at a luncheon today...

Mr. Norman Davis, the United States delegate to the conference, is very optimistic...

Mr. Arthur Henderson, the President of the Conference, presented a declaration of disarmament...

Mr. Norman Davis, the United States delegate to the conference, is very optimistic...

Mr. Arthur Henderson, the President of the Conference, presented a declaration of disarmament...

The British Government's general attitude towards the conference was fully defined by Mr. Stanley Baldwin...

TENSION IN THE FAR EAST

Japan and Russia Again

A Protest

Publication of Alleged Secret Documents

COMPLETE RETRACTION DEMANDED

Indignation is very intense at the Soviet action in publishing alleged secret Japanese documents...

A Japanese War Office spokesman demands the complete retraction of the allegations and an admission that the documents are spurious...

In the meantime the Foreign Office is likely to protest to the Soviet or to warn Moscow in regard to the publication of the alleged reports.

Unemployment Figures Further Reduced

40,000 More Coal Miners

A Steady Improvement

BRITAIN'S ECONOMIC RECOVERY CONTINUES TO BE REFLECTED IN THE INCREASED NUMBER OF PEOPLE EMPLOYED.

Last month's figures again showed a big reduction in the number of unemployed, the most significant being in the coal mining industry.

The Ministry of Labour announced a decrease last month of 74,410 in the number of registered unemployed. The total out of work is now 2,200,787.

There was an increase during the month of 80,000 in the number of insured persons in employment. The total now at work is 8,948,000.

There has been a reduction of unemployment each month since last October. In the month of September the number unemployed was 2,200,787.

VAUXHALL OWNER. Was it?

THE MOTOR MARI AND EXCHANGE LIMITED
 Mombasa - Nairobi - Nakuru - Eldoret - Dar es Salaam.

A KENTA RE-ORGANISATION.
 (Continued from page 1.)
 We recommended that both present personnel and future recruits, who were or might be eligible for overseas privileges should do two years of service of four years each followed by subsequent tours of three years each. It is hoped that officers at present in the Service, the Committee recommended in the case of those who had completed nine or more years' continuous service, that their present and future tours be confined to three years.

In regard to Army officers, the Committee recommended that officers with at least seven years' continuous service, although contemplating that with few exceptions all future recruitments to the Army Civil Service could be made locally and would carry overseas privileges. The foregoing proposals in regard to tours of service are those which have been accepted by the Secretary of State.

Overseas Leave.
 On the subject of overseas leave the Expeditionary Advisory Committee recommended that European officers full pay leave at the rate of three days per month of 30 days' leave, for each of the first three years of their tour of four years' term. (This is equal to between six and seven months of full pay including travelling time.)

In the case of three years tours the leave recommended is full pay at the rate of four days for each completed month, which amounts to the same thing. All officers travelling by air, it was suggested should be granted a week's extra leave on full pay in respect of each journey by air. Proposals on these lines have been adopted by the Secretary of State.

The Expeditionary Advisory Committee also proposed that in future the purposes of leave stations in the Colony should be divided into three categories—healthy, semi-healthy and unhealthy—and that periods of leave should be varied accordingly.

The basis of calculation for the Army Service entitled to overseas privileges was suggested to fall pay for 24 days of each completed month plus full pay for the balance of the month. This basis has also been approved by the Secretary of State.

In respect to leave, the recommendations accepted were that in future officers should be granted a free passage in excess of the lowest grade of accommodation in the class in which they were entitled to travel and that the future passage concession should be limited to that extent.

On the subject of family passes the Expeditionary Advisory Committee recommended to maintain the existing provisions but considered that unless transferred from another railway an officer should be regarded as permitted to bring his wife to Kenya during his first tour of service. If, for any reason an exception was made

THE DISARMAMENT TANGLE.
 (Continued from page 1.)
 Germany does not demand equality in arms with France after five years, but she does demand equality in arms with France after five years after that period. She is prepared in any case which is ready to do when other Powers declare definitely what categories of weapons they will accept.

A Critical Phase.
 [By WIRELESS.]
 The Disarmament problem this week enters upon an important and perhaps critical phase. In Geneva the Bureau of the Conference meets today, and the Conference is to resume in a week's time or whether postponement is considered advisable. During the week-end informal conversations have taken place between delegates of the leading Powers, and Captain Anthony Eden, the Parliamentary Under-Secretary for Foreign Affairs, has had interviews with the United States, the French and Italian and German representatives.

In London this afternoon the Government will receive further examination by the Cabinet, and the Foreign Secretary, Mr. Simon, is expected to leave his department to Geneva with tomorrow in order to attend this meeting. Germany's preliminary observations, communicated verbally to London and Rome last Friday

Manchuria—no reduction of 44,700.
The Secretariat.
 The last question dealt with by the memorandum is that of Secretariat re-organization. The Secretary of State has adopted a plan of certain modifications of the Expeditionary Advisory Committee. The Colonial Secretariat will be re-organized to include the commercial work done by the Chief Commissioner and his assistants but in addition to the staff recommended by the Expeditionary Advisory Committee one Assistant Secretary will be employed.

Mr. Baldwin's Warning.
 Meanwhile the grave warning of Mr. Baldwin's speech on Friday of the consequences which might follow failure to achieve a Disarmament Convention has attracted serious attention abroad. Mr. Baldwin pointed out that general rearmament would mean interference at junctions and stations, increased seventh accumulation of troops, not really necessary for defensive purposes and the appropriation of military supplies in a few towns where they have been laboriously obtained for military purposes. In far more numerous cases existing deficits would be diminished and the military and financial bankruptcy.

CORRESPONDENCE.

The Editor does not accept responsibility for the correspondence in these columns and in all cases the views and addresses of those who write must accompany a letter, and necessarily for publication but brevity is also essential to ensure consideration.

HANDLING BEAN CROPS.

To the Editor, "E.A. Standard," Sir.—At the risk of being doubted a "well-informed adviser" one or two tips on the selection and harvesting of beans may come amiss to those who make such a labour and trouble of their bean crop. Speaking more especially of varieties such as Canadian Wonder, Blue Coco and others of similar type of plant growth...

The lead cultivation for planting and sowing beans and peas and the planting may be done in the same manner by the drill and hoe or by the hand method. In the case, however, every other month give the manure a good dressing and should be regulated by the amount of the beans. There is an unending amount of regulations in the case of the beans. There is an unending amount of regulations in the case of the beans...

Another word of warning about harvesting the small beans. They should usually come ready than the larger varieties and should be handled with greater care. After being packed into the little boxes, for sending off, you must get some time they don't need sorting at all and all the beans should be packed in the boxes. For loading up to wagon or cart on a time that you have and get of equal time, you don't need to be in a hurry. They should be in a hurry for them to get to the wagon or cart. On the cart or wagon have a tarpaulin or sheet of some kind to catch the beans, and cover it by the sides. At the same time or time, drive the wagon on the tarpaulin or sheet, and catch the beans. They catch all the shelling beans. In fact, although most of the beans, the moderns is exactly similar to the handling of a normal crop of chick peas, etc.

Yours etc. J. K. HILLIS, Gilgil, October 6, 1932.

THE POLITICAL OUTLOOK.

To the Editor, "E.A. Standard," Sir.—In the last published issue of the Standard of Thursday, Mr. J. M. Hillis considers the views of the distinguished statesman, the proposer of the resolution referred to, as a gross reflection on the official members of the Legislative Council. As the member of the said resolution, I am obliged to say that my comment is to the effect that the views of the official Statesmen must be considered with being satisfied that the official members of the Legislative Council. It is the official members of the Legislative Council. It is the official members of the Legislative Council...

essentially vastly different from that of the unofficial members. Mr. Hillis is that up as a champion of the official members of the Legislative Council in view of his constituents, made last year when he was Mayor of Nairobi, at a public meeting held in the Theatre Royal and reported in your weekly Standard of January 9, 1932. According to that report, Mr. Hillis said: "I am not a member of the Legislative Council."

"Government," was regarded as a member of the Legislative Council. He might have been a member of the Legislative Council. He might have been a member of the Legislative Council. He might have been a member of the Legislative Council...

"I have tried various machines. Twenty years ago I used an English threshing machine and I found it was not so good as the American ones. I found it was not so good as the American ones. I found it was not so good as the American ones...

To the Editor, "E.A. Standard," Sir.—Let me, most respectfully, protest against the letter from Mr. J. M. Hillis, dated 27th October, in which he states that he has been invited to visit the Standard office in Nairobi, via the Standard office in Nairobi, via the Standard office in Nairobi...

Yours etc. A. A. MERRIN, Nairobi, October 6, 1932.

NAIROBI CONDITIONS.

To the Editor, "E.A. Standard," Sir.—Let me, most respectfully, protest against the letter from Mr. J. M. Hillis, dated 27th October, in which he states that he has been invited to visit the Standard office in Nairobi, via the Standard office in Nairobi, via the Standard office in Nairobi...

Yours etc. A. A. MERRIN, Nairobi, October 6, 1932.

Entertainments of the Week

THE DIARY

Oct. 5-11: "River's End," Empire Theatre.
"Good Intentions," Capitol Theatre.
Oct. 12-14: "Smilin' Through," Empire Theatre.
"When Love Comes," Capitol Theatre.
Oct. 15: "Favourite Dance," Queen's Hall, Nairobi, 8.30 p.m.
Oct. 16-18: "Favourite Dance," Torr's Hall, Nairobi, 9 p.m.
Oct. 16-18: "On the Level," Empire Theatre.
"Within the Law," Capitol Theatre.
Oct. 19-21: "Perfect Lady," Empire Theatre.
"Min and Bill," Capitol Theatre.
Nov. 1-4: "Richard of Bordeaux," by Railway Players, Regency Theatre.
Nov. 5: Miss Helen Davies' vocal recital, Torr's Hotel, 9 p.m.

This diary is subject to changes each week. The programme continues for instance, on Sunday for October 11, has been postponed until the 16th while the screening of "Min and Bill" has been transferred from the Empire Theatre to the Capitol.

THEM is undoubtedly the principal item of the week, and it stars Norma Shearer in a dual role of two different girls whose romantic experiences affect the life of one man at an interval of 40 years. First she is Rosemary Clare, when in 1880 she is the mistress of a young English aristocrat, and then, as Kathleen Sheridan, in 1920 when Frederick March is her lover. A wedding gown containing 65 yards of all set and 162 yards of silk lace is worn in the early sequence of the film.

ALTHOUGH the story covers a fifty years period, Miss Shearer remains youthful throughout and the play itself is an original type of phantasy, perhaps, but that this stage version ran for five months is an indication that it is well worth seeing.

IN the M.P. films, to be released here in the new year, Norma Shearer will be seen in "Let Us be Gay" with Marie Dressler, and "Two Sided Marie" also is "Requiem".

A Difference Overcome. WITH regard to Marie Dressler's appeal was made to the All Board of Censors against the decision that the film in which she stars with Wallace Berry "Min and Bill," should have certain scenes cut out. They are the rough-and-ready of river-side life. The All Board had another review of the film on Friday, and agreed to allow it to be shown without interference. They stipulate that no children under 16 years of age shall be admitted.

Two Hours a Night. THIS film has been sent up from the States, and as it has been looked for another section of the circuit there is only time to show it in Nairobi for three days. To accommodate everyone,

Miss Helen Davies' vocal recital, Torr's Hotel, 9 p.m.

Charles Booth and Marjorie Churchill in "Favourite Dance" last week.

"Smilin' Through" - Wonderful Wedding gowns - "Min and Bill" Twice nightly - "Richard of Bordeaux" - The Promenade Concert.

The management of the Capitol, to which the picture has been transferred, have arranged to put on two hours at night - 8 p.m. and 9 p.m. - and to omit the usual Saturday afternoon showing.

THERE will be a matinee on the 2nd for the children, for which special programmes in the big act together.

IMMEDIATELY the run of "Min and Bill" is concluded, it will be introduced back to the South.

WITH regard to the children, in future, at both houses, the changes in the one evening to the other, inclusive of entrance ticket.

Other Films

"RIVER'S END" is a story of the Canadian Northwest. Montreal Police, and promises excitement. Zena Grey provides the fun.

"WOMEN Love One" - The title practically tells the story.

"GOOD Intentions" - the people who have seen this thriller will expect something sensational. The plot is taken from the untireless, and contains the romance of a genuine Greek. Events are exciting.

"The Perfect Lady" - will be shown the following week, in H.I.P., and is the first feature made at the London Zoo.

NEW year programmes will include "Washington Magistrate" - Lionel Barrymore, "Fanny Hill" - Laurel and Hardy, "Bathurst" - Greta Garbo and Lawson Varynes.

The Promenade Concert. THIS was arranged for October 11 at Torr's Hotel, but a postponement of a week has been made. The programme will not suffer by the delay, more time being given for rehearsals. Those by the way, are now being held in the R.A.O.C. Lodge building, at the foot of Valley Road, which had been kindly loaned to the Musical and District Philharmonic Society by the Order. They are on Monday, Wednesday and Friday at 8 p.m.

Richard of Bordeaux. THE Railway Players have booked the dates of production.

THE Future. THIS does not exhaust the activities and energies of the amateurs. Arrangements are already under way for the staging of "Othello" to be played about the end of the year. This will be followed by at least four other works in the next year by the same people.

PRICE 20 CENTS.

CONSEQUENCES OF REARMAMENT

Grave Warning by Mr. Stanley Baldwin.

TO NATIONS WHICH BREAK THE CONVENTION.

The War Fear in Europe.

PRESENT CONDITIONS CAUSED BY ABSENCE OF CONFIDENCE.

A remarkable and dramatic speech of the disarmament question was delivered by Mr. Stanley Baldwin to a representative mass meeting at Birmingham, during the course of which he referred to the present serious situation in Europe.

World conditions to-day were not good, he said, one of the causes was want of confidence, which arose in Europe out of the fear of war. It was therefore imperative to bring about the Disarmament Convention.

Mr. Baldwin therefore issued a grave warning to those nations who broke the Convention either in letter or spirit, or who deliberately prevented such an agreement being reached. Those nations would have no friend in the civilized world.

If rearmament began in Europe there could be no reduction of tension for a generation, while some countries would become bankrupt. The world would be put back to 1914 with more knowledge than people had then. Another war in Europe would be the end of civilization.

Mr. Baldwin concluded by saying that the foundations of European civilization had rocked during the last 15 years, and they could not stand a second explosion.

A Serious Situation.

Mr. Baldwin's speech was a warning to those nations which broke the Convention either in letter or spirit, or who deliberately prevented such an agreement being reached.

Severe Political Tension in Spain.

FEELING OF NERVOUSNESS THROUGHOUT COUNTRY.

Awaiting an Election.

The severe political tension continues in Spain and the country is reported to be in a highly nervous state. The Socialists are said to favour another revolution rather than a continuance of the present form of Government.

Talk of a Revolution.

While President Azaña is still fighting for the application of the newly evolved Constitution, the Socialists have been reported in great nervousness throughout Spain.

The people are grimly awaiting another election in order to give their verdict on the much vilified Republican Socialist Alliance. There is evidence of despair in Catalonia where last night a state of prevention was proclaimed.

Brevity is also essential to ensure consideration.

The British Legion.

STATEMENT OF PETE ACCOUNT.

To the Editor, "E.A. Standard," Sir-I should be grateful if, through the medium of your columns you will publish the financial result of the recent British Legion Fete as shown in the accompanying copy to the Balance Sheet.

My wife I take this opportunity of thanking, not only myself but all the members of the Public who have responded to my appeal for such a great success, a success which in these days of depression, is the more remarkable.

It would be tedious for me to attempt to name the contributors, but I can say, in three few lines, on behalf of my Committee and all the members of the Kenya Branch of the British Legion, sincerely thank all those who assisted in making the Fete such a triumph.

In conclusion, having observed the certain assigned letters in your certain columns, I would state that it is a matter for regret that some members are unaware of the full nature of the activities of the British Legion and of the correct details in regard to the various and commendation of the funds at the disposal of this organization.

Our Balance Sheet is issued annually and is to be found in the British Legion, Nairobi, Kenya, to make a photocopy, not only in regard to the current year's work but also in future policy, which photocopy will, I feel sure, receive the same kindly publicity at your hands as we had been fortunate enough to enjoy in the past.

Yours etc. F. STEWART MODER, Chairman.

British Legion (Kenya Branch), Nairobi, 4, 1963.

The enclosed statement of the Fete, attached to the foregoing letter, shows a financial result in your expenditure of Shs. 21,847. Details of the returns from each stall are given separately in the Income and Expenditure Account, and show a total net income from stalls etc. Shs. 24,067, after deducting expenditure on bar stools, and similar items. Gate takings amounted to Shs. 1,054.90 and programme sales and advertisements to Shs. 2,315.50, from which expenses of Shs. 1,465 were deducted. Miscellaneous expenditure was only Shs. 1,251.75 for erection of stalls. (E.A.S. 1)

To the Editor, "E.A. Standard," Sir-I should be grateful if you would allow me to draw the attention of the commercial community to the 1963 British Industries Fair which will open at Olympia and White City in London, and at Castle Bromwich, Birmingham, on February 19 and close on March 2, 1964. As usual, the metal and heavy trades will exhibit at Birmingham, textile manufacturers at the White City and the Lighter trades at Olympia. Even at this early stage it is certain that the

PLAN HOW FOR PROPERTY.

To the Editor, "E.A. Standard," Sir-In your leading article of September 29, you invite "the public" to help the country to "forge ahead."

To the Editor, "E.A. Standard," Sir-I should be grateful if you would kindly publish the following information of the general Indian public in your columns.

At the persuasion of my several friends, I have consented to have my name put forward for the election of Members of the Legislative Council.

I take this opportunity to express my gratitude to those supporters who had so willingly promised to help me in this campaign.

I have no doubt that the Indian community in view of the importance of the moment will exercise their right of vote intelligently, independently and honestly, not being affected by any party pressure.

Yours etc. S. M. ARHAIE, Nairobi, October 6, 1963.

PETROL PUMPS

To the Editor, "E.A. Standard," Sir-I agree with the public protest made by Mr. W. H. F. Edger and Mr. B. G. Moulton against the stipulated decision of the Municipal Council to remove all petrol pumps from North Avenue.

I do feel that it is a great pity that Councilors do not realize that it is in part of their duty to pay attention to the way of people who are endeavouring to carry on business in the town.

This "law unto itself" the Municipal Council-would be well advised to curtail a little observation and deduction and then see that the citizens are in no manner to suffer for services which increase the rates and cause endless inconvenience to the public.

Mr. Moulton puts it in a not shall: "Their duty is to improve the facilities for carrying on business and not to impose ridiculous standards."

Yours etc. A. D. INTERIM, Nairobi, October 4, 1963.

ROAD AND WEATHER REPORT.

Mr. Galton-Franks writes in London: "The weather this week has been dry and dry all over East Africa, the only exception being a drought on the borders of Uganda and the Sudan, slight rains in the Kericho Shrub area similar to those in the Usambara range and light showers at various places at a slight delay."

The Bura bridge between Mbitani and Voi on the Mombi Mombasa road has been badly burnt three days ago, but is in course of being repaired, so prospective travellers had better postpone any plans before starting as it may save them a slight delay.

In Tanganyika, there have been rains in the Usambara range, but the Mombi Mombasa road is impassable for travel although rough, the road to Tanga, which is still suffering badly from drought, roads are in a bad condition with the exception of the Longido tracks road, which is so good that travellers must detour south by Ngao Nairobi.

In Uganda the weather has been dry with occasional showers. There has however been a very heavy cloud burst between Kitale and Torit on the Juba road which has washed away two or three bridges, road work therefore in progress for the next few days.

The following is the status of country roads as per telegraphic information just received: Nairobi-Kijaji - Good - Impassable. Nairobi-Voi (via Kitale and Narungu) - Fair. Bura bridge being repaired.

The Place of Maize in Prosperity Plans.

EUROPE'S DEMAND FOR CEREALS OUT-STRIPPING PRODUCTION.

America's Faith in the Crop.

WORLD STATISTICS SHOW NO BIG RISE IN SUPPLIES.

Maize, the great bulk crop of Africa, is one of the world's absolute primary products and foodstuffs.

It plays an important part in any plans made now by Kenya for prosperity.

Maize production has declined. At the same time, America is importing steadily increasing quantities of it. America—where maize is grown on a colossal scale—is no longer a main factor in supplying the world.

Africa's Chance Coming.

Despite the real backwardness of Africa, the maize harvest is the only one that is not decreasing. The maize harvest in 1930 was 1,000,000 tons, or 10 per cent more than in 1929. It is the only crop that is not decreasing.

COFFEE PRODUCTION BY NATIVES IN UGANDA.

Dealing with the situation in Uganda, the Government has announced a new scheme for the production of coffee in Uganda. The scheme is designed to encourage the natives to produce coffee on a large scale. The Government has granted a loan of £250,000 to the Uganda Coffee Producers' Association. The loan is to be used for the purchase of land, the construction of roads, and the provision of services. The Government has also granted a loan of £100,000 to the same association for the purchase of land. The Government has also granted a loan of £50,000 to the same association for the purchase of land. The Government has also granted a loan of £50,000 to the same association for the purchase of land.

Progress of Industry. Since 1924 the non-native acreage has remained fairly constant and in the last two years has even declined. During the same period the acreage of coffee exported has more than doubled and the increase represents the expansion of native production.

In 1936-1937, 184,000 lbs. of native coffee, valued at £140,000 were exported, and in 1937-1938, 28,077,000 lbs. of native coffee, valued at £220,000 were exported, while the amount of non-native coffee exported for the same year was 12,360,000 lbs.

Restrictions Arguments. From time to time two reasons have been produced by sections of the community in favour of restricting the production of coffee by natives. One of the arguments is that it is unwise to encourage native production of a crop which has been produced in Uganda since the time of the first European settlers. The other argument is that the natives are not yet ready to take up the production of coffee on a large scale.

On the first point there have been divided opinions for many years. The argument is that native production of coffee is unwise because the natives are not yet ready to take up the production of coffee on a large scale. The other argument is that the natives are not yet ready to take up the production of coffee on a large scale.

Cultural Methods. Closely associated with the question of production is the question of cultural methods. There is a wide variety of methods of growing coffee in Uganda. The methods of growing coffee in Uganda are of two kinds. One is the method of growing coffee in the shade of other trees. The other is the method of growing coffee in the open.

The British Export. The other argument that we should restrict coffee production because it has advanced recently by our local planters. The British Export. The other argument that we should restrict coffee production because it has advanced recently by our local planters.

Production Statistics. The following table shows the production of coffee in Uganda for the years 1924-1937. The table shows that the production of coffee in Uganda has increased steadily since 1924.

The dominating point is that the British Empire is producing only 2.8 per cent. of the world's coffee and is still producing a much larger share. The British Empire is producing only 2.8 per cent. of the world's coffee and is still producing a much larger share.

The various arguments of the natives are valid. It is an experimental situation in Uganda and it is possible to conduct coffee production on a large scale. It is an experimental situation in Uganda and it is possible to conduct coffee production on a large scale.

The Government has granted a loan of £250,000 to the Uganda Coffee Producers' Association. The loan is to be used for the purchase of land, the construction of roads, and the provision of services. The Government has also granted a loan of £100,000 to the same association for the purchase of land.

ENTERTAINMENTS.

"The First Mrs. Fraser." There was a very large house at the Empire Theatre for the second performance of "The First Mrs. Fraser" on Thursday night when a thoroughly appreciative audience enjoyed to full measure the excellent production of the play. The play is a thoroughly appreciative audience enjoyed to full measure the excellent production of the play.

Capitol Theatre. To-night's programme at the Capitol Theatre can be highly recommended. "Out of the Blue" is a new series of "Little Tony" sketches. It is most amusing and Gene Garrard and Jessie Matthews are very good in a capable assembly of players. The plot begins in an unusual manner. The husband is absent from work in the course of which he gives his weekly talk on history lessons to his English school, incidentally, forgets in talking to a colleague that the microphone is still active, and he must have been as anxious as the audience in front of good clean fun throughout, well played and well photographed. "Out of the Blue" is preceded by a very good collection of shorts, including the new "English School" series. This is the only opportunity of seeing the latest, as there are no films being shown at the Empire Theatre until Monday evening.

Marketing. Two years ago we were sending coffee from Uganda to the markets that was giving the producers a loss of £100,000. The Coffee Grading Ordinance in 1936 was a very marked improvement. It has since been revised and is now a very marked improvement. It has since been revised and is now a very marked improvement.

Salisbury Hotel Swimming Baths. The Baths have been re-decorated and refilled with fresh water. Entrance fees: Bathing Shs. 1.50 (Mondays and Fridays 1.00), Balcony Cts. 50. Children Half Rates.

PROBLEM No. 142.
By O. Detterbeck (1906).
Black Four.

PROBLEM No. 143.
By C. Stanley (1849).
Black Eight.

PROBLEM No. 144.
By Rev. E. E. Cunningham.
Black Two.

QUEEN'S PAWN OPENING.
The following is one of the most dramatic endings in the Queen's Pawn opening.

- White. Black.
1. P-K4 Q-K5
2. K-K3 P-QK3
3. Q-K1 Q-K2
4. P-K3 P-K3
5. B-Q1 P-B4
6. Q-K2 B-B3
7. P-B3 B-K2
8. Q-K3 Q-B2
9. P-Q3 Q-B2
10. P-K4 Q-P3
11. P-K3 Q-P3
12. Kt-P P-P
13. P-P Q-K1
14. R-K2 Kt-K3
15. B-K1 B-B3
16. Q-K2 P-K3
17. Q-B1 B-B1
18. Q-Q2 K-B1
19. K-B1 Q-Q2
20. Q-Q2 Kt-P
21. Kt-K1

Position at this point.
Black (White's) 12.

White (Tyler) 12.
Black to play.
Black played 21. B-K2 and White answered by 4. as follows:
22. Q-K1 ch. K-K1
23. Q-R5 ch. K-K2
24. R-K1-B1 ch. P-K3
25. R-K1-B5 double check and mate.
Black should have played by K1 before exchanging Rooks.

SOLUTIONS.

Problem No. 141. Wrochick.
1. P-K4 mate, 2. Q-B6 mate.
Black has only three defenses which guard both the king and the queen.

It will be noticed that they allow new mates of quite ingenious character owing to what is termed "mutual interference."
If 1. L-L4; 2. B-B3 mate.
If 1. L-L4; 2. B-B3 mate.
If 1. L-L4; 2. B-B3 mate.
Solved by E. S. P. Berkeley and W. R. M. Fowler, who remark: "Nice illustrations of interference."

Problem No. 142. Sebel, Key.
1. L-L4; 2. B-B3 mate.
If 1. L-L4; 2. B-B3 mate.
If 1. L-L4; 2. B-B3 mate.
This is a First Problem by the leading composer of Norway. The key is excellent, interesting with the Bishop and therefore seeming to give an absurd amount of freedom to the enemy. There are several good tries which only just fail.

BRITISH CHAMPIONSHIP.

M. Sultan Khan has again won the British Championship by coming out top of the list in the tournament at Hastings. He lost only one game (to W. Winter), drew one with R. H. Tyler (who came second with 9. H. Tyler, who won all the others, and George Thomas obtained only fifth place, "playing first class but wearing it by occasional blunders."

Mrs. Patina, an Indian player, won the Ladies' Championship of the British Empire with the loss of only half a point.
This double victory for the Indians causes considerable comment in Chess circles at home. It is the third by Sir Sultan Khan, his previous holdings of the coveted title having been in 1929 and 1932.

Rainfall Record for the Week.

The following is the H.E.A. Meteorological Bureau weather report for the week ending Oct. 5, at certain stations in the Colony and Protectorates of Kenya and other E. African Territories.

It had, according to the American, the same was about the same on this day of the year from a purely scientific point of view. There is little interest in that point of view. But this afternoon the sun shined from the clouds and the temperature rose to equality, raising the humidity to a level that is not unusual for this time of the year. The humidity is not unusual for this time of the year. The humidity is not unusual for this time of the year.

The Gossard Line of Beauty

Reaching a New Low...

... in evening foundation looks - without overdoing - best support which is essential to achieve modern youthful lines. This new Gossard evening foundation is fashionably practical in other ways, too. It's made of a beautiful, but firm, French fabric with two sections of pliable stretch over each side to shape the waist and hips. Fine lac forms the dainty night support.

PARAMOUNT RECIPES

ORANGE LAYER CAKE.

Ingredients:—

- 1 lb. Kenya's Paramount Flour.
- 6-ozs. Castor Sugar.
- 3-Eggs.
- 1 Teaspoonful of Baking Powder.
- Finch of Salt and Orange Juice.

Method:—

Grate rind of orange on triple sugar, and mix well together. Whisk the eggs, then add sugar and continue to whisk for twenty minutes, or until creamy.

Sieve flour, and add lightly to eggs.

Grease tin and dust with equal quantity of flour and sugar. Put mixture in tin; place tin on baking sheet, and bake twenty to thirty minutes in a moderate oven. When finished, turn on to Sieve to cool, and when cool, ice with Glacé icing, flavoured with orange juice.
