EXPLORING KENYA OIL PROSPECTS

Search intensified

WORLD'S LEADING OIL COMPANIES SEND OUT EXPERTS

Several of the world's leading oil companies are becoming increasingly interested in the prospects of finding oil in the vast, unexplored territories of Kenya's Northern Frontier District. The British Petroleum Company's geologists are now working in the area for the N.F.D. to ascertain whether the geological conditions are suitable for oil. The E.C.A. also has a team of geologists working in the area. The British Petroleum Company has already been actively exploring for oil in the area of the N.F.D. in South America. Rumours are also circulating that the American and Canadian oil companies are likely to delay the start of their operations in the area.

ENGLISH CRICKET ON TRIAL THIS SUMMER

Potentialities of the touring team

by Herbert Sutcliffe

THE cricket season which has just opened began for me with a mystery. Why did the South African Cricket Association send only 15 players to England? I know the tourists have come in a spirit of exceptional optimism but it is hardly a little over-optimistic to face a hard tour with only four possible placements. Hence this was written. Hugh Tayfield has been chosen to reinforce the South Africa team.

There is the best medical care from the English side. I am sure that the South African players will be able to adjust to the English conditions. The English will be able to adjust to the South African conditions. The English will be able to adjust to the South African conditions. The English will be able to adjust to the South African conditions.

The 'cow shot'

The 'cow shot' is a term used in cricket to describe a batsman's attempt to hit a ball that is in the air and is likely to be caught. It is a high-risk shot that is often used in desperate situations.

Trouble in store

Trouble in store for the South African team as they face a series of tough matches in England. The team's performance in the first few matches has been mixed, and they are expected to face a significant challenge.

Springboks gain their first victory

The South African Springboks gained their first victory in the first Test match against England at Cardiff. The team's performance was impressive, and they are expected to continue their winning streak.

SMALL ENTRY FOR BRITISH AMATEUR

Kenya golfer meets holder in first round

"Standard" golf correspondent
THE 13th Walker Cup golf match between the amateurs of Great Britain and America at Brixdale, of the weekend, was almost certainly the best of the entire series.

Although the British team was beaten for the twelfth time, their only win was in 1936, the home golfers have never played better. They fought valiantly and the result was in doubt almost to the end.

But good as were our golf men, the Americans were just that little better—better even than usual. Indeed Ken who was U.S. amateur champion two years ago, defeated Kenyon in the first round. Kenyon, who was the best American amateur golfer in the retirement of Jones.

Time only saw Frank Stranahan. A few years ago he failed to qualify for the first of the two holes in the British Open championship. Stranahan would have recalled the fact that the British amateur Roger Wetherill is having for the Open.

Must be magnificent

It is a good thing that the British team was beaten for the twelfth time, but it is a pity that the Americans were just that little better. The British team was beaten for the twelfth time, but it is a pity that the Americans were just that little better.

THE NAKURU JUNE RACE MEETING

Weights and order for the first day

THERE has been a very late factory entry of 113 for the first day of the Nakuru June meeting to be run on Saturday June 2. The second day of the meeting will be the Saturday following, June 3.

The organizers made a most auspicious start. Opening with McGlow and Watte, the tourists had made the best beginning of the tour to date. When the opening pair were out, Maxwell and Motie came in and they were out again.

Every mother who cannot feed baby naturally or who needs to supplement the breast feed, should know that Lactogen is similar to his natural food. Pure cow's milk is modified to provide a food properly balanced in nourishment, easily digestible, like breast milk. An iron extract added to health, iron is added to protect baby from anaemia, and extra vitamins A and D are included to build resistance to illness, to aid development of sturdy bones and fine teeth.

Asians in Kenya

To the Editor: I have read the letters written by your correspondents the Editor and J. K. Njoroge under the heading "Asians in Kenya" in the issue of the 19th instant. Mr. Njoroge states that many of the multiple representations from him are not representative of the community as a whole. I am of the opinion that we should not be misled by the views of a few individuals as well as Europeans. It is most regrettable that we have to look at the actions of our members and our members' representatives. ARMY BEGIN WITH A GOOD VICTORY

New goalkeeper is 'find' of the side

RAILWAY F.C. 8, NAIROBI ARMY F.C. 2
In the second of the weekend football league matches on Saturday afternoon at Sunday Army were worthy winners by two first-half goals against a Railway team whose forwards seemed all at sea in the heavy attack.

Most of the match was devoted to any question of a newcomer to Nairobi football—the Army goalkeeper, Wagner. He was undoubtedly effective and his excellent body-shielding skills kept the Railway forwards from being effective in their attack. The F.A. selection also have chosen him for the team against Asian Sports Association on Thursday evening.

Nairobi's opening was made by the first half was often very close and the half ends were very close. The Army's second half was made up of the best of the Army's defence, who set to work in a very effective manner in the second half. The Army's defence was very effective in the second half. The Army's defence was very effective in the second half.

Disagreement over Olympics

Fell into the trap

The fact that the Kenya Olympic team has been selected by the Kenya Olympic Association, which is not a member of the International Olympic Committee, has caused a great deal of controversy. The Kenya Olympic Association has been accused of being a 'closed shop' and of not being representative of the Kenyan people. The International Olympic Committee has refused to recognize the Kenya Olympic Association and has instead recognized the Kenya Olympic Committee, which is a member of the International Olympic Committee.

MOMBASA GOLFER JOLTS STRANAHAN

Highlight of Amateur Open first round

STANAHAN'S CONSIDERABLE performance in a **PLUFFED** drive at the 11th hole ended a gallant bid by Major Keelen, well-known figure in Mombasa golfing circles to defeat the titleholder, Frank Stranahan of the United States in the first round of the British Amateur Open Golf Championship at Port Natal. Stranahan won two and one.

Major Keelen, who had formerly engaged upon the construction of the Blackmore Road camp, was recently drafted back to Britain. He hopes to be returning to East Africa shortly. An unexpected victory of the sort enjoyed by Keelen is hard to find in the history of the British Amateur Open. Keelen's 11th hole putt was a masterpiece. Stranahan's putt was a masterpiece. Stranahan's putt was a masterpiece.

CORRESPONDENCE

Land and Population

The Editor, "E.A. Standard"

Several correspondents in Africa have been writing to me for some time regarding the land and population problem in Kenya. I have been asked to explain why I have not written more on this subject. The reason is that I have been busy with other matters. However, I will now attempt to explain the situation in Kenya.

Kenya's reserves more than 15 million acres. This is a vast area of land. However, it is not all available for settlement. A large portion of it is reserved for the Government and for the use of the public. The Government is responsible for the land and population problem in Kenya.

It is the duty of the Government to provide for the needs of the people. This includes providing for the land and population problem. The Government is responsible for the land and population problem in Kenya.

Reserve in Kenya of settling our land problem is a very serious one. It is the duty of the Government to provide for the needs of the people. This includes providing for the land and population problem. The Government is responsible for the land and population problem in Kenya.

Witswatersrand gold mines reviewed

A DETAILED book on the Witwatersrand gold mines has just been published in London by a mining engineer Mr Paul Kuttelberg.

Like Mr Kuttelberg's recent book on the Orange Free State gold mines and the Vaal River gold mines, this work is distributed by the Publishers Chapman & Hall.

Containing a detailed description of the gold mines in the Witwatersrand area, the book also contains a full and complete list of the names of the various mines, their owners, and the names of the various shareholders.

The book is a valuable reference work for all those concerned with the gold mining industry in South Africa.

A Woman's Ordeal

At the London A. S. Standard, Sir Emily Peel, Secretary of State for the Colonies, is quoted as saying that the above mentioned case of Mrs. Webb's residence at Cape Town is not a matter of public concern.

It is said that the case is a private one, and that the Government is not concerned with it.

The case is said to be a matter of private law, and that the Government is not concerned with it.
