IS TV GOING TO AFFECT FAMILY LIFE?

Yes of course it is. You will find it tends to bring the family closer together. Johnny won't duck out on you, unless his friends have a Philips TV and you haven't. Your family will gain valuable education from many programmes, your sons and daughters will see the different lands they are told about at school.

You will, of course, have to be firm and only switch on select programmes, otherwise you will soon be a "square-eyed" addict.

The main programmes will not start until 7 p.m. or later, so you won't have to give up your gardening, sport or sundowner drink. Yes, with Philips TV anyway you will get the best possible picture with the least trouble and enjoy TV to the full.

Meeting before conference

MARILLAN yesterday set the stage for the Commonwealth's Summit conference on the Common Market by beginning a series of informal talks with Commonwealth leaders who have already met in London for the Prime Minister's conference.

He gave a luncheon to Mr. Keith Holyoake, Prime Minister of New Zealand, and had night dinner host to Mr. R. G. Menzies, Australia's Prime Minister. The "Anzac" countries, with Canada, because of their mutual big agricultural exports, are vitally involved in the biggest hurdle Britain has yet to cross in her bid to join Europe — safeguards for Commonwealth agriculture.

Mr. Menzies and Mr. Holyoake, the first of the top arrivals in public statements have already pinned-pointed their reservations about certain aspects of the terms so far European community.

Biggest in history

Mr. Macmillan has for the past week been studying the whole complex issue in the occlusion of his official itinerary, the residence, Chesham, Buckinghamshire, and making his preparations for presiding over the biggest conference in the Commonwealth's history.

A decision on Britain's entry in for the British Government alone to take. Any decision will be submitted to Parliament at the earliest practicable moment. This has been made clear to the other Commonwealth Governments, and in fact both Mr. Menzies and Mr. Holyoake say they are not in question of any veto at the conference. Britain has enough of an influence of the terms available.

We've made seven full trips already... travel Nilestar and save money!... Europe or London in 2 days for only £80... return only £109

The fact that we have made seven trips since our service was inaugurated and carried 700 passengers in both directions is sufficient evidence to prove its popularity, that it is a recognised means of travel to Europe, and that we can definitely save you £50 or more in fares if you travel by the Nilestar Travel Plan.

Our next trip leaves Nairobi in October. Passengers travel by coach on the first day to Torino, Gulu and Juba. From Juba, on the second day aboard a 74-seater DC4 Sky-master, married by American crews, passengers travel via Khartoum and Benghazi to Luxembourg and arrive in Luxembourg on the third day. The husbands and wives are not only qualified linguists but care for the children too, and caravans have been provided on the plane or while travelling by coach or train, and these are included in the fare. Passengers are then taken by coach to Ostend and hotel accommodation is provided at Ostend for the night. The next morning passengers cross by Channel steamer to Dover and arrive at Victoria Station, London at 3.42 pm. local time. We have four types of fares: (a) adult fare for only £109. Furthermore, for the same fare you can make Amsterdam, Brussels, Basle, Cologne, Düsseldorf, Frankfurt, Geneva, Munich, Milan, Paris or Zurich the terminal point of your journey and vice versa. Passengers can also visit the U.S.A. by Nilestar at a cost of only £190 single or £270 return (Nairobi/New York/Nairobi). While travellers should ask for further details, baggage allowance is 20 kilos per family paying passenger and children's baggage is carried at a proportionately reduced rate. Excess baggage costs 20p per kilo. Children, including infants under 12 years of age, travel at half fare and only one half fare per family is allowed. More than one child under 12 years per family must pay full fare. Intending travellers must possess valid international certificates for Smallpox and Yellow Fever inoculations. Valid passports with Income Tax clearance certificates for British East African passengers are necessary but transit visas are not necessary for any country if you hold a British passport or a passport that is acceptable to any of the countries concerned. So book now! If prospective travellers would be well advised to call at our offices and complete their travel arrangements NOW. Can we help you?

NEW ERA IN THE CONGO

When President Tombo accepted the Congo's proposal for reuniting Katanga with the Congo, his official statement declared that the Congo's "desire to re-unite" Katanga was "a decisive step" towards the "re-creation of the Congo as a single State". This statement in the U.K. was widely interpreted as the "last word" on the subject. It was generally expected that the Congo would now be free to re-organize its territory as it saw fit. It was also expected that the Katangese reply would be a simple one, either "yes" or "no". But the Katangese reply is a long and carefully considered document, which has caused a great deal of interest in the Congo and the world. It is a document which has caused a great deal of interest in the Congo and the world. It is a document which has caused a great deal of interest in the Congo and the world.

Territories soon to come under COMMISSION IS TOURISM NOBILISM HOEHOE ARE DISGRUNTLED

Standard Staff Reporter, Bungoma.

There must be an East African concern. It had to be "abused and misused" for Kenya, Uganda and Tanganyika to come under the same umbrella as such a mighty composite international market, East African territories have long pleaded.

The speaker was the President of the East African Hotelkeepers Association, Mr. E. J. Holtzner. He was addressing the association's annual meeting at Braubach in Victoria Falls. He urged his fellow members to do their utmost to build up a prosperous East Africa. "We are a most important cog in the machinery of the world's trade machine because visitors have to sleep in the beds we provide," he said.

Already the first half of the year had been a record for the numbers of tourists in Kenya, the biggest increase being among American tourists. "All this is going on in spite of a considerable amount of uncertainty in the world Press and the efforts of our country could not be regarded as good advertising for our tourist industry," he said.

RAID PUBLICITY

Given the necessary conditions of political stability and personal security, the tourist potential for Kenya in particular, and East Africa in general, could certainly double within the next five years.

But the Government must provide adequate funds to its Ministry of Tourism and to the East African Tourist and Travel Association for tourist promotion. Even if East Africa had had publicity in the past had been publicity which made people more aware of East Africa.

Settlement could harm economy

UNLESS the Government settlement schemes were carried out with careful planning, Kenya's economy would be paralysed, Kenya's economic adviser, Mr. Joseph Murumbi, warned in Nairobi yesterday.

"I am not very happy with the Government's present policy of settling African farmers in the Scheduled Areas," he said. "The policy is all right for political expediency, but it must take into consideration the economic consequences."

The settlement had been going on for many years to obtain labour for the hotel industry, but it was important because it was a revenue source, as it was a revenue source, as it was a revenue source.

Cut-race safari bags 80 trophies

Mr. Murumbi, who was speaking at the United Kenya Club, said the picture of Kenya in the past two weeks was not a very bright one.

He said that a negotiating settlement would be signed with the Domestic and Industry. Under which would safeguard the hotel industry in the event of a general strike.

MARKET: EAST AFRICAN LINK COMES FIRST

London. East African delegates to the Commonwealth Prime Ministers conference yesterday clearly demonstrated that they did their homework thoroughly in Nairobi before coming to London. This was evident at separate Press conferences given by the Kenya Minister of Finance, Mr. G. G. Keenan, and the Prime Ministers of Uganda and Tanganyika, Mr. Obote and Mr. Kawawa.

Mr. Keenan said that his country is emphasizing his part of the political implications of associate membership with the European Common Market without diminishing outright and underlined the value of East Africa's common market.

But there was significant no sign of any agreement with the European Common Market, no sign of any agreement with the European Common Market, no sign of any agreement with the European Common Market.

NO NEED FOR K.F.L. POLITICAL COMMITTEE

I SEE that the K.F.L. want to arrange their constitution as to provide for the formation of a political committee in the labour movement to deal with any political issue in Kenya.

Today, membership of the K.F.L. is mostly composed of professionals, teachers, and other white-collar workers. It is not a political party and it should not be treated as such. It should be a trade union and its main concern should be to provide work and conditions for its members.

The Kenya Government is not a political party and it should not be treated as such. It should be a government and its main concern should be to provide work and conditions for its citizens.

The trade union movement must therefore remain a political party and it should not be treated as such. It should be a political party and its main concern should be to provide work and conditions for its members.

I would advise trade union leaders to concentrate more on increasing their membership, the role of labour and increased productivity. As to the Civil Service, I would advise that the present Government in Kenya should remain in power.

The present Government in Kenya should remain in power. It has done well in its first term and it should continue to do so.

DR. KIANO REJECTS CIVIL WAR DANGER

Free Kaniyo and Gadi were sent to jail for a total of 21 years by a Nairobi magistrate yesterday for unlawful possession of household weapons and ammunition. A total of six men and six women appeared in court on charges and police said nine of them were members of the Land Freedom Army.

The men were quoted as saying to the police that they were carrying guns because of the situation in the country on Independence Day, when the "Kisumu" was "sounded". The magistrate, Mr. E. Trevelyan, commented: "This sort of thing can cause only concern as to the effect of independence on ordinary citizens."

Two E. A. Warren proceedings and a police party followed tracks in the Keroti Forest at Molo containing a number of people, but without recovering their numbers were greater.

Later, police and G.S.I. returned, because of exchange of fire before three men and four women were taken to hospital. The police believe that they were all members of the Land Freedom Army. Two loaded pistols and 21 rounds of ammunition were recovered.

Seven women "voluntarily" came to the police station to be taken in joint unlawful possession of the guns and not to be released. "Kisumu, Mago Gichuru, John Ombia and Wambui Katani were held for five years. The case against the other three women was adjourned until Monday for trial.

Two men, Mendi Akuma and John Kiarie, followed yesterday to the magistrate's court to plead guilty to unlawful possession of household weapons and ammunition. They were committed having one firearm and one round of ammunition each. Mendi Akuma and John Kiarie, people who were arrested in Keroti Forest, the details are breath-taking. The details are breath-taking. The details are breath-taking.

Parade ground

Kiarie led the police into the parade ground at Molo, where a firing which appears to have been a rehearsal for the parade. There was a hold-up for eight to ten minutes. In a small clearing there was a number of tools and parts which were found in the parade ground.

John Warren said Mingo told him that he had been given a gun to hide until when came the day of the parade on Independence Day "when the parade was to be held."

Two women, Mendi Akuma and John Kiarie, submitted that they were members of the Land Freedom Army.

John Warren said "They have been arrested in Keroti Forest, the details are breath-taking. The details are breath-taking. The details are breath-taking."

The pitch dried out, and Gloucestershire were dismissed for 101 in their second innings for 48 for a match against 10-71. Roy Wilson (left arm) claimed 3-50, and Brian Close (right arm) took 3-50.

BAD LUCK KNOCKS OUT CALLIES

CALEDONIANS were unlucky to lose their F.A. of K. L. Cup, Nairobi, quarter-final, 4-2 to Margoli at Doonholm Old Stadium, Nairobi, on Saturday. Apart from lacking their representative centre, Curtis, the Scots, only learned at the 11th hour that their left-half, Anthony — who had turned out for them the week before — would not be allowed to play.

Yao struck again with a leg injury in the right, says Windaway, after being away for three-quarters of the game. In addition, Maynard, who played superbly at centre-half, was broken on as he lay on the ground, with his face cut and badly strained, after the medical attention after the match.

Despite this, Caledonians led 3-0 after 10 min. through goals by their reserve forward, Stewart, after a middle-right, and Graham, inside-right.

A goal for the Margoli half-back, Chavall, left Caledonians up 4-2 at half-time. Jackson, Kessal, outside-left, equalised in the second-half, and the two Scots held on until less than 10 min. from time when a decisive penalty was converted by Jackson and then

On their side to victory, the Scots beat Uganda Colts 26-10 at their home ground, Kampala in the semi-final. The Kenya Police had a convincing win over the host club, Kileleshwa, in their semi-final. Uganda Becomes a Republic

Tanganyika to stay as a republic

LEADERS of the 15 Commonwealth countries, meeting yesterday at Marlborough House, formally approved the application of Uganda to become an independent member nation of the Commonwealth after it achieves full sovereignty on October 9.

At their first session yesterday morning, the leaders also agreed that Tanganyika should remain within the Commonwealth after it becomes a republic in December, conference sources said.

Following driving up to Marlborough House for the start of the today conference were met by demonstrators anti-Commonwealth workers placards and others denying anti-independence for Kashmir.

Police struggle with crowd

As soon as the Prime Minister assembled, other meetings were made in a session criticizing Sir Roy Gifford, Prime Minister of the Rhodesia Federation, headed in by representatives of two African nationalist groups.

Police struggled briefly with the Kashmiri demonstrators at Mr. Nehru's Indian Prime Minister, drove away from the opening session. The shouting boisterous crowd broke through a police cordon and tried to rush in front of Mr. Nehru's car.

Mr. Nehru's car was surrounded by a mob of demonstrators who were shouting slogans and waving flags. The Prime Minister was forced to leave the car and walk to the entrance of the building.

Trapping the surprises

CONTINUING my early-season series of block systems for the triple-chance pool, I am catering this week for punters who feel that their best chance of success lies in spotting a large number of matches this season.

My minimum of three together with lock you could have together in a 10-point maximum. Thus if the parlay is made up of 10 bets, you can have 10 bets together with two more bets to take in the parlay to make it 12 bets in all.

Double fear expressed by Mr. Kawawa

TANGANYIKA's Prime Minister, Mr. Kawawa, speaking for East Africa as a whole, yesterday rejected the idea that the three territories might become associate members of the European Common Market.

He told the Commonwealth Prime Ministers' conference in London that such a move would be against the political and economic interests of East Africa.

During the conference he also said that East Africa, which has rejected it, while Sierra Leone has not committed herself.

Commitment to the West

Mr. Kawawa said yesterday: "I strongly feel that if any member of the European Market joins the community as an associate member that will be in our own interest. But the implications of joining are not only economic. They are also political. Tanganyika's foreign policy is based on independence and self-determination. It is not in our interest to join a community which would commit ourselves to the Western Bloc."

Athletes sweat - before games

Nearly a thousand men and women athletes from 28 nations were sweating in the autumn heatwave in Botswana when the 7th European Athletics Championships opened yesterday.

Championship honours are likely to be more evenly divided than at the 1958 championships at Stockholm when Poland won seven of the 10 men's events and the Soviet Union six of the 12 women's events. But the Soviet Union was assured of more titles than any other nation for some of their rival nations for some of their rival nations.

The games were opened by President Tito who was accompanied by the Soviet communist, Herman Tito.
