## KENYA PLAYS A MAJOR ROLE IN NEW ARMY HIGHER COMMAND

### Australia gets no secrets

Kenya is still refusing to be drawn into the latest developments. When atomic tests were announced, it was stated there is a possibility that it will not be drawn into the latest developments.

### New bombs

President Truman has announced that the United States will develop a new type of atomic weapon. This new type of atomic weapon is expected to be developed within the next few years.

### 20 years on?

Twenty years ago, the Communist Party of the United States was founded. It has since become one of the most powerful political organizations in the world.

### More violations alleged

The violation of the weak-ness of the atomic tests has been reported. It is alleged that the tests were conducted in violation of international law.

### The Wallace party

Mr. Wallace's opponent, Mr. Dewey, has called the Wallace party a "fascist party." This has caused a great deal of controversy.

### No Russians

The American Government has announced that it will not allow any more Russian agents to operate in the United States.

### Supply base in any fight for the Middle East oil

BRITISH had forces from the Mediterranean to Somalia, East Africa and Mesopotamia being brought under the leadership of the re-organization of the Middle East Higher Command, announced by the British War Office.

## JACK HOBBS PAYS TRIBUTE TO YOUNG AUSTRALIAN

### Test century 'a sheer joy'

ENGLAND on Saturday night was celebrating 100-year-old Test cricket. It was a fitting occasion for a long time.

For three and a half hours last night, the Australian fast bowler, for an ace and a half of heavy left-arm spinners, were only too glad to have a rest.

Jack Hobbs, who has been playing for England for 20 years, said that he had never seen a bowler like the young Australian, who has been playing for England for 20 years.

# Man's 'new doctor' hits a boom finds it is very hard work

"My new doctor" is a boom which is not so much a boom in the sense of a boom in the stock market, but a boom in the sense of a boom in the number of people who are turning to the "new doctor" for relief from their ailments. The "new doctor" is a man who has discovered a new way of treating ailments, and he has found that his method is very hard work.

The "new doctor" is a man who has discovered a new way of treating ailments, and he has found that his method is very hard work. He has found that his method is very hard work, and he has found that his method is very hard work.

## YOUTHS ARE MOST VULNERABLE

It is estimated that in Kenya there are 100,000 youths who are most vulnerable to the influence of the "new doctor". These youths are most vulnerable to the influence of the "new doctor" because they are young and impressionable.

The "new doctor" has found that his method is very hard work, and he has found that his method is very hard work. He has found that his method is very hard work, and he has found that his method is very hard work.

The "new doctor" has found that his method is very hard work, and he has found that his method is very hard work. He has found that his method is very hard work, and he has found that his method is very hard work.

### M.P. warns Commonwealth

London, A. Dods-Parker, M.P., the chairman of the British Producers' Organisation, has warned that the primary producers in the Commonwealth are in danger of being swamped by the goods of the United States.

Mr. Dods-Parker said that the last annual meeting of the Commonwealth Producers' Organisation, which was held in London, was a success. He said that the primary producers in the Commonwealth are in danger of being swamped by the goods of the United States.

# Watching closely

Colonel Dods-Parker said they were watching closely the progress of the negotiations between the Commonwealth and the United States.

# More serious

He said that the negotiations were more serious than in the past.

# May not renew

He said that the negotiations may not be renewed.

# Possible subsidy

There would appear to be a possibility that some of the United States subsidies to be sent to the Commonwealth will be in the form of a subsidy to the extent of one-third of the cost of the goods.
