OBITUARY
MISS ELEANOR RATHBONE
 The death occurred last night of Miss Eleanor Rathbone, Member of Parliament for the Combined English Universities. She was 73.
 Miss Rathbone was a pioneer of the good work in getting better conditions for dependants of servicemen. In 1917 she visited the front and the work of various women's organizations there and had conducted vigorous campaigns to secure a better status and opportunities for widows and orphans.
 Miss Rathbone is a distant relative of Sir J. H. Balfour, proprietor of the Sunday Pictorial.

NEWS IN BRIEF
Kenya: No Eldorado For Farmers
 Some of the problems and interests of farming in Kenya are discussed in an article in the "East African Standard" of January 3. The article is written by a settler in Kenya who has had experience of this Colony since 1930.
 The article is contained in the 15th and 16th September issues of the "East African Standard".
 Kenya as a fact, no Eldorado for farmers. The article is written by a settler in Kenya who has had experience of this Colony since 1930.
 The article is contained in the 15th and 16th September issues of the "East African Standard".

General MacArthur
 granted permission to the Japanese Government to study the production of silver and tungsten in the island of Luzon.
 The Government's education policy is reviewed in a special article in the "East African Standard" of January 3. The article is written by a settler in Kenya who has had experience of this Colony since 1930.

UNPARALLELED CHARM AND COMFORT
AWAIT YOU AT THE CAISTER HOTEL—DURBAN
 Distinctively furnished throughout, modern legs leaning in to Val. All rooms with private bathroom and balcony and private suites. Telephone in all rooms. Swimming Pools, Lido, Tennis Courts. Dinner dancing every Saturday.

TRADITION
 The three codes of manufacturing excellence and ethical production which characterize the Bostwick policy have been distinguished by a deeply-rooted sense of responsibility to the national health. They yield the secret of continuous and reliable service during more than half a century. These self-imposed standards have even a greater significance than merely to supply reasons for endurance and the successful fulfillment of past obligations... they are the necessary building influences in the progressive programme of today, as evidenced as it is to scientific research and technological advance. They represent experience and dependability. They are the traditions of Bostwick.

Use MACLEANS
 Macleans Tooth Paste
 and note the difference!

NURSERY SCHOOL FOR ELDERLY?
 The E.A.W.F. has asked the Elderton Municipal Board for its views on whether the Board would be prepared to accept a school in conjunction with a health and recreational centre as has been proposed by the Nairobi Municipality.

SPARKLETS
 REFRESHES SYMPHON

CORRESPONDENCE...

HOME IS THE HUNTER

"Well, Malcolm, the next thing those lions came back to the compound, to try for another of. The natives banged tables, and frightened them off."

"Yes, James... Pray the dog and I could get my trackers. But I'm morally certain that lion is dead as..."

"So I watched by the kill they'd made the night before."

"A good practice."

"Yes, but when they turned up, my boy, who was a bit windily switched on the torch and pointed it at me, instead of at the lions."

"That's a boy, tommor!"

"Yes, but when they turned up, my boy, who was a bit windily switched on the torch and pointed it at me, instead of at the lions."

"That's a boy, tommor!"

a pair of eyes shining in the dark thick bush. "The fly."

"Get him!"

"Well, there was blood there next morning. But I'd no dog and I could get my trackers. But I'm morally certain that lion is dead as..."

"Of course he is, James. But since we seem set for a fairly long session, what about asking the boy if he has any knowledge of lions?"

"Yes, but when they turned up, my boy, who was a bit windily switched on the torch and pointed it at me, instead of at the lions."

"That's a boy, tommor!"

"Of course, Malcolm. Well then, the other lion..."

HOME'S - The Wire, Night, 1946.

NATIONALISM AND WORLD PEACE

To the Editor, "E.A. Standard":

Sir—In his letter to your last P.M. "Nation" contends that "Nationalism is responsible for most of the world today's ills." This is a very interesting statement, but I am sure that the world today is suffering from a "world-wide" epidemic of "Nationalism" which is a result of the "Nationalist" state system which has been based on the "Nationalist" state system. It is a system which has been based on the "Nationalist" state system, and it is a system which has been based on the "Nationalist" state system.

MILITARIAN LEASES FOR AFRICANS

To the Editor, "E.A. Standard":

Sir—Your correspondence, Mr. H. B. Swan, is certainly welcome in its attack upon the militarism caused by a public meeting at Kitale on Wednesday, November 21. He was not at the meeting and he is altogether wrong in stating that militarism was the only cause of the present situation. It is a situation which has been caused by the "Nationalist" state system, and it is a situation which has been caused by the "Nationalist" state system.

THE FUTURE OF QUARTERS

To the Editor, "E.A. Standard":

Sir—I have studied your leading article of December 4 on the subject of the future of quarters in the Highlands, and strongly sympathize with your views. It is a situation which has been caused by the "Nationalist" state system, and it is a situation which has been caused by the "Nationalist" state system.

THE EX-SERVICEMAN

To the Editor, "E.A. Standard":

Sir—There seems to be one aspect of the ex-serviceman's problem which has not been mentioned by the authorities. It is a situation which has been caused by the "Nationalist" state system, and it is a situation which has been caused by the "Nationalist" state system.

INDIGESTION!

The wide popularity of Maclean Brand Stomach Powder is convincing evidence of its efficacy in relieving acidity, flatulence, heartburn, stomach pain, nausea, biliousness and other symptoms of digestive disturbance.

Take—

"Tell me, doctor..."

Now that I am well again, do tell me how to avoid any future risk of blood poisoning.

By never again thinking that a little cut is harmless.

Any break in the skin, no matter how small, is a wide-open gateway to germs of infection.

If it is disinfected at once with 'Detol', this will prevent blood poisoning and further suffering.

Do not think that the efficiency of a germicide depends upon its unpleasant smell, deep staining colour or poisonous nature.

None of these properties need be associated with the power to arrest the spread of infection.

'Detol' is not poisonous. It is a clear, clean fluid with a pleasant smell, and does not even stain linen.

Yet against germs, this agreeable 'Detol' is several times more effective than pure carbolic acid.

That is why it is used in the surgical and maternity wards of great hospitals, and why you should employ its pleasant and powerful protection in your own home.

NAIROBI HOSPITALITY

To the Editor, "E.A. Standard":

Sir—I endorse the sentiments which your correspondent expressed on this subject in your issue of December 29. I have been in Nairobi for only a short time, but I have observed that the people who are the most generous and hospitable are those who are the most successful in their own way of life.

THE CLIMATE IN THE PROVISION OF SERVICES

To the Editor, "E.A. Standard":

Sir—The climate in the provision of services is a subject which has not been mentioned in your issue of December 29. It is a situation which has been caused by the "Nationalist" state system, and it is a situation which has been caused by the "Nationalist" state system.

Wages And Housing Caused Dissatisfaction

Commission Of Inquiry's Report On Rhodesian Railways Strike

Lansdowne, 22nd January. — In relation to the general statement of wages and conditions on the railways should be made, the Commission of Inquiry into the Rhodesian Railways Strike, which was set up by the Government, has issued its report. The report states that the general dissatisfaction with the wages paid to railway employees was the main cause of the strike. It also points out that the housing conditions in the Rhodesian Railways were very poor, and that this was another cause of the strike.

The Commission found that the wages paid to railway employees were not in accordance with the general rates in the country. It also found that the housing conditions were very poor, and that this was another cause of the strike. The Commission recommended that the wages should be increased to the general rates, and that the housing conditions should be improved.

The Commission also recommended that the railway employees should be given the right to join trade unions, and that they should be allowed to elect their representatives on the railway board. It also recommended that the railway board should be reconstituted, and that it should be given the power to make decisions on wages and conditions.

and another that works up a revolutionary change, with clothes adding to the general scene, on a variety of trips to Europe, England and America, but in each case the address stamps, and they invariably had a letter from an American, and in their conversation, with plenty of good material, they showed a high opinion of the American. The South African, however, was a different matter. He was a man of high intelligence, and he was very well read. He was very well informed on the subject of the American, and he was very well informed on the subject of the American.

"BOVEAST"
YEAST FOOD

It is now recognized by scientists that yeast has great value as food because it contains proteins and also vitamins known as the B series each of which has an important part to play in promoting a healthy body, whether of man, animal or bird. BOVEAST, which is the registered name of a specially prepared dry yeast food for Horses, Calves, Pigs and Poultry, supplies both proteins and vitamins sufficiently concentrated to have a powerful effect on the growth, strength and health of the animal or bird. Being a food it should be supplied according to the need of the creature rather than as a dose of medicine, although it actually has medicinal value. This is clearly seen by the following letter:

I wish to bring to your knowledge the following facts about "BOVEAST". Towards the end of February this year I found it necessary to sell some of the best of my stock. The loss of production was about 25%. It was essential for me to get all the best of my stock. The loss of production was about 25%. It was essential for me to get all the best of my stock. The loss of production was about 25%. It was essential for me to get all the best of my stock.

WILL ENABLE COLONIES TO ACHIEVE STEADY AND SUSTAINED PROGRESS

Mr. George Hall's Despatch On New Development Act

THE Government of Uganda has published in a special issue of the Gazette the full text of a recent circular despatch addressed by the Secretary of State for the Colonies...

This Act increases the amount of money that may be provided by the British Parliament for colonies...

The Secretary of State declares that the important part of the despatch is the lengthening of the period of submission...

Mr. Hall says: "The primary reason for the despatch is to indicate the economic position in the Colonies...

The despatch goes on to say that the Secretary of State should not be taken as suggesting the total Colonial need for development expenditure...

Division of Money The Secretary of State goes on to say that the despatch will indicate to the Colonies how the Government intend to divide the £1,000,000...

Money Their Part The despatch goes on to the formation of a similar fund, and stresses there is no factor that should be specially to be borne in mind.

Effective Review of Proposals Mr. Hall says that the first object of the despatch is to indicate to the Colonies the manner in which the resources...

Regional Services The Secretary of State indicates in certain territories on a regional basis...

Developmental Planning The despatch says that the main purpose of developmental planning should be to secure that the best possible advantage is used to the best advantage...

The despatch says that the main purpose of developmental planning should be to secure that the best possible advantage is used to the best advantage...

Memorandum A memorandum is attached to the despatch dealing in some detail with the administrative and financial schemes...

It is emphasized that adequate attention to the maintenance and development of the natural resources of the Colonies is particularly important...

Standard Clock

UNDER THE
OF 14th DECEMBER, 1941
A number of cases have been shown in the Standard area by Mr. D. Hart and Mr. Stagg of dried cowpods and other crops in nearly all sections of the district and three factors deep and wide in the Standard area. The crops were shown to have been grown in the Standard area.

When I arrived here on my first visit three months ago, I found an English very different from the one I left in September 1937. Although the Standard has been badly hit, the damage is not so noticeable as I expected after reading of the bombardment over nearly five years. The chief changes that have been in the life of the people. There are quoniam everywhere—air-raid shelters and the price of home grown food, especially that grown under glass and in greenhouses, is very high. The crops, however, are very good. I saw some very good crops at the Marine Barracks and at the Court Road, offering a wide selection of peaches at 3/6d. each and apples at 2/6d. for a quarter of a pound. Such crops are a great help to the people who are growing in a new dimension, but one grows as one goes to get it. It was by no means easy to get it. The crops are very good, but the price is very high. The crops are very good, but the price is very high. The crops are very good, but the price is very high.

A COOPER NOTICE...

Watch this Space

As the supply position should improve from now onwards, we shall use this space to announce products which become available.

And in due course, a few pleasant surprises may also be introduced. As you know, Coopers do their really satisfied about its efficiency, economy and safety. That is why we maintain such a large technical and experimental staff throughout the world. And that is why a Cooper Product is worth waiting for.

FROM EVERY ANGLE

FARMALLS ARE FIRST

Any man who owns a tractor knows it for one big reason: the more variety of work per acre of land, the better the tractor will do. The quality of work, the volume and the variety are the real measures of tractor value. Couple these factors with original cost, plus upkeep and operation, and you have the whole story.

That's why most farmers figure it out when they make this important investment. The tractor they turned out to be a Farmall tractor more times than all other makes combined. That doesn't happen by chance. It happens because these famous red tractors are designed and built to do more work, better work and a bigger variety of work per acre of land than anything else on wheels.

When you buy with details showing how Farmalls, with their complete line of related tools and machines, make up the most efficient system of power farming in existence.

These are the big things to remember when you plan the purchase of farm power equipment. Word from the factory tells you that with all possible manufacturing speed, red Farmalls are coming!

"Good cow power makes a good farmer better"

with which reached their development. And these decisions were in fact made during the war, giving a list of cattle imported from the United Kingdom during the war. It was an object lesson to the farmer that he must lay under each particular crop the nature of the soil, the weather, the amount of fertilizer used, the amount of insecticide used, and the amount of labor used. It was an object lesson to the farmer that he must lay under each particular crop the nature of the soil, the weather, the amount of fertilizer used, the amount of insecticide used, and the amount of labor used.

POULTRY

In spite of extreme difficulties over the world, I have been particularly interested to see the very much improved state of the poultry industry in this country. It is a very interesting feature of the war that most farmers who have been successful in raising their poultry have done so by using the latest methods of raising them. It is a very interesting feature of the war that most farmers who have been successful in raising their poultry have done so by using the latest methods of raising them.

LABOUR OF THE KINGDOM

All over the world, and not only in Kenya and Tanganyika, but in every other part of the world, the labor of the Kingdom is being called upon to do a great deal of work. It is a very interesting feature of the war that most farmers who have been successful in raising their poultry have done so by using the latest methods of raising them.

POP AND LANTANA

POP AND LANTANA are two of the most common weeds in the East African Standard area. They are very difficult to get rid of, and they are a great nuisance to the farmer. It is a very interesting feature of the war that most farmers who have been successful in raising their poultry have done so by using the latest methods of raising them.

THE WHITE BEACHES AND BLUE DAYS OF MALINDI

The white beaches and blue days of Malindi make a perfect background for Christmas and New Year festivities. We hear that the International Exhibition will be held in Malindi during the Christmas and New Year holidays. "I Pledge My Peoples of The British Empire"

Plea for Comprehension, Patience and Tolerance

KING'S STATE BANQUET SPEECH

LONDON, January 10. His Majesty King George VI in the course of his speech of welcome at the State Banquet last night to the delegates to the United Nations Assembly made a plea for comprehension and tolerance on the part of the nations represented.

The speech in the banquet hall was the most splendid I have ever heard before the war. The words which he spoke in the banquet hall were not only a plea for comprehension and tolerance on the part of the nations represented, but also a plea for patience and understanding on the part of the peoples of the British Empire. The King was in a serene uniform of an Admiral of the Fleet and he spoke with the authority of a statesman and a leader of men. He said: "I am very glad to extend a hearty welcome to the delegates to the United Nations Assembly on this important day. It is the first meeting of this great Assembly since the end of the war, and it is a day which will be remembered for many years to come. It is a day which will be remembered for the peace and understanding which it has brought to the world."

General Bennett Vindicated? NO MISUNDERSTANDING ON ATOMIC RESOLUTION

Washington, January 10. Mr. Justice General Henry Gordon Bennett, former General Officer Commanding-in-Chief of the Kenya Forces in Malaya, announced that he had decided that the Commonwealth should be General Bennett's act in connection with the Government's decision to purchase atomic energy. This is taken here as indicating that the Government's decision to purchase atomic energy is vindicated by General Bennett's act in connection with the Government's decision to purchase atomic energy.

U. N. O.—26 Years After

The New General Assembly of the United Nations opened yesterday evening (10 am Kenya time) in Central Hall, Westminster, London. The President of the United Nations, Mr. Trygve Lie, presiding, delivered a speech in which he stressed the importance of the United Nations in the world today.

PALESTINE

The President of the American People's Committee for the Middle East, Mr. Charles L. McNair, speaking before the United Nations General Assembly in New York, said that the United Nations should be asked to take a more active part in the settlement of the Palestine problem. He said that the United Nations should be asked to take a more active part in the settlement of the Palestine problem.

TWO EASTERN KINGS MEET

King Ibn Saud of Saudi Arabia and King Farouk of Egypt met in Cairo yesterday. The two kings discussed the current situation in the Middle East and the role of the United Nations in the settlement of the Palestine problem. They also discussed the situation in the Arab world and the role of the United Nations in the settlement of the Palestine problem.

TRUMAN WANTS SPEED UP IN IMMIGRATION FROM EUROPE

Washington, January 10. Mr. Truman announced that he would like to see a speed-up in immigration from Europe. He said that the United States should be able to accept more refugees from Europe. He said that the United States should be able to accept more refugees from Europe.

1946 BUDGET

MARSHAL FOCH (1918)

"Tout Le Monde a La Baillie"

TO ALL CITIZENS OF KENYA

ARE you prepared to sit in idleness whilst the Government steams through the Budget through the House of Commons? ARE you prepared to hand over the yoke whilst the Government steams through the House of Commons? ARE you prepared to continue to ever and over to pay wartime prices for—

YOUR Motor Cars
YOUR Petrol
YOUR Entertainments
YOUR Tobacco and all imported necessities?

ARE you prepared to allow the profiteer and discredited Government to violate its solemn undertakings with impunity?

IF NOT
RISE and FIGHT!
THIS IS EVERYBODY'S BATTLE

Headed by Tax Payers' Protection League, 1945, Box 291, NAIROBI.

"I Want a Little White Room"

Do you remember the couple in the song who wanted a little white room with a window by the sea? Every time rain came had got a house, but they were not satisfied and had a year, but they got no place, but they were not satisfied and had a year, but they were not satisfied and had a year...

REDA R.A.F. Officer, just released in an urgent need of a room for himself and small family. House or flat, furnished or unfurnished, on bus-route, near schools, or flat wanted by a young man...

KENYA A LAND OF 'ABSENTEE MOTHERS'?

WE published recently a letter from a reader on the subject of the K.A.W. Day Nursery, together with a reply from the Lady Director, President of the League of Absentee Mothers, on a subject which is employing the minds of most people—parents and otherwise in Kenya.

It is the fact that a woman who has a child in the home and who is not able to look after it, is often called an absentee mother. This is a term which is used in a derogatory sense and which is often used to describe a woman who is not able to look after her child.

I think it is a mistake to call a woman an absentee mother. It is a term which is used in a derogatory sense and which is often used to describe a woman who is not able to look after her child.

I think it is a mistake to call a woman an absentee mother. It is a term which is used in a derogatory sense and which is often used to describe a woman who is not able to look after her child.

I think it is a mistake to call a woman an absentee mother. It is a term which is used in a derogatory sense and which is often used to describe a woman who is not able to look after her child.

I think it is a mistake to call a woman an absentee mother. It is a term which is used in a derogatory sense and which is often used to describe a woman who is not able to look after her child.

That Green Corner

THE people in Limuru, that little green corner of the world, love horses and horsey occasions. The greenhorns held of the Country Club grounds are always good fun, and both riders and spectators really enjoy themselves. Saturday afternoon was no exception, with a record number of riders and rows and rows of cars filled with people who had come to watch.

Outstanding event of the day was the 1000 yards race, in which the winner was a grey named 'The Greenhorn'. The race was won by a grey named 'The Greenhorn'.

Kenya Farmers Association Of "Inestimable Value To Government"

THE Annual General Meeting of the Kenya Farmers' Association was held at Kiambu on the December 28, 1945. The Chairman, the Hon. W. F. O. Trench, M.L.C., presided. All Directors were present and there was an attendance of about sixty members. Mr. Trench, in his address, pointed out that during the war it had been of inestimable value to Government in ensuring that the producer received a fair price for his produce. The Association had handled all cereal crops in the country as well as flax and Pyrethrum. Unga Limited had done a magnificent job of work in the production of flour for the country and for the armed forces, and he paid tribute to the General manager of that company and his staff.

Members of the Association had tributed a small amount if it was really for the benefit of any particular industry. The Chairman said the previous year a great deal of grain was carried during the rainy season, causing considerable damage to roads. The Board had made every effort to ensure that the stores belonging to the country farmers would be fully utilized. The Chairman said he had been pleased to find that the various Branches which had been opened and plans that were in hand for the building of a new Co-operative Butchery. Dealing with the Pundis-also Salt Works, he stated that the

At the formation of the proposed K.F.A. (Agricultural Co-operative) it was understood that project would be in time, and would absorb the Chain Store and Farmers' Co-Operative. The Chairman with the letter to some of the necessary that further capital should be raised. The Government had not yet made any decision on the price of the Association would do all in its power to ensure that prices were raised and reasonable.

Maine Trading
Maine trading in the Reserve had not been profitable. The Government had not yet made any decision on the price of the Association would do all in its power to ensure that prices were raised and reasonable.

Storage
On the subject of storage the Chairman said that the Association very much wanted to see the Government to take the necessary steps to ensure that the trade could return to the ordinary business conditions.

Afraid to Eat?
You want
BISMARCK
"BISMARCK" MAGNESIA (called "BISMARCK" for short)
It kills bacteria and bacteria makes you feel comfortable. It is the only BISMARCK (Bismarck) Magnesia that works. This neutralizes the excess acid which causes most stomach troubles. You can then rest what you please and digest it with ease.

PONY CLUB RALLIES IN BRITAIN

(By H. F. Crowther-Smith, Editor of "The Horse")

EACH branch of the Pony Club in Britain is directed by a District Commissioner appointed by the Institute of the Horse and Pony Club. It is most important that he for also should know how to not only train the hobbyist in an increase in membership of the Club, but also in the efficiency of the horsemen and riders. The Institute of the Horse and Pony Club also has a staff of experts in all matters connected with the horse and pony.

The Puckering Hunt
The branch of the Pony Club run by the Puckering Hunt in the County of Hertfordshire had a very busy programme during the summer holidays of 1945, many opportunities being given to members to take part in local Horse and Pony Club and other mounted sports. This branch took part in the first and second of the Puckering Hunt in the County of Hertfordshire.

1946 BUDGET

MARSHAL FOCH (1918)

"Tout Le Monde a La Bataille"

TO ALL CITIZENS OF KENYA

ARE you prepared to sit in idleness whilst the Government squanders the Budget through the L.S.C.

ARE you prepared to invade under the yoke whilst the Government raves twice a year over you miserably?

ARE you prepared to continue for ever and ever to pay wasteful prices for—

YOUR Motor Cars

YOUR Petrol

YOUR Entertainment

YOUR Tobacco and all imported necessities?

ARE you prepared to allow this profiteering and discredited Government to violate its solemn undertakings with impunity?

IF NOT

RISE and FIGHT!

THIS IS EVERYBODY'S BATTLE

Issued by The Kenya Protection League, Ltd.,
Box 381, NAIROBI.

I ENDED MY HEARTBURN QUICKLY

There is nothing better than 'Milk of Magnesia' to stop acidity, the cause of painful stomach troubles and to help the stomach and bowels. Take a dose after meals and at bed-time. You will be surprised to find what a relief it gives.

MILK of MAGNESIA

Lactated Magnesia is the most pure of all 'Milk of Magnesia' preparations of medicinal value.

MY CREW BY BOYER SOME CHAPS ARE LOOKING!

Yes they are, so don't give up. Keep trying and you will be the lucky one next time when you see those who have used your bottle of Brylcreem or who are possible.

then being quite as fair. The African representative had been doing very good work and they were doing very well, probably within a month or so that another African was to be there as his colleague, and other plans were in preparation to increase African representation on the Council.

The Mandate
So far as representation is concerned there was the problem of the British territories. In the case of Tanganyika, the British territories were not included in this moment. We should be required to make the territories on the United Nations meeting this week on the African side, which is not a very good territory—whether we intend to increase the representation on the African side, we would have to do so by increasing the number of British territories which would be represented on the Council. We would have to do so by increasing the number of British territories which would be represented on the Council.

The African Representative
The African representative was very pleased with the decision of the Council and was sure that it would be a landmark in the history of the African continent. He was sure that it would be a landmark in the history of the African continent. He was sure that it would be a landmark in the history of the African continent. He was sure that it would be a landmark in the history of the African continent.

The British Representative
The British representative was also pleased with the decision of the Council and was sure that it would be a landmark in the history of the African continent. He was sure that it would be a landmark in the history of the African continent. He was sure that it would be a landmark in the history of the African continent. He was sure that it would be a landmark in the history of the African continent.

White Settlement
Turning the problem of land policy in Kenya, the speaker made it clear that the British Government had been very much concerned with the question of land policy in Kenya. He was sure that it would be a landmark in the history of the African continent. He was sure that it would be a landmark in the history of the African continent. He was sure that it would be a landmark in the history of the African continent.

European settlement, and in the light of the fact that the African settlement is now a fact, it is difficult to see how the British Government can be expected to continue to support the European settlement. He was sure that it would be a landmark in the history of the African continent. He was sure that it would be a landmark in the history of the African continent. He was sure that it would be a landmark in the history of the African continent.

The British Representative
The British representative was also pleased with the decision of the Council and was sure that it would be a landmark in the history of the African continent. He was sure that it would be a landmark in the history of the African continent. He was sure that it would be a landmark in the history of the African continent. He was sure that it would be a landmark in the history of the African continent.

How much is it worth?

The Plannet Protection offered by The "Old Mutual" is like an umbrella. You can't realise its full value until you are wet . . . and find that you haven't got it.

There is this difference. If you haven't an umbrella, it is usually only you who suffer.

The "Old Mutual" enables you to acquire Plannet Protection, according to your circumstances, now and in the years before you.

May not you care more about it?

Chamber's Representations On Woman Power Rules And Passage Priorities

Commerce Wants Former Repealed And Latter Expedited

The repeal of woman power regulations, the Kenya Budget for 1948, and the question of passage priorities for civilians were among subjects discussed by the Nairobi Chamber of Commerce at its meeting on Tuesday.

Referring to the question of the repeal of the woman power regulations the retiring Chairman, Mr. Don Small, said that the Management Committee had approached the Chief Secretary regarding the date of repeal, and that an early date had been decided upon.

Mr. George Tavo said that the Chamber would like to see the Government to press for the continuation of the repeal. The United Kingdom Government was asking the colony to assist in the export drive. Many business men had their hands full to secure the export drive.

Mr. W. T. Sharpley said the matter was discussed. He felt it could not be left to pass without being discussed and considered by the Chamber. He said the Chamber would like to see the Government to press for the continuation of the repeal.

Mr. Small said that the Chamber would like to see the Government to press for the continuation of the repeal. He said the Chamber would like to see the Government to press for the continuation of the repeal.

Mr. Small said that the Chamber would like to see the Government to press for the continuation of the repeal. He said the Chamber would like to see the Government to press for the continuation of the repeal.

British To Place Tanganyika Under Trusteeship

(Continued from page 1.)

It is his best reason that the British Government will place Tanganyika under trusteeship. He said that the British Government will place Tanganyika under trusteeship.

Mr. Small said that the Chamber would like to see the Government to press for the continuation of the repeal. He said the Chamber would like to see the Government to press for the continuation of the repeal.

THE EAST AFRICAN STANDARD

LITERATURE FOR THE AFRICAN

Mrs. Elspeth Huxley Reviews Problems in Broadcast Speech

MRS. Elspeth Huxley who has been touring Africa examining the problems of literature for the African began a recent broadcast with this story which she said illustrated several trends of African education.

Some time ago I went into a small farm school where a teacher was instructing a lot of little Kikuyu boys in the elements of reading. On the blackboard was a sentence in English which he was reading to them. It was a very simple sentence, but it was a sentence which they had never seen before. It was a sentence which they had never seen before.

The teacher had stuck in wrong in the sense of words and was not only wrong in the sense of words but also in the sense of the sentence. He was not only wrong in the sense of words but also in the sense of the sentence.

What Are Their Needs? This brings me to the point of my present visit to East Africa. It has been here for some time now. I have been here for some time now. I have been here for some time now.

Although these African are of course, in a numerical way, you remember that all the very best specimens of the race are to be found in the mountains of the East African highlands. It is in these mountains that you will find the best specimens of the race.

other side is not out of all. I do not think that it is necessary to say that the African is a very different creature from the European. I do not think that it is necessary to say that the African is a very different creature from the European.

It is not only the African who is different from the European, but also the African who is different from the African. It is not only the African who is different from the European, but also the African who is different from the African.

It is not only the African who is different from the European, but also the African who is different from the African. It is not only the African who is different from the European, but also the African who is different from the African.

It is not only the African who is different from the European, but also the African who is different from the African. It is not only the African who is different from the European, but also the African who is different from the African.

It is not only the African who is different from the European, but also the African who is different from the African. It is not only the African who is different from the European, but also the African who is different from the African.

It is not only the African who is different from the European, but also the African who is different from the African. It is not only the African who is different from the European, but also the African who is different from the African.

It is not only the African who is different from the European, but also the African who is different from the African. It is not only the African who is different from the European, but also the African who is different from the African.

It is not only the African who is different from the European, but also the African who is different from the African. It is not only the African who is different from the European, but also the African who is different from the African.

It is not only the African who is different from the European, but also the African who is different from the African. It is not only the African who is different from the European, but also the African who is different from the African.
