CITIZENS OF NAIROBI DEMAND

EFFICIENT FIRE BRIGADE

With a population of 100,000 and a fire risk of the first magnitude, it is not surprising that the citizens of Nairobi should demand a more efficient fire brigade. The present fire brigade is inadequate for the needs of the city, and it is the duty of the Corporation to provide a more efficient one. The citizens of Nairobi are entitled to a fire brigade that is capable of dealing with any fire that may occur in the city. It is the duty of the Corporation to provide such a fire brigade, and it is the duty of the citizens to demand it.

THE EAST AFRICAN STANDARD

KENYA HIGHLANDS

Among Some of the Branches of Paradise in the Kinangop

THE NEW BRITAIN IN AFRICA

THE URBAN LIFE OF UGANDA SETTLEMENT

(By W. S. HARRISON)

In the present article, the Standard deals with the characteristics and qualities of the Kinangop and describes the rich Agricultural forest and general landscape that we first witnessed there in 1907 when being developed on a pioneer settlement.

Sheep and Cattle.

Both sheep and cattle are dependent on Kariakoo and on an area of 100,000 acres, a flock of 5000 and a herd of 1000 are kept. The sheep are of the improved Merino and the cattle are of the improved Friesian and the Shorthorn.

As to cattle, the kinangop is a rich and fertile country and the soil is of a high quality. The cattle are of the improved Friesian and the Shorthorn.

Small Holdings.

There has been a steady increase in the number of small holdings in the Kinangop. The Government has been successful in its efforts to encourage the settlement of small holders.

The Government has been successful in its efforts to encourage the settlement of small holders. The Kinangop is a rich and fertile country and the soil is of a high quality.

Artisans.

There is a large number of artisans in the Kinangop. They are engaged in various trades and professions. The Government has been successful in its efforts to encourage the settlement of small holders.

THE EAST AFRICAN STANDARD

FRIDAY, OCTOBER 13, 1922

CITIZENS OF NAIROBI DEMAND EFFICIENT FIRE BRIGADE

The report of a fire in the premises of the East African Standard, which was caused by a defective gas pipe, has led to a demand for a more efficient fire brigade. The citizens of Nairobi are dissatisfied with the present fire brigade and demand a more efficient one. They point out that the present fire brigade is slow to respond and does not have the necessary equipment for dealing with large fires. They demand a fire brigade that is well equipped and able to respond quickly to any fire.

The fire in the premises of the East African Standard was caused by a defective gas pipe. The gas pipe was found to be leaking and the gas ignited, causing a fire. The fire was quickly extinguished, but it caused considerable damage to the premises. The fire was caused by a defective gas pipe, which was found to be leaking. The gas pipe was found to be leaking and the gas ignited, causing a fire.

The swan song of the square tea tin

No tea put up in the ordinary tin can remain in good condition for long in the Indian climate. Heat, and damp, and dust, all combine to destroy its freshness...

Ask for Brooke Bond Tea in the vacuum-packed tin. It costs no more than ordinary tea.
