EXTENT OF OUR EFFORT AGAINST JAPAN LIMITED ONLY BY SHIPPING

Mr. Churchill's statement in the House of Commons last night that the extent of our effort against Japan is limited only by shipping was a statement of the utmost importance. It was a statement which has been repeated in many quarters and which has done much to bring home to the people the true nature of the struggle which we are waging against the Japanese.

It is the policy and strategy of the British Government as an enemy more, at the earliest moment, to be met by the British and Commonwealth forces in the Pacific. A SECRET August safari on the slopes of Mt. Kenya has revealed a study to be made of the ice which covers the high peaks of the mountain. A study of the glaciers of Mt. Kenya was made, the major work between the altitudes of 14,000 and 14,800 ft. showed that the glaciers are melting, and the most recent assessment of the ice covering glaciers was made. The study is expected to be the first of its kind in the world, particularly in the case of the Great Rift. The study of the glaciers is being carried out by the Kenya Survey and the British Antarctic Survey. The study is being carried out by the Kenya Survey and the British Antarctic Survey. The study is being carried out by the Kenya Survey and the British Antarctic Survey.

It was extremely interesting to see how the ice had melted. The study was carried out by the Kenya Survey and the British Antarctic Survey. DEVELOPING THE NATIVE AREAS

TUESDAY, SEPTEMBER 22, 1944. At a recent meeting of the Conservation Council, the Director of the Bureau of Land Management, Mr. Harold G. Clark, discussed the development of the native areas of the United States. He pointed out that the native areas are a vast and valuable resource which should be developed and conserved for the benefit of the people of the United States.

REARRESTMENT

FRIDAY, SEPTEMBER 22, 1944. The Government is now planning to rearrest the German people who have been released from the concentration camps. This is a necessary step to ensure the security of the United States and to prevent the German people from engaging in any further activities which might be detrimental to the interests of the United States.

CHIEF ON POST-WAR PROBLEMS OF CHURCH

A Moral Problem

This led the Bishop to emphasize one of the major problems of the church in the post-war period. He pointed out that the church has a moral obligation to address the social and economic problems of the people. Our Political Future REGIONAL COUNCILS THE FIRST STEP

This is the best of a number of articles by the Hon. S. V. Cooke, M.C., on the political problems which concern Kenya...

In this country any one listening to a political discussion is sure to hear some one say the 'people of Kenya are determined to have their say...'

But if anyone who is not a Kenyan but who is a student of African politics...

It should be made clear that the Federalism to which we are referring is not the Federalism of the United States...

It is not a matter of whether the Government should be a unitary or a federal one...

Now as to the question of the form of the Government...

It is not now the case of Great Britain...

Central are what many of our people are not aware of...

As I have said, I think the real test will be the manner in which we have worked out the light of the present situation...

Now for the life of me I cannot say that I am a Federalist...

And then there is the general question of the form of the Government...

And then there is the general question of the form of the Government...

As soon as a decision is reached or the Government is formed...

In 1934, a group of members of the Legislative Council...

It is not a matter of whether the Government should be a unitary or a federal one...

"Fish"
AN EXPLANATION
We, the East African Standard Limited, much regret that a letter appeared in our issue for Friday, the 10th September 1943, headed "Fish" and written by Mrs. M. A. Southon which, as the last paragraph thereof, is calculated to imply that the principal distributor in Nairobi would not supply certain quantities of fish unless their spread was increased to meet their other goods.

The distributor in question are The Kenya Fish and Poultry Distributors Ltd. who have not only supplied quantities of fish but also supplied quantities of other goods. It is not our intention to supply quantities of fish unless their spread is increased to meet their other goods. It is not our intention to supply quantities of fish unless their spread is increased to meet their other goods.

The letter in question is received and treated in a friendly and unimpaired and dealing in a general way as we are the only distributor in Nairobi who supply quantities of fish but also supply quantities of other goods. It is not our intention to supply quantities of fish unless their spread is increased to meet their other goods.

A Priority Job!

Keeping the family fit is a pleasurable job for the housewife. As a housewife she is not allowed to remain eager, bitter, or angry. It is up to her to make her home a happy place. Now that eggs are plentiful and we get an occasional turkey, this is just as correct. Here is a delicious recipe which needs no flour.

Dishes:
1 lb. fat sugar
1 lb. white sugar
1/2 lb. butter
1/2 lb. cocoa
1/2 lb. vanilla
1/2 lb. salt
1/2 lb. baking powder
1/2 lb. cream
1/2 lb. flour
1/2 lb. milk
1/2 lb. eggs

Method: Cream the butter and sugar. Add the egg yolks and beating powder. Whisk egg whites stiff and add. Put the mixture in a shallow cake-tin and bake at 400 deg. for 40 minutes.

Method: Stir the dry ingredients. Rub the butter into the flour with the tips of the fingers. Mix the milk into the flour with a knife, adding the egg whites mixture as well as enough to be kneaded easily. Press on a floured board, using an 18 in. flour made into a 1/2 in. thickness. Cut it into small rounds. Bake on a hot oven from 15 to 20 minutes.

Saving The Soya Link

BUT THE 14th ARMY WASN'T GRATEFUL

(From Our War Correspondent, George Kincher)

Burma. The 14th Army, the "Soya Link" and the "Soya Link" were the three main items of conversation in the long and arduous journey from the front lines to the rear. The 14th Army was the only one of the Allied forces that had been in Burma since the Japanese invasion in 1942. THE SUSWA CRATER

FEW persons in Kenya realize that Suswa is one of the most interesting volcanoes in the Rift Valley, neither is it realized that its extent is even greater than the more accessible and therefore better known Meru craters which lie just to the north of Nakuru. The diameters of the vent opening and the volcanic rim of the caldera is estimated in one place to be as much as 100 miles.

The highest point of about 800 ft. is the highest point of 4,500 ft. rounded top. The lower part is a broad slope having a way through the dense forest and there both a small tunnel and a stream, which is said to be proved, to which the descent and the volcanic activities contribute not a little. After a final ascent on a line of volcanic rocks, some of the fumaroles were reaching running just under the rim of the top of the plateau, indeed it was ascertained that the fumaroles appeared intermittently along the rim, producing a hissing noise. It is probable that the entire rim of the crater and along the north-west, west and south-west sides, which are now examined.

Manifestations of Druggs.
Deeper than sodium sulphate and a crystalline sulphate were seen among the fumaroles which registered temperatures between 350° and 400° F. The vent opening is about 100 ft. in diameter. The fumaroles are the previous air reconnaissance and suggested it would be, for the area visited to be new top mining. In evidence that the fumaroles are cracked into innumerable fissures and numerous. However, as was noted, neither were there traces of any sulphates.

It is down in the vicinity of this vent, many appearing from the old year's monthly rains that Sloan's Liniment. Simply apply it right—don't rub—just hold it on for a few minutes. The W. V. side was particularly active.

EDUCATION—A PERENNIAL PROBLEM

(STANDARD CORRESPONDENT)

[THIS perennial problem has been brought once more into the limelight owing to the recent appointment and appointment of Mr. W. E. D. Director of Education. Since the visit of Mr. C. O., Educational Adviser to the Colonial Office some months ago, the public has been wondering whether the various policies were to be applied, and if so, whether that with other ones and if so, why?]

Education has certainly fallen on times as a result of the war, even more so than previously. Although there has been a steady increase in the quality over a period of many years, it is a matter of common sense that the standard of education should have risen in step with the progress of the world in every and essential all phases of life. The fact that the standard of education in the Colonies has not kept up to date with that of the mother country is a matter of regret. It is therefore of scholars. As a consequence of the war, the standard of education in the Colonies has fallen, and out of these circumstances has resulted a considerable percentage to cover the cost of the war. This has resulted in a considerable number of teachers, many having been sent to the front, and the result has been a shortage of teachers. It is therefore of scholars. A SERMON FOR BOYS & GIRLS

He Speaketh With His Feet!

(FROM A COMMENTARY)

[It may be that some of you boys and girls will be surprised to hear in this Proverbs Chapter 6 verse 12, "He speaketh with his feet." I am afraid that it refers to the "sleeping man" but we know full well that it need not only apply to that class of men.]

Some years ago there were living in the Province of Ontario a young man who had a very interesting and interesting life. He was a young man who had a very interesting and interesting life. He was a young man who had a very interesting and interesting life. He was a young man who had a very interesting and interesting life.

So let us "speak with our feet" and let our people be kind and understanding, and to achieve this, let us keep in step with Christ, that we may be able to give out the path of peace.

A WARTIME CLUE TO POST-WAR TRADE

For several years 'Viyella' has been in short supply in the public, yet people are still asking for it. The name is just as alive to our customers today as it was four years ago. We have supported and maintained this deep-rooted goodwill by advertising, but we could never have achieved it by advertising alone. The enduring wearing and wearing quality of 'Viyella' have proved to be a steady through shortage, rationing, making-do-and-mending. This is our most heartening assurance—and yours—that our customers of the past will be our customers of the future, that when days of plenty return more people than ever before will be asking for 'Viyella'. Our research departments are at work now on improvements and innovations so that when the time comes, we shall be ready with varied and colourful ranges—new designs to meet the new demand.

EXPERIENCE
 More than fifty years' experience in the preparation of pharmaceutical and food products have made the name famous a household word for consistency and excellence.
 This experience, coupled with strict control and supervision, in your selection, when you ask for a high reputation for purity and quality, is that it conforms to a practically high standard of purity and quality.

East African Troops in the Front Line Since August

FIRST TASKS ACCOMPLISHED SUCCESSFULLY

Difficult Campaigning (From our War Correspondent George Kinner)

It is now permissible for me to reveal that the 14th Army units who exploit on the front to fighting were the subject of my recent dispatches, were our own East African troops.

They included men from half a dozen territories—Kenya, Uganda, Tanganyika, Zanzibar, Nyasaland and Northern Rhodesia.

The East African troops were for the responsibility for the Tumu sector in August.

A Kenya unit had the honour of leading and fought the first action.

With the occupation of Sittangang the Kenyan Army took the control of the main attack of the Chinese... The first task was to clear the Japanese in the Kiboko Valley... The Kenyan unit was successful in driving the Japanese out of the Kiboko Valley... The Kenyan unit was successful in driving the Japanese out of the Kiboko Valley...

A Priority Job!

Keeping the family fit is a priority job for the housewife. Make use of one of the most nutritious oil foods, and at the same time save time, there is plenty to be had. Can you recognize the different size cans? And do you know the best ways of cooking it?

Here is our best recipe for a "Hugon" or "Fulgur".

Wash and clean the fish, wash a bit more the abdomen and remove the scales, cut off the head and remove the gills. Cut the fish into small pieces, wash in cold water to get rid of the blood. In a greased skin with a coat of fat, then brown over with medium heat. Make in medium heat. To make the stuffing, cut the fish into small pieces, wash in cold water to get rid of the blood. In a greased skin with a coat of fat, then brown over with medium heat. Make in medium heat.

"Hugon" is also called kishka and kishka is the mackerel family. It is a very fish, with a silver belly with dark blue back and sometimes a first line. It is found across the bay.

"Fulgur" when mackerel, is dry green in colour with faint black bands.

Mainly About Elephants—And Mermaids

By James Grant, Secretary of the British Empire Exhibition.

IT HAS BEEN said that the war is a very thing and a very thing, but it is clear of more than skin, surface, and color, and the mermaid legend. There is the thought that it is made of gold, but for instance, to Lord Curzon, it is a thing of gold.

Just as London Zoo, which has spent twenty years of British rule in Africa, has played a good game of the game in the world. There are few better names—personalities—than those of the British Empire Exhibition, which has spent twenty years of British rule in Africa, has played a good game of the game in the world. There are few better names—personalities—than those of the British Empire Exhibition, which has spent twenty years of British rule in Africa, has played a good game of the game in the world.

All this has been said by a man who has been a member of the staff of the British Empire Exhibition, which has spent twenty years of British rule in Africa, has played a good game of the game in the world. There are few better names—personalities—than those of the British Empire Exhibition, which has spent twenty years of British rule in Africa, has played a good game of the game in the world.

DETOL

Why do you insist on 'Detol' as an antiseptic?

Because it has been proved, both by laboratory tests and in actual practice, that 'Detol' possesses in a high degree every one of the qualities desirable in an antiseptic... germicidal strength, non-toxicity, high penetrating and stability. They are why it is used in the surgical and maternity wards of every hospital.

'Detol' is the most important disinfectant in use in the world today.

Did you MACLEAN your teeth today?

Of course I did!

Maclean's Tooth Paste does goodly work on your teeth. It cleans teeth thoroughly—polishing them to a natural white brightness. It is safely stimulant and contains no harsh abrasives.

Gillette in battledress

Shaving—since the Blue and the This Gillette and the 7 o'clock blades have gone to serve the guns. Gillette's "Standard" blades now serve the chins. Swiftly and cleanly they do it, too—the best shave your money can buy. And being good steel means that the output is restricted, so if you have any difficulty in getting them don't blame your dealer—try again later.

The Week's Leaders

FUROR: OCTOBER 11, 1944.

The last arrow in Goebbels' propaganda culver would appear to be the thrust of the German (or Italian) "Harris treatment" of an official speaker in a recent German broadcast declared: "We are determined to keep all our resources from our fatherland and to devote them to the victory of the German people." The broadcast also mentioned the "Harris treatment" of the "British" and the "United States" and the "Harris treatment" of the "United States" and the "Harris treatment" of the "United States".

That need to frighten anyone who is not a member of the leadership to take part in the propaganda war of the week does not seem to be the aim of the "Harris treatment" of the "United States" and the "Harris treatment" of the "United States".

GENERAL ELECTION IN PREPARATION?

Certain measures taken in the Federal countries by the German Government in the past few months seem to indicate that the Government is preparing for a general election in the near future.

The destruction already carried out in the Federal countries is a greater blow than the one which has been dealt to the German people by the German Government in the past few months.
